DISCLAIMER

THE INFORMATION CONTAINED IN THIS DISCLOSURE STATEMENT (THIS "DISCLOSURE STATEMENT")² IS INCLUDED HEREIN FOR PURPOSES OF SOLICITING ACCEPTANCES OF THE JOINT PLAN OF REORGANIZATION OF BUILDING MATERIALS HOLDING CORPORATION AND ITS SUBSIDIARY DEBTORS (AS IT MAY BE AMENDED, THE "PLAN") AND MAY NOT BE RELIED UPON FOR ANY PURPOSE OTHER THAN TO DETERMINE HOW TO VOTE ON THE PLAN. NO PERSON MAY GIVE ANY INFORMATION OR MAKE ANY REPRESENTATIONS, OTHER THAN THE INFORMATION AND REPRESENTATIONS CONTAINED IN THIS DISCLOSURE STATEMENT, REGARDING THE PLAN OR THE SOLICITATION OF ACCEPTANCES OF THE PLAN.

ONCE APPROVED, THIS DISCLOSURE STATEMENT AND THE RELATED DOCUMENTS ARE THE ONLY DOCUMENTS AUTHORIZED BY THE BANKRUPTCY COURT TO BE USED IN CONNECTION WITH THE SOLICITATION OF VOTES ACCEPTING OR REJECTING THE PLAN. NO REPRESENTATIONS ARE AUTHORIZED BY THE BANKRUPTCY COURT CONCERNING THE DEBTORS, THEIR BUSINESS OPERATIONS, THE VALUE OF THEIR ASSETS OR THE VALUES OF THE EQUITY SECURITIES DESCRIBED HEREIN TO BE ISSUED OR BENEFITS OFFERED PURSUANT TO THE PLAN, EXCEPT AS EXPLICITLY SET FORTH IN THIS DISCLOSURE STATEMENT OR ANY OTHER DISCLOSURE STATEMENT OR OTHER DOCUMENT APPROVED FOR DISTRIBUTION BY THE BANKRUPTCY COURT. HOLDERS OF CLAIMS AND/OR INTERESTS SHOULD NOT RELY UPON ANY REPRESENTATIONS OR INDUCEMENTS MADE TO SECURE ACCEPTANCE OF THE PLAN OTHER THAN THOSE SET FORTH IN THIS DISCLOSURE STATEMENT.

ALL CREDITORS ARE ADVISED AND ENCOURAGED TO READ THIS DISCLOSURE STATEMENT AND THE PLAN IN THEIR ENTIRETY BEFORE VOTING TO ACCEPT OR REJECT THE PLAN. PLAN SUMMARIES AND STATEMENTS MADE IN THIS DISCLOSURE STATEMENT ARE QUALIFIED IN THEIR ENTIRETY BY REFERENCE TO THE PLAN AND THE EXHIBITS ANNEXED TO THE PLAN AND THIS DISCLOSURE STATEMENT. THE STATEMENTS CONTAINED IN THIS DISCLOSURE STATEMENT ARE MADE ONLY AS OF THE DATE HEREOF, AND THERE CAN BE NO ASSURANCE THAT THE STATEMENTS CONTAINED HEREIN WILL BE CORRECT AT ANY TIME AFTER THE DATE HEREOF. THE DEBTORS UNDERTAKE NO DUTY TO UPDATE THE INFORMATION CONTAINED HEREIN. IN THE EVENT OF ANY CONFLICT BETWEEN THE DESCRIPTIONS SET FORTH IN THIS DISCLOSURE STATEMENT AND THE TERMS OF THE PLAN, THE TERMS OF THE PLAN SHALL GOVERN.

² Capitalized terms not defined herein shall have the meanings ascribed to them in the Uniform Glossary of Defined Terms for Plan Documents, attached hereto as Exhibit A.

THIS DISCLOSURE STATEMENT HAS BEEN PREPARED IN ACCORDANCE WITH SECTION 1125 OF THE UNITED STATES BANKRUPTCY CODE AND RULE 3016(B) OF THE FEDERAL RULES OF BANKRUPTCY PROCEDURE AND NOT NECESSARILY IN ACCORDANCE WITH FEDERAL OR STATE SECURITIES LAWS OR OTHER NON-BANKRUPTCY LAW. PERSONS TRADING IN OR OTHERWISE PURCHASING, SELLING OR TRANSFERRING CLAIMS OF, OR INTERESTS IN, THE DEBTORS SHOULD EVALUATE THIS DISCLOSURE STATEMENT AND THE PLAN IN LIGHT OF THE PURPOSE FOR WHICH THEY WERE PREPARED.

AS TO CONTESTED MATTERS, ADVERSARY PROCEEDINGS AND OTHER ACTIONS OR THREATENED ACTIONS, THIS DISCLOSURE STATEMENT SHALL NOT CONSTITUTE OR BE CONSTRUED AS AN ADMISSION OF ANY FACT OR LIABILITY, STIPULATION OR WAIVER, BUT RATHER AS A STATEMENT MADE IN SETTLEMENT NEGOTIATIONS. THIS DISCLOSURE STATEMENT SHALL NOT BE ADMISSIBLE IN ANY NON-BANKRUPTCY PROCEEDING NOR SHALL IT BE CONSTRUED TO BE ADVICE ON THE TAX, SECURITIES, OR OTHER LEGAL EFFECTS OF THE PLAN AS TO HOLDERS OF CLAIMS AGAINST, OR INTERESTS IN, BUILDING MATERIALS HOLDING CORPORATION ("BMHC") OR ANY OF ITS SUBSIDIARY DEBTORS (COLLECTIVELY WITH BMHC, THE "COMPANY"). EACH HOLDER SHOULD CONSULT WITH ITS OWN LEGAL, BUSINESS, FINANCIAL AND TAX ADVISORS WITH RESPECT TO ANY MATTERS CONCERNING THIS DISCLOSURE STATEMENT, THE SOLICITATION OF VOTES TO ACCEPT THE PLAN, THE PLAN AND THE TRANSACTIONS CONTEMPLATED HEREBY AND THEREBY.

THE COMPANY'S BOARDS OF DIRECTORS HAVE APPROVED THE PLAN AND RECOMMEND THAT THE HOLDERS OF CLAIMS IN ALL IMPAIRED CLASSES ENTITLED TO VOTE (CLASSES 2(A)-(L), 3(A)-(L), 6(A)-(L) AND 8(A)-(L)) VOTE TO ACCEPT IT.

THE COMPANY PRESENTLY INTENDS TO SEEK TO CONSUMMATE THE PLAN AND TO CAUSE THE EFFECTIVE DATE TO OCCUR PROMPTLY AFTER CONFIRMATION OF THE PLAN. THERE CAN BE NO ASSURANCE, HOWEVER, AS TO WHEN AND WHETHER CONFIRMATION OF THE PLAN AND THE EFFECTIVE DATE ACTUALLY WILL OCCUR. THE CONFIRMATION AND EFFECTIVENESS OF THE PLAN ARE SUBJECT TO MATERIAL CONDITIONS PRECEDENT, SOME OF WHICH MAY NOT BE SATISFIED. SEE ARTICLE XIII, "CONDITIONS PRECEDENT TO CONSUMMATION." THERE IS NO ASSURANCE THAT THESE CONDITIONS WILL BE SATISFIED OR WAIVED. PROCEDURES FOR DISTRIBUTIONS UNDER THE PLAN ARE DESCRIBED UNDER "PROVISIONS GOVERNING DISTRIBUTIONS; PROCEDURES FOR TREATING AND RESOLVING DISPUTED CLAIMS."

IF THE PLAN IS CONFIRMED BY THE BANKRUPTCY COURT AND THE EFFECTIVE DATE OCCURS, ALL HOLDERS OF CLAIMS AGAINST, AND HOLDERS OF INTERESTS IN, THE DEBTORS (INCLUDING, WITHOUT LIMITATION, THOSE HOLDERS OF CLAIMS AND INTERESTS WHO DO NOT SUBMIT BALLOTS TO ACCEPT OR REJECT THE PLAN OR WHO ARE NOT ENTITLED TO VOTE ON THE PLAN) WILL BE BOUND BY THE TERMS OF THE PLAN AND THE TRANSACTIONS CONTEMPLATED THEREBY.

ACCEPTANCE OF THE PLAN BY HOLDERS OF CLAIMS WILL BE DEEMED TO CONSTITUTE APPROVAL OF THE LONG TERM INCENTIVE PLAN FOR PURPOSES OF SECTIONS 162(M) AND 422 OF THE INTERNAL REVENUE CODE OF 1986 AS AMENDED.

IF THE PLAN IS NOT CONFIRMED AND CONSUMMATED, THE COMPANY BELIEVES THAT THERE IS SUBSTANTIAL DOUBT ABOUT ITS ABILITY TO CONTINUE AS A GOING CONCERN WITHOUT AN ALTERNATIVE FINANCIAL RESTRUCTURING UNDER THE PROVISIONS OF CHAPTER 11 OF THE BANKRUPTCY CODE. WITHOUT THE RESTRUCTURING OF INDEBTEDNESS CONTEMPLATED BY THE PLAN, THERE CAN BE NO ASSURANCE THAT THE COMPANY WILL BE ABLE TO EFFECTUATE SUCH AN ALTERNATIVE FINANCIAL RESTRUCTURING OR SUCCESSFULLY EMERGE FROM A CASE UNDER CHAPTER 11 OF THE BANKRUPTCY CODE, AND THE COMPANY MAY BE FORCED INTO A LIQUIDATION UNDER CHAPTER 7 OF THE BANKRUPTCY CODE. THE COMPANY BELIEVES THAT IF IT IS LIQUIDATED UNDER CHAPTER 7,

THE VALUE OF THE ASSETS AVAILABLE FOR PAYMENT OF CREDITORS WOULD BE SIGNIFICANTLY LOWER THAN THE VALUE OF THE DISTRIBUTIONS CONTEMPLATED BY AND UNDER THE PLAN.

THIS DISCLOSURE STATEMENT HAS NOT BEEN FILED WITH OR REVIEWED BY, AND THE REORGANIZED BMHC EQUITY INTERESTS TO BE ISSUED UNDER THE PLAN WILL NOT HAVE BEEN THE SUBJECT OF A REGISTRATION STATEMENT FILED WITH, THE SECURITIES AND EXCHANGE COMMISSION (THE “SEC”) UNDER THE SECURITIES ACT OF 1933, AS AMENDED (THE “SECURITIES ACT”) OR WITH ANY SECURITIES REGULATORY AUTHORITY OF ANY STATE UNDER ANY STATE SECURITIES OR “BLUE SKY” LAWS. THE PLAN HAS NOT BEEN APPROVED OR DISAPPROVED BY THE SEC OR ANY STATE SECURITIES COMMISSION, AND NEITHER THE SEC NOR ANY STATE SECURITIES COMMISSION HAS PASSED UPON THE ACCURACY OR ADEQUACY OF THE INFORMATION CONTAINED HEREIN. ANY REPRESENTATION TO THE CONTRARY IS A CRIMINAL OFFENSE. THIS DISCLOSURE STATEMENT DOES NOT CONSTITUTE AN OFFER OR SOLICITATION IN ANY STATE OR OTHER JURISDICTION IN WHICH SUCH OFFER OR SOLICITATION IS NOT AUTHORIZED.

THIS DISCLOSURE STATEMENT CONTAINS PROJECTED FINANCIAL INFORMATION REGARDING THE REORGANIZED DEBTORS AND CERTAIN OTHER FORWARD-LOOKING STATEMENTS, ALL OF WHICH ARE BASED ON VARIOUS ESTIMATES AND ASSUMPTIONS. THE DEBTORS’ MANAGEMENT PREPARED THE PROJECTIONS WITH THE ASSISTANCE OF THEIR PROFESSIONALS. THE DEBTORS’ MANAGEMENT DID NOT PREPARE THE PROJECTIONS TO COMPLY WITH THE GUIDELINES FOR PROSPECTIVE FINANCIAL STATEMENTS PUBLISHED BY THE AMERICAN INSTITUTE OF CERTIFIED PUBLIC ACCOUNTANTS OR THE RULES AND REGULATIONS OF THE SEC. SUCH INFORMATION AND STATEMENTS ARE SUBJECT TO INHERENT UNCERTAINTIES AND TO A WIDE VARIETY OF SIGNIFICANT BUSINESS, ECONOMIC, AND COMPETITIVE RISKS, INCLUDING, AMONG OTHERS, THOSE SUMMARIZED HEREIN. SEE ARTICLE XVIII, “PLAN-RELATED RISK FACTORS AND ALTERNATIVES TO CONFIRMATION AND CONSUMMATION OF THE PLAN.” CONSEQUENTLY, ACTUAL EVENTS, CIRCUMSTANCES, EFFECTS, AND RESULTS MAY VARY SIGNIFICANTLY FROM THOSE INCLUDED IN OR CONTEMPLATED BY THE PROJECTED FINANCIAL INFORMATION AND OTHER FORWARD-LOOKING STATEMENTS CONTAINED HEREIN WHICH, THEREFORE, ARE NOT NECESSARILY INDICATIVE OF THE FUTURE FINANCIAL CONDITION OR RESULTS OF OPERATIONS OF THE REORGANIZED DEBTORS AND SHOULD NOT BE REGARDED AS REPRESENTATIONS BY THE COMPANY, ITS ADVISORS, OR ANY OTHER PERSONS THAT THE PROJECTED FINANCIAL CONDITION OR RESULTS CAN OR WILL BE ACHIEVED. NEITHER THE COMPANY’S INDEPENDENT AUDITORS NOR ANY OTHER INDEPENDENT ACCOUNTANTS HAVE COMPILED, EXAMINED, OR PERFORMED ANY PROCEDURES WITH RESPECT TO THE FINANCIAL PROJECTIONS AND THE LIQUIDATION ANALYSIS CONTAINED HEREIN, NOR HAVE THEY EXPRESSED ANY OPINION OR ANY OTHER FORM OF ASSURANCE AS TO SUCH INFORMATION OR ITS ACHIEVABILITY, AND ASSUME NO RESPONSIBILITY FOR, AND DISCLAIM ANY ASSOCIATION WITH THE FINANCIAL PROJECTIONS OR LIQUIDATION ANALYSIS. EXCEPT FOR PURPOSES OF THIS DISCLOSURE STATEMENT, THE DEBTORS DO NOT PUBLISH PROJECTIONS OF THEIR ANTICIPATED FINANCIAL POSITION OR RESULTS OF OPERATIONS. THE PROJECTIONS ARE QUALIFIED IN THEIR ENTIRETY BY THE DESCRIPTION THEREOF CONTAINED IN THIS DISCLOSURE STATEMENT. THERE CAN BE NO ASSURANCE THAT THE ASSUMPTIONS UNDERLYING THE FINANCIAL PROJECTIONS WILL PROVE CORRECT OR THAT THE REORGANIZED DEBTORS’ ACTUAL RESULTS WILL NOT DIFFER FROM THE INFORMATION CONTAINED WITHIN THIS DISCLOSURE STATEMENT. THE COMPANY AND ITS PROFESSIONALS DO NOT INTEND TO UPDATE OR OTHERWISE REVISE ANY INFORMATION DISCLOSED HEREIN TO REFLECT ANY CHANGES ARISING AFTER THE DATE HEREOF OR TO REFLECT FUTURE EVENTS, EVEN IF ANY ASSUMPTIONS CONTAINED HEREIN ARE SHOWN TO BE IN ERROR. FORWARD-LOOKING STATEMENTS ARE PROVIDED IN THIS DISCLOSURE STATEMENT PURSUANT TO THE SAFE HARBOR ESTABLISHED UNDER THE PRIVATE SECURITIES LITIGATION REFORM ACT OF 1995 AND SHOULD BE EVALUATED IN THE CONTEXT OF THE ESTIMATES, ASSUMPTIONS, UNCERTAINTIES, AND RISKS DESCRIBED HEREIN, INCLUDING THE CONSUMMATION AND IMPLEMENTATION OF THE PLAN, THE CONTINUING AVAILABILITY OF

SUFFICIENT BORROWING CAPACITY OR OTHER FINANCING TO FUND OPERATIONS, ACHIEVING OPERATING EFFICIENCIES, COMMODITY PRICE FLUCTUATIONS, CURRENCY EXCHANGE RATE FLUCTUATIONS, MAINTENANCE OF GOOD EMPLOYEE RELATIONS, EXISTING AND FUTURE GOVERNMENTAL REGULATIONS AND ACTIONS OF GOVERNMENTAL BODIES, NATURAL DISASTERS AND UNUSUAL WEATHER CONDITIONS, ACTS OF TERRORISM OR WAR, INDUSTRY-SPECIFIC RISK FACTORS AND OTHER MARKET AND COMPETITIVE CONDITIONS.

HOLDERS OF CLAIMS AND INTERESTS ARE CAUTIONED THAT THE FORWARD-LOOKING STATEMENTS SPEAK AS OF THE DATE MADE AND ARE NOT GUARANTEES OF FUTURE PERFORMANCE. ACTUAL RESULTS OR DEVELOPMENTS MAY DIFFER MATERIALLY FROM THE EXPECTATIONS EXPRESSED OR IMPLIED IN THE FORWARD-LOOKING STATEMENTS, AND THE DEBTORS UNDERTAKE NO OBLIGATION TO UPDATE ANY SUCH STATEMENTS. THE PROJECTIONS, WHILE PRESENTED WITH NUMERICAL SPECIFICITY, ARE NECESSARILY BASED ON A VARIETY OF ESTIMATES AND ASSUMPTIONS WHICH, THOUGH CONSIDERED REASONABLE BY THE DEBTORS, MAY NOT BE REALIZED AND ARE INHERENTLY SUBJECT TO SIGNIFICANT BUSINESS, ECONOMIC, COMPETITIVE, INDUSTRY, REGULATORY, MARKET AND FINANCIAL UNCERTAINTIES AND CONTINGENCIES, MANY OF WHICH WILL BE BEYOND THE REORGANIZED DEBTORS' CONTROL. THE DEBTORS CAUTION THAT NO REPRESENTATIONS CAN BE MADE OR ARE MADE AS TO THE ACCURACY OF THE PROJECTIONS OR TO THE REORGANIZED DEBTORS' ABILITY TO ACHIEVE THE PROJECTED RESULTS.

SOME ASSUMPTIONS INEVITABLY WILL BE INCORRECT; MOREOVER, EVENTS AND CIRCUMSTANCES OCCURRING SUBSEQUENT TO THE DATE ON WHICH THE DEBTORS PREPARED THE PROJECTIONS MAY BE DIFFERENT FROM THOSE ASSUMED, OR, ALTERNATIVELY, MAY HAVE BEEN UNANTICIPATED, AND THUS THE OCCURRENCE OF THESE EVENTS MAY AFFECT FINANCIAL RESULTS IN A MATERIALLY ADVERSE OR MATERIALLY BENEFICIAL MANNER. THE PROJECTIONS MAY NOT BE RELIED UPON AS A GUARANTY OR OTHER ASSURANCE OF THE ACTUAL RESULTS THAT WILL OCCUR. IN DECIDING WHETHER TO VOTE TO ACCEPT OR REJECT THE PLAN, HOLDERS OF CLAIMS MUST MAKE THEIR OWN DETERMINATIONS AS TO THE REASONABLENESS OF SUCH ASSUMPTIONS AND THE RELIABILITY OF THE PROJECTIONS AND SHOULD CONSULT WITH THEIR OWN ADVISORS.

IN THIS DISCLOSURE STATEMENT, THE COMPANY RELIES ON AND REFERS TO INFORMATION AND STATISTICS REGARDING ITS INDUSTRY. THE COMPANY OBTAINED THIS MARKET DATA FROM INDEPENDENT INDUSTRY PUBLICATIONS OR OTHER PUBLICLY AVAILABLE INFORMATION. ALTHOUGH THE COMPANY BELIEVES THAT THESE SOURCES ARE RELIABLE, THE COMPANY HAS NOT INDEPENDENTLY VERIFIED AND DOES NOT GUARANTEE THE ACCURACY AND COMPLETENESS OF THIS INFORMATION.

7.	Risk Related to IRS Claim.....	92
8.	Contingencies Not to Affect Votes of Impaired Classes to Accept or Reject the Plan	92
B.	RISK FACTORS RELATED TO THE BUSINESS OF THE REORGANIZED DEBTORS.	92

1.	The Company's business is dependent on demand for and supply of single-family homes that are influenced by changes in the overall condition of the U.S. economy, including interest rates, consumer confidence, job formation, availability of credit and other important factors.....	92
2.	The Company's ability to maintain adequate liquidity, reduce operating costs and increase market share in an industry experiencing a 55% reduction in average annual housing starts may not be fully realized or may take longer to realize than expected.....	93
3.	The Company's liquidity is dependent on operating performance, an efficient cash conversion cycle and compliance with financial covenants.	93
4.	An inability to implement and maintain cost structures that align with sales trends may have an adverse impact on the Company's operating results or the anticipated benefits of restructuring may not be fully realized or may take longer to realize than expected.....	94
5.	Loss of customers as well as changes in the business models of customers may have an adverse impact on the Company's operating results.....	94
6.	Due to the continuing downturn in the housing industry, the Company may incur additional impairment charges and costs to close or consolidate additional business units in underperforming markets.	94
7.	The Company's business is subject to intense competition.	94
8.	The Company's success is dependent upon the availability of and its ability to attract, train and retain qualified individuals.	95
9.	The Company's operating results are affected by fluctuations in its costs and the availability of sourcing channels for commodity wood products, concrete, steel and other building products.	95
10.	Weather conditions, including natural catastrophic events, may cause the Company's operating results to fluctuate each quarter.	95
11.	The nature of the business exposes the Company to product liability and construction defect claims as well as other legal proceedings.	96
12.	The Company may be adversely affected by disruptions in its information systems.....	96
13.	Actual and perceived vulnerabilities as a result of widespread credit and liquidity concerns, terrorist activities and armed conflict may adversely impact consumer confidence and the Company's business.	96
14.	Federal, state and other regulations could impose substantial costs and/or restrictions on our business.....	96
15.	Numerous other matters of a local and regional scale, including those of a political, economic, business, competitive or regulatory nature may have an adverse impact on the Company's business.....	97
C.	RISK FACTORS ASSOCIATED WITH FORWARD LOOKING STATEMENTS.....	97

1.	Financial information is based on the Company’s books and records and, unless otherwise stated, no audit was performed.	97
2.	Financial projections and other forward looking statements are not assured, are subject to inherent uncertainty due to the numerous assumptions upon which they are based and, as a result, actual results may vary.	97
D.	RISK FACTORS THAT MAY AFFECT THE VALUE OF SECURITIES TO BE ISSUED UNDER THE PLAN.....	97
1.	The Reorganized Debtors may not be able to achieve projected financial results or meet post-reorganization debt obligations and finance all operating expenses, working capital needs and capital expenditures.....	97
2.	The Reorganized BMHC Equity Interests are speculative.....	98
3.	The consideration being provided for the Funded Lender Claims and the L/C Lender Claims in the Plan does not reflect any independent valuation of such Claims.	98
4.	The Reorganized BMHC Equity Interests are a new issue of securities for which there is no prior market and the trading market for the Reorganized BMHC Equity Interests may be limited.	98

I. INTRODUCTION AND SUMMARY OF THE PLAN

Building Materials Holding Corporation, BMC West Corporation, SelectBuild Construction, Inc., SelectBuild Northern California, Inc., Illinois Framing, Inc., C Construction, Inc., TWF Construction, Inc., H.N.R. Framing Systems, Inc., SelectBuild Southern California, Inc., SelectBuild Nevada, Inc., SelectBuild Arizona, LLC, and SelectBuild Illinois, LLC, as debtors and debtors in possession (collectively, the “Debtors”), submit this Disclosure Statement, pursuant to section 1125 of the Bankruptcy Code, to Holders of Claims in connection with: (a) the solicitation of votes to accept or reject the *Joint Plan of Reorganization for the Debtors under Chapter 11 of the Bankruptcy Code Amended October 22, 2009* (as the same may be amended from time to time, the “Plan”), which was filed by the Debtors with the United States Bankruptcy Court for the District of Delaware (the “Bankruptcy Court”), and (b) the confirmation hearing (the “Confirmation Hearing”), which is scheduled for December 10 2009 at 11:00 a.m. (Prevailing Eastern Time) (as the same may be adjourned or continued from time to time, the “Confirmation Hearing Date”). The Plan constitutes a separate chapter 11 subplan for each of the Debtors. Each Debtor’s separate chapter 11 subplan is designated by a letter (from (a) to (l)). A Uniform Glossary of Defined Terms for Plan Documents, including this Disclosure Statement, is attached hereto as Exhibit A and incorporated herein by reference.

On June 16, 2009 (the “Petition Date”), BMHC and all of its subsidiaries (collectively, the “Subsidiary Debtors”) filed voluntary petitions for relief under chapter 11 of the Bankruptcy Code with the Bankruptcy Court (these “Chapter 11 Cases”). BMHC and the Subsidiary Debtors are operating their businesses and managing their property as debtors-in-possession pursuant to sections 1107(a) and 1108 of the Bankruptcy Code. No request for the appointment of a trustee or examiner has been made in these Chapter 11 Cases. On June 26, 2009, the United States Trustee for the District of Delaware (the “U.S. Trustee”) convened an organizational meeting and appointed a consolidated official committee of unsecured creditors for the Chapter 11 Cases pursuant to section 1102 of the Bankruptcy Code (the “Committee,” as may be reconstituted from time to time).

Attached as exhibits to this Disclosure Statement are copies of the following documents: (a) the Uniform Glossary of Defined Terms for Plan Documents (Exhibit A); (b) the Plan (Exhibit B); (c) [intentionally omitted]; (d) the Disclosure Statement Approval Order (Exhibit D), which, among other things, approves this Disclosure Statement and establishes certain procedures with respect to solicitation and tabulation of votes to accept or reject the Plan; (e) the Liquidation Analysis (Exhibit E), which sets forth estimated recoveries in a chapter 7 liquidation of the Debtors, considered separately and in the aggregate, as compared to estimated recoveries under the Plan; (f) the Feasibility Analysis (Exhibit F), which sets forth the analysis, and related financial projections, showing that the Company can fund its ongoing operations and service its debt obligations under the Plan going forward, (g) the Company’s latest 10K (Exhibit G); (h) the backstop premium letter by and between Wells Fargo Bank, National Association and BMHC with respect to fees that BMHC agrees to pay in connection with the Exit Credit Facilities (Exhibit H); (i) the term sheet with respect to the Term Loan Credit Agreement (Exhibit I); and (j) the Commitment Letter and term sheet with respect to the Exit Credit Facilities (Exhibit J). In addition, for those holders of Claims entitled to vote under the Plan, a Ballot (together with voting instructions) for the acceptance or rejection of the Plan is separately enclosed.

The Plan represents a compromise and settlement of various significant Claims against the Debtors. The Plan seeks to preserve the value of the Debtors for their Creditors while recognizing and balancing the fact that the Debtors’ secured prepetition lenders have direct claims against the Debtors that would result in the Debtors’ other creditors receiving no value for their Claims. Each particular Debtors’ General Unsecured Creditors are grouped in Classes 6(a) through (l) under the Plan.

Each Holder of an Allowed General Unsecured Claim (whether or not that particular holder itself voted to accept or reject the Plan) will receive their pro rata share (*i.e.*, a percentage share based on the ratio of the holder’s claim to the total allowed claims in the class) of distributions from the Unsecured Cash Fund that shall be funded on the Effective Date in the amount of \$5.5 million. Funding the Unsecured Cash Fund with \$5.5 million is appropriate based on the Liquidation Analysis which shows that Holders of General Unsecured Claims would receive no distribution in a hypothetical chapter 7 liquidation of the Debtors. The Unsecured Cash Fund shall be held in a segregated Unsecured Cash Distribution Account. Initial payments to holders of Allowed General Unsecured

Claims shall be made by the Reorganized Debtors from available, unreserved cash in the Unsecured Cash Distribution Account as soon as practicable after the Effective Date of the Plan, which Effective Date the Debtors estimate will be approximately ten days after confirmation of the Plan. The Debtors project that each Holder of an Allowed General Unsecured Claim in an accepting Class shall receive Distributions with a value of approximately 12.1% of each Holder's Allowed Claim.³

The Feasibility Analysis and Projections indicate that the Reorganized Debtors will have sufficient cash to pay all expenses to exit from chapter 11 and sufficient future cash flow to service their debt obligations and to fund operations. Under the Plan, the Reorganized Debtors will emerge from chapter 11 with \$188.5 million of total debt and \$56.8 million of unrestricted cash which when combined result in a net debt ("Net Debt") position of \$131.7 million (\$188.5 million of total debt less \$56.8 million of unrestricted cash). Over the three year forecast period, the Reorganized Debtors will reduce their total debt position to \$186.6 million and increase their unrestricted cash to \$123.9 million or approximately \$62.7 million of Net Debt. The reduction of Net Debt by December 2012 is achieved primarily through increases in cash flow from operations and from cash raised by selling excess real estate assets. Accordingly, the Debtors believe that the Plan satisfies the feasibility requirement of section 1129(a)(11) of the Bankruptcy Code. The Debtors' management continues to actively monitor business activity levels and will make appropriate adjustments to the business plan where necessary or appropriate to meet business goals.

The ballots sent to holders of General Unsecured Claims in Classes 6(a) through 6(l) will contain boxes where holders of such claims can make the "Small Unsecured Claims Class Election." This election is completely voluntary. By making this election, the claim holder will be voting to accept the Plan and agreeing to reduce the aggregate amount of the holder's claims against all Debtors to the lesser of \$5,000 or the aggregate amount of the holder's claims. All allowed General Unsecured Claims less than \$5,000 are placed in Class 8 (Small Unsecured Claims). Holders of Small Unsecured Claims (including those who agreed to reduce the aggregate amount of their claims against all Debtors to less than \$5,000 by making the Small Unsecured Claims Election), shall receive Cash equal to the lesser of (a) 25% of the Allowed Amount of all Allowed General Unsecured Claims held by such Holder against all Debtors (excluding interest) or (b) \$1,250; provided, however, that the aggregate payments to Holders of Allowed Small Unsecured Claims shall not exceed \$700,000 and payment to each Holder of an Allowed Small Unsecured Claim shall be reduced proportionately to the extent aggregate payments would otherwise exceed \$700,000. The amounts paid to Small Unsecured Claims will not come from the Unsecured Cash Fund and will not impact distributions to holders of General Unsecured Claims.

Holders of Unsecured Claims that are the beneficiaries of Prepetition Letters of Credit, or that have claims against the Debtors that are covered by insurance or performance bonds that would entitle an insurer or surety to draw under a Prepetition Letter of Credit if the claim was not paid, are grouped in Classes 5(a)-(l). These claims shall be paid in full by the applicable Reorganized Debtors to avoid draws on the Prepetition Letters of Credit.

The Holders of the Prepetition Funded Lender Claims in Classes 2(a)-(l), which are claims under the Debtors' prepetition secured credit agreements in the amount of approximately \$302 million, shall receive a pro rata share of notes under a term loan credit agreement in the aggregate principal amount of \$135 million, less amounts such Holders receive from the sale of certain excess real estate.⁴ On the Effective Date, Reorganized BMHC will

³ The version of the Disclosure Statement filed on the Petition Date projected present value percentage recoveries with respect to General Unsecured Claims of approximately 55%. Since that time, the Debtors have finalized their exit financing. The terms of such financing are significantly more expensive than contemplated in the Plan filed on the Petition Date and will leave the Reorganized Debtors with less financial flexibility upon their exit from bankruptcy. Moreover, approval of the Plan by the Exit Credit Facilities Lenders and acceptance of the Plan by the Prepetition Lenders is essential for the Plan to be confirmed. Both of these considerations, among other factors, lead the Debtors to reduce the consideration offered to General Unsecured Creditors under the Plan.

⁴ The Debtors own a large portfolio of real estate assets and have identified approximately \$50 million of excess real estate that is no longer required to support the business. The Debtors are engaged in efforts to

emerge from chapter 11 as a private company and 100% of the Reorganized BMHC Equity Interests shall be owned by the Holders of Prepetition Funded Lender Claims. This ownership interest is subject to dilution by up to 10% in connection with the Long Term Incentive Plan, which Long Term Incentive Plan shall provide, as an incentive mechanism, for the allocation to management of the Reorganized Debtors of restricted stock units, stock options, and/or stock appreciation rights, and by the Reorganized BMHC Equity Interests, if any, issued to the Holders of liquidated Allowed L/C Lender Claims (i.e., holders of any prepetition letters of credit that are drawn in the future).

The classification and treatment of other Claims and Interests is described below.

THE OFFICIAL COMMITTEE OF UNSECURED CREDITORS SUPPORTS THE PLAN. AFTER EXPLORING SEVERAL ALTERNATIVES, THE DEBTORS AND THE OFFICIAL COMMITTEE OF UNSECURED CREDITORS BELIEVE THAT THE PLAN PROVIDES THE BEST POSSIBLE RECOVERIES TO THE DEBTORS' CREDITORS. THE DEBTORS AND THE OFFICIAL COMMITTEE OF UNSECURED CREDITORS BELIEVE THAT ACCEPTANCE OF THE PLAN IS IN THE BEST INTERESTS OF EACH AND EVERY CLASS OF CREDITORS AND URGE ALL HOLDERS OF IMPAIRED CLAIMS ENTITLED TO VOTE ON THE PLAN TO VOTE TO ACCEPT THE PLAN.

A. OVERVIEW OF CHAPTER 11

Chapter 11 is the principal business reorganization chapter of the Bankruptcy Code. In addition to permitting debtor rehabilitation, chapter 11 promotes equality of treatment for similarly situated holders of claims and equity interests, subject to the priority of distributions prescribed by the Bankruptcy Code.

The commencement of a chapter 11 case creates an estate that comprises all of the debtor's legal and equitable interests in property as of the commencement of the chapter 11 case. The Bankruptcy Code provides that the debtor may continue to operate its business and remain in possession of its property as a "debtor-in-possession."

Consummating a plan is the principal objective of a chapter 11 case. A bankruptcy court's confirmation of a plan binds the debtor, any issuer of securities under the plan, any person acquiring property under the plan, any holder of a claim against or equity interest in a debtor and all other persons as may be ordered by the bankruptcy court in accordance with the applicable provisions of the Bankruptcy Code, to the terms and conditions of the confirmed plan. Subject to certain limited exceptions, the order issued by the bankruptcy court confirming a plan provides for the treatment of claims and equity interests in accordance with the terms of the confirmed plan and discharges a debtor from its prepetition obligations.

After a plan of reorganization has been filed, certain holders of claims against and interests in a debtor are permitted to vote to accept or reject the plan. Prior to soliciting acceptances of a proposed chapter 11 plan, section 1125 of the Bankruptcy Code requires a debtor to prepare a disclosure statement containing information of a kind, and in sufficient detail, to enable a hypothetical reasonable investor to make an informed judgment regarding acceptance of the chapter 11 plan. The purpose of this Disclosure Statement, submitted in accordance with the requirements of section 1125 of the Bankruptcy Code, is to provide such information.

sell such excess real estate. Under the DIP Facility, any proceeds from sales of excess real estate during the Chapter 11 Cases are placed into a "Sale Cash Collateral Excess Proceeds Account" as additional collateral for the Debtors' secured lenders. Amounts in the Sale Cash Collateral Excess Proceeds Account, less amounts required to repay the DIP Facility and to fund \$6,000,000 for use by the Debtors as operating cash, shall be paid on the Effective Date to the holders of Prepetition Funded Lender Claims. The Debtors anticipate that, on the Effective Date, no amount will be available in the Sale Cash Collateral Excess Proceeds Account to pay the holders of Prepetition Funded Lender Claims.

B. PURPOSE AND EFFECT OF THE PLAN TRANSACTIONS

The Debtors believe that the transactions contemplated by the Plan will (a) significantly de-leverage their balance sheet as of the Effective Date by reducing total debt from approximately \$302 million to approximately \$190 million, (b) improve cash flows by significantly reducing ongoing interest expense and (c) provide sufficient working capital through an Exit Credit Facility in the amount of \$103.5 million to (i) fund the Company's emergence from chapter 11, (ii) appropriately capitalize the Reorganized Debtors and (iii) facilitate the implementation of the Debtors' business plan. The Debtors believe that any alternative to Confirmation of the Plan, such as conversion of the Chapter 11 Cases to cases under chapter 7 of the Bankruptcy Code, would result in significant delays, litigation and additional costs and, ultimately, would substantially lower, and in many cases eliminate, the recoveries for Holders of Allowed Claims.

1. Overview of Restructuring Transactions

The Plan contemplates the reorganization of the Company upon consummation of the Plan and the resolution of the outstanding Claims against and Interests in BMHC and the Subsidiary Debtors pursuant to sections 1123, 1129 and 1141 of the Bankruptcy Code.

2. Exit Credit Facilities

The Debtors engaged in a process to obtain exit financing on the most favorable terms available. In connection with this process, the Debtors solicited financing proposals from major financial entities, including, among others, the Prepetition Lenders. Given the current status of the credit markets, this search proved extremely difficult. After substantial negotiation, an agreement was reached with certain of the Prepetition Lenders to provide the required exit financing (the "Exit Credit Facilities"). The exit financing terms reflect market conditions and are the result of arms-length negotiations with the subset of the Prepetition Lenders that is providing such financing.

The terms of the Exit Credit Facilities are set forth in the Commitment Letter attached as Exhibit J, subject to the mutual agreement of the Debtors and the Exit Lenders to the "Financial Covenants" set forth in the term sheet. Pursuant to the Commitment Letter, the Reorganized Debtors will obtain exit financing in the amount of \$103.5 million. A precondition to the obligation of the exit lenders under the Commitment Letter is court approval of the provisions of, and payments required under, the Commitment Letter and the Fee Letter (described below). Such approval was obtained on October 22, 2009.

The Reorganized Debtors shall obtain exit financing in the amount of up to \$103.5 million. The exit facility is necessary to fund near term operating losses, provide for seasonal variances in working capital, allow for the issuance of letters of credit and liquidity should the business not perform as projected over the forecast period. A significant component of the size of the required exit financing is the Debtors' insurance programs which, as currently structured, require the Debtors to either post letters of credit or cash equivalents to support policy deductibles. Under the current structure, the letters of credit issued under the Exit Revolver would reach approximately \$49.5 million in 2012. Any required letters of credit would reduce the availability under the Exit Revolver. During the projection period, Total Liquidity, defined as balance sheet cash plus revolver availability would reach its lowest point of approximately \$53 million in July 2010. This liquidity cushion will provide added confidence to the Debtors' customers and vendors that the Debtors will be able to meet all of its financial obligations.

The Exit Credit Facilities shall consist of (i) the Exit Revolver in an amount of up to \$50 million, with availability to issue letters of credit (up to the total amount of the exit revolver) for the replacement or rollover of standby letters of credit issued under the DIP Facility and issuance of new standby letters of credit; and (ii) the Exit Term Loan, a non-amortizing term loan in the original principal amount of up to \$53.5 million. The 2.5% closing fee for the Exit Term loan will be paid as an original issue discount ("OID") such that the cash proceeds of the Exit Term Loan are anticipated to be up to \$52.3 million. The aggregate cost of the Exit Credit Facilities, including fees, cash interest and payment-in-kind interest, is projected to be \$42.9 million.

All obligations of the Reorganized Debtors under the Exit Credit Facilities shall be secured by a perfected, first priority lien on and security interest in all or substantially all of the assets of the Reorganized Debtors. The proceeds of the Exit Credit Facilities, together with other cash available to the Debtors and Reorganized Debtors, will be used to (i) pay in full in cash all non-contingent obligations under the Senior Secured Super-Priority Debtor-in-Possession Financing Credit Agreement (the “DIP Facility”), expected to be approximately \$8 million, (ii) to fund exit costs, including, without limitation, the funding of (a) the Cash Claims Reserve, (b) the Allowed Professional Compensation Claims, and (c) the Unsecured Cash Fund, and (iii) fund general working capital requirements of the Reorganized Debtors. The Company projects that upon giving effect to all cash transaction costs necessary to emerge from bankruptcy that upon emergence there will be \$56.8 million of cash on the balance sheet and the Exit Revolver will be undrawn and no letters of credit outstanding. The outstanding amount of the Exit Credit Facilities shall be due and payable in full on the third anniversary of its effective date.

Set forth below is a table of Sources and Uses of Cash on the Effective Date:

WFB has executed a Commitment Letter describing the general terms and conditions of the Exit Credit Facilities and setting forth WFB’s and certain other lenders’ commitment to provide the \$50 million Exit Revolver upon the terms and subject to the conditions set forth in the Commitment Letter. In addition, WFB has received commitments from certain banks, financial institutions and other entities to provide the Exit Term Loan upon the terms and subject to the conditions set forth in the Commitment Letter, subject to mutual agreement of the Debtors and the Exit Lenders to the “Financial Covenants” set forth in the Term Sheet.

A copy of the Commitment Letter and the term sheet with respect to the Exit Credit Facilities is attached hereto as Exhibit J.

In consideration of the Commitment Letter, BMHC has executed a fee letter (the “Fee Letter”) confirming the fees, premiums and discounts that it has agreed to pay to WFB for its account and for the account of the other lenders in connection with the Exit Credit Facilities. In particular, BMHC agrees to pay WFB a backstop premium in an amount equal to \$5,175,000, due and payable upon on the second business day following the later to occur of (i) the date upon which the Bankruptcy Court unconditionally approves BMHC’s immediate payment of such backstop premium and (ii) the date upon which BMHC receives written acknowledgement from WFB and the other lenders (collectively having an aggregate commitment under the Exit Credit Facilities of at least \$103,500,000) that the Plan Approval Condition has been satisfied (i.e., essentially that the lenders are satisfied with the terms and conditions of the Plan and form of Confirmation Order). BMHC also agrees to pay to WFB, for the account of all the lenders, a fee, denominated as a closing discount in the Fee Letter, in an amount equal to 2.5% of the sum of the aggregate committed principal amount of the Exit Revolver (on the closing of the Exit Revolver) plus the original principal amount of the Exit Term Loan. The closing discount will be \$2,587,500 which is 2.5% of \$103,500,000. Finally, BMHC agrees to pay to WFB an administrative agency fee in an amount equal to \$100,000 per annum, payable in advance on the closing date and on each anniversary thereof until the earlier of (i) the final maturity of the Exit Credit Facilities and payment of all amounts due thereunder and (ii) early termination of the Exit Credit Facilities and payment of all amounts due thereunder. The Debtors filed a motion requesting the Bankruptcy Court to approve the Commitment Letter and related Fee Letter on October 10, 2009 [Docket No. 684], and the

Bankruptcy Court entered an order approving the Commitment Letter and Fee Letter on October 22, 2009 [Docket No. 767].

A copy of the Backstop Premium Letter is attached hereto as Exhibit H.

3. Term Loan Credit Agreement and Prepetition Letters of Credit

The Reorganized Debtors shall also enter into the Term Loan Credit Agreement. The Term Loan Credit Agreement shall be secured by a second priority lien and security interest on all or substantially all of the assets of the Reorganized Debtors.

In addition to receiving Reorganized BMHC Equity Interests as described below, the Holders of Prepetition Funded Lender Claims (i.e., approximately \$302 million⁵ in claims under the Debtor's Second Amended and Restated Credit Agreement (as amended, the "Prepetition Credit Agreement")), which on the Petition Date were secured by a first priority security interest on all or substantially all of the assets of the Debtors, shall receive a pro rata share of notes under the Term Loan Credit Agreement in the aggregate principal amount of \$135 million, less amounts received from the Sale Cash Collateral Excess Proceeds Account established under the DIP Facility. All persons receiving notes under the Term Loan Credit Agreement pursuant to the Plan are, by their acceptance of such notes, deemed to be parties to and bound by the Term Loan Credit Agreement and all documents related thereto, including but not limited to the Intercreditor Agreement.

As of the bankruptcy Petition Date, the Debtors had open, but undrawn Prepetition Letters of Credit under the Prepetition Credit Agreement. The Debtors do not expect that there will be any draws on the Prepetition Letters of Credit during these Chapter 11 Cases or after the Effective Date. Even so, the Reorganized Debtors shall have certain obligations related to the Prepetition Letters of Credit which will remain outstanding after the Effective Date of the Plan. While the Reorganized Debtors will not be liable to reimburse the Prepetition L/C Lenders if any amounts are drawn under the Prepetition Letters of Credit, the Reorganized Debtors will be responsible to pay certain fees associated with the continuation of these Prepetition Letters of Credit; namely, a standby letter of credit fee equal to 2.5% per annum of the outstanding amount of Prepetition Letters of Credit. Further, while not expected, if and to the extent that draws are made under the Prepetition Letters of Credit after the Petition Date, the Prepetition L/C Lenders that fund such draws shall, like the Holders of Prepetition Funded Lender Claims, be entitled to receive Reorganized BMHC Equity Interests and notes under the Term Loan Credit Agreement.

More specifically, if the Prepetition L/C Lender funds a draw under a Prepetition Letter of Credit on or after the Petition Date, the Prepetition L/C Lender shall have an L/C Lender Claim. Each Holder of an L/C Lender Claim shall receive term notes issued under the Term Loan Credit Agreement based on a formula set forth in the Plan. If there are draws on the Prepetition Letters of Credit, this formula is designed to give the Prepetition L/C Lenders a distribution of term notes that is equivalent to the distribution that the Holders of Prepetition Funded Lender Claims receive on account of their claims. The formula is complex and takes into consideration a number of factors. Basically, the maximum amount of term notes that could be issued on account of L/C Lender Claims is approximately \$51 to \$52 million and the percentage, if any, of these term notes that are actually issued would be equal to the ratio between Prepetition Letters of Credit that are drawn and all Prepetition Letters of Credit. Accordingly, for example, if 10% of the Prepetition Letters of Credit are drawn, roughly \$5.1 to \$5.2 million of additional term notes will be issued under the Term Loan Credit Agreement.

A copy of a term sheet with respect to the Term Loan Credit Agreement is attached hereto as Exhibit I.

⁵ Such claims consist of approximately \$269 million under the Prepetition Term Loan, \$16 million under the Prepetition Revolving Credit Facility, accrued interest of \$11 million, and long-term swap liability of \$6 million.

4. Unsecured Cash Fund

Creditors with Allowed General Unsecured Claims in Classes 6(a)-(l) will receive their Pro Rata share of distributions from the Unsecured Cash Fund. The Unsecured Cash Fund shall be \$5,500,000. Funding the Unsecured Cash Fund with \$5,500,000 is justified by the fact that the Liquidation Analysis demonstrates that in a chapter 7 liquidation, holders of General Unsecured Claims would receive no distribution, even from unencumbered assets, as a result of payment of higher priority claims (including Administrative and Priority Claims) from the proceeds generated by the liquidation of the Debtors' assets.

5. Reorganized BMHC Equity Interests

On the Effective Date, Reorganized BMHC will emerge from chapter 11 as a private company and 100% of the Reorganized BMHC Equity Interests shall be owned by the Holders of Prepetition Funded Lender Claims. This ownership interest is subject to dilution by up to 10% in connection with the Long Term Incentive Plan and by the Reorganized BMHC Equity Interests, if any, issued to the Holders of liquidated Allowed L/C Lender Claims.

Allowed L/C Lender Claims liquidated as of the Effective Date of the Plan will receive their ratable share of the Reorganized BMHC Equity Interests L/C Lender Issuance, subject to dilution by the shares of stock issued in connection with the Long Term Incentive Plan and shares of stock issued on account of L/C Lender Claims liquidated after the Effective Date of the Plan. The Reorganized BMHC Equity Interests L/C Lender Issuance is equal to the Reorganized BMHC Equity Interests Effective Date Issuance, multiplied by the ratio (expressed as a percentage) that the Allowed L/C Lender Claims liquidated from the Petition Date to the Effective Date bears to the sum of the aggregate Allowed Funded Lender Claims and the aggregate Allowed L/C Lender Claims.

For Allowed L/C Lender Claims liquidated after the Effective Date, the Plan provides for a distribution of stock in Reorganized BMHC equal to the liquidated amount of such Claims multiplied by the L/C Lender Claim Equity Conversion Ratio. The L/C Lender Claim Equity Conversion Ratio is the Reorganized BMHC Equity Interests Effective Date Issuance divided by the sum of (a) the aggregate amount of Allowed Funded Lender Claims and the aggregate amount of Allowed L/C Lender Claims liquidated from and after the Petition Date through the Effective Date.

C. SUMMARY OF TREATMENT OF CLAIMS AND INTERESTS UNDER THE PLAN

For a detailed description of the Classes of Claims and the Classes of Interests, as well as their respective treatment under the Plan, see Article IV of the Plan.

B. ACCEPTANCE OR REJECTION OF THE PLAN

The Bankruptcy Code defines “acceptance” of a plan by a class of claims or interests as acceptance by Holders of at least two-thirds in dollar amount and more than one-half in number of the Allowed Claims or Interests in that class that cast ballots for acceptance or rejection of the plan. Assuming that at least one Impaired Class with respect to each Debtor votes to accept the Plan, the Debtors will seek to confirm the Plan under section 1129(b) of the Bankruptcy Code, which permits the confirmation of a plan notwithstanding the non-acceptance by one or more Impaired classes of Claims or Interests. Under section 1129(b) of the Bankruptcy Code, a plan may be confirmed if (a) the plan has been accepted by at least one Impaired class of Claims and (b) the Bankruptcy Court determines that the plan does not discriminate unfairly and is “fair and equitable” with respect to the non-accepting classes. A more detailed discussion of these requirements is provided in Article XVII of this Disclosure Statement.

C. VOTING PROCEDURES

To determine whether you are entitled to vote on the Plan, refer to section II(A) above. If you are entitled to vote, you should carefully review this Disclosure Statement, including the attached exhibits and the instructions accompanying the Ballot. Then, indicate your acceptance or rejection of the Plan by voting for or against the Plan on the enclosed Ballot and return the Ballot in the postage-paid envelope provided. If you are a creditor of more than one of the Debtors, you may cast one vote with respect to the plans for each of these Debtors which are contained in the Plan, or you may vote separately with respect to the plans for each of the Debtors which are contained in the Plan. Please refer to Exhibit D, the Disclosure Statement/Voting Procedures Approval Order, for more information.

To be sure your Ballot is counted, your Ballot must be received by The Garden City Group, Inc. (the “Balloting and Claims Agent”), as instructed in your Ballot, no later than 4:00 p.m. Prevailing Eastern Time on November 25, 2009 (the “Voting Deadline”). Your Ballot will not be counted if received after the Voting Deadline.

If you must return your Ballot to your bank, broker, agent, or nominee, then you must return your Ballot to such bank, broker, agent or nominee in sufficient time for them to process your Ballot and return it to the Debtors’ Balloting and Claims Agent before the Voting Deadline. Your Ballot will not be counted if received after the Voting Deadline.

DO NOT RETURN SECURITIES OR ANY OTHER DOCUMENTS WITH YOUR BALLOT.

It is important that Creditors exercise their right to vote to accept or reject the Plan. Even if you do not vote to accept the Plan, you may be bound by it if it is accepted by the requisite holders of Claims. The amount and number of votes required for confirmation of the Plan are computed on the basis of the total amount and number of Claims actually voting.

THE OFFICIAL COMMITTEE OF UNSECURED CREDITORS SUPPORTS THE PLAN. AFTER EXPLORING SEVERAL ALTERNATIVES, THE DEBTORS AND THE OFFICIAL COMMITTEE OF UNSECURED CREDITORS BELIEVE THAT THE PLAN PROVIDES THE BEST POSSIBLE RECOVERIES TO THE DEBTORS’ CREDITORS. THE DEBTORS AND THE OFFICIAL COMMITTEE OF UNSECURED CREDITORS BELIEVE THAT ACCEPTANCE OF THE PLAN IS IN THE BEST INTERESTS OF EACH AND EVERY CLASS OF CREDITORS AND URGE ALL HOLDERS OF IMPAIRED CLAIMS ENTITLED TO VOTE ON THE PLAN TO VOTE TO ACCEPT THE PLAN.

D. CONFIRMATION HEARING

Section 1128(a) of the Bankruptcy Code requires a bankruptcy court, after notice, to hold a hearing on confirmation of a plan filed under chapter 11 of the Bankruptcy Code. Section 1128(b) of the Bankruptcy Code provides that any party in interest may object to confirmation of the Plan.

1. Confirmation Hearing Date

The Confirmation Hearing will commence on December 10, 2009, at 11:00 a.m. (Prevailing Eastern Time), before The Honorable Kevin J. Carey, United States Bankruptcy Judge, in the United States Bankruptcy Court for the District of Delaware, 5th Floor, Courtroom #2, 824 Market Street, Wilmington, Delaware 19801. The Confirmation Hearing may be continued from time to time without further notice other than an adjournment announced in open court or a notice of adjournment filed with the Bankruptcy Court and served on the Persons specified in Bankruptcy Rule 2002, all Persons who have requested notice in these Chapter 11 Cases, and the Persons who have filed objections to the Plan ("Plan Objections"), without further notice to parties in interest. The Bankruptcy Court, in its discretion and prior to the Confirmation Hearing, may put in place additional procedures governing the Confirmation Hearing. The Plan may be modified, if necessary, prior to, during, or as a result of the Confirmation Hearing, without further notice to parties in interest.

2. Plan Objection Deadline

The Plan Objection Deadline is 4:00 p.m. (Prevailing Eastern Time) on November 25, 2009. All Plan Objections must be filed with the Bankruptcy Court and served on the Debtors and certain other parties in accordance with the notice of confirmation hearing attached as Exhibit B to the Disclosure Statement Approval Order (the "Confirmation Hearing Notice") on or before the Plan Objection Deadline. The Debtors believe that the Plan Objection Deadline will afford the Bankruptcy Court, the Debtors and other parties in interest reasonable time to consider the Plan Objections prior to the Confirmation Hearing.

THE BANKRUPTCY COURT WILL NOT CONSIDER PLAN OBJECTIONS UNLESS THEY ARE TIMELY SERVED AND FILED BY THE PLAN OBJECTION DEADLINE IN COMPLIANCE WITH THE DISCLOSURE STATEMENT/VOTING PROCEDURES APPROVAL ORDER.

III. GENERAL INFORMATION

A. THE COMPANY'S BUSINESS OPERATIONS

The Debtors are one of the largest providers of residential building products and construction services in the United States. The Debtors distribute building materials, manufacture building components (e.g., millwork, floor and roof trusses, and wall panels), and provide construction services to professional builders and contractors through a network of 31 distribution facilities, 43 manufacturing facilities, and 5 regional construction services facilities.

The Debtors operate under two brand names: BMC West® and SelectBuild®.

Under the BMC West brand, the Debtors market and sell building products, manufacture building components, and provide construction services to professional builders and contractors. Products include structural lumber and building materials purchased from manufacturers, as well as manufactured building components such as millwork, trusses, and wall panels. Construction services include installation of various building products and framing. The Debtors currently offer these products and services in major metropolitan markets in Texas, Washington, Colorado, Idaho, Utah, Montana, North Carolina, California, and Oregon. The BMC West brand also includes the services provided by the Debtor Illinois Framing, Inc.

Under the SelectBuild brand, the Debtors offer integrated construction services to production homebuilders, as well as commercial and multi-family builders. Services include wood framing, concrete services, managing labor and construction schedules, and sourcing materials. The Debtors currently offer these services in major metropolitan markets in California, Arizona, Nevada and Illinois.

The Debtors operate in metropolitan areas that have historically outpaced U.S. averages for residential building permit activity (largely in the Southern and Western portions of the United States). Based on National Association of Home Builders building permit activity, the Debtors provide building products and construction services in 9 of the top 25 single-family construction markets.

In addition to their strategic geographic locations, the Debtors have many other competitive strengths that enable them to attract business. For example, the Debtors' full offering of building materials, manufactured products, and construction services allows the Debtors to help professional builders and contractors reduce costs and cycle time. Similarly, the Debtors' long-term relationships with their suppliers provide the Debtors with purchasing advantages—including volume rebate programs and preferred customer status when supplies or liquidity are limited—which are passed on to the Debtors' customers in the form of reduced costs and increased on-time reliability. The Debtors have also cultivated a reputation for providing superior quality building components and construction services by employing experienced, service-oriented individuals to procure, produce, and deliver these products and services.

The Debtors' principal executive offices are located in Boise, Idaho. As of the Petition Date, the Debtors employed approximately 5,000 people. Debtor Building Materials Holding Corporation is a public company that trades in the pink sheets under the ticker symbol BLGM. For the twelve months ended August 31, 2009, the Debtors' revenue totaled approximately \$842 million. As of August 31, 2009 the book value of the Debtors' assets totaled approximately \$406 million and its liabilities totaled approximately \$459 million.

B. THE COMPANY'S ORGANIZATION STRUCTURE

The following chart generally depicts the Debtors' prepetition organizational structure just prior to a merger that took effect on or about June 10, 2009 pursuant to which the Company merged its dormant subsidiaries, SelectBuild Distribution, Inc., SelectBuild L.P., SelectBuild Mid-Atlantic, LLC, SelectBuild Florida, LLC,

SelectBuild Mechanical, LLC, SelectBuild Trim, LLC, KBI Stucco, Inc, KBI Windows, Inc. and A-1 Building Components, LLC, with and into SelectBuild Southern California, Inc.:

IV. SUMMARY OF PREPETITION INDEBTEDNESS AND FINANCING

A. THE COMPANY’S PREPETITION CREDIT AGREEMENT

The Debtors’ prepetition credit facility consists of a \$340 million secured term loan maturing in November 2011 (the “Prepetition Term Loan”) and a \$200 million secured revolving line of credit, with a letter of credit sublimit (the “Prepetition Revolving Credit Facility”). In addition, the Debtors have entered into interest rate swap agreements (the “Swap Agreements”) with various parties and owe prepetition payment-in-kind interest of approximately \$6 million under the Prepetition Term Loan, which constitutes additional debt, which arose when the Company was unable to pay interest currently prepetition. All of these obligations are secured by a pari passu first priority, perfected security interest in substantially all of the assets of the Debtors, other than BMHC.

As of the Petition Date, there were approximately \$20 million in borrowings outstanding under the Prepetition Revolving Credit Facility, approximately \$269 million in principal was outstanding under the Prepetition Term Loan and approximately \$11 million in accrued interest. In addition, as of the Petition Date, there were open, but undrawn, letters of credit (collectively, the “Prepetition Letters of Credit”) issued under the Prepetition Revolving Credit Facility in the amount of approximately \$113 million. As of the Petition Date, the Debtors believe that the termination obligations under the Swap Agreements were approximately \$6 million. Pursuant to the DIP Facility, the Debtors rolled-up \$4 million of the approximately \$20 million outstanding amount of the Prepetition Revolving Credit Facility into the DIP Facility.

The Prepetition Term Loan and Revolving Credit Facility. Debtor Building Materials Holding Corporation, as the borrower, the other Debtors, as guarantors, Wells Fargo Bank, as administrative agent (“WFB” or the “Administrative Agent”), and the lenders party thereto (together with the Administrative Agent, the “Prepetition Lenders”) are parties to that certain Second Amended and Restated Credit Agreement, dated as of November 10, 2006 (the “Prepetition Credit Agreement”), as amended by that certain First Amendment to Second Amended and Restated Credit Agreement and Waiver, dated as of February 29, 2008 (the “First Amendment”) and that certain Second Amendment to Second Amended and Restated Credit Agreement and Waiver, dated as of September 30, 2008 (the “Second Amendment”). The Prepetition Credit Agreement provides for the \$200 million Prepetition Revolving Credit Facility and the \$340 million Prepetition Term Loan, which is scheduled to mature on

November 10, 2011. The Debtors' ability to draw on the \$200 million Prepetition Revolving Credit Facility is subject to certain borrowing base limitations. The Prepetition Credit Agreement is secured pursuant to that certain Third Amended and Restated Security Agreement by and among the Debtors and the Administrative Agent (the "Prepetition Security Agreement"), dated as of November 10, 2006, which grants the Lenders a security interest in substantially all of the Debtors' assets. As of the Petition Date, there were approximately \$20 million in borrowings outstanding under the Prepetition Revolving Credit Facility and approximately \$269 million in principal was outstanding under the Prepetition Term Loan. Pursuant to the DIP Facility, the Debtors rolled-up \$4 million of the approximately \$20 million outstanding amount of the Prepetition Revolving Credit Facility into the DIP Facility.

The Letters of Credit. The Debtors caused to be issued various Prepetition Letters of Credit in favor of certain of the Debtors' creditors. The Prepetition Letters of Credit were issued primarily in favor of the Debtors' insurers for the deductible portion of automobile, general liability, and workers' compensation claims, with respect to performance bonds for projects undertaken by the Debtors and with respect to obligations owed to certain of the Debtor's key material suppliers.. Wells Fargo Bank issued the Prepetition Letters of Credit under the terms of the Prepetition Credit Agreement, by which the outstanding Letters of Credit reduce the \$200 million amount available to the Debtors under the Prepetition Revolving Credit Facility. These Prepetition Letters of Credit renew automatically on their various anniversary dates or until released by their respective beneficiaries. As of the Petition Date, there were open, but undrawn, Letters of Credit in the amount of approximately \$113 million.

Swap Agreements. The Debtors are party to two ISDA Master Agreements, (a) an ISDA Agreement with BNP Paribas dated as of April 7, 2004 (along with all schedules and amendments to same, the "BNP Paribas Master Agreement") and (b) an ISDA Agreement with Suntrust Bank dated as of October 10, 2006 (along with all schedules and amendments to same, the "Suntrust Bank Master Agreement" and, together with the BNP Paribas Master Agreement, the "Prepetition Master Agreements"). The Prepetition Master Agreements govern multiple Transactions (as defined in the Prepetition Master Agreements) between the parties. Obligations arising from such Transactions, moreover, are secured by the Collateral (as defined in the Prepetition Master Agreements), and the resulting security interests are pari passu with that created under the Prepetition Security Agreement. Section 5(a)(vii) of each of the Prepetition Master Agreements gives BNP Paribas and Suntrust Bank the right to terminate such agreements on account of these Chapter 11 Cases. As of the Petition Date, the Debtors believe that the termination obligations under the Swap Agreements were approximately \$6 million.

B. THE COMPANY'S OTHER DEBT

Other Secured Borrowings. The Debtors have a limited amount of other long-term secured debt. Such other debt consists of (a) an obligation owed to various parties from whom BMC West purchased real property in 2006, which obligation is secured by the real property that was purchased (the "Mitchell Obligation") and (b) certain equipment sale contracts/capital leases. The outstanding liability with respect to Mitchell Obligation is approximately \$950,000 and the obligation under the equipment sale contracts/leases is approximately \$70,000. The interest rate on the Mitchell Obligation is 7%, payments are monthly and the maturity date is March 2021.

Trade Credit/Expense Accrual. The Debtors also receive unsecured credit from most vendors and suppliers, though the Debtors do have two trade suppliers whose rights to payment are secured by Prepetition Letters of Credit. The Debtors estimate that, as of the Petition Date, they owe approximately \$9 million to their unsecured trade creditors that will not be paid during the Chapter 11 Cases pursuant to Bankruptcy Court orders.

SERP Claims/Other Deferred Compensation Claims/Executive Bonus. In 1993, BMHC developed a Supplemental Employee Retirement Plan (the "SERP") to help meet retirement and retention objectives for key Company employees. There are currently two programs, the 1999 "Old Plan," which was frozen in order to preserve less restrictive Internal Revenue Service rules, and the 2005 "New Plan," which has more restrictive election and distribution procedures. Both plans are non-qualified deferred compensation plans. The cost of the program was offset by reductions in BMHC's cash profit-sharing program. The plan was funded by purchasing Life Insurance Policies with 5.5% of BMHC earnings after tax. The SERP was frozen by BMHC's compensation committee in November 2008 due to market conditions and the Company's financial performance. As of the Petition Date, BMHC owed approximately \$21 million to SERP claimants. Of this amount, approximately \$13.7 relates to active employees, approximately \$4.3 million relates to inactive employees (i.e., employees on some type of leave) and approximately \$2.9 million relates to former employees.

Benefits under the SERP are paid out upon retirement as elected by the participant, either in a lump sum or monthly installment payments. The assets that fund the SERP are the Life Insurance Policies held by BMHC in a “rabbi” trust. The Life Insurance Policies have a cash surrender value of approximately \$16.3 million. While the Agent on behalf of the Prepetition Lenders has asserted a security interest in the rabbi trust, the Company believes that, under applicable law, the assets of the rabbi trust are available to pay all BMHC creditors. The Debtors could realize the value of the Life Insurance Policies by tendering the Life Insurance Policies to the relevant insurers in exchange for a payment equal to the cash surrender value. However, the Debtors believe that, through a sale of the Life Insurance Policies to a third party investor, the Debtors may receive greater value from the Life Insurance Policies. The cash surrender value shall be used by the Reorganized Debtors for operations and to fund their obligations under the Plan.⁹

In addition, BMHC has another deferred compensation plan, separate from SERP, that benefits nine former employees. As of the Petition Date, those employees were owed approximately \$1.3 million under the plan. In addition, as of the Petition Date, approximately \$835,000 had accrued that was unpaid to three executives with respect to the 2008 Annual Incentive Program.

Liability under Leases. Prior to the Petition Date, the Debtors were parties to numerous unexpired real and personal property leases which the Debtors utilized to operate their businesses. As of the Petition Date, the Debtors no longer needed certain of these leases due to the Debtor’s restructuring efforts whereby the Debtors discontinued operations in many locations and closed several business units. As a result, the Debtors were maintaining leases for unoccupied parcels of real property as well as trucks, tractors and trailers, vans, heavy equipment and office equipment that were not being used in the course of the Debtors’ businesses. The Debtors have moved to reject such leases, and expect the resulting rejection damages claims to be approximately \$6 million.

Employment Related Claims. Prior to the Petition Date, the Debtors entered into a number of employment agreements with their employees and former employees. Certain of the employment agreements with former employees required the Debtors to make payments to these former employees even though the former employees were no longer providing any benefits to the Debtors. The Debtors expect to reject certain employment agreements. In addition to claims under rejected employment agreements, the Debtors expect certain other employee related claims, including vacation claims (see section IX.B below). The Debtors’ estimate that the aggregate liability for non-priority, employment related claims will be approximately \$4.5 million. The precise amount of employment related claims will depend, in substantial part, on which employment agreements are assumed, rejected or renegotiated.

Ordinary Course Employee Liabilities. The Debtors employ approximately 5,500 employees, of which 80 are part-time and approximately 300 are represented by unions. The Debtors paid all of their undisputed prepetition wage obligations to their employees. However, in the ordinary course of business, each month the Debtors incur approximately \$18,343,000 in employee wage obligations. In addition the Debtors employ approximately 10 independent contractors to whom the Debtors pay an average of \$100,000 per month. The Debtors reimburse employees and directors for certain business-related expenses such as travel, meals, parking and similar expenses. On average, the Debtors reimburse approximately \$250,000 in business related expenses per month. The Debtors provide company-leased vehicles or a base allowance plus adjustable fuel allowance for employees who travel in excess of 12,000 miles per year on account of business. The Debtors incur approximately \$355,000 per month on account of these automobile expenses.

The Debtors offer their employees a variety of benefits including: health insurance, dental insurance, vision care, vacation time, leaves of absence, 401(k) plans, retirement benefits with respect to union-sponsored pension plans provided by certain of the unions that represent the Debtors’ employees, life and accidental death and dismemberment insurance, short and long term disability benefits, flexible benefit plans, relocation program, tuition

⁹ These obligations include, without limitation, obligations due on the Effective Date to fund the distributions required to be made on account of General Unsecured Claims. See, e.g., the table of Sources and Uses at section I.B.2. for a summary of the sources and uses of Cash as of the Effective Date.

reimbursement, severance pay, and retiree medical benefits. The Debtors paid all of their undisputed obligations on account of these benefits. On account of these benefits, the Debtors incur an average of \$2,300,000 per month.

The Debtors intend to pay these employee related expenses on a going-forward basis in the ordinary course of business. In addition, the Debtors intend to assume all of their Collective Bargaining Agreements.

Intercompany Claims. The Debtors maintain business relationships among themselves. As a result, there are intercompany transactions and transfers (collectively, the “Intercompany Transactions”) that give rise to intercompany claims (the “Intercompany Claims”) including, without limitation, the following types of transactions:

1. **Intercompany Sales.** In the ordinary course of business, the Debtors sell and purchase goods from various Debtor affiliates.
2. **Central Receipts and Disbursements.** In the ordinary course of business, BMHC pays for inventory and supplies and, in some cases, collects receivables on behalf of its affiliates.
3. **Centrally-Billed Expenses.** In the ordinary course of business, the Debtors incur centrally-billed expenses, including insurance premiums, workers’ compensation obligations, advertising expenses, shipping and transportation charges, and other expenses necessary to operate the business. BMHC typically pays these expenses and then allocates them to the appropriate affiliate.

The net position of the Debtors’ Intercompany Claims as of the Petition Date is listed on each Debtor’s respective Schedule B. Specifically, BMC West owes Intercompany Claims totaling \$631,319.18. C Construction is owed Debtor Intercompany Accounts Receivable of \$70,893.88, TWF Construction is owed Debtor Intercompany Accounts Receivable of \$204,522.64, SelectBuild Nevada is owed Debtor Intercompany Accounts Receivable of \$369,333.71 and SelectBuild Arizona is owed Debtor Intercompany Accounts Receivable of \$112,720.70.

C. PENDING LITIGATION

1. Class Action Lawsuits

The Debtors are parties to two pending class action lawsuits:

a. Pedro Alvarado et al. v. Building Materials Holding Corporation et al.; In the Superior Court of the State of California for the County of Los Angeles; Case No. BC391029

This is a class action lawsuit filed in a California state court by a former employee of Debtor HNR Framing Systems, Inc. It alleges that the plaintiff and all similarly situated employees were not paid overtime, given break times or lunch periods as required by California law. The lawsuit seeks to be certified as a class action, but no motion to certify has been filed yet.

The Company denies the allegation that the former employee and all similarly situated employees were not paid properly. The Company believes that the class certification would be inappropriate given the individualized nature of the claims, the variability in the circumstances of the putative class members and the ability of individual employees, each of whom will be given notice of the Chapter 11 Cases, to file their own claims for any alleged violations of wage and hour requirements.

On August 31, 2009, Pedro Alvarado filed a motion in the Bankruptcy Court requesting authority to file a class proof of claim. The Debtors, the Committee and WFB objected to this motion. The Bankruptcy Court denied Pedro Alvarado’s motion to file a class proof of claim by order entered on October 13, 2009 [Docket No. 741].

b. Eduardo Acevedo et al. v. Building Materials Holding Corporation et al.; In the United States District Court for the Central District of California; CV 08-06227 SJO (Cwx)

This is a class action lawsuit filed in a federal court in California, but plaintiffs are former employees of Subsidiary Debtors operating in Nevada, California, and Arizona. The lawsuit alleges that all similarly situated employees have not been properly paid for all of their compensable time. The plaintiffs are seeking certification of a class action under the Fair Labor Standards Act (“FLSA”) based on alleged violations of the FLSA, including alleged failure to pay overtime, failure to compensate for time spent waiting for materials or work, time spent traveling to and from work sites and other “off the clock” wage claims. Plaintiffs have filed a motion seeking class certification.

The Company denies the allegation that the former employees and all similarly situated employees were not paid in accordance with law. The Company believes that the class certification would be inappropriate given the individualized nature of the claims and the variability in the circumstances (including the applicability of labor laws in three different states) of the putative class members, and the ability of individual employees, each of whom will be given notice of the Chapter 11 Cases, to file their own claims for any alleged violations of wage and hour requirements.

On August 21, 2009, the Debtors filed their Motion for an Order Pursuant to Section 105(a) of the Bankruptcy Code and Bankruptcy Rule 9019, Authorizing and Approving the Settlement With the Acevedo Plaintiffs [Docket No. 517]. The proposed settlement agreement would settle the claims of the named plaintiffs for \$244,343.57, and provides for payment of \$230,505.48 with respect to the Acevedo plaintiff’s attorneys’ fees and costs. On September 18, 2009, the Bankruptcy Court entered an order approving the settlement [Docket No. 635].

V. EVENTS LEADING TO THE CHAPTER 11 CASES

A series of unforeseen and, unfortunately, unavoidable events placed significant strain on the Debtors’ ability to continue servicing its indebtedness and ultimately led to the Debtors’ filing of the Chapter 11 Cases. Those events include (A) the unprecedented downturn in the U.S. housing and construction market, (B) the resulting deterioration in the Debtors’ financial performance, (C) the Debtors’ default under the Prepetition Credit Agreement, and (D) the Debtors’ unsuccessful attempts to implement an out-of-court restructuring.

A. THE DOWNTURN IN THE U.S. HOUSING AND CONSTRUCTION MARKETS

The residential building products and construction services industry is highly dependent upon demand for single-family homes. Various macroeconomic factors, including general economic conditions, interest rates, levels of unemployment, consumer confidence, and the availability of credit influence the demand for single-family homes. Historically, the new home construction sector has been cyclical. During 2006, however, a major housing downturn began in the United States. Indeed, single-family “housing starts” fell more than 14% from approximately 1.72 million in 2005 to approximately 1.47 million in 2006.¹⁰

The housing market downturn in the United States intensified during 2007, with single-family housing starts in 2007 falling almost 29% from the 2006 rate to approximately 1.05 million, and continued during 2008, with single-family housing starts falling over 40% from the 2007 rate to approximately 622,000. As of March 2009, single-family housing starts have fallen to an annualized rate of less than 400,000 – the lowest level of single-family housing start activity since World War II.

¹⁰ “Housing starts” are considered a leading indicator in the United States housing market. The United States Census Bureau and the United States Department of Housing and Urban Development jointly publish a monthly report on housing starts which is available at <http://www.census.gov/const/www/newresconstindex.html>.

The negative effect of the housing market downturn is compounded by recent turmoil in the general economy, mortgage market, and overall credit markets, which has caused increasing levels of unemployment, a severe decline in home prices, a dramatic tightening of consumer credit, and decreased consumer confidence.

B. THE DEBTORS' FINANCIAL PERFORMANCE DETERIORATES

The adverse market conditions described above negatively affected the Debtors' financial position. Sales revenues declined from \$3.0 billion in 2006 to \$1.3 billion in 2008.

Figure 4 – Debtors’ Unaudited Quarterly Sales Revenue (2005-Q1 2009)

As a result of this unanticipated and precipitous decline in sales revenues, the Debtors began experiencing losses from operations on a continuous basis in the fourth quarter of 2007. For the year ending December 31, 2008, the Debtors experienced a loss of \$192,456,000 from continuing operations.

C. THE DEBTORS DEFAULT UNDER THE PREPETITION CREDIT AGREEMENT

The Debtors’ Prepetition Credit Agreement requires monthly compliance with financial covenants, including minimum liquidity and adjusted earnings before interest, taxes, depreciation, and amortization (“EBITDA”). Ultimately, decreased demand and corresponding sales declines caused the Debtors to fall out of compliance with certain of these financial covenants as of December 31, 2007. As a result of these non-monetary covenant defaults, the Prepetition Lenders were entitled to seek immediate repayment of \$345,625,000 under the Prepetition Credit Agreement. Accordingly, the Debtors engaged WFB, the Administrative Agent, in discussions for a waiver of the financial covenant defaults and an amendment to the covenants in the Prepetition Credit Agreement that would enable the Debtors to meet the covenants on a going-forward basis given the depressed state of the housing market. A description of the initiatives undertaken by the Debtors to address the default under the Prepetition Credit Agreement and the depressed state of the housing market is set forth below.

D. THE DEBTORS’ OUT-OF-COURT RESTRUCTURING INITIATIVES

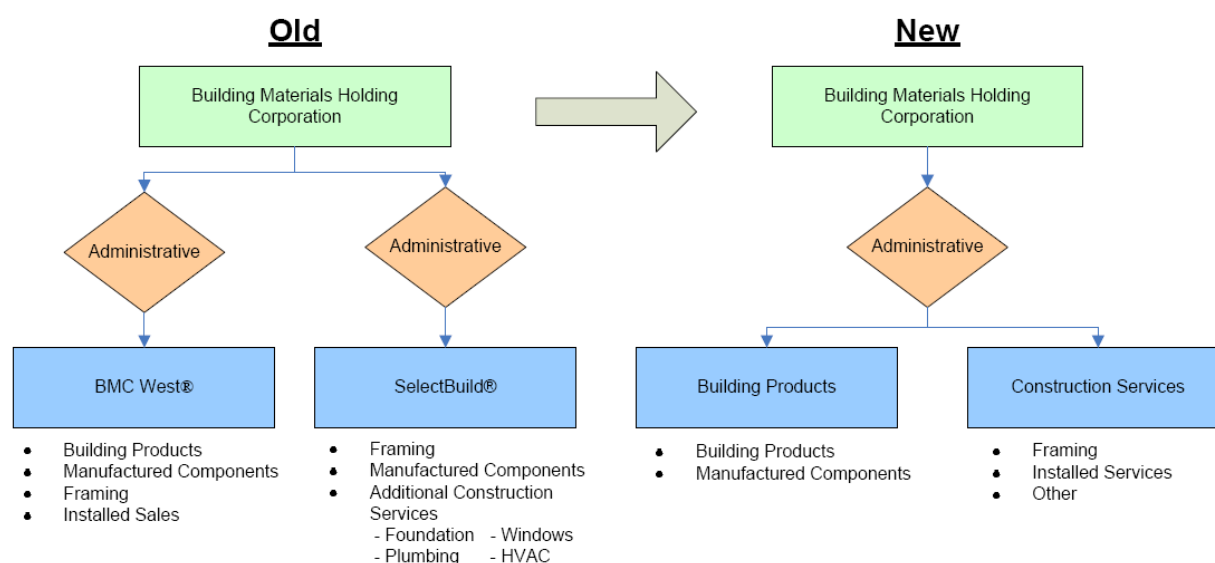

1. Operational Restructuring

In response to the above-described challenging economic and industry conditions, in May 2008 the Debtors initiated a comprehensive analysis of their business operations to rationalize their operations for the current conditions of the homebuilding industry and improve cash flow and profitability. To assist in this analysis, the Debtors engaged Alvarez & Marsal (“A&M”), one of the pre-eminent restructuring turnaround firms in the world. With the assistance of A&M, the Debtors formulated a restructuring plan to right-size their operations, consolidate

their administrative services, reorganize their operations structure, and close or consolidate their underperforming business units.

To implement this restructuring plan, the Debtors have reduced overall headcount from a high of 22,824 in June 2006 to approximately 5,000 as of the Petition Date. The Debtors have also created a shared services organization at their headquarters in Boise, Idaho to provide key administrative services such as information technology, human resources, accounting, marketing, and purchasing. Previously, some individual business locations had provided their own administrative services. In addition, the Debtors have engaged in a comprehensive reorganization of their operations structure in order to eliminate unnecessary overhead expenditures, reduce redundancy, and enhance corporate oversight and control over the business.

Figure 5 – Debtors’ Business Operations Reorganization

Finally, the Debtors have taken significant actions to close or consolidate their underperforming business units. To date, the Debtors have sold, wound down or consolidated 78 business units.

2. Financial Restructuring

Throughout February 2008, the Debtors continued negotiating with the Administrative Agent for a waiver of the financial covenant defaults and an amendment to the covenants in the Prepetition Credit Agreement that would enable them to meet the covenants on a going-forward basis given the depressed state of the housing market. To provide the parties with additional time to continue negotiations and avert a possible chapter 11 filing, the parties agreed to a temporary waiver of the financial covenants under the Prepetition Credit Agreement.

On February 29, 2008, the Debtors were able to enter successfully into the First Amendment to the Prepetition Credit Agreement, which, among other provisions, modified the financial covenants to account for the downturn in the housing market by, among other things, lowering the Debtors’ consolidated net worth requirement and the minimum EBITDA-to-interest expense ratio and setting new minimum EBITDA default-trigger thresholds. In accordance with the First Amendment, Debtor Building Materials Holding Corporation suspended its quarterly cash dividend to shareholders. The First Amendment also brought forward the term loan maturity date to November 2011 and reduced the revolving loan limit to \$200 million, which was also subject, however, to a borrowing base limitation calculated on certain accounts receivable minus 50% of outstanding surety bonds multiplied by 50%.

Nonetheless, as the housing market continued to decline, the Debtors fell out of compliance with these new financial covenants after the fiscal period ended June 30, 2008. As a result, the Debtors engaged in further discussions with the Administrative Agent and sought another waiver of their financial covenant and other related defaults and another amendment to the covenants in the Prepetition Credit Agreement. The Debtors were able to

obtain a waiver of the existing defaults and, on September 30, 2008, were successful in entering into the Second Amendment to the Prepetition Credit Agreement which, among other things, reset the minimum EBITDA default-trigger thresholds and added minimum liquidity default-trigger thresholds. The Second Amendment also increased interest rates for the revolver and term note to LIBOR plus 5.25% or Prime plus 3.25%, and added a payment-in-kind feature to the term note of an additional 2.75%. Subsequent to the Second Amendment, the amended credit facility continued to provide for a \$200 million revolver subject to borrowing base limitations and a \$340 million term loan maturing November 2011.

Despite these extensive good-faith renegotiations of the Prepetition Credit Agreement, the unprecedented decline in the housing industry and the concomitant decline in sales of the Debtors' products and services caused the Debtors to fall out of compliance with the minimum adjusted EBITDA required by the Second Amendment for the fiscal period ended February 28, 2009. As part of their continued good-faith negotiations with the Prepetition Lenders, the Debtors were able to obtain a temporary waiver of this and other anticipated defaults through the earlier of (i) April 15, 2009, which was extended through June 1, 2009 and again through June 29, 2009 and (ii) the occurrence of another default.

3. Development of Plan

Prior to the Petition Date, the Debtors, with the assistance of their Professionals and advisors, engaged in extensive efforts to maximize the value of the Debtors' assets. Specifically, the Debtors conducted a broad marketing effort to explore a possible sale of their business. This marketing effort, however, did not yield indications of interest that were consistent with the Debtors' view, in their business judgment, of the best way to maximize the value of their business.

Additionally, the Debtors explored ways in which to refinance some or all of their outstanding prepetition indebtedness. Notwithstanding this effort, due to liquidity restraints in the capital markets, coupled with the severe and well-reported downturn in the U.S. housing markets, the Debtors were unable to obtain interest in a refinancing that could be implemented under the current economic conditions outside of bankruptcy.

Accordingly, the Debtors engaged in good faith, arm's-length negotiations with their prepetition senior secured lenders, among many other potential funding sources, to develop a proposed restructuring that would significantly de-lever the Debtors' balance sheet, while at the same time provide a meaningful recovery to the Debtors' unsecured creditors in relation to the amount that they would receive in a liquidation. After months of negotiations and the consideration of four separate funding proposals, the Debtors and certain of the prepetition senior secured lenders were able to agree to a restructuring proposal.

The Debtors filed a draft proposed plan of reorganization with respect to the restructuring proposal on the Petition Date. The Debtors filed an amended version of the plan on July 27, 2009, October 1, 2009 and October 6, 2009. Since that time, the Debtors have been engaged in discussions with various plan bidders to explore alternative plan proposals. Those discussions have not resulted in an alternative that the Debtors view as more favorable to their Estates than the current version of the Plan filed on October 22, 2009.

VI. ADMINISTRATION OF THE CHAPTER 11 CASES

A. RELIEF SOUGHT AT OR NEAR THE OUTSET OF THESE CHAPTER 11 CASES

On or shortly after the Petition Date, the Company filed several motions and applications seeking the entry of certain interim orders (collectively, the "First Day Orders") and/or final orders (collectively, the "Final Orders"), intended to facilitate the transition between the Company's prepetition and postpetition business operations by approving certain regular business conduct that may not be authorized specifically under the Bankruptcy Code or as to which the Bankruptcy Code requires prior approval by the Bankruptcy Court.

Recognizing that any interruption of the Company's business, even for a brief period, would negatively impact operations, customer relationships, revenue and profits, the Company filed a number of motions to ensure a stabilization of operations. Thereafter, the Bankruptcy Court entered a number of First Day and Final Orders

granting the Company the authority to, among other things, pay certain prepetition claims and obligations and continue certain existing programs.

1. Stabilizing Operations

a. Critical Vendors and 503(b)(9) Claimants

The Company relies on certain critical suppliers of goods and services, with whom the Company intends to continue to do business and whose goods and services are essential for the continuation of the Company's operations. The Company believed that the ability to honor prepetition claims of these critical suppliers could be utilized to secure favorable trade terms from these suppliers and in many cases was necessary to continue the Company's operations, minimize disruption of its delivery schedules to the Company's customers, preserve enterprise value, and emerge successfully from these Chapter 11 Cases.

Many of these critical suppliers and certain other suppliers delivered goods to the Debtors in the ordinary course of business during the 20-day period prior to the Petition Date. Pursuant to section 503(b)(9) of the Bankruptcy Code, creditors have an administrative priority claim to the extent of "the value of any goods received by the debtor within 20 days before the date of commencement of a case under this title in which the goods have been sold to the debtor in the ordinary course of such debtor's business." The Company believed that the ability to pay these suppliers at the outset of these Chapter 11 Cases would increase the likelihood that such suppliers would continue to supply the goods and services necessary to operate the Company's business on favorable credit terms.

Accordingly, the Bankruptcy Court entered a Final Order authorizing the Company to pay certain prepetition claims of critical vendors up to \$6 million in the aggregate and to pay certain claims entitled to administrative priority pursuant to section 503(b)(9) up to \$9 million in the aggregate [Docket No. 64]. All allowed section 503(b)(9) claims will be paid in full on the Effective Date of the Plan.

b. Outstanding Orders, Goods in Transit, Warehousemen, and Mechanic's/Materialman's Lien Claimants

Prior to the Petition Date, and in the ordinary course of business, the Company ordered goods for which delivery would not occur until after the Petition Date. The Company believed that the suppliers of these goods might refuse to ship or transport such goods (or recall such shipments) unless the Company issued substitute purchase orders postpetition or obtained an order of the Bankruptcy Court: (a) granting administrative expense priority under section 503(b) of the Bankruptcy Code to all of the Company's undisputed obligations arising from the acceptance of goods ordered prior to the Petition Date and (b) authorizing the Company to satisfy such obligations in the ordinary course of business.

In addition, in the period immediately prior to the Petition Date, certain of the Company's goods were in transit or were stored in third-party warehouses. The Company believed that, unless it was authorized to pay certain shippers and warehousemen, it would have been highly unlikely that the Company would have recovered possession of these goods. The Company was concerned that the shippers and warehousemen possessed lien rights or the ability to exercise "self-help" remedies to secure payment of their claims, and, as such, any failure by the Company to satisfy outstanding shipping charges and warehousing charges could have had a material adverse impact on the Company's business.

The Company also does business with a number of third parties who could potentially assert liens against the Company and its property or its customers' property for amounts the Company owes to those third parties, including mechanic's liens and materialman's liens. The Company was concerned that if it was unable to satisfy the prepetition claims of those third parties, they could have either prevented the Company from retrieving its tooling or other equipment or could have prevented the Company from receiving payment from its customers, who often require lien releases from these third parties before they will pay the Company.

Accordingly, the Bankruptcy Court entered a Final Order authorizing, among other things, the Company to pay for goods ordered prior to the Petition Date in the ordinary course of business, to pay certain prepetition claims

of shippers, warehousemen, and materialmen's lien holders up to \$1,133,000 in the aggregate, and to satisfy joint check claims [Docket No. 66]. Upon a supplemental request, the Bankruptcy Court entered a Final Order increasing this amount to \$2,225,000. [Docket No. 243]. As a result of these orders, the Debtors are not aware that any material mechanics liens have been asserted against their property.

c. Employee Compensation

The Company relies on its employees for its day-to-day business operation. The Company believed that absent the ability to honor prepetition wages, salaries, benefits and the like, its employees might have sought alternative employment opportunities, perhaps with the Company's competitors, thereby depleting the Company's workforce, hindering the Company's ability to meet its customer obligations and likely diminishing confidence in the Company's ability to successfully reorganize. The loss of valuable employees would have been distracting at a critical time when the Company was focused on stabilizing its operations. Accordingly, the Bankruptcy Court entered a First Day Order authorizing the Company to pay up to \$12,900,000 in the aggregate with respect to prepetition claims and obligations for, among other things, (1) wages, salaries and other compensation, (2) reimbursable employee expenses and (3) employee medical and similar benefits (other than severance pay and retention pay) [Docket No. 55]. On July 16, 2009, the Bankruptcy Court entered a Final Order authorizing the relief granted in the First Day Order on a final basis and authorizing the Company to pay, in the ordinary course of business, severance pay (other than with respect to insiders or employees party to an executive severance plan) and any "cash out" vacation or paid off time obligations upon termination [Docket No. 236].

d. Taxes

The Company believed that, in some cases, certain authorities had the ability to exercise rights that would be detrimental to the Company's restructuring if the Company failed to meet the obligations imposed upon it to remit certain taxes and fees. Therefore, the Company felt that it was in its best interests to eliminate the possibility of any unnecessary distractions. Accordingly, the Company sought, and the Bankruptcy Court entered, a Final Order authorizing the Company to pay up to \$4,500,000 with respect to taxes and fees, including sales, income, use, and franchise taxes as well as business license fees and certain other governmental charges as necessary or appropriate to avoid harm to the Company's business operations, and, upon following certain procedures, to pay upward audit adjustments necessitated by subsequent audits [Docket No. 62]. As of October 21, 2009, the Debtors have been audited through 2008.

e. Insurance Coverage

The Company felt that the maintenance of its prepetition insurance policies and premium financing agreements was critical to the preservation of the value of the Company's estate, and that payment of any unpaid prepetition amounts owed in connection with its insurance policies was necessary to continue operating in certain states, prevent its insurers from drawing on letters of credit, keep its insurance policies in current effect and/or ensure that there were no inadvertent lapses in coverage. Accordingly, the Bankruptcy Court entered a First Day Order authorizing the Company to (1) continue prepetition insurance policies and programs and to pay any obligations relating thereto and (2) maintain prepetition premium financing agreements [Docket No. 58]. On July 16, 2009, the Bankruptcy Court entered a Final Order authorizing the relief granted in the First Day Order on a final basis [Docket No. 237].

f. Cash Management System

As part of a smooth transition into these Chapter 11 Cases and in an effort to avoid administrative inefficiencies, maintaining the Company's cash management system was of critical importance. Thus, the Company sought and the Bankruptcy Court entered a Final Order authorizing the Company to continue using its existing cash management system, bank accounts and business forms and authorizing the Company to open new bank accounts. Further, the Court deemed the Company's bank accounts the debtor-in-possession accounts and authorized the Company to maintain and continue using these accounts in the same manner and with the same account numbers and document forms as those employed prior to the Petition Date. In addition, the Bankruptcy Court authorized the Company to continue to perform intercompany transactions in the ordinary course of business and to continue its prepetition investment practices [Docket No. 54].

g. Utilities

Section 366 of the Bankruptcy Code protects the Company from utility service cutoffs upon a bankruptcy filing while providing utility companies with adequate assurance that the Company will pay for postpetition services. The Company agreed to provide the utilities with a deposit equal to the approximate value of two weeks of utility services (which amount was reduced by certain deposits held by utility providers) as the adequate assurance required by the Bankruptcy Code. Consequently, pending further order, the Bankruptcy Court entered a First Day Order prohibiting utilities from altering, refusing or discontinuing service on account of any unpaid prepetition charges or the commencement of the Chapter 11 Cases and approving procedures under which utilities could request additional assurance [Docket No. 61]. On July 16, 2009, the Bankruptcy Court entered a Final Order authorizing the relief granted in the First Day Order on a final basis, other than with respect to certain identified parties [Docket No. 238]. The Debtors have deposited approximately \$290,000 in utility deposits in an escrow account at WFB under the Final Order, and have posted approximately \$20,000 in additional post-petition deposits with certain other utilities as a result of specific agreements. The Debtors expect such amounts to be returned to them on the Effective Date.

h. Customer Programs

Prior to the Petition Date, the Company enacted certain customer programs such as warranty, rebate and similar programs designed to develop customer loyalty, encourage new purchases, sustain goodwill, enhance customer satisfaction and ensure that the Company remains competitive. The Company believed that these customer programs assisted, and continue to assist, it in retaining current customers, attracting new ones and, ultimately, increasing revenue. The continuation of these customer programs and retention of core customers is a critical element of the Company's successful reorganization.

On June 17, 2009, the Bankruptcy Court entered a Final Order authorizing the Company to continue its customer programs and to honor prepetition commitments owed to customers [Docket No. 63].

i. Foreign Vendors

The Company relies on certain foreign vendors to supply products that the Company sells to its customers or that are necessary to the Company's production of manufactured building components. The Company believed that continued delivery of the goods supplied by the foreign vendors was necessary to avoid disruptions to its business operations. The Company believed that it was necessary to honor the prepetition obligations to these foreign vendors because foreign vendors are unfamiliar with U.S. bankruptcy laws and the Company's failure to pay even a single invoice would have posed a significant risk that the foreign vendors would take precipitous action against the Company. Therefore, the Bankruptcy Court entered a Final Order authorizing the Debtors to pay certain prepetition claims of foreign vendors up to \$1,250,000 in the aggregate on a final basis [Docket No. 65]. The Debtors believe that they have paid all such foreign vendors.

j. Lease Rejections

Prior to the Petition Date, the Company was party to unexpired leases for the use and occupancy of certain nonresidential real property which it no longer needed as a result of pre and postpetition restructuring efforts. The Company believed that these leases posed a significant drain on its assets with no corresponding benefit because the relevant properties were not being occupied. Accordingly, the Bankruptcy Court entered Final Orders authorizing the Debtors to reject certain real property leases [Docket Nos. 199, 242].

The Company was also party to unexpired leases for the use of certain trucks, trailers, heavy equipment and office equipment which it no longer needed as a result of pre and postpetition restructuring efforts and downsizing. The Company believed that these leases posed a significant drain on its assets with no corresponding benefit because the relevant personal property was no longer being used. Accordingly, the Bankruptcy Court entered Final Orders authorizing the Debtors to reject certain personal property leases [Docket Nos. 202, 203 and 205].

2. The Debtor in Possession Financing and Use of Cash Collateral

On June 16, 2009, the Company sought approval to enter into the DIP Facility which consists of an \$80 million revolving credit facility, with a \$20 million letter of credit sublimit, extended by the DIP Lenders. The administrative agent under the DIP Facility is WFB (or in such capacity, the “DIP Administrative Agent”), which also is the prepetition Administrative Agent under the Prepetition Credit Agreement. WFB and various other Prepetition Lenders under the Prepetition Credit Agreement are the DIP Lenders. The DIP Facility provides for repayment of \$4.0 million of the prepetition amounts outstanding under the Prepetition Credit Agreement’s revolver (the “Roll-Up Debt”).

On June 17, 2009, the Bankruptcy Court entered a First Day Order (the “Interim DIP Order”) authorizing the Company to borrow up to \$40 million on an interim basis under the DIP Facility [Docket No. 56]. In addition to approving the interim financing, the Bankruptcy Court authorized the Company to use cash collateral in which the DIP Lenders and/or the Prepetition Lenders may have an interest, pursuant to the term and conditions set forth in the Interim DIP Order.

On July 1, 2009, the Bankruptcy Court entered a Final Order (the “Final DIP Order”) approving, on a final basis, among other things, (i) the DIP Facility and the Company’s access to the full commitment thereunder; (ii) the cash collateral provisions and related adequate protection package for the Prepetition Lenders; and (iii) the repayment of the Roll-Up Debt [Docket No. 132].

3. Employment and Compensation of Advisors

To assist the Company in carrying out its duties as Debtors-in-possession and to otherwise represent the Company’s interests in the Chapter 11 Cases, the Bankruptcy Court entered orders authorizing the Company to retain and employ the following advisors: Gibson, Dunn & Crutcher, LLP [Docket No. 246]; Young Conaway Stargatt & Taylor, LLP [Docket No. 200]; Alvarez & Marsal [Docket No. 241]; Peter J. Solomon Company [Docket No. 240]; PricewaterhouseCoopers, LLP [Docket No. 245], and KPMG [Docket No. 326]. On July 16, 2009, the Bankruptcy Court entered an order approving certain procedures for the interim compensation and reimbursement of Professionals in the Chapter 11 Cases [Docket No. 201]. The Bankruptcy Court also entered an order authorizing the Company to continue to employ and pay certain other professionals in the ordinary course of business [Docket No. 244].

4. The Plan, Disclosure Statement and Balloting and Solicitation Procedures

On the Petition Date, the Company filed an original version of the Plan and of this Disclosure Statement to implement the restructuring. On July 13, 2009, the Company filed a Motion seeking approval of the Disclosure Statement and balloting and solicitation procedures applicable to the Plan. The Company filed amended versions of the Plan and Disclosure Statement on July 27, 2009, further amended versions on October 1, 2009, October 6, 2009 and October 21, 2009. Lastly, the Company filed the current version of the Plan and Disclosure Statement on October 22, 2009. The Disclosure Statement hearing was conducted on October 22, 2009, and the Bankruptcy Court entered the Disclosure Statement Approval Order [Docket No. 768] on October 22, 2009.

B. UNSECURED CREDITORS

1. Appointment of the Creditors’ Committee

On June 26, 2009, the U.S. Trustee appointed the Committee pursuant to section 1102 of the Bankruptcy Code. The members of the Committee are: Robert Garcia, Space Center Mira Loma, Inc. and Atrium Companies, Inc.

The Committee retained Arent Fox as its legal counsel. The Committee also has retained Executive Sounding Board as its financial advisor. The Bankruptcy Court entered a Final Order approving the retention of

Arent Fox [Docket Nos. 414] on August 10, 2009 and entered a Final Order approving the retention of Executive Sounding Board [Docket No. 581] on September 10, 2009.

2. Meeting of Creditors

The meeting of creditors pursuant to section 341 of the Bankruptcy Code took place on July 17, 2009 at the J. Caleb Boggs Federal Building, 844 King Street, 2nd Floor, Room 2112, Wilmington, Delaware 19801. In accordance with Bankruptcy Rule 9001(5) (which requires, at a minimum, that one representative of the Company appear at such meeting of creditors for the purpose of being examined under oath by a representative of the U.S. Trustee and by any attending parties in interest), a representative of the Company, as well as counsel to the Company, attended the meeting and answered questions posed by the U.S. Trustee and other parties in interest present at the meeting.

C. SCHEDULES

The Company filed its Schedules of Assets and Liabilities and Statement of Financial Affairs on July 15, 2009. The Company filed amended Schedules on July 21, 2009.

D. CLAIMS BAR DATE

On July 16, 2009, the Bankruptcy Court approved August 31, 2009 at 5:00 p.m. (Prevailing Eastern Time) as the general Claims Bar Date¹¹ and approved the form and manner of the notice of the Claims Bar Date [Docket No. 248]. In addition to mailing the notice of Claims Bar Date to creditors, between July 29, 2009 and August 1, 2009, the Debtors published English versions of the notice of the Claims Bar Date in The Wall Street Journal, the Los Angeles Times, the Las Vegas Review-Journal, The Arizona Republic, the Sun Sentinel and The Miami Herald, and published Spanish versions of the notice of the Claims Bar Date in Impacto USA (California), El Tiempo (Nevada), and Presna Hispana (Arizona). [See Docket Nos. 366, 367, 368, 411, 498, 499, 500, 501, and 524]. The Debtors are in the process of reviewing the claims that were timely filed as of the Claims Bar Date.

E. POST-FILING THIRD PARTY MARKETING EFFORTS

Throughout the course of the Chapter 11 Cases, the Debtors, through their financial advisor, Peter J. Solomon, engaged in an extensive process to market the Debtors' business to third party investors and/or acquirors. In connection with this process, the Debtors contacted 66 parties, signed confidentiality agreements with 21 potential bidders and engaged in substantive discussions with at least 11 parties. A total of 31 bidders and their agents were provided access to a complete virtual data room with the key documents and financial information related to the Debtors. In addition, management of the Debtors spent countless hours in question and answer and document diligence sessions with these parties. These discussions continued in earnest over the past several months during which the Debtors initiated a formal process to solicit best and final offers. Sale process letters were distributed to interested investors, along with drafts of key documents. Bidders were instructed to submit their bids, without (among other things) any financing contingencies, by August 28, 2009, together with mark-ups of the relevant documents and any other documents necessary to implement their proposed transaction. On or about August 28, 2009, the Debtors received offers from three different bidders. After reviewing and evaluating these offers, including further discussions with each of the bidders, the Debtors, in consultation with the Prepetition Lenders, determined that no agreement more favorable than that embodied in the Plan could be reached with the bidders. As a result, the Debtors finalized the Exit Credit Facilities with the Prepetition Lenders and filed the current version of the Plan on October 22, 2009. To this day, several of the bidders continue to engage in discussions with the Debtors and the Prepetition Lenders but no agreements with any of these bidders have been reached, and the Debtors are focusing their efforts on confirmation of the Plan.

¹¹ The bar date for governmental units is December 16, 2009 at 5:00 p.m. (Prevailing Eastern Time).

VII. SUMMARY OF THE PLAN

A. ADMINISTRATIVE EXPENSE CLAIMS, PRIORITY TAX CLAIMS AND PROFESSIONAL COMPENSATION CLAIM

1. Administrative Expense Claims. On the later of (i) the Effective Date or (ii) if the Administrative Expense Claim is not Allowed as of the Effective Date, 30 days after the date on which an Administrative Expense Claim becomes Allowed, the Debtors or Reorganized Debtors shall either (x) pay to each Holder of an Allowed Administrative Expense Claim, in Cash, the full amount of such Allowed Administrative Expense Claim, or (y) satisfy and discharge such Administrative Expense Claim in accordance with such other terms that the Debtors or Reorganized Debtors and such Holder shall have agreed upon; *provided, however*, that such agreed-upon treatment shall not be more favorable than the treatment provided in clause (x). Other than with respect to Professional Compensation Claims and Cure Claims, notwithstanding anything in the Plan to the contrary (including, without limitation, any other provision that purports to be preemptory or supervening or grants an injunction or release), (a) if an Administrative Expense Claim arises (i) based on liabilities incurred in, or to be paid in, the ordinary course of business during the Postpetition Period or (ii) pursuant to an Executory Contract (including, but not limited to, the Debtors' Insurance Policies and Agreements that are treated as Executory Contracts under the Plan), the Holder of such Administrative Expense Claim shall be paid in Cash by the applicable Debtor (or after the Effective Date, by the applicable Reorganized Debtor) pursuant to the terms and conditions of the particular transaction and/or agreements giving rise to such Administrative Expense Claim without the need or requirement for the Holder of such Administrative Expense Claim to file a motion, application, claim or request for allowance or payment of an Administrative Expense Claim with the Bankruptcy Court and (b) such Administrative Expense Claims shall be Allowed Claims; provided, however, that nothing limits the ability of any applicable Debtor or Reorganized Debtor to dispute (or the Holder of such Administrative Expense Claim to assert and/or defend) the validity or amount of any such Administrative Expense Claim and/or to bring an action in the appropriate forum.

2. Professional Compensation Claims. Notwithstanding any other provision of the Plan dealing with Administrative Expense Claims, any Person asserting a Professional Compensation Claim shall, no later than 30 days after the Confirmation Date, file a final application for allowance of compensation for services rendered and reimbursement of expenses incurred through the Effective Date. To the extent that such an award is granted by the Bankruptcy Court, the requesting Person shall receive: (i) payment of Cash in an amount equal to the amount Allowed by the Bankruptcy Court less all interim compensation paid to such Professional during the Chapter 11 Cases, such payment to be made within the later of (a) the Effective Date or (b) three (3) business days after the Order granting such Person's final fee application becomes a Final Order; (ii) payment on such other terms as may be mutually agreed upon by the Holder of the Professional Compensation Claim and BMHC or Reorganized BMHC, as applicable (but in no event shall the payment exceed the amount Allowed by the Bankruptcy Court); or (iii) payment in accordance with the terms of any applicable administrative procedures orders entered by the Bankruptcy Court, including the Interim Compensation Order, dated July 16, 2009. All Professional Compensation Claims for services rendered after the Confirmation Date, including those relating to the prosecution of Causes of Action preserved hereunder, shall be paid by Reorganized BMHC upon receipt of an invoice therefor, or on such other terms as Reorganized BMHC (or the Debtors prior to the Effective Date) and the Professional may agree, without the requirement of a further Bankruptcy Court order.

3. Priority Tax Claims. Except to the extent that a Holder of an Allowed Priority Tax Claim agrees to a less favorable treatment, in full and final satisfaction, settlement, release, and discharge of and in exchange for each Allowed Priority Tax Claim, each Holder of such Allowed Priority Tax Claim shall be treated in accordance with the terms set forth in section 1129(a)(9)(C) of the Bankruptcy Code. If the Reorganized Debtors substantially default on the payment of a tax due to the Internal Revenue Service under the Plan, the entire tax debt owed to the Internal Revenue Service shall become due and payable immediately, and the Internal Revenue Service may collect these unpaid tax liabilities through the administrative collection provisions of the Internal Revenue Code.

4. DIP Facility. Notwithstanding any other provision of the Plan dealing with Administrative Expense Claims, Administrative Expense Claims arising under the DIP Facility shall be Allowed Administrative Expense Claims on the Effective Date and shall be paid in full in Cash on the Effective Date, and all excess Cash in the Cash Collateral Account shall remain with Reorganized BMHC.

5. U.S. Trustee Fees

U.S. Trustee Fees incurred by the U.S. Trustee prior to the Effective Date shall be paid on the Distribution Date in accordance with the applicable schedule for payment of such fees. Until each of the Chapter 11 Cases is closed by entry of a final decree of the Bankruptcy Court, the Reorganized Debtors shall pay additional U.S. Trustee Fees incurred in accordance with the applicable schedule for the payment of such fees.

B. CLASSIFICATION AND TREATMENT OF CLASSIFIED CLAIMS AND EQUITY SECURITIES

1. Summary

Pursuant to section 1122 of the Bankruptcy Code, set forth below is a designation of Classes of Claims against and Interests in the Debtors. A Claim or Interest is placed in a particular Class for the purposes of voting on the Plan and receiving Distributions pursuant to the Plan only to the extent that such Claim or Interest is an Allowed Claim or Allowed Interest in that Class and such Claim or Interest has not been paid, released, withdrawn, or otherwise settled prior to the Effective Date. In accordance with section 1123(a)(1) of the Bankruptcy Code, Administrative Expense Claims and Priority Tax Claims of the kinds specified in sections 507(a)(2) and 507(a)(8), respectively, of the Bankruptcy Code have not been classified and their treatment is set forth in Article II of the Plan and described above.

The Plan constitutes a separate chapter 11 subplan for each of the Debtors. Pursuant to section 1122 of the Bankruptcy Code, set forth below is a summary of Classes of Claims against and Interests in the Debtors.

2. The Term Loan Credit Agreement.

On the Effective Date, the Reorganized Debtors shall enter into the Term Loan Credit Agreement. Confirmation shall be deemed approval of the Term Loan Credit Agreement (including the transactions contemplated thereby, and all actions to be taken, undertakings to be made, and obligations to be incurred by the Reorganized Debtors in connection therewith) and authorization for the Reorganized Debtors to enter into and execute the Term Loan Credit Agreement documents, subject to such modifications as the Reorganized Debtors and the Term Loan Lenders may deem to be reasonably necessary to consummate such Term Loan Credit Agreement. The Term Notes shall be issued to the Holders of Allowed Funded Lender Claims and L/C Lender Claims as provided in Sections 4.2 and 4.3 of the Plan.

Holders of the Term Notes shall be entitled to receive, among other things, an amount equal to 100% of the Excess Cash Flow, determined on an annual basis upon delivery of audited financial statements by Reorganized BMHC. All persons receiving Term Notes pursuant to the Plan are, by their acceptance of such Notes, deemed to be parties to and bound by the Term Loan Credit Agreement and all documents related thereto, including but not limited to the Intercreditor Agreement.

A copy of a term sheet with respect to the Term Loan Credit Agreement is attached hereto as Exhibit I.

3. Issuance of Reorganized BMHC Equity Interests.

On the Effective Date, Reorganized BMHC will emerge from chapter 11 as a private company and 100% of the Reorganized BMHC Equity Interests shall be owned by the Holders of Prepetition Funded Lender Claims. The ownership interest is subject to dilution in connection with the Long Term Incentive Plan and to the extent that Prepetition Letters of Credit are drawn after the Petition Date. The issuance of the Reorganized BMHC Equity Interests, including Reorganized BMHC Equity Interests issuable in respect of the L/C Lender Equity Reserve and for options, or other equity awards, if any, in respect of the Long Term Incentive Plan, by Reorganized BMHC shall be authorized without the need for any further corporate action or without any further action by the Holders of Claims or Interests. An unlimited number of common shares shall be authorized under the New Certificate of Incorporation of Reorganized BMHC. The Reorganized BMHC Equity Interests, less reserves for the L/C Lender Equity Reserve and for options, or other equity reserves, if any, in respect of the Long Term Incentive Plan, will be issued (i) to Holders of Allowed Funded Lender Claims on the Effective Date and (ii), if applicable, and as and to the extent provided in Section 4.3 of the Plan, to Holders of Allowed L/C Lender Claims on the Effective Date and from time to time thereafter.

All of the shares of Reorganized BMHC Equity Interests issued pursuant to the Plan shall be duly authorized, validly issued, fully paid, and non-assessable. Each distribution and issuance shall be governed by the terms and conditions set forth in the Plan applicable to such distribution or issuance and by the terms and conditions of the instruments evidencing or relating to such distribution or issuance, which terms and conditions shall bind each Person receiving such distributions or issuance.

The Reorganized BMHC Equity Interest Effective Date Issuance shall be subject to adjustment in the reasonable discretion of Reorganized BMHC to effectuate the terms of the Plan. Shares of Reorganized BMHC Equity Interests issuable to Holders of Allowed L/C Lender Claims from time to time after the Effective Date pursuant to Section 4.3.2.2 of the Plan shall be subject to adjustment from time to time for any stock splits, stock dividends, reverse stock splits, reclassifications and the like occurring after the Effective Date in respect of the Reorganized BMHC Equity Interests occurring after the Effective Date.

Upon the Effective Date, in the event that Reorganized BMHC determines that a Shareholder Agreement is advisable, then Reorganized BMHC shall enter into such agreement with each Person that is to be a counter-party thereto and such agreement shall be deemed to be valid, binding, and enforceable in accordance with its terms. All persons receiving Reorganized BMHC Equity Interests pursuant to the Plan are, by their acceptance of such BMHC Equity Interests, deemed to be parties to and bound by the Shareholder Agreement and all documents related thereto.

4. Avoidance Actions.

Avoidance Actions are expressly preserved and shall vest in the applicable Reorganized Debtor on the Effective Date. For business reasons, at this time the Debtors do not believe it would be prudent to pursue such avoidance actions as the target of such actions would necessarily include the Debtors' trade vendors and/or customers.

5. Unsecured Cash Fund.

On the Effective Date, or as soon thereafter as reasonably practicable, the Reorganized Debtors shall transfer, from the proceeds of the Exit Credit Facility, or from other cash available to the Debtors and the Reorganized Debtors, \$5,500,000 to fund the Unsecured Cash Fund in a separate account.

C. RULE 2004 EXAMINATIONS.

The power of the Debtors to conduct examinations pursuant to Bankruptcy Rule 2004 shall be expressly preserved following the Effective Date.

D. CONTINUED CORPORATE EXISTENCE.

Except as provided in the Plan, each Debtor will continue to exist on or after the Effective Date as a separate corporate entity, with all the powers of a corporation or limited liability company, as the case may be, under applicable law and without prejudice to any right to alter or terminate such existence (whether by merger, dissolution, or otherwise) under applicable law.

E. REVESTING OF ASSETS.

Except as expressly provided in the Plan, the Assets of each Debtor's Estate shall revert with the respective Reorganized Debtor on the Effective Date. The Bankruptcy Court shall retain jurisdiction to determine disputes as to property interests created or vested by the Plan. From and after the Effective Date, the Reorganized Debtors may operate their businesses, and may use, acquire, and dispose of property free of any restrictions of the Bankruptcy Code, except as provided in the Plan. As of the Effective Date, all property of the Reorganized Debtors shall be free and clear of all Claims and Interests, except as, and to the extent, provided in the Plan.

F. MERGER.

On the Effective Date, the Reorganized Debtors may: (i) effectuate the transactions described in the Restructuring Transactions Memorandum, if any; (ii) merge, dissolve, transfer assets, or otherwise consolidate any of the Debtors in furtherance of the Plan or (iii) engage in any other transaction in furtherance of the Plan. Any such transaction may be effected on or subsequent to the Effective Date without any further action by Holders of Interests or the directors of any of the Debtors.

G. CANCELLATION OF SECURITIES AND AGREEMENTS.

On the Effective Date, except as otherwise specifically provided for in the Plan: (i) the obligations of the Debtors under the Prepetition Credit Agreement, DIP Facility, and any other Certificate, Equity Security, share, note, bond, indenture, purchase right, option, warrant, or other instrument or document directly or indirectly evidencing or creating any indebtedness or obligation of or ownership interest in the Debtors giving rise to any Claim or Equity Security (except such Certificates, notes, or other instruments or document evidencing indebtedness or obligation of or ownership interest in the Debtors that are reinstated pursuant to the Plan) shall be cancelled solely as to the Debtors and their affiliates, and the Reorganized Debtors shall not have any continuing obligations thereunder; and (ii) the obligations of the Debtors pursuant, relating, or pertaining to any agreements, indentures, certificates of designation, bylaws, or certificate or articles of incorporation or similar documents governing the shares, Certificates, notes, bonds, indentures, purchase rights, options, warrants, or other instruments or documents evidencing or creating any indebtedness or obligation of or ownership interest in the Debtors (except such

agreements, Certificates, notes, or other instruments evidencing indebtedness or obligations of or ownership interest in the Debtors that are specifically reinstated pursuant to the Plan) shall be released and discharged; *provided, however*, that notwithstanding Confirmation or consummation, any such agreement that governs the rights of the Holder of a Claim shall continue in effect solely for purposes of allowing Holders to receive distributions under the Plan; *provided, further, however*, that the preceding proviso shall not affect the discharge of Claims or Interests pursuant to the Bankruptcy Code, the Confirmation Order, or the Plan, or result in any expense or liability to the Reorganized Debtors; and *provided, further, however*, that the foregoing shall not effect the cancellation of the Reorganized BMHC Equity Interests issued pursuant to the Plan in Reorganized BMHC, nor any other shares held by one Debtor in another Debtor, except in connection with any Restructuring Transactions implemented by the Reorganized Debtors.

H. REORGANIZED BMHC.

On the Effective Date, the New Board of Reorganized BMHC shall be established and Reorganized BMHC shall adopt its New Bylaws. As soon after the Effective Date as reasonably practicable, Reorganized BMHC shall adopt the Long Term Incentive Plan. Reorganized BMHC shall be authorized to adopt any other agreements, documents, and instruments and to take any other action contemplated by the Plan as necessary and desirable to consummate the Plan.

I. POST EFFECTIVE DATE MANAGEMENT.

Except as expressly provided in the Plan and the Debtors' certificate of incorporation and the New Certificates of Incorporation, which may be amended from time to time, the operation, management, and control of the Reorganized Debtors shall be the general responsibility of its board of directors or managers and senior officers, which shall thereafter have the responsibility for the management, control, and operation of the Reorganized Debtors. Entry of the Confirmation Order shall ratify and approve all actions taken by each of the Debtors from the Petition Date through and until the Effective Date.

J. DIRECTORS AND OFFICERS OF THE REORGANIZED DEBTORS.

On and after the Effective Date, the business and affairs of the Reorganized Debtors will be managed by the new boards and the officers, directors or managers identified in the Plan Supplement. Biographical information regarding these proposed officers, directors, and managers will be set forth in the Plan Supplement. A schedule of the annual compensation to be paid to persons serving as executives, officers, and directors or managers as of the Effective Date will be set forth in the Plan Supplement.

K. NEW CERTIFICATES OF INCORPORATION AND NEW BYLAWS OF THE REORGANIZED DEBTORS.

As of the Effective Date, the New Certificates of Incorporation and the New Bylaws will be substantially in the forms included in the Plan Supplement, with such changes as may be necessary to conform to the applicable laws of the state of incorporation. The New Certificates of Incorporation and New Bylaws, among other things, shall prohibit the issuance of nonvoting equity securities to the extent required by section 1123(a) of the Bankruptcy Code. After the Effective Date, the Reorganized Debtors may amend and restate their New Certificates of Incorporation and New Bylaws, as permitted under applicable state laws, subject to the terms and conditions of such documents.

L. NEW EMPLOYMENT, RETIREMENT, INDEMNIFICATION, AND OTHER RELATED AGREEMENTS.

As of the Effective Date, the Reorganized Debtors shall have the authority, as determined by its governing Persons, to: (i) maintain, amend, or revise existing employment, retirement, welfare, incentive, severance, indemnification, and other agreements with its active and retired directors or managers, officers, and employees, subject to the terms and conditions of any such agreement and applicable law; and (ii) enter into new employment, retirement, welfare, incentive, severance, indemnification, and other agreements for active and retired employees.

M. EFFECTUATING DOCUMENTS; FURTHER TRANSACTIONS.

On and after the Effective Date, Reorganized BMHC and the other Reorganized Debtors, and the officers and members of the New Boards, are authorized to and may issue, execute, deliver, file, or record such contracts, securities, instruments, releases, and other agreements or documents and take such actions as may be necessary or appropriate to effectuate, implement, and further evidence the terms and conditions of the Plan and the securities issued pursuant to the Plan in the name of and on behalf of Reorganized BMHC and the other Reorganized Debtors, without the need for any approvals, authorization, or consents except for those expressly required pursuant to the Plan.

N. CORPORATE ACTION. Upon the Effective Date, all actions contemplated by the Plan shall be deemed authorized and approved in all respects, including: (i) the adoption or assumption, as applicable, of the agreements with existing management; (ii) the selection of the directors and officers for the Reorganized Debtors; (iii) the distribution of the Reorganized BMHC Equity Interests in accordance with the Plan; (iv) the execution and entry into the Exit Revolver, the Exit Term Loan and the Term Loan Credit Agreement; (v) the establishment of the Long Term Incentive Plan and the issuance of any Reorganized BMHC Equity Interests thereunder; and (vi) all other actions contemplated by the Plan (whether to occur before, on, or after the Effective Date). All matters provided for in the Plan involving the corporate structure of the Debtors or the Reorganized Debtors, and any corporate action required by the Debtors or the Reorganized Debtors in connection with the Plan shall be deemed to have occurred and shall be in effect without any requirement of further action by the security holders, directors, or officers of the Debtors or the Reorganized Debtors. On or (as applicable) prior to the Effective Date, the appropriate officers of the Debtors or the Reorganized Debtors, as applicable, shall be authorized and (as applicable) directed to issue, execute, and deliver the agreements, documents, securities, and instruments contemplated by the Plan (or necessary or desirable to effect the transactions contemplated by the Plan) in the name of and on behalf of the Reorganized Debtors, including the Exit Revolver, the Exit Term Loan and the Term Loan Credit Agreement, and any and all other agreements, documents, securities, and instruments relating to the foregoing. The authorizations and approvals contemplated herein shall be effective notwithstanding any requirements under non-bankruptcy law. The issuance of the Reorganized BMHC Equity Interests shall be exempt from the requirements of section 16(b) of the Securities Exchange Act of 1934 (pursuant to Rule 16b-3 promulgated thereunder) with respect to any acquisition of securities by an officer or director (or a director deputized for purposes thereof) as of the new Effective Date.

O. SECTION 1146 EXEMPTION. Pursuant to section 1146 of the Bankruptcy Code, any transfers of property pursuant to the Plan shall not be subject to any document recording tax, stamp tax, conveyance fee, intangibles or similar tax, mortgage tax, stamp act, real estate transfer tax, mortgage recording tax, or other similar tax or governmental assessment, and upon entry of the Confirmation Order, the appropriate state or local governmental officials or agents shall forgo the collection of any such tax or governmental assessment and accept for filing and recordation any of the foregoing instruments or other documents without the payment of any such tax, recordation fee, or governmental assessment.

P. PRESERVATION OF CAUSES OF ACTION. In accordance with section 1123(b) of the Bankruptcy Code, the Reorganized Debtors shall retain and may enforce all rights to commence and pursue, as appropriate, any and all Causes of Action, whether arising before or after the Petition Date, including any actions specifically enumerated in the Plan Supplement, and the Reorganized Debtors' rights to commence, prosecute, or settle such Causes of Action shall be preserved notwithstanding the occurrence of the Effective Date. The Reorganized Debtors may pursue such Causes of Action, as appropriate, in accordance with the best interests of the Reorganized Debtors. No Person may rely on the absence of a specific reference in the Plan, the Plan Supplement, or the Disclosure Statement to any Cause of Action against them as any indication that the Debtors or Reorganized Debtors, as applicable, will not pursue any and all available Causes of Action against them. The Debtors or Reorganized Debtors, as applicable, expressly reserve all rights to prosecute any and all Causes of Action against any Person, except as otherwise expressly provided in the Plan. Unless any Causes of Action against any Person are expressly waived, relinquished, exculpated, released, compromised, or settled in the Plan or a Bankruptcy Court order, the Reorganized Debtors expressly reserve all Causes of Action, for later adjudication, and, therefore, no preclusion doctrine, including the doctrines of res judicata, collateral estoppel, issue preclusion, claim preclusion, estoppel (judicial, equitable or otherwise), or laches, shall apply to such Causes of Action upon, after, or as a consequence of the Confirmation or consummation.

The Reorganized Debtors reserve and shall retain the Causes of Action notwithstanding the rejection or repudiation of any Executory Contract or Unexpired Lease during the Chapter 11 Cases or pursuant to the Plan. In accordance with section 1123(b)(3) of the Bankruptcy Code, any Causes of Action that a Debtor may hold against any Person shall vest in the Reorganized Debtors, as the case may be. The applicable Reorganized Debtor, through its authorized agents or representatives, shall retain and may exclusively enforce any and all such Causes of Action. The Reorganized Debtors shall have the exclusive right, authority, and discretion to determine and to initiate, file, prosecute, enforce, abandon, settle, compromise, release, withdraw, or litigate to judgment any such Causes of Action and to decline to do any of the foregoing without the consent or approval of any third party or further notice to or action, order, or approval of the Bankruptcy Court.

Q. INSURANCE POLICIES AND AGREEMENTS. Notwithstanding anything in the Plan to the contrary (including, without limitation, any other provision that purports to be preemptory or supervening or grants an injunction or release), Insurance Policies and Agreements are treated as Executory Contracts under the Plan; and all references to Executory Contracts shall include the Insurance Policies and Agreements. On the Effective Date, the applicable Debtors that are parties to such Insurance Policies and Agreements and the applicable Reorganized Debtors shall be deemed to have assumed in accordance with section 365 of the Bankruptcy Code all such Insurance Policies and Agreements, and the applicable Reorganized Debtors shall remain liable for all obligations under the Insurance Policies and Agreements, whether now existing or hereafter arising, and shall pay such obligations in the ordinary course of business. The applicable insurers shall be deemed to have consented to such assumption. Nothing in the Plan: (a) precludes or limits the rights of insurers to contest and/or litigate with any party, including, without limitation, the Debtors, the existence, primacy and/or scope of available coverage under any alleged applicable policy; (b) permits any holder of an Insured Claim to recover the same amounts from an insurer and any other party including, but not limited to, the Debtors (or after the Effective Date, the Reorganized Debtors); (c) alters an insurer's rights and obligations under its Insurance Policies and Agreements or modifies the coverage provided thereunder; (d) alters the rights and obligations of the Debtors (or after the Effective Date, the Reorganized Debtors) or insurers under the Insurance Policies and Agreements including, without limitation, any duty of the Debtors' to defend, at their own expense, against claims asserted under the Insurance Policies and Agreements; (e) discharges, releases or relieves the Debtors or Reorganized Debtors, after the Effective Date, from any debt or other liability under the Insurance Policies and Agreements; or (f) limits, diminishes, or otherwise alters or impairs the Debtors', Reorganized Debtors' and/or an insurer's defenses, claims, Causes of Action, or other rights under applicable non-bankruptcy law with respect to the Insurance Policies and Agreements. If an insurer objects to the proposed assumption of its Insurance Policies and Agreements, or any of them, or the proposed Cure Claim related thereto, the insurer must comply with the objection procedure specified in section 6.4 of the Plan and the Disclosure Statement Approval Order. The Debtors do not expect there to be any material Cure Claims related to Insurance Policies and Agreements.

R. COLLECTIVE BARGAINING AGREEMENTS.

All of the Debtors' Collective Bargaining Agreements are treated as Executory Contracts under the Plan. On the Effective Date, the applicable Debtors shall be deemed to have assumed all Collective Bargaining Agreements.

S. NON-OCCURRENCE OF EFFECTIVE DATE.

In the event that the Effective Date does not occur, the Bankruptcy Court shall retain jurisdiction with respect to any request to extend the deadline for assuming or rejecting unexpired leases pursuant to section 365(d)(4) of the Bankruptcy Code.

IX. TREATMENT OF EXECUTORY CONTRACTS AND UNEXPIRED LEASES

A. ASSUMPTION AND REJECTION OF CONTRACTS AND UNEXPIRED LEASES. Except as otherwise provided in the Plan or pursuant to the Confirmation Order, all Executory Contracts and Unexpired Leases that exist between the Debtors and any Person, including, but not limited to, all Intercompany Contracts, shall be assumed pursuant to section 365(a) of the Bankruptcy Code as of the Effective Date, except for any such contract or lease (i) that has been assumed or rejected, or renegotiated and either assumed or rejected on renegotiated terms, pursuant to an order of the Bankruptcy Court entered prior to the Effective Date, (ii) that has been entered into by the Debtors during the pendency of the Chapter 11 Cases in the ordinary course of business or pursuant to an order of the Bankruptcy Court, (iii) that is the subject of a motion to reject, or a motion to approve renegotiated terms and to assume or reject on such renegotiated terms, that has been filed and served prior to the Effective Date, or (iv) that is identified on the Rejected Executory Contract and Unexpired Lease List; provided, however, that the applicable Debtors shall assume the Collective Bargaining Agreements on the Effective Date. Entry of the Confirmation Order shall constitute approval, pursuant to section 365(a) of the Bankruptcy Code, of the assumption of Executory Contracts and Unexpired Leases provided for herein. Each Executory Contract and Unexpired Lease assumed pursuant to the Plan or by any order of the Bankruptcy Court, which has not been assigned to a third party prior to the Confirmation Date, shall revert in and be fully enforceable by the Reorganized Debtors in accordance with its terms, except as such terms are modified by the provisions of the Plan or any order of the Bankruptcy Court

authorizing and providing for its assumption under applicable federal law. All agreements that are rejected pursuant to the Rejected Executory Contract and Unexpired Lease List shall be rejected effective as of the date specified therein.

Notwithstanding anything in the Plan to the contrary, the applicable Debtors shall assume and adopt that certain BMHC-BMC West Vacation Policy 2009, which was in effect as of the Petition Date (the “Vacation Policy”) and shall perform under the Vacation Policy in the ordinary course of business. All other agreements, plans or policies relating to vacation or personal time off, including agreements, plans or policies of Subsidiary Debtors that have been in effect from time to time and any contractual commitments or accepted offers of employment that contain more favorable vacation or personal time off terms than the Vacation Policy, shall be rejected effective as of the Confirmation Date.

B. CLAIMS BASED ON REJECTION OF EXECUTORY CONTRACTS OR UNEXPIRED

LEASES. All Proofs of Claim with respect to Claims arising from the rejection of Executory Contracts or Unexpired Leases, pursuant to the Plan or the Confirmation Order, including with respect to rejected vacation and/or paid time off programs or agreements, must be filed with the Bankruptcy Court within 30 days after the date of entry of an order of the Bankruptcy Court (including the Confirmation Order) approving such rejection. Any Claims arising from the rejection of an Executory Contract or Unexpired Lease not filed with the Bankruptcy Court within such time will be automatically disallowed, forever barred from assertion, and shall not be enforceable against the Debtors or the Reorganized Debtors, the Estates, or their property without the need for any objection by the Reorganized Debtors or further notice to, or action, order, or approval of the Bankruptcy Court. All Allowed Claims arising from the rejection of the Debtors’ Executory Contracts or Unexpired Leases shall be classified as General Unsecured Claims and shall be treated in accordance with the Plan.

C. CURE OF DEFAULTS.

Any monetary defaults under each Executory Contract and Unexpired Lease to be assumed pursuant to the Plan shall be satisfied, pursuant to section 365(b)(1) of the Bankruptcy Code, by payment of the Cure Claim in Cash on the Effective Date, subject to the limitation described below, or on such other terms as the parties to such Executory Contracts or Unexpired Leases may otherwise agree. In the event of a dispute regarding (i) the Cure Claim, (ii) the ability of the Reorganized Debtors or any assignee to provide “adequate assurance of future performance” (within the meaning of section 365 of the Bankruptcy Code) under the Executory Contract or Unexpired Lease to be assumed, or (iii) any other matter pertaining to assumption, the payments required by section 365(b)(1) of the Bankruptcy Code in respect of Cure Claims shall be made following the entry of a Final Order or orders resolving the dispute and approving the assumption. At least 20 days prior to the Confirmation Hearing, the Debtors shall provide for notices of proposed assumption and proposed Cure Claims to be sent to applicable third parties. Any objection by a counterparty to an Executory Contract or Unexpired Lease to a proposed assumption or related Cure Claim must be filed and served in accordance with, and otherwise comply with, the provisions of the Disclosure Statement/Voting Procedures Approval Order related to assumption of Executory Contracts and Unexpired Leases. Any counterparty to an Executory Contract or Unexpired Lease that fails to object timely to the proposed assumption or Cure Claim will be deemed to have assented to such assumption and Cure Claim. If an objection to a proposed Cure Claim is sustained by the Bankruptcy Court, the Reorganized Debtors may elect to reject such Executory Contract or Unexpired Lease in lieu of assuming it.

Assumption of any Executory Contract or Unexpired Lease pursuant to the Plan or otherwise shall result in the full release and satisfaction of any Claims or defaults, whether monetary or nonmonetary, including defaults of provisions restricting the change in control or ownership interest composition or other bankruptcy-related defaults, arising under any assumed Executory Contract or Unexpired Lease at any time prior to the effective date of assumption. Any Proofs of Claim filed with respect to an Executory Contract or Unexpired Lease that has been assumed shall be deemed disallowed and expunged, without further notice to or action, order, or approval of the Bankruptcy Court.

D. CONTRACTS AND LEASES ENTERED INTO AFTER THE PETITION DATE.

Contracts and leases entered into during the Postpetition Period by any Debtor, including any Executory Contracts and Unexpired Leases assumed by such Debtor, will be performed by the Debtor or Reorganized Debtor

liable thereunder in the ordinary course of its business. Accordingly, such contracts and leases (including any assumed Executory Contracts and Unexpired Leases) will survive and remain unaffected by entry of the Confirmation Order.

E. MODIFICATIONS, AMENDMENTS, SUPPLEMENTS, RESTATEMENTS, OR OTHER AGREEMENTS.

Unless otherwise provided in the Plan, each Executory Contract or Unexpired Lease that is assumed shall include all modifications, amendments, supplements, restatements, or other agreements that in any manner affect such Executory Contract or Unexpired Lease, and all Executory Contracts and Unexpired Leases related thereto, if any, including all easements, licenses, permits, rights, privileges, immunities, options, rights of first refusal, and any other interests, unless any of the foregoing agreements has been previously rejected or repudiated or is rejected or repudiated under the Plan.

Modifications, amendments, supplements, and restatements to any prepetition Executory Contracts and Unexpired Leases that have been executed by the Debtors during the Chapter 11 Cases shall not be deemed to alter the prepetition nature of the Executory Contract or Unexpired Lease, or the validity, priority, or amount of any Claims that may arise in connection therewith.

F. RESERVATION OF RIGHTS.

Neither the exclusion nor inclusion of any Executory Contract or Unexpired Lease on the Rejected Executory Contract and Unexpired Lease List, nor anything contained in the Plan, shall constitute an admission by the Debtors that any such contract or lease is in fact an Executory Contract or Unexpired Lease or that any Reorganized Debtor has any liability thereunder. If there is a dispute regarding whether a contract or lease is or was executory or unexpired at the time of assumption or rejection, the Debtors or Reorganized Debtors, as applicable, shall have 30 days following entry of a Final Order resolving such dispute to alter their treatment of such contract or lease.

X. PROVISIONS GOVERNING DISTRIBUTIONS; PROCEDURES FOR TREATING AND RESOLVING DISPUTED CLAIMS

A. DISBURSING AGENT.

The Debtors shall act as the Disbursing Agent under the Plan with respect to distributions of Cash made on the Effective Date and the Reorganized Debtors shall act as the Disbursing Agent after the Effective Date. The Debtors and the Reorganized Debtors shall not be required to give any bond, surety or other security for the performance of duties as Disbursing Agent.

B. DISTRIBUTION RECORD DATE.

For purposes of the Plan, as of the close of business on the Distribution Record Date, the records of ownership of Claims against the Debtors (including the claims register in the Chapter 11 Cases) will be closed. For purposes of the Plan, the Debtors, the Estates, and the Reorganized Debtors shall have no obligation to recognize the transfer of any of the Claims against the Debtors occurring after the Distribution Record Date, and shall be entitled for all purposes relating to the Plan to recognize and deal only with those Holders of record as of the close of business on the Distribution Record Date.

C. CASH PAYMENTS.

Any Cash payments made pursuant to the Plan will be made in U.S. dollars. Cash payments made pursuant to the Plan in the form of a check shall be null and void if not cashed within 180 days of the date of issuance thereof.

D. DELIVERY OF DISTRIBUTIONS.

If the Distribution to any Holder of an Allowed Claim is returned as undeliverable, the Disbursing Agent shall use commercially reasonable efforts to determine the current address of such Holder. Undeliverable Distributions shall be held, subject, subject to Section 8.7 of the Plan.

E. MINIMUM CASH DISTRIBUTIONS.

No Cash payment less than fifty dollars shall be made to any Holder of a Claim unless a request therefor is made in writing to the Debtors.

F. WITHHOLDING TAXES.

The Disbursing Agent shall comply with all withholding, reporting, certification, and information requirements imposed by any federal, state, local, or foreign taxing authority and all distributions under the Plan shall, to the extent applicable, be subject to any such withholding, reporting, certification, and information requirements.

Persons entitled to receive distributions under the Plan shall, as a condition to receiving such distributions, provide such information and take such steps as the Disbursing Agent may reasonably require to ensure compliance with such withholding and reporting requirements, and to enable the Disbursing Agent to obtain the certifications and information as may be necessary or appropriate to satisfy the provisions of any tax law.

Any Person that does not provide the Disbursing Agent with requisite information after the Disbursing Agent has made at least three attempts (by written notice or request for such information, including on the ballots in these Chapter 11 Cases) to obtain such information, may be deemed to have forfeited such Person's right to such distributions, which shall be treated as unclaimed property under Section 8.8 of the Plan.

G. UNCLAIMED PROPERTY.

Any Person that fails to claim any Distribution to be distributed under the Plan within one year from the initial date for such distribution shall forfeit all rights to any such distributions under the Plan. Upon such forfeiture of Cash or other property, such Cash or property shall be the property of the applicable Disbursing Agent. Nothing in the Plan shall require the Disbursing Agent to attempt to locate or notify any Person with respect to any forfeited property. Persons that fail to claim Cash or other property to be distributed under the Plan within such one-year period shall forfeit their rights thereto and shall have no claim whatsoever with respect thereto against the Debtors, their Estates, the Disbursing Agent, or any Holder of an Allowed Claim to which distributions are made.

H. RESERVE FOR DISPUTED GENERAL UNSECURED CLAIMS.

On the Effective Date, the Disbursing Agent shall establish, and maintain thereafter, a reserve from the Unsecured Cash Fund for the benefit of Holders of Disputed General Unsecured Claims. Such reserve shall consist of an amount of Cash equal to the amount that would be distributable to all Holders of such Disputed General Unsecured Claims, in respect of all distributions made to that date, if those Claims were Allowed in the Maximum Amount. In the event any such Disputed General Unsecured Claim becomes an Allowed Claim, the amount of such Allowed Claim shall never exceed the Maximum Amount of such Disputed General Unsecured Claim, and the Disbursing Agent shall distribute to the Holder of such Allowed Claim from the reserve the aggregate amount of Cash that such Holder would have received as of the date of such distribution in respect of such Allowed Claim had such Claim been an Allowed Claim as of the Effective Date. If a Disputed General Unsecured Claim is disallowed, the Cash reserved for such claim shall be distributed, on the next anniversary of the Effective Date (or as soon as practicable thereafter), to Holders of Allowed Claims in the applicable class.

I. DISPUTED CLAIMS.

If the Debtors or any other party in interest disputes any Claim against the Debtors, such dispute shall be determined, resolved, or adjudicated, as the case may be, under applicable law by the Bankruptcy Court. Among other things, (i) the Debtors (on or before the Effective Date), and (ii) the Reorganized Debtors (after the Effective Date) may each elect, at their respective sole option, to object to or seek estimation under section 502 of the Bankruptcy Code with respect to any Proof of Claim filed by or on behalf of a Holder of a Claim against the Debtors.

J. OBJECTIONS TO CLAIMS.

Unless a later or different time is set by Final Order or otherwise established by other provisions of the Plan, all objections to Claims must be filed by the Claims Objection Bar Date; provided, however, that no such objection may be filed against any Claim after the Bankruptcy Court has determined by entry of a Final Order that such Claim is an Allowed Claim. The failure by any party in interest, including the Debtors and the Committee, to object to any Claim, whether or not unpaid, for purposes of voting shall not be deemed a waiver of such party's or the Disbursing Agent's rights to object to, or re-examine, any such Claim in whole or in part. After the Effective Date, no party in interest shall have the right to object to Claims against the Debtors or their Estates other than the Reorganized Debtors.

K. COMPROMISES AND SETTLEMENTS.

From and after the Effective Date, and without any further approval by the Bankruptcy Court, the Reorganized Debtors may compromise and settle Claims.

Prior to the Effective Date, the Debtors expressly reserve the right to compromise and settle (subject to the approval of the Bankruptcy Court) Claims against them or other claims they may have against other Persons.

L. NO DISTRIBUTIONS PENDING ALLOWANCE.

If a Claim or any portion of a Claim is disputed, no payment or Distribution will be made on account of the disputed portion of such Claim (or the entire Claim, if the entire Claim is disputed), unless such Disputed Claim or portion thereof becomes an Allowed Claim.

M. NO POSTPETITION INTEREST ON CLAIMS.

Unless otherwise specifically provided for in the Plan, the Confirmation Order, or other Final Order of the Bankruptcy Court, or required by applicable bankruptcy law, postpetition interest shall not accrue or be paid on any Claims against the Debtors, and no Holder of a Claim against the Debtors shall be entitled to interest accruing on or after the Petition Date on any such Claim.

N. CLAIMS PAID OR PAYABLE BY THIRD PARTIES.

1. Claims Paid by Third Parties.

The Debtors or the Disbursing Agent, as applicable, shall reduce in full a Claim, and such Claim shall be disallowed without a Claims objection having to be Filed and without further notice to or action, order, or approval of the Bankruptcy Court, to the extent that the Holder of such Claim receives payment in full on account of such Claim from a party that is not a Debtor or the Disbursing Agent. Subject to the last sentence of this paragraph, to the extent a Holder of a Claim receives a distribution on account of such Claim and receives payment from a party that is not a Debtor or the Disbursing Agent on account of such Claim, such Holder shall, within two weeks of receipt thereof, repay or return the distribution to the applicable Disbursing Agent, to the extent the Holder's total recovery on account of such Claim from the third party and under the Plan exceeds the amount of such Claim as of the date of any such Distribution under the Plan. The failure of such Holder to timely repay or return such Distribution shall

result in the Holder owing the applicable Disbursing Agent annualized interest at the Federal Judgment Rate on such amount owed for each Business Day after the two-week grace period specified above until the amount is repaid.

2. Claims Payable by Third Parties.

Except with respect to payment of Insured Claims within the applicable deductible or self-insured retention under Insurance Policies and Agreements that are secured by Prepetition Letters of Credit, no Distributions under the Plan shall be made on account of an Insured Claim that is payable pursuant to one of the Debtors' insurance policies until the Holder of such an Insured Claim has received proceeds, if any, of any applicable Insurance Policies and Agreements. To the extent that one or more of the Debtors' insurers agrees to settle or pay, in full or in part, an Insured Claim, then immediately upon such insurers' payment, the applicable portion of the Claim may be expunged without a Claims objection having to be Filed and without further notice to or action, order, or approval of the Bankruptcy Court.

3. Applicability of Insurance Policies and Agreements.

Except as otherwise provided in the Plan, distributions to Holders of Allowed Claims that are covered by the Debtors' Insurance Policies and Agreements shall be in accordance with the provisions of any applicable Insurance Policy and Agreement. Nothing contained in the Plan shall constitute or be deemed a waiver of any Cause of Action that the Debtors or any Person may hold against any other Person, including insurers under any Insurance Policies and Agreements, nor shall anything contained herein constitute or be deemed a waiver by such insurers of any rights, claims or defenses, including coverage defenses, held by such insurers.

XI. SETTLEMENT, RELEASE, INJUNCTION, AND RELATED PROVISIONS

A. DISCHARGE.

1. Discharge of Claims Against the Debtors and the Reorganized Debtors.

Except as otherwise expressly provided in the Plan or the Confirmation Order, the Confirmation of the Plan shall, as of the Effective Date: (i) discharge the Debtors, the Reorganized Debtors or any of its or their Assets from all Claims, demands, liabilities, other debts and Interests that arose on or before the Effective Date, including all debts of the kind specified in sections 502(g), 502(h) or 502(i) of the Bankruptcy Code, whether or not (a) a Proof of Claim based on such debt is filed or deemed filed pursuant to section 501 of the Bankruptcy Code, (b) a Claim based on such debt is Allowed pursuant to section 502 of the Bankruptcy Code or (c) the Holder of a Claim based on such debt has accepted the Plan; and (ii) preclude all Persons from asserting against the Debtors, the Reorganized Debtors, or any of its or their Assets, any other or further Claims or Interests based upon any act or omission, transaction, or other activity of any kind or nature that occurred prior to the Effective Date, all pursuant to sections 524 and 1141 of the Bankruptcy Code. The discharge provided in the Plan shall void any judgment obtained against any of the Debtors at any time, to the extent that such judgment relates to a discharged Claim or cancelled Interest.

2. Injunction Related to the Discharge.

Except as otherwise provided in the Plan or the Confirmation Order, all entities that have held, currently hold, or may hold Claims or other debts or liabilities against the Debtors, or an Interest or other right of an Equity Security Holder in any or all of the Debtors, that are discharged pursuant to the terms of the Plan, are permanently enjoined, on and after the Effective Date, from taking any of the following actions on account of any such Claims, debts, liabilities or Interests or rights: (i) commencing or continuing in any manner any action or other proceeding of any kind with respect to any such Claim, debt, liability, Interest, or right, other than to enforce any right to a Distribution pursuant to the Plan; (ii) enforcing, attaching, collecting, or recovering in any manner any judgment, award, decree or order against the Debtors, the Reorganized Debtors, or any of its or their Assets on account of any such Claim, debt, liability, Interest, or right; (iii) creating, perfecting, or enforcing any Lien or encumbrance against the Debtors, the Reorganized Debtors, or any of its or their Assets on account of any such Claim, debt, liability, Interest or right; (iv) asserting any right of setoff, subrogation, or recoupment of any kind against any debt, liability,

or obligation due to the Debtors, the Reorganized Debtors, or any of its or their Assets on account of any such Claim, debt, liability, Interest, or right; and (v) commencing or continuing any action, in any manner, in any place that does not comply with or is inconsistent with the provisions of the Plan or the Confirmation Order. Such injunction shall extend to any successor of the Debtors, the Reorganized Debtors, or any of its or their Assets. Any Person injured by any willful violation of such injunction shall recover actual damages, including costs and attorneys' and experts' fees and disbursements, and, in appropriate circumstances, may recover punitive damages, from the willful violator.

B. RELEASES.

1. Releases by the Debtors.

As of the Effective Date, for good and valuable consideration, the adequacy of which is confirmed, the Debtors in their individual capacity and as debtors in possession will be deemed to release and forever waive and discharge all Claims, obligations, suits, judgments, damages, demands, debts, rights, Causes of Action, and liabilities whether liquidated or unliquidated, fixed or contingent, matured or unmatured, known or unknown, foreseen or unforeseen, then existing or thereafter arising, in law, equity or otherwise that are based in whole or part on any act, omission, transaction, event, or other occurrence taking place on or prior to the Effective Date (including prior to the Petition Date) in any way relating to the Debtors, the Chapter 11 Cases, the Plan, or the Disclosure Statement, the purchase, sale, or rescission of the purchase or sale of any security of the Debtors or the Reorganized Debtors, the subject matter of, or the transactions or events giving rise to, any Claim or Interest that is treated in the Plan, the business or contractual arrangements between any Debtor and any Released Party, the restructuring of Claims and Interests prior to or in the Chapter 11 Cases, the negotiation, formulation, or preparation of the Plan, the Plan Supplement, the Disclosure Statement, or related agreements, instruments, or other documents, or upon any other act or omission, transaction, agreement, event, or other occurrence taking place before the Effective Date and that could have been asserted by or on behalf of the Debtors or their Estates at any time up to immediately prior to the Effective Date against the Released Parties, other than Claims or liabilities arising out of or relating to any act or omission of a Released Party that constitutes willful misconduct or gross negligence. Notwithstanding anything to the contrary in the foregoing, the release set forth above does not release any post-Effective Date obligations of any party under the Plan or any document, instrument, or agreement (including those set forth in the Plan Supplement) executed to implement the Plan.

2. Certain Waivers.

Although the Debtors do not believe that California law is applicable to the Plan, nevertheless, in an abundance of caution, each Debtor hereby understands and waives the effect of Section 1542 of the California Civil Code to the extent that such section is applicable to the Debtors. Section 1542 of the California Civil Code provides:

§1542. A GENERAL RELEASE DOES NOT EXTEND TO CLAIMS WHICH THE CREDITOR DOES NOT KNOW OR SUSPECT TO EXIST IN HIS FAVOR AT THE TIME OF EXECUTING THE RELEASE, WHICH IF KNOWN BY HIM MUST HAVE MATERIALLY AFFECTED HIS SETTLEMENT WITH THE DEBTOR.

EACH DEBTOR AGREES TO ASSUME THE RISK OF ANY AND ALL UNKNOWN, UNANTICIPATED OR MISUNDERSTOOD DEFENSES, CLAIMS, CAUSES OF ACTION, CONTRACTS, LIABILITIES, INDEBTEDNESS AND OBLIGATIONS WHICH ARE RELEASED BY THE PLAN AND EACH DEBTOR HEREBY WAIVES AND RELEASES ALL RIGHTS AND BENEFITS WHICH IT MIGHT OTHERWISE HAVE UNDER THE AFOREMENTIONED SECTION 1542 OF THE CALIFORNIA CIVIL CODE WITH REGARD TO THE RELEASE OF SUCH UNKNOWN, UNANTICIPATED OR MISUNDERSTOOD DEFENSES, CLAIMS, CAUSES OF ACTION, CONTRACTS, LIABILITIES, INDEBTEDNESS AND OBLIGATIONS. TO THE EXTENT (IF ANY) ANY OTHER LAWS SIMILAR TO SECTION 1542 OF THE CALIFORNIA CIVIL CODE MAY BE APPLICABLE, EACH DEBTOR WAIVES AND RELEASES ANY BENEFIT, RIGHT OR DEFENSE WHICH IT MIGHT OTHERWISE HAVE UNDER ANY SUCH LAW WITH REGARD TO THE RELEASE OF UNKNOWN, UNANTICIPATED OR MISUNDERSTOOD

DEFENSES, CLAIMS, CAUSES OF ACTION, CONTRACTS, LIABILITIES, INDEBTEDNESS AND OBLIGATIONS.

3. Releases by Holders of Claims and Interests.

Except as otherwise provided in the Plan or the Confirmation Order, as of the Effective Date of the Plan, each Holder of a Claim or an Interest, shall be deemed to have released and forever waived and discharged all Claims, obligations, suits, judgments, damages, demands, debts, rights, Causes of Action, and liabilities whether liquidated or unliquidated, fixed or contingent, matured or unmatured, known or unknown, foreseen or unforeseen, then existing or thereafter arising, in law, equity, or otherwise that are based in whole or part on any act, omission, transaction, event, or other occurrence taking place on or prior to the Effective Date (including prior to the Petition Date) in any way relating to in any way relating to the Debtors, the Chapter 11 Cases, the Plan, or the Disclosure Statement, the purchase, sale, or rescission of the purchase or sale of any security of the Debtors or the Reorganized Debtors, the subject matter of, or the transactions or events giving rise to, any Claim or Interest that is treated in the Plan, the business or contractual arrangements between any Debtor and any Released Party, the restructuring of Claims and Interests prior to or in the Chapter 11 Cases, the negotiations, formulation, or preparation of the Plan, the related Disclosure Statement, the related Plan Supplement, or related agreements, instruments, or other documents, or upon any other act or omission, transaction, agreement, event, or other occurrence taking place before the Effective Date and that could have been asserted by or on behalf of the Debtors or their Estates at any time up to immediately prior to the Effective Date against the Released Parties, other than Claims or liabilities arising out of or relating to any act or omission of a Released Party that constitutes willful misconduct or gross negligence. Notwithstanding anything to the contrary in the foregoing, the release set forth above does not release any post-Effective Date obligations (except Cure Claims that have not been filed timely) of any party under the Plan or any document, instrument, or agreement (including those set forth in the Plan Supplement) executed to implement the Plan, or any obligation under any assumed contract or lease or any Prepetition Letter of Credit.

4. Exculpation.

On and after the Effective Date, none of the Exculpated Parties shall have or incur any liability for, and each Exculpated Party is hereby released from, any claim, cause of action, or liability to any other Exculpated Party, to any Holder of a Claim or Interest, or to any other party in interest, for any act or omission that occurred during and in connection with the Chapter 11 Cases or in connection with the preparation and filing of the Chapter 11 Cases, the formulation, negotiation, and/or pursuit of confirmation of the Plan, the consummation of the Plan, and/or the administration of the Plan and/or the property to be distributed under the Plan, except for claims, causes of action or liabilities arising from the gross negligence, willful misconduct, fraud, or breach of the fiduciary duty of loyalty of any Exculpated Party, in each case subject to determination of such by final order of a court of competent jurisdiction and provided that any Exculpated Party shall be entitled to reasonably rely upon the advice of counsel with respect to its duties and responsibilities (if any) under the Plan. Without limiting the generality of the foregoing, the Debtors, the Estates, the Committee, WFB, the Prepetition Lenders, the DIP Lenders, and their respective officers, directors, employees, members, attorneys, crisis managers, financial advisors, and professionals, shall be entitled to and granted the protections and benefits of section 1125(e) of the Bankruptcy Code. No provision of the Plan, the Disclosure Statement, or the Confirmation Order shall be deemed to act upon or release any claims, Causes of Action or liabilities that the Debtors, the Estates, or any party in interest may have against or to any Person for any act, omission, or failure to act that occurred prior to the Petition Date other than in connection with the preparation and filing of the Chapter 11 Cases, nor shall any provision of the Plan or the Confirmation Order be deemed to act to release any Avoidance Actions.

5. Injunction Related to Releases.

To the fullest extent allowed by law, and except as otherwise provided in the Plan or the Confirmation Order, all Persons that have held, currently hold, or may hold claims, obligations, suits, judgments, damages, demands, debts, rights, Causes of Action, and liabilities that are released or exculpated pursuant to Section 9.2.1, 9.2.2, 9.2.3, and 9.2.4 of the Plan shall be permanently enjoined, on and after the

Effective Date, from taking any of the following actions on account of any such claims, obligations, suits, judgments, damages, demands, debts, rights, Causes of Action and liabilities: (i) commencing or continuing in any manner any action or other proceeding of any kind against a Released Party or Exculpated Party with respect to any such claims, obligations, suits, judgments, damages, demands, debts, rights, Causes of Action, and liabilities; (ii) enforcing, attaching, collecting, or recovering in any manner any judgment, award, decree, or order against any Released Party or any Exculpated Party or any of its or their Assets on account of any such claims, obligations, suits, judgments, damages, demands, debts, rights, Causes of Action, and liabilities; (iii) creating, perfecting, or enforcing any Lien or encumbrance against any Released Party or any Exculpated Party or any of its or their assets on account of any such claims, obligations, suits, judgments, damages, demands, debts, rights, Causes of Action, and liabilities; (iv) asserting any right of setoff, subrogation, or recoupment of any kind against any debt, liability, or obligation due to any Released Party or any Exculpated Party or any of its or their Assets on account of any such claims, obligations, suits, judgments, damages, demands, debts, rights, Causes of Action, and liabilities; and (v) commencing or continuing any action, in any manner, in any place that does not comply with or is inconsistent with the provisions of the Plan or the Confirmation Order. Such injunction shall extend to any successor of any Released Party or any Exculpated Party or any of its or their assets. Any Person injured by any willful violation of such injunction shall recover actual damages, including costs and attorneys' and experts' fees and disbursements, and, in appropriate circumstances, may recover punitive damages, from the willful violator.

C. NO SUCCESSOR LIABILITY.

Except as otherwise expressly provided in the Plan, none of the Released Parties shall be determined to be successors to any of the Debtors or to any Person for which the Debtors may be held legally responsible, by reason of any theory of law or equity, and none can be responsible for any successor or transferee liability of any kind or character. The Released Parties do not agree to perform, pay, or indemnify creditors or otherwise have any responsibilities for any liabilities or obligations of the Debtors or the Reorganized Debtors, whether arising before, on, or after the Confirmation Date, except as otherwise expressly provided in the Plan.

D. RELEASE OF LIENS.

Except as otherwise expressly provided in the Plan or in any contract, instrument, indenture, or other agreement or document expressly incorporated by reference in the Plan, the Confirmation Order will release any and all prepetition Liens against the Debtors, the Reorganized Debtors or any of their Assets.

E. TERM OF INJUNCTIONS.

All injunctions or stays provided in, or in connection with, the Chapter 11 Cases, whether pursuant to section 105, section 362, or any other provision of the Bankruptcy Code, other applicable law or court order, in effect immediately prior to Confirmation will remain in full force and effect until such injunctions or stays become effective and shall remain in full force and effect thereafter if so provided in the Plan, the Confirmation Order or by their own terms. In addition, on and after Confirmation Date, the Debtors may seek further orders to preserve the status quo during the time between the Confirmation Date and the Effective Date.

F. BINDING EFFECT.

The Plan shall be binding upon, and inure to the benefit of, the Debtors and all Holders of Claims and Interests, and their respective successors and assigns, whether or not the Claims and Interests of such Holders are Impaired under the Plan and whether or not such Holders have accepted the Plan.

XII. ALLOWANCE AND PAYMENT OF PROFESSIONAL COMPENSATION CLAIMS

A. FINAL FEE APPLICATIONS.

Notwithstanding any other provision of the Plan dealing with Administrative Expense Claims, any Person asserting a Professional Compensation Claim shall, no later than 30 days after the Confirmation Date, file a final

application for allowance of compensation for services rendered and reimbursement of expenses incurred through the Confirmation Date. To the extent that such an award is granted by the Bankruptcy Court, the requesting Person shall receive: (i) payment of Cash in an amount equal to the amount Allowed by the Bankruptcy Court less all interim compensation paid to such Professional during the Chapter 11 Cases, such payment to be made within the later of (a) the Effective Date or (b) three (3) business days after the Order granting such Person's final fee application becoming a Final Order; (ii) payment on such other terms as may be mutually agreed upon by the Holder of the Professional Compensation Claim and BMHC or Reorganized BMHC, as applicable (but in no event shall the payment exceed the amount Allowed by the Bankruptcy Court); or (iii) payment in accordance with the terms of any applicable administrative procedures order entered by the Bankruptcy Court, including the Interim Compensation Order.

B. POST-CONFIRMATION DATE FEES AND EXPENSES

After the Confirmation Date, any requirement that Professionals employed by the Debtors comply with sections 327 through 331 of the Bankruptcy Code in seeking retention or compensation for services rendered after such date will terminate, and the Reorganized Debtors will be authorized to employ and compensate Professionals in the ordinary course of business and without the need for Bankruptcy Court approval.

All Professional Compensation Claims for services rendered after the Confirmation Date, including those relating to prosecution of Causes of Action preserved under the Plan, shall be paid by Reorganized BMHC (or the Debtors prior to the Effective Date) upon receipt of an invoice therefor, or on such other terms as Reorganized BMHC (or the Debtors prior to the Effective Date) and the Professional shall agree to, without the requirement of a further Bankruptcy Court order.

XIII. CONDITIONS PRECEDENT TO CONSUMMATION

A. CONDITIONS PRECEDENT.

The Plan shall not become effective unless and until the following conditions have been satisfied:

1. Conditions to Confirmation.

a. Disclosure Statement. The Bankruptcy Court shall have approved this Disclosure Statement with respect to the Plan as containing adequate information within the meaning of section 1125 of the Bankruptcy Code.

In addition, any securities contemplated by the Plan will be tradable by the recipients thereof, subject to (i) the provisions of section 1145(b)(1) of the Bankruptcy Code; and (ii) the restrictions, if any, on the transferability of such securities and instruments.

C. STATUTORY FEES.

All fees payable pursuant to section 1930 of title 28 of the United States Code, as determined by the Bankruptcy Court at the Confirmation Hearing, shall be paid by the Debtors on or before the Effective Date.

D. THIRD PARTY AGREEMENTS.

The Distributions to the various Classes of Claims and Interests under the Plan shall not affect the right of any Person to levy, garnish, attach, or employ any other legal process with respect to such Distributions by reason of any claimed subordination rights or otherwise. All of such rights and any agreements relating thereto shall remain in full force and effect, except as compromised and settled pursuant to the Plan. Distributions shall be subject to and modified by any Final Order directing distributions other than as provided in the Plan.

E. AMENDMENT OR MODIFICATION OF PLAN.

As provided in section 1127 of the Bankruptcy Code, modification of the Plan may be proposed in writing by the Debtors at any time before Confirmation, *provided* that the Plan, as modified, meets the requirements of sections 1122 and 1123 of the Bankruptcy Code, and the Debtors shall have complied with section 1125 of the Bankruptcy Code. The Debtors may modify the Plan at any time after Confirmation and before consummation of the Plan, *provided* that the Plan, as modified, meets the requirements of sections 1122 and 1123 of the Bankruptcy Code and the Bankruptcy Court, after notice and a hearing, confirms the Plan as modified, under section 1129 of the Bankruptcy Code, and the circumstances warrant such modifications. A Holder of a Claim that has accepted the Plan shall be deemed to have accepted such Plan as modified if the proposed alteration, amendment or modification does not materially and adversely change the treatment of the Claim or Interest of such Holder.

F. SEVERABILITY.

In the event that the Bankruptcy Court determines, prior to the Confirmation Date, that any provision in the Plan is invalid, void or unenforceable, the Reorganized Debtors may, at their option, (a) treat such provision as invalid, void or unenforceable with respect to the Holder or Holders of such Claims or Interests that the provision is determined to be invalid, void or unenforceable, in which case such provision shall in no way limit or affect the enforceability and operative effect of any other provision of the Plan, or (b) alter, amend, revoke, or withdraw the Plan.

G. REVOCATION OR WITHDRAWAL OF PLAN.

The Debtors reserve the right to revoke and withdraw the Plan or to adjourn the Confirmation Hearing at any time prior to the occurrence of the Effective Date. If the Debtors revoke or withdraw the Plan, or if Confirmation or consummation does not occur, then (i) the Plan shall be null and void in all respects, (ii) any settlement or compromise embodied in the Plan, assumption or rejection of Executory Contracts or Unexpired Leases under the Plan, and any document or agreement executed pursuant to the Plan, shall be deemed null and void, and (iii) nothing contained in the Plan shall (A) constitute a waiver or release of any Claims by or against, or Interests in, such Debtors or any other Person, (B) prejudice in any manner the rights of such Debtors or any other Person, or (C) constitute an admission of any sort by the Debtors or any other Person.

For the avoidance of doubt, if the Confirmation Hearing is adjourned, the Debtors reserve the right to amend, modify, revoke or withdraw the Plan and/or submit any new plan of reorganization at such times and in such manner as they consider appropriate, subject to the provisions of the Bankruptcy Code.

To the extent any provision of the Disclosure Statement or any other solicitation document may be inconsistent with the terms of the Plan, the terms of the Plan shall be binding and conclusive.

M. NO ADMISSIONS.

As to contested matters, adversary proceedings and other Causes of Action or threatened Causes of Action, nothing in the Plan, the Plan Supplement, the Disclosure Statement, or other Plan Documents shall constitute or be construed as an admission of any fact or liability, stipulation, or waiver, but rather as a statement made in settlement negotiations. The Plan shall not be construed to be conclusive advice on the tax, securities, and other legal effects of the Plan as to Holders of Claims against, or Interests in, the Debtors or any of their subsidiaries and affiliates, as debtors and debtors in possession in the Chapter 11 Cases.

N. EXHIBITS.

All Exhibits and Schedules to the Plan are incorporated into and are a part of the Plan as if set forth in full therein.

XVI. SOLICITATION AND VOTING PROCEDURES

The following briefly summarizes procedures to accept and confirm the Plan:

A. THE SOLICITATION PACKAGE.

The following materials constitute the Solicitation Package:

- written notice in the form approved by the bankruptcy court of (i) approval of the Disclosure Statement, (ii) the deadline for voting on the Plan, (iii) the date of the Confirmation Hearing, (iv) the deadline and procedures for filing objections to the confirmation of the Plan;
- the Plan (either by paper copy or in "pdf" format on a CD-Rom, at the Debtors' discretion);

- this Disclosure Statement (either by paper copy or in “pdf” format on a CD-Rom, at the Debtors’ discretion), with attached Disclosure Statement Approval Order; and
- the appropriate ballot and ballot return envelope; and
- such other information as the bankruptcy court may direct or approve.

The Classes entitled to vote to accept or reject the Plan shall be served the Solicitation Package. The Debtors shall send to each impaired creditor entitled to vote on the Plan (a) only the Solicitation Package appropriate for the class applicable to such creditor, and (b) only one Solicitation Package even if such creditor has Claims against more than one of the Debtors. The Solicitation Package (except Ballots) can be obtained by: (a) accessing the Debtors’ website at <http://www.bmhcrestructuring.com>; or (b) requesting a copy from the Debtors’ Balloting and Claims Agent by writing to The Garden City Group, Inc., Attn.: Building Materials Holding Corporation, P.O. Box 9393, Dublin, OH 43017-4293; or (c) calling 1-866-364-4266.

B. VOTING INSTRUCTIONS.

Only the Holders of Claims in Classes 2(a)-(I), 3(a)-(I), 6(a)-(I) and 8(a)-(I) are entitled to vote to accept or reject the Plan, and they may do so by completing the Ballot and returning it in the envelope provided to the Balloting and Claims Agent by the Voting Deadline. Voting instructions are attached to each Ballot.

The Company, with the approval of the Bankruptcy Court, has engaged The Garden City Group, Inc. as the Balloting and Claims Agent to assist in the solicitation process. The Balloting and Claims Agent will, among other things, answer questions, provide additional copies of all Solicitation Package materials, and generally oversee the solicitation process. The Balloting and Claims Agent will also process and tabulate Ballots for each Class entitled to vote to accept or reject the Plan and will File the Voting Report as soon as practicable before the Confirmation Hearing.

The deadline to vote on the Plan is **4:00 p.m. (Prevailing Eastern Time) on November 25, 2009.**

All Ballots must be properly executed, completed and delivered to the Balloting and Claims Agent, so as to actually be received on or before the Voting Deadline, by using the envelope provided, or by delivery as follows:

(A) If by first class mail:

The Garden City Group, Inc.
Attn: Building Materials Holding Corporation
P.O. Box 9393
Dublin, OH
43017-4293

(B) If by overnight mail or hand-delivery:

The Garden City Group, Inc.
Attn: Building Materials Holding Corporation
5151 Blazer Parkway, Suite A
Dublin, OH
43017

Ballots cast by facsimile, email, or other electronic transmission will not be counted unless approved in advance by the Debtors in writing.

If you have any questions on the procedures for voting on the Plan, please call the Balloting and Claims Agent at the following telephone number: 1-866-364-4266.

CREDITORS MUST VOTE ALL OF THEIR CLAIMS WITHIN A PARTICULAR CLASS EITHER TO ACCEPT OR REJECT THE APPLICABLE SUBPLAN AND MAY NOT SPLIT THEIR VOTE. ACCORDINGLY, A BALLOT THAT PARTIALLY REJECTS AND PARTIALLY ACCEPTS SUCH SUBPLAN SHALL NOT BE COUNTED.

BALLOTS THAT INDICATE BOTH ACCEPTANCE AND REJECTION OF A SUBPLAN SHALL NOT BE COUNTED AS VOTES TO ACCEPT OR REJECT SUCH SUBPLAN.

BALLOTS THAT FAIL TO INDICATE AN ACCEPTANCE OR REJECTION OF ANY SUBPLAN SHALL NOT BE COUNTED AS VOTES TO ACCEPT OR REJECT ANY OF THE SUBPLANS.

BALLOTS THAT INDICATE ANY ACCEPTANCE OR REJECTION OF ONE SUBPLAN APPLICABLE TO THE VOTING CREDITOR BUT FAIL TO INDICATE AN ACCEPTANCE OR REJECTION OF ANOTHER APPLICABLE SUBPLAN, AND WHICH ARE OTHERWISE PROPERLY EXECUTED AND RECEIVED PRIOR TO THE VOTING DEADLINE, SHALL BE COUNTED AS VOTES TO ACCEPT OR REJECT ALL OF THE SUBPLANS APPLICABLE TO THE VOTING CREDITOR.

BALLOTS THAT INDICATE AN ACCEPTANCE OR REJECTION OF ONE SUBPLAN APPLICABLE TO THE VOTING CREDITOR AND REJECTION OF ANOTHER SUBPLAN APPLICABLE TO THE VOTING CREDITOR SHALL BE COUNTED AS A VOTE TO ACCEPT THE SUBPLAN FOR WHICH SUCH CREDITOR VOTED TO ACCEPT AND A VOTE TO REJECT THE SUBPLAN FOR WHICH SUCH CREDITOR VOTED TO REJECT.

IF A CREDITOR IN CLASSES 6(A)-6(L) MAKES THE SMALL UNSECURED CLAIMS CLASS ELECTION ON ITS CLASS 6 BALLOT, SUCH ELECTION SHALL BE BINDING ON THE CREDITOR FOR ALL OF ITS CLAIMS AGAINST THE DEBTORS, SHALL CONSTITUTE AN ACCEPTANCE OF ALL OF THE SUBPLANS BY SUCH CREDITOR, AND ALL OF SUCH CREDITOR'S CLAIMS AGAINST THE DEBTORS SHALL BE DEEMED TO BE AND TREATED SOLELY AS CLAIMS IN CLASSES 8(A)-8(L) LIMITED FOR DISTRIBUTION PURPOSES, IN THE AGGREGATE, TO \$5,000, AND THE CLASS 6 BALLOT SUBMITTED BY SUCH CREDITOR SHALL BE DEEMED TO BE A CLASS 8 BALLOT.

ALL BALLOTS ARE ACCOMPANIED BY RETURN ENVELOPES. IT IS IMPORTANT TO FOLLOW THE SPECIFIC INSTRUCTIONS PROVIDED ON EACH BALLOT.

For all Holders of Claims in Classes 2(a)-(l), 3(a)-(l), 6(a)-(l) and 8(a)-(l):

By signing and returning a Ballot, each Holder of a Claim in Classes 2(a)-(l), 3(a)-(l), 6(a)-(l) and 8(a)-(l) will be certifying to the Bankruptcy Court and the Company that, among other things:

- the Holder has been provided with a copy of the Plan, Disclosure Statement and Disclosure Statement Approval Order;
- the solicitation of votes for the Plan is subject to all the terms and conditions set forth in the Disclosure Statement;
- the Holder has carefully read the Ballot and the accompanying instructions; and
- the vote reflected on the Ballot is binding on the Holder's successors, heirs and assigns including, without limitation, any transferee.

C. VOTING TABULATION.

To ensure that a vote is counted, the Holder of a Claim should: (a) complete a Ballot; (b) indicate the Holder's decision either to accept or reject the Plan in the applicable boxes provided in the Ballot; and (c) sign and timely return the Ballot to the address set forth on the enclosed return envelope by the Voting Deadline.

The Ballot does not constitute, and shall not be deemed to be, a Proof of Claim or an assertion or admission of a Claim. Only Holders of Claims in the single voting Class shall be entitled to vote with regard to such Claims.

Ballots received after the Voting Deadline may not be counted. The method of delivery of the Ballots to be sent to the Balloting and Claims Agent is at the election and risk of each Holder of a Claim. Except as otherwise provided in the Solicitation Procedures, a Ballot will be deemed delivered only when the Balloting and Claims Agent actually receives the original executed Ballot. Delivery of a Ballot to the Balloting and Claims Agent by facsimile, e-mail or any other electronic means will not be accepted. No Ballot should be sent to the Company, the Company's agents (other than the Balloting and Claims Agent), or the Company's financial or legal advisors. The Company expressly reserves the right to amend from time to time the terms of the Plan (subject to compliance with the requirements of section 1127 of the Bankruptcy Code and the terms of the Plan regarding modifications). The Bankruptcy Code requires the Company to disseminate additional solicitation materials if the Company makes material changes to the terms of the Plan or if the Company waives a material condition to Plan Confirmation. In that event, the solicitation will be extended to the extent directed by the Bankruptcy Court.

If multiple Ballots are received from the same Holder with respect to the same Claim prior to the Voting Deadline, the last Ballot timely received will be deemed to reflect that voter's intent and will supersede and revoke any prior Ballot. Holders must vote all of their Claims within a particular Plan Class either to accept or reject the Plan and may not split their vote. Accordingly, a Ballot that partially rejects and partially accepts the Plan in a single class will not be counted. Further, to the extent there are multiple Claims within the same Class, the Company will aggregate the Claims of any particular Holder within a Class for the purpose of counting votes.

In the event a designation of lack of good faith is requested by a party-in-interest under section 1126(e) of the Bankruptcy Code, the Bankruptcy Court will determine whether any vote to accept and/or reject the Plan cast with respect to that Claim will be counted for purposes of determining whether the Plan has been accepted and/or rejected.

Neither the Company nor any other Person will be under any duty to provide notification of defects or irregularities with respect to delivered Ballots other than as provided in the Voting Report, nor will any of them incur any liability for failure to provide such notification.

The Balloting and Claims Agent will file the Voting Report with the Bankruptcy Court. The Voting Report shall, among other things, delineate every Ballot that does not conform to the Voting Instructions or that contains any form of irregularity (each an "Irregular Ballot") including, but not limited to, those Ballots that are late or (in whole or in material part) illegible, unidentifiable, lacking signatures or lacking necessary information, received via facsimile or electronic mail or damaged. The Voting Report also shall indicate the Company's intentions with regard to such Irregular Ballots.

XVII. CONFIRMATION PROCEDURES

A. CONFIRMATION HEARING

The Confirmation Hearing will commence on December 10, 2009 at 11:00 a.m. (Prevailing Eastern Time), before The **Honorable Kevin J. Carey**, United States Bankruptcy Judge, in the United States Bankruptcy Court for the District of Delaware, 824 Market Street, 5th Floor, Courtroom #5, Wilmington, DE 19801. Notice of the Confirmation Hearing will be provided in the manner prescribed by the Bankruptcy Court, and will also be available on the internet at <http://www.bmhcrestructuring.com>. The Confirmation Hearing may be adjourned from time to time by the Bankruptcy Court without further notice except for an announcement of the adjourned date made at the Confirmation Hearing or any subsequent adjourned Confirmation Hearing.

B. STATUTORY REQUIREMENTS FOR CONFIRMATION OF THE PLAN.

At the Confirmation Hearing, the Bankruptcy Court will determine whether the Plan satisfies the requirements of section 1129 of the Bankruptcy Code. The Debtors believe that: (1) the Plan satisfies or will satisfy all of the statutory requirements of chapter 11 of the Bankruptcy Code; (2) they have complied or will have complied with all of the requirements of chapter 11 of the Bankruptcy Code; and (3) the Plan has been proposed in good faith. Specifically, the Company believes that the Plan satisfies or will satisfy the applicable Confirmation requirements of section 1129 of the Bankruptcy Code set forth below.

- The Plan complies with the applicable provisions of the Bankruptcy Code.
- The Debtors, as the Plan proponents, will have complied with the applicable provisions of the Bankruptcy Code.
- The Plan has been proposed in good faith and not by any means forbidden by law.
- Any payment made or promised under the Plan for services or for costs and expenses in, or in connection with, the Chapter 11 Cases, or in connection with the Plan and incident to the case, has been disclosed to the Bankruptcy Court, and any such payment: (1) made before the Confirmation of the Plan is reasonable; or (2) subject to the approval of the Bankruptcy Court as reasonable, if it is to be fixed after Confirmation of the Plan.
- Either each Holder of an Impaired Claim has accepted the Plan, or will receive or retain under the Plan on account of such Claim, property of a value, as of the Effective Date of the Plan, that is not less than the amount that such Holder would receive or retain if the Debtors were liquidated on that date under chapter 7 of the Bankruptcy Code, including pursuant to section 1129(b) of the Bankruptcy Code for Claims and Interests deemed to reject the Plan.
- Each Class of Claims or Interests that is entitled to vote on the Plan has either accepted the Plan or is not Impaired under the Plan, or the Plan can be confirmed without the approval of such voting Class pursuant to section 1129(b) of the Bankruptcy Code.
- Except to the extent that the Holder of a particular Claim will agree to a different treatment of its Claim, the Plan provides that Administrative Claims and Other Priority Claims will be paid in full on the Effective Date, or as soon thereafter as is reasonably practicable.
- A least one Class of Impaired Claims against each Debtor has accepted the Plan, determined without including any acceptance of the Plan by any insider holding a Claim in that Class.
- Confirmation of the Plan is not likely to be followed by the liquidation or the need for further financial reorganization of the Company or any successors thereto under the Plan.
- The Company has paid the required filing fees pursuant to 28 U.S.C. § 1930 to the clerk of the Bankruptcy Court.
- In addition to the filing fees paid to the clerk of the Bankruptcy Court, the Company will pay quarterly fees no later than the last day of the calendar month, following the calendar quarter for which the fee is owed in the Company's Chapter 11 Cases for each quarter (including any fraction thereof), to the Office of the U.S. Trustee, until the case is closed.

1. Best Interests of Creditors Test/Liquidation Analysis

Often called the “best interests” test, section 1129(a)(7) of the Bankruptcy Code requires that a bankruptcy court find, as a condition to confirmation, that a chapter 11 plan provides, with respect to each impaired class, that

each holder of a claim or an equity interest in such class either (a) has accepted the plan or (b) will receive or retain under the plan property of a value, as of the effective date of the plan, that is not less than the amount that such holder would receive or retain if the Company liquidated under chapter 7 of the Bankruptcy Code. This is commonly referred to as the “best interests” test. To make these findings, the Bankruptcy Court must: (a) estimate the cash liquidation proceeds that a chapter 7 trustee would generate if the Company’s Chapter 11 Cases were converted to chapter 7 cases and the assets of the Company’s estate were liquidated; (b) determine the liquidation distribution that each non-accepting holder of a claim or an equity interest would receive from such liquidation proceeds under the priority scheme dictated in chapter 7; and (c) compare such holder’s liquidation distribution to the distribution under the plan that such holder would receive if the plan were confirmed.

In chapter 7 cases, unsecured creditors and interest holders of a debtor are paid from available assets generally in the following order, with no junior class receiving any payments until all amounts due to senior classes have been paid fully or any such payment is provided for: (a) holders of secured claims (to the extent of the value of their collateral); (b) holders of priority claims; (c) holders of unsecured claims; (d) holders of debt expressly subordinated by its terms or by order of the bankruptcy court; and (e) holders of equity interests.

To demonstrate compliance with the “best interests” test, Peter J. Solomon Company (“PJSC”) prepared the Liquidation Analysis, attached hereto as Exhibit E.

To prepare the Liquidation Analysis, PJSC first estimated the range of proceeds that might be generated from a hypothetical chapter 7 liquidation of the Debtors’ assets by a chapter 7 trustee charged with reducing to cash any and all of such assets in an orderly manner. The Liquidation Analysis assumes such liquidation commenced on September 30, 2009.

The gross amount of cash available from such hypothetical chapter 7 liquidation would be the sum of the cash held by the Debtors at the time of the commencement of the hypothetical chapter 7 liquidation plus the proceeds from the disposition of the Debtors’ non-cash assets, reduced by the costs and expenses of the liquidation. Any net cash was allocated in the Liquidation Analysis to the creditors of the Debtors in strict compliance with the distribution priorities set forth in section 726 of the Bankruptcy Code.

PJSC then valued the recoveries to each impaired creditor class under the Plan and compared such recoveries to the recoveries that such creditors would receive in a hypothetical chapter 7 liquidation. The Liquidation Analysis was prepared separately for BMHC, BMC West, Illinois Framing, SelectBuild Construction, SelectBuild Northern California, C Construction, TWF Construction, H.N.R. Framing, SelectBuild Southern California, SelectBuild Nevada, SelectBuild Arizona, and SelectBuild Illinois. Then, the aggregate recovery of the various impaired creditor classes was summarized in a recovery comparison chart.

The Liquidation Analysis demonstrates that, in every instance, the amount that each creditor in an impaired class would receive under the Plan exceeds the amount that such creditor would receive in a hypothetical chapter 7 liquidation. For example, the Liquidation Analysis demonstrates that each Holder of the Debtors’ Prepetition Credit Agreement Debt receives property with a value equal to 72.5% of its claims under the Plan, compared to a recovery that ranges from 22.5% to 31.7% in a hypothetical chapter 7 liquidation. Similarly, assuming the applicable classes vote to accept the Plan, each Holder of an Allowed General Unsecured Claim, whether such claims arise at BMHC or one of the other legal entities, receives cash with a value of 12.1% of its claims under the Plan, compared to a recovery of 0.0% in a hypothetical chapter 7 liquidation.

THE LIQUIDATION ANALYSIS IS AN ESTIMATE OF THE PROCEEDS THAT MAY BE GENERATED AS A RESULT OF A HYPOTHETICAL CHAPTER 7 LIQUIDATION OF THE DEBTORS’ ASSETS. UNDERLYING THE LIQUIDATION ANALYSIS ARE NUMEROUS ESTIMATES AND ASSUMPTIONS REGARDING LIQUIDATION PROCEEDS THAT, ALTHOUGH DEVELOPED AND CONSIDERED REASONABLE BY THE DEBTORS’ MANAGEMENT AND THEIR ADVISORS, ARE INHERENTLY SUBJECT TO SIGNIFICANT ECONOMIC, COMPETITIVE, AND OPERATIONAL UNCERTAINTIES AND CONTINGENCIES BEYOND THE CONTROL OF THE DEBTORS OR A CHAPTER 7 TRUSTEE. IN ADDITION, VARIOUS LIQUIDATION DECISIONS UPON WHICH CERTAIN ASSUMPTIONS ARE BASED ARE SUBJECT TO CHANGE. THERE CAN BE NO ASSURANCE THAT THE ASSUMPTIONS AND ESTIMATES EMPLOYED IN DETERMINING THE LIQUIDATION VALUES OF THE DEBTORS’ ASSETS

WILL RESULT IN AN ACCURATE ESTIMATE OF THE PROCEEDS THAT WOULD BE REALIZED WERE THE DEBTORS TO UNDERGO AN ACTUAL LIQUIDATION.

THE ACTUAL AMOUNT OF CLAIMS AGAINST THE DEBTORS' ESTATES COULD VARY SIGNIFICANTLY FROM THE ESTIMATE SET FORTH HEREIN, DEPENDING ON THE CLAIMS ASSERTED DURING THE PENDENCY OF THE DEBTORS' HYPOTHETICAL CHAPTER 7 CASES. ACCORDINGLY, THE ACTUAL LIQUIDATION VALUE OF THE DEBTORS IS SPECULATIVE IN NATURE AND COULD VARY MATERIALLY FROM THE ESTIMATES PROVIDED HEREIN.

In estimating the gross amount of proceeds available under a hypothetical chapter 7 liquidation, PJSC estimated the cash proceeds that might be realized from the liquidation of the Debtors' assets based upon the book value of assets as of the July 31, 2009 closing balance sheet, or more recent financial information, where available. These values have not been subject to any review, compilation, or audit by any independent accounting firm. The Liquidation Analysis is subject to the qualifications and assumptions described above and in the schedules attached to Exhibit E.

2. Feasibility

Section 1129(a)(11) of the Bankruptcy Code requires that the bankruptcy court find that confirmation is not likely to be followed by the liquidation of the reorganized debtor or the need for further financial reorganization, unless the plan contemplates such liquidation. For purposes of demonstrating that the Plan meets this "feasibility" standard, the Company analyzed the ability of the Reorganized Debtors to meet their obligations under the Plan and to retain sufficient liquidity and capital resources to conduct its business.

In connection with the development of the Plan and for the purposes of determining whether the Plan satisfies this feasibility standard, the Company analyzed its ability to satisfy its financial obligations while maintaining sufficient liquidity and capital resources. The Company believes that with a significantly de-leveraged capital structure, the Reorganized Debtors will have sufficient cash flow and loan availability to pay and service their debt obligations and to fund operations. This is demonstrated by the Feasibility Analysis attached as Exhibit F, and the detailed Financial Projections ("Projections"), including an Income Statement, a Balance Sheet and a Cash Flow Statement that are attached to the Feasibility Analysis.

The Projections are based upon numerous assumptions that are an integral part of the Projections, including, without limitation, confirmation and consummation of the Plan in accordance with its terms; realization of the Debtors' operating strategy for the Reorganized Debtors; industry performance; no material adverse changes in applicable legislation or regulations, or the administration thereof, including environmental legislation or regulations or generally accepted accounting principles; general business and economic conditions; competition; adequate financing; absence of material contingent or unliquidated litigation, indemnity or other claims; other matters many of which will be beyond the control of the Reorganized Debtors and some or all of which may not materialize. To the extent that the assumptions inherent in the Projections are based upon future business decisions and objectives, they are subject to change. The Projections were not prepared in accordance with the standards for projections promulgated by the American Institute of Certified Public Accountants or with a view to compliance with published guidelines of the SEC regarding projections or forecasts. The projections have not been audited, reviewed, or compiled by the Debtors' independent public accountants. In addition although they are presented with numerical specificity and the assumptions on which they are based are considered reasonable by the Debtors, the assumptions and estimates underlying the Projections are subject to significant business, economic and competitive uncertainties and contingencies, many of which will be beyond the control of the Reorganized Debtors. Accordingly, the Projections are only estimates that are necessarily speculative in nature. It can be expected that some or all of the assumptions in the Projections will not be realized and that actual results will vary from the Projections, which variations may be material and are likely to increase over time. The Projections should therefore not be regarded as a representation by the Debtors or any other Person that the results set forth in the Projections will be achieved. Neither the Debtors' independent public accountants, nor any other independent accountants or financial advisors, have compiled, examined or performed any procedures with respect to the Projections nor have they expressed any opinion or any other form of assurance on such information or its achievability. In light of the foregoing, readers are cautioned not to place undue reliance on the Projections. The projected financial information contained herein

should not be regarded as a representation or warranty by the Debtors, the Reorganized Debtors, their advisors, or any other Person that the Projections can or will be achieved.

The Feasibility Analysis and Projections indicate that the Reorganized Debtors will have sufficient cash to pay all expenses to exit from chapter 11 and sufficient future cash flow to service their debt obligations and to fund operations. Under the Plan, the Reorganized Debtors will emerge from chapter 11 with \$188.5 million of total debt and \$56.8 million of unrestricted cash which when combined result in a net debt (“Net Debt”) position of \$131.7 million (\$188.5 million of total debt less \$56.8 million of unrestricted cash). Over the three year forecast period, the Reorganized Debtors will reduce their total debt position to \$186.6 million and increase their unrestricted cash to \$123.9 million or approximately \$62.7 million of Net Debt. The reduction of Net Debt by December 2012 is achieved primarily through increases in cash flow from operations and from cash raised by selling excess real estate assets. Accordingly, the Debtors believe that the Plan satisfies the feasibility requirement of section 1129(a)(11) of the Bankruptcy Code. The Debtors’ management continues to actively monitor business activity levels and will make appropriate adjustments to the business plan where necessary or appropriate to meet business goals.

3. Acceptance by Impaired Classes

The Bankruptcy Code requires, as a condition to confirmation, that, except as described in the following section, each class of claims or equity interests that is impaired under a plan, accept the plan. A class that is not “impaired” under a plan is deemed to have accepted the plan and, therefore, solicitation of acceptances with respect to such class is not required. A class is “impaired” unless the plan: (a) leaves unaltered the legal, equitable and contractual rights to which the claim or the equity interest entitles the holder of such claim or equity interest; (b) cures any default and reinstates the original terms of such obligation; or (c) provides that, on the consummation date, the holder of such claim or equity interest receives cash equal to the allowed amount of that claim or, with respect to any equity interest, any fixed liquidation preference to which the holder of such equity interest is entitled to any fixed price at which the Company may redeem the security.

Section 1126(c) of the Bankruptcy Code defines acceptance of a plan by a class of impaired claims as acceptance by holders of at least two-thirds in dollar amount and more than one-half in number of claims in that class, but for that purpose counts only those who actually vote to accept or to reject the plan. Thus, a class of claims will have voted to accept the plan only if two-thirds in amount and a majority in number actually voting cast their ballots in favor of acceptance.

The Claims in Classes 1(a)-(l), 4(a)-(l), 5(a)-(l), 7(a)-(l) and 9(b)-(l) are not Impaired under the Plan, and, as a result, the Holders of such Claims are deemed to have accepted the Plan.

The Claims in Classes 2(a)-(l), 3(a)-(l), 6(a)-(l) and 8(a)-(l) are Impaired under the Plan. The voting Classes will have accepted the Plan if the Plan is accepted by at least two-thirds in amount and a majority in number of the Claims of each such Classes (other than any Claims of Creditors designated under section 1126(e) of the Bankruptcy Code) that have voted to accept or reject the Plan.

The members of Classes 9(a) and 10(a)-(l) will not receive a distribution under the Plan, are deemed to reject the Plan, and are not entitled to vote on the Plan.

4. Confirmation Without Acceptance by All Impaired Classes

Section 1129(b) of the Bankruptcy Code allows a bankruptcy court to confirm a plan even if all impaired classes entitled to vote on the plan have not accepted it, provided that the plan has been accepted by at least one impaired class. Pursuant to section 1129(b) of the Bankruptcy Code, notwithstanding an impaired class’s rejection or deemed rejection of the plan, such plan will be confirmed, at the plan proponent’s request, in a procedure commonly known as “cram down,” so long as the plan does not “discriminate unfairly” and is “fair and equitable” with respect to each class of claims or equity interests that is impaired under, and has not accepted, the plan.

a. No Unfair Discrimination

This test applies to classes of claims or equity interests that are of equal priority and are receiving different treatment under the Plan. The test does not require that the treatment be the same or equivalent, but that such treatment be “fair.” In general, bankruptcy courts consider whether a plan discriminates unfairly in its treatment of classes of claims of equal rank (e.g., classes of the same legal character). Bankruptcy courts will take into account a number of factors in determining whether a plan discriminates unfairly, and, accordingly, a plan could treat two classes of unsecured creditors differently without unfairly discriminating against either class.

b. Fair and Equitable Test

This test applies to classes of different priority and status (e.g., secured versus unsecured) and includes the general requirement that no class of claims receive more than 100% of the amount of the allowed claims in such class. As to the dissenting class, the test sets different standards depending on the type of claims or equity interests in such class.

Secured Claims: The condition that a plan be “fair and equitable” to a non-accepting class of secured claims includes, among other things, the requirements that: (1) the holders of such secured claims retain the liens securing such claims to the extent of the allowed amount of the claims, whether the property subject to the liens is retained by the Company or transferred to another entity under the plan; and (2) each holder of a secured claim in the class receives deferred cash payments totaling at least the allowed amount of such claim with a present value, as of the effective date of the plan, at least equivalent to the value of the secured claimant’s interest in the Company’s property subject to the liens.

Unsecured Claims: The condition that a plan be “fair and equitable” to a non-accepting class of unsecured claims includes the following requirement that either: (1) the plan provides that each holder of a claim of such class receive or retain on account of such claim property of a value, as of the effective date of the plan, equal to the allowed amount of such claim; or (2) the holder of any claim or any equity interest that is junior to the claims of such class will not receive or retain under the plan on account of such junior claim or junior equity interest any property.

Interests: The condition that a plan be “fair and equitable” to a non-accepting class of equity interests includes the requirements that either: (1) the plan provides that each holder of an equity interest in that class receives or retains under the plan on account of that equity interest property of a value, as of the effective date of the plan, equal to the greater of: (a) the allowed amount of any fixed liquidation preference to which such holder is entitled; (b) any fixed redemption price to which such holder is entitled; or (c) the value of such interest; or (2) if the class does not receive the amount as required under (1) hereof, no class of equity interests junior to the non-accepting class may receive a distribution under the plan.

The Company will seek Confirmation of the Plan under section 1129(b) of the Bankruptcy Code, to the extent applicable, in view of the deemed rejection by Classes 9(a) and 10(a)-(l).

The votes of Holders of Classes 9(a) and 10(a)-(l) are not being solicited because, under Article IV of the Plan, there will be no distribution to the Holders of such Classes. Classes 9(a) and 10(a)-(l) are, therefore, conclusively deemed to have rejected the Plan pursuant to section 1129(b) of the Bankruptcy Code. Notwithstanding the deemed rejection by Classes 9(a) and 10(a)-(l) or any Class that votes to reject the Plan, the Company does not believe that the Plan discriminates unfairly against any Impaired Class of Claims or Interests. The Company believes that the Plan and the treatment of all Classes of Claims and Interests under the Plan satisfy the foregoing requirements for nonconsensual confirmation of the Plan.

XVIII. PLAN-RELATED RISK FACTORS AND ALTERNATIVES TO CONFIRMATION AND CONSUMMATION OF THE PLAN

PRIOR TO VOTING TO ACCEPT OR REJECT THE PLAN, ALL HOLDERS OF CLAIMS AND INTERESTS THAT ARE IMPAIRED SHOULD READ AND CONSIDER CAREFULLY THE FACTORS

SET FORTH HEREIN, AS WELL AS ALL OTHER INFORMATION SET FORTH OR OTHERWISE REFERENCED IN THIS DISCLOSURE STATEMENT.

A. RISKS RELATED TO CONFIRMATION, EFFECTIVENESS AND IMPLEMENTATION

1. Parties in Interest May Object to the Company's Classification of Claims and Interests

Section 1122 of the Bankruptcy Code provides that a plan may place a claim or an equity interest in a particular class only if such claim or equity interest is substantially similar to the other claims or equity interests in such class. The Company believes that the classification of Claims and Interests under the Plan complies with the requirements set forth in the Bankruptcy Code because the Company created Classes of Claims and Interests, each encompassing Claims or Interests, as applicable, that are substantially similar to the other Claims and Interests in each such Class. Nevertheless, there can be no assurance that the Bankruptcy Court will reach the same conclusion.

2. Failure to Satisfy Vote Requirement

If votes are received in number and amount sufficient to enable the Bankruptcy Court to confirm the Plan, the Company intends to seek, as promptly as practicable thereafter, Confirmation of the Plan. In the event that sufficient votes are not received, the Company may seek to accomplish an alternative chapter 11 plan. There can be no assurance that the terms of any such alternative chapter 11 plan would be similar or as favorable to the Holders of Allowed Claims as those proposed in the Plan.

3. The Company May Not Be Able to Secure Confirmation of the Plan

Section 1129 of the Bankruptcy Code sets forth the requirements for confirmation of a chapter 11 plan, and requires, among other things, a finding by the bankruptcy court that: (a) such plan "does not unfairly discriminate" and is "fair and equitable" with respect to any non-accepting classes; (b) confirmation of such plan is not likely to be followed by a liquidation or a need for further financial reorganization unless such liquidation or reorganization is contemplated by the plan; and (c) the value of distributions to non-accepting holders of claims and equity interests within a particular class under such plan will not be less than the value of distributions such holders would receive if the Company were liquidated under chapter 7 of the Bankruptcy Code.

There can be no assurance that the requisite acceptances to confirm the Plan will be received. Even if the requisite acceptances are received, there can be no assurance that the Bankruptcy Court will confirm the Plan. A non-accepting Holder of an Allowed Claim might challenge either the adequacy of this Disclosure Statement or whether the balloting procedures and voting results satisfy the requirements of the Bankruptcy Code or Bankruptcy Rules. Even if the Bankruptcy Court determined that this Disclosure Statement, the balloting procedures and voting results were appropriate, the Bankruptcy Court could still decline to confirm the Plan if it found that any of the statutory requirements for Confirmation had not been met, including the requirement that the terms of the Plan do not "unfairly discriminate" and are "fair and equitable" to non-accepting Classes.

The Liquidation Analysis for the Debtors is attached as Exhibit E to the Disclosure Statement. Parties in interest in these Chapter 11 Cases may oppose Confirmation of the Plan by alleging that the liquidation value of one or more Debtors is higher than reflected on the Liquidation Analysis and that the Plan thereby improperly limits or extinguishes their rights to recoveries under the Plan. At the Confirmation hearing, the Bankruptcy Court may hear evidence regarding the views of the Company and opposing parties, if any, with respect to valuation of the Debtors.

Confirmation of the Plan is also subject to certain conditions as described in Article X of the Plan. If the Plan is not confirmed, it is unclear what distributions, if any, Holders of Allowed Claims would receive with respect to their Allowed Claims.

The Company, subject to the terms and conditions of the Plan, reserves the right to modify the terms and conditions of the Plan as necessary for Confirmation. Any such modifications could result in a less favorable treatment of any non-accepting Class, as well as of any Classes junior to such non-accepting Class, than the treatment currently provided in the Plan. Such a less favorable treatment could include a distribution of property to

the Class affected by the modification of a lesser value than currently provided in the Plan or no distribution of property whatsoever under the Plan.

4. Nonconsensual Confirmation

In the event that any impaired class of claims or equity interests does not accept a chapter 11 plan, a bankruptcy court may nevertheless confirm such a plan at the proponents' request if at least one impaired class has accepted the plan (with such acceptance being determined without including the vote of any "insider" in such class), and, as to each impaired class that has not accepted, or is deemed not to have accepted, the plan, the bankruptcy court determines that the plan "does not discriminate unfairly" and is "fair and equitable" with respect to the dissenting impaired classes. The Company believes that the Plan satisfies these requirements and the Company will request such nonconsensual Confirmation in accordance with subsection 1129(b) of the Bankruptcy Code. Nevertheless, there can be no assurance that the Bankruptcy Court will reach this conclusion.

5. A Party in Interest May Object to the Amount or Classification of a Claim

Except as otherwise provided in the Plan, a party in interest may object to the amount or classification of any Claim under the Plan. The estimates set forth in this Disclosure Statement cannot be relied on by any Holder of a Claim where such Claim is subject to an objection. Any Holder of a Claim that is subject to an objection thus may not receive its expected share of the estimated distributions described in this Disclosure Statement.

6. Risk of Non-Occurrence of the Effective Date

Although the Company believes that the Effective Date may occur quickly after the Confirmation Date, there can be no assurance as to such timing, or as to whether the Effective Date will, in fact, occur. The occurrence of the Effective Date is subject to the conditions precedent listed in the Plan and this Disclosure Statement, including execution of the Revolving Credit Agreement, the Exit Term Loan and the Term Loan Credit Agreement, and such conditions precedent may not occur.

7. Risk Related to IRS Claim

Shortly before the Company filed these Chapter 11 Cases, the Company received a tax refund from the Internal Revenue Service in the amount of approximately \$57 million (the "Tax Refund"). This Tax Refund related to 2008 losses that were carried back to the 2006 and 2007 taxable years. The IRS has filed a proof of claim in the Chapter 11 Cases asserting, in summary, (1) a protective claim in the amount of the Tax Refund in the event an audit demonstrates that the Company was not entitled to all or a portion of the Tax Refund; and (2) a claim related to an ongoing audit of the Company related to 2005 to 2007 (the "Audit") in the amount of approximately \$7 million. The revenue agent has issued a Revenue Agent Report concluding that the Tax Refund was appropriate and will not be challenged. However, under the Internal Revenue Code, such report is subject to the review of the Joint Committee on Taxation, which consists of ten members of Congress, five from the Senate Finance Committee and five from the House Ways and Means Committee. This review is expected to take approximately 60 to 75 days. Funding of the Exit Credit Facilities is conditioned on a satisfactory conclusion of the Tax Refund audit. Although the Company is confident that the Revenue Agent Report related to the Tax Refund will not be overturned, there can be no assurance of that fact.

8. Contingencies Not to Affect Votes of Impaired Classes to Accept or Reject the Plan

The distributions available to Holders of Allowed Claims under the Plan can be affected by a variety of contingencies, including, without limitation, whether the Bankruptcy Court orders certain Allowed Claims to be subordinated to other Allowed Claims. The occurrence of any and all such contingencies, which could affect distributions available to Holders of Allowed Claims under the Plan, will not affect the validity of the vote taken by the Impaired Classes to accept or reject the Plan or require any sort of revote by the Impaired Classes.

B. RISK FACTORS RELATED TO THE BUSINESS OF THE REORGANIZED DEBTORS.

- 1. The Company's business is dependent on demand for and supply of single-family homes that are influenced by changes in the overall condition of the U.S. economy, including interest rates, consumer confidence, job formation, availability of credit and other important factors.**

The residential building products and construction services industry is highly dependent on demand for single-family homes, which is influenced by several factors. These factors include economic changes nationally and locally, mortgage and other interest rates, consumer confidence, job formation, demographic trends, tax incentives and availability of credit as well as other factors. The construction of new homes may experience decline due to excess unsold home inventory levels, lack of availability of credit for lenders, builders and homebuyers, lack of available and affordable land in attractive metropolitan areas, shortages of qualified tradespeople, shortages of materials and regulations that impose restrictive zoning and density requirements. Also, changes to housing patterns may occur, such as an increase in consumer demand for urban living rather than single-family suburban neighborhoods.

All of these factors could limit demand for home construction and may result in lower sales of the Company's building products and construction services as well as lower operating results due to the Company's inability to align our cost structure with these sales trends.

- 2. The Company's ability to maintain adequate liquidity, reduce operating costs and increase market share in an industry experiencing a 55% reduction in average annual housing starts may not be fully realized or may take longer to realize than expected.**

Excluding the boom years of 2006 through 2003, single-family housing starts for the U.S. as a whole averaged 1.1 million starts per year since 1990. For 2008, annualized single-family housing starts for the U.S. as a whole were 55% lower or 0.5 million starts. Housing starts have been negatively impacted by an excess inventory of unsold homes and home foreclosures as lending standards tightened and recent growing economic hardships of rising unemployment have sapped consumer confidence. These trends may not substantially improve for some time.

Single-family permits in the Company's markets declined 46% for 2008 and 31% for 2007. The decline was widespread across all the Company's markets for both building products and construction services. Lower sales from weakening buyer demand and increased competition for fewer contracts led to declines in the Company's margins, particularly for construction services. As of February 2009, single-family housing starts for the U.S. as a whole fell to an annualized rate below 0.4 million and single-family permits in the Company's markets fell to an annualized rate below 0.2 million. The Company expects market conditions to be challenging and may apply further pressure to its sales, margins and operating results.

- 3. The Company's liquidity is dependent on operating performance, an efficient cash conversion cycle and compliance with financial covenants.**

Liquidity is essential to the Company's business. The Company funds working capital requirements and necessary capital expenditures with cash flow from operations and seasonal borrowings under its credit facility. A substantial deterioration in operating performance as well as inefficient conversion of business activities to cash may adversely affect the Company's ability to obtain funding from operations or its credit facility.

The Company may not be able to meet near-term working capital and scheduled interest and debt payment requirements if cash flows are inadequate from the Company's suppressed operating activities or if the Company's access to the revolver portion of its credit facility is restricted due to lack of compliance with financial covenants or revolver borrowing base limitations.

If the Company's operating performance, particularly cash flows from operations, is inadequate, the Company could suffer unfavorable consequences, such as payment delays to its suppliers or failure to honor contractual commitments including financial obligations.

Changes in or perceptions of the Company's liquidity or the liquidity of its suppliers and customers may adversely affect its cash flows and compound other risks. The Company's suppliers of building products as well as customers of its building products and construction services may experience or perceive uncertain liquidity and cause changes in the Company's liquidity. For example, vendors may disrupt supply with changes in terms such as credit and quantity limitations, pricing or payment. Similarly, customers may disrupt demand with changes in purchasing habits.

Increases in interest rates and the credit risk premium assigned to the Company as well as changes in the amount of debt will increase the Company's interest expense. Higher interest expense may adversely impact the Company's financial position, results of operations or cash flows for operating needs.

4. An inability to implement and maintain cost structures that align with sales trends may have an adverse impact on the Company's operating results or the anticipated benefits of restructuring may not be fully realized or may take longer to realize than expected.

When the Company experiences slower periods of homebuilding activity, it may experience inefficiencies in its cost structures. In response to the current challenging economic and industry conditions, the Company has implemented restructuring plans that include closure or consolidation of underperforming business units, reductions in the number of employees and consolidation of certain administrative functions. These actions are designed to align the Company's cost structures with anticipated sales. The Company's evaluation of and changes to expenses in response to declining sales may not be sufficient, timely or realized, leading to costs that are too high relative to sales and to lower returns on sales.

5. Loss of customers as well as changes in the business models of customers may have an adverse impact on the Company's operating results.

The Company is exposed to the risk of loss arising from the failure or financial distress of customers. Although amounts due from the Company's customers are typically secured by liens on their construction projects, in the event a customer cannot meet its payment obligations to the Company, there is a risk that lender evaluations of customer creditworthiness may limit amounts paid to the Company or the value of their underlying project will not be sufficient to recover the amounts owed to the Company. Estimated credit losses are considered in the valuation of amounts due from the Company's customers, however the entire carrying amount is generally at risk.

While market and regulatory changes seek to reduce excess unsold home inventory and stabilize housing affordability, the Company may experience losses of and changes in customers. Many homebuilders are experiencing business and financial challenges in the current housing environment. The Company's 5 largest customers represent 18% of consolidated sales. Additionally, diversification of the Company's sales to more products and services for multi-family and commercial projects may result in changes in its customer mix. The loss of one or more of the Company's significant customers or changes in customer mix may adversely affect the Company's financial condition, results of operations or cash flows.

As the business models of the Company's customers evolve, the Company's existing building products and construction service offerings may not meet the needs of certain homebuilders. Homebuilders may decide to no longer outsource construction services or may purchase construction services and building products from separate suppliers. If the Company does not timely assess shifts in customer expectations, preferences and demands, its financial condition, results of operations or cash flows may be adversely affected.

6. Due to the continuing downturn in the housing industry, the Company may incur additional impairment charges and costs to close or consolidate additional business units in underperforming markets.

If weakness in the housing industry continues, all or a portion of remaining intangible assets for customer relationships as well as operating assets of underperforming business units may be impaired. The Company's ongoing evaluation of business operations places a priority on positive cash flow, efficient use of capital and higher

returns. As a result of these evaluations, the Company may incur additional costs to close or consolidate additional underperforming business units. These impairment charges and costs may adversely affect the Company's financial condition, results of operations or cash flows.

7. The Company's business is subject to intense competition.

For 2008, annualized single-family housing starts for the U.S. as a whole were 55% lower or 0.5 million starts compared to an average of 1.1 million starts per year since 1990. Specifically, single-family building permits in the Company's markets declined 46% for 2008 and 31% for 2007. There are numerous competitors providing building materials and construction services for these lower housing starts. These competitive factors have led to pricing pressures and caused reductions in sales or margins as well as increases in operating costs. Loss of significant market share due to competition could result in the closure of facilities. Additionally, the availability of the Company's financial information as well as concerns about the Company's financial viability may be utilized against the Company by its competitors. Intense competition may adversely affect the Company's financial condition, results of operations or cash flows.

8. The Company's success is dependent upon the availability of and its ability to attract, train and retain qualified individuals.

Competition for employees is especially intense in both building products distribution and construction services. Weak operating results may limit the Company's ability to offer competitive compensation and benefits and may result in shortages of qualified labor and key personnel and in turn, may limit the Company's ability to complete contracts as well as obtain additional contracts with builders. Also, as a result of the downturn in the homebuilding industry, many qualified individuals have and may continue to seek employment in other industries. Additional employment and eligibility requirements as well as enhanced and perceived enforcement from state and federal authorities could also limit the availability of qualified labor. The Company cannot guarantee that it will be successful in recruiting and retaining qualified employees in the future.

The Company's success is also dependent on its ability to profitably implement evolving employment legislation. For example, potential legislation easing union organizing activities and limiting arbitration options may significantly increase costs and may reduce or eliminate the Company's ability to provide goods or services in certain markets. Increases in health care and unemployment benefits, holidays and various job protections increase costs. Likewise, changes required to reasonably balance employment levels and profitability are difficult to obtain under binding arbitration provisions. There is no assurance the Company will be successful in balancing a changing sense of entitlement with shareholder value. Employment legislation may adversely affect the Company's financial condition, results of operations or cash flows.

9. The Company's operating results are affected by fluctuations in its costs and the availability of sourcing channels for commodity wood products, concrete, steel and other building products.

Prices of commodity wood products, concrete, steel and other building products are historically volatile and are subject to fluctuations arising from changes in domestic and international supply and demand, labor costs, competition, market speculation, government regulations and periodic delays in delivery. Rapid and significant changes in product prices may affect sales as well as margins due to a limited ability to pass on short-term price changes. The Company does not use derivative financial instruments to hedge commodity price changes.

The Company may experience shortages of building products as a result of unexpected demand or production difficulties as well as transportation limitations. The Company has preferred suppliers for certain building products. The Company maintains an open dialogue with its suppliers to avoid supply disruptions. Suppliers may experience liquidity problems due to the decline in the homebuilding industry and tightened credit availability. Also, the Company's suppliers may have concerns about its financial viability and address their own liquidity needs by requesting faster payment of invoices or other assurances. If this were to happen, the Company's need for cash may intensify and it may be unable to make payments to our suppliers as they become due. Any disruption in the Company's sources of supply for key building products could negatively impact its financial condition, results of operations or cash flows.

10. Weather conditions, including natural catastrophic events, may cause the Company's operating results to fluctuate each quarter.

The Company's first and fourth quarters historically have been, and are expected to continue to be, adversely affected by weather conditions in some of its markets, causing decreases in operating results due to slower homebuilding activity. In addition, natural catastrophic events may cause the Company's operating results to fluctuate.

11. The nature of the business exposes the Company to product liability and construction defect claims as well as other legal proceedings.

The nature of the Company's business exposes it to product liability and construction defect claims as well as other legal proceedings.

The Company has been involved in product liability and construction defect claims relating to the products it distributes and manufactures and its various construction trades. The Company is also exposed to potential claims arising from the conduct of homebuilders and their subcontractors. The Company also operate a large fleet of trucks and other vehicles and therefore faces some risk of accidents. Although the Company believes it maintain adequate insurance, it may not be able to maintain such insurance on acceptable terms or such insurance may not provide adequate protection against potential liabilities.

The nature of the Company's business also exposes it to wage and hour claims. Accuracy of timekeeping methods may be difficult to defend and the extrapolation methods utilized may result in significant claims. Current or future claims may adversely affect the Company's financial condition, results of operations or cash flows.

12. The Company may be adversely affected by disruptions in its information systems.

The Company's operations are dependent upon information for decision-making and the related information systems. A substantial disruption in the Company's information systems for a prolonged period could delay the delivery of its products and services and adversely affect its ability to complete contracts and fulfill customer demands. Such delays, problems or costs may have an adverse effect on the Company's financial condition, results of operations or cash flows.

13. Actual and perceived vulnerabilities as a result of widespread credit and liquidity concerns, terrorist activities and armed conflict may adversely impact consumer confidence and the Company's business.

Instability in the economy and financial markets as a result of widespread credit and liquidity concerns, terrorism or war may impact consumer confidence and result in a decrease in homebuilding in the Company's markets. Terrorist attacks may also directly impact the Company's ability to maintain operations and services and may have an adverse effect on its business.

14. Federal, state and other regulations could impose substantial costs and/or restrictions on our business.

The Company is subject to various federal, state, local and other regulations, including among other things:

- work safety regulations promulgated by the Department of Labor's Occupational Safety and Health Administration,
- transportation regulations promulgated by the Department of Transportation,
- employment regulations promulgated by the Department of Homeland Security and the United States Equal Employment Opportunity Commission, as well as

- state and local zoning restrictions and building codes.

More burdensome regulatory requirements in these or other areas may increase the Company's costs and have an adverse effect on its financial condition, results of operations or cash flows.

15. Numerous other matters of a local and regional scale, including those of a political, economic, business, competitive or regulatory nature may have an adverse impact on the Company's business.

Many factors shape the homebuilding industry and the Company's business. In addition to the factors previously cited, there are other matters of a local and regional scale, including those of a political, economic, business, competitive or regulatory nature that may have an adverse effect on the Company's business.

C. RISK FACTORS ASSOCIATED WITH FORWARD LOOKING STATEMENTS.

1. Financial information is based on the Company's books and records and, unless otherwise stated, no audit was performed.

The financial information contained in this Disclosure Statement has not been audited unless otherwise stated. In preparing this Disclosure Statement, the Company relied on financial data derived from its books and records that was available at the time of such preparation. Although the Company has used its reasonable business judgment to ensure the accuracy of the financial information provided in this Disclosure Statement, and while the Company believes that such financial information fairly reflects the financial condition of the Company, the Company is unable to warrant or represent that the financial information contained herein and attached hereto is without inaccuracies.

2. Financial projections and other forward looking statements are not assured, are subject to inherent uncertainty due to the numerous assumptions upon which they are based and, as a result, actual results may vary.

This Disclosure Statement contains various projections concerning the financial results of the Reorganized Debtors' operations, including the Projections, that are, by their nature, forward looking, and which projections are necessarily based on certain assumptions and estimates. Should any or all of these assumptions or estimates ultimately prove to be incorrect, the actual future experiences of the Reorganized Debtors may turn out to be different from the financial projections.

Specifically, the projected financial results contained in this Disclosure Statement reflect numerous assumptions concerning the anticipated future performance of the Reorganized Debtors, some of which may not materialize, including, without limitation, assumptions concerning: (a) the timing of Confirmation and Consummation of the Plan in accordance with its terms; (b) the anticipated future performance of the Reorganized Debtors, including, without limitation, the Company's ability to maintain or increase revenue and gross margins, control future operating expenses or make necessary capital expenditures; (c) general business and economic conditions; (d) overall industry performance and trends; and (e) the Company's ability to maintain market strength and receive vendor support by way of favorable purchasing terms.

Due to the inherent uncertainties associated with projecting financial results generally, the projections contained in this Disclosure Statement will not be considered assurances or guarantees. While the Company believes that the financial projections contained in this Disclosure Statement are reasonable, there can be no assurance that they will be realized.

D. RISK FACTORS THAT MAY AFFECT THE VALUE OF SECURITIES TO BE ISSUED UNDER THE PLAN.

1. The Reorganized Debtors may not be able to achieve projected financial results or meet post-reorganization debt obligations and finance all operating expenses, working capital needs and capital expenditures.

The Reorganized Debtors may not be able to meet their projected financial results or achieve projected revenues and cash flows that they have assumed in projecting future business prospects. To the extent the Reorganized Debtors do not meet their projected financial results or achieve projected revenues and cash flows, the Reorganized Debtors may lack sufficient liquidity to continue operating as planned after the Effective Date, may be unable to service their debt obligations as they come due or may not be able to meet their operational needs. Any one of these failures may preclude the Reorganized Debtors from, among other things: (a) enhancing their current customer offerings; (b) taking advantage of future opportunities; (c) growing their business; or (d) responding to competitive pressures. Further, a failure of the Reorganized Debtors to meet their projected financial results or achieve projected revenues and cash flows could lead to cash flow and working capital constraints, which constraints may require the Reorganized Debtors to seek additional working capital. The Reorganized Debtors may not be able to obtain such working capital when it is required. Further, even if the Reorganized Debtors were able to obtain additional working capital, it may only be available on unreasonable terms. For example, the Reorganized Debtors may be required to take on additional debt, the interest costs of which could adversely affect the results of the operations and financial condition of the Reorganized Debtors. If any such required capital is obtained in the form of equity, the equity interests of the holders of then-existing Reorganized BMHC Equity Interests could be diluted. While the Company's projections represent management's view based on current known facts and assumptions about the future operations of the Reorganized Debtors, there is no guarantee that the Financial Projections will be realized.

2. The Reorganized BMHC Equity Interests are speculative.

The Reorganized BMHC Equity Interests are not secured by collateral or any guarantees. If the Company's performance does not improve, the value of the Reorganized BMHC Equity Interests could be worthless and holders thereof will lose their investment.

3. The consideration being provided for the Funded Lender Claims and the L/C Lender Claims in the Plan does not reflect any independent valuation of such Claims.

The Company has not obtained or requested a fairness opinion from any banking or other firm as to the fairness of the consideration being provided for Funded Lender Claims and the L/C Lender Claims in the Plan.

4. The Reorganized BMHC Equity Interests are a new issue of securities for which there is no prior market and the trading market for the Reorganized BMHC Equity Interests may be limited.

The Reorganized BMHC Equity Interests will be a new security for which there currently is no, and on issuance there will not be any, established trading market. The Company does not intend to apply for listing of the Reorganized BMHC Equity Interests on any securities exchange or for quotation in any automated dealer quotation system. Trading of Reorganized BMHC Equity Interests may be further limited by securities law restrictions on transfer.

4. Failure to Identify Litigation Claims or Projected Objections.

No reliance should be placed on the fact that a particular litigation claim or projected objection to a particular Claim or Interest is, or is not, identified in this Disclosure Statement or Plan. The Debtors and/or the Reorganized Debtors, as the case may be, may seek to investigate, file and prosecute litigation claims and may object to Claims after the Confirmation or Effective Date of the Plan irrespective of whether this Disclosure Statement identifies such litigation claims or Objections to Claims.

5. Nothing Herein Constitutes a Waiver of Any Right to Object to Claims or Recover Transfers and Assets.

The vote by a Holder of an Allowed Claim for or against the Plan does not constitute a waiver or release of any Claims or rights of the Company or the Reorganized Debtors (or any party in interest, as the case may be) to object to that Holder's Allowed Claim, or recover any preferential, fraudulent or other voidable transfer or assets, regardless of whether any Claims or Cause of Action of the Company or its Estate are specifically or generally identified herein.

6. Information Was Provided by the Company and Was Relied Upon by the Company's Professionals.

Counsel to and other Professionals retained by the Company have relied upon information provided by the Company in connection with the preparation of this Disclosure Statement. Although counsel to and other Professionals retained by the Company have performed certain limited due diligence in connection with the preparation of this Disclosure Statement, they have not verified independently the information contained herein.

7. Potential Exists for Inaccuracies, and the Company Has No Duty to Update.

While the Company has used its reasonable business judgment to ensure the accuracy of all of the information provided in this Disclosure Statement and in the Plan, the Company nonetheless cannot, and does not, confirm the current accuracy of all statements appearing in this Disclosure Statement. 8. No Representations Outside this Disclosure Statement Are Authorized.

No representations concerning or relating to the Company, the Chapter 11 Cases or the Plan are authorized by the Bankruptcy Court or the Bankruptcy Code, other than as set forth in this Disclosure Statement. Any

representations or inducements made to secure your acceptance or rejection of the Plan that are other than as contained in, or included with, this Disclosure Statement, should not be relied upon by you in arriving at your decision. You should promptly report unauthorized representations or inducements to the counsel to the Company, the counsel to the Committee and the U.S. Trustee.

F. LIQUIDATION UNDER CHAPTER 7.

If no plan can be Confirmed, the Company's Chapter 11 Cases may be converted to cases under chapter 7 of the Bankruptcy Code, pursuant to which a trustee would be elected or appointed to liquidate the assets of the Company for distribution in accordance with the priorities established by the Bankruptcy Code. A discussion of the effects that a chapter 7 liquidation would have on the recoveries of Holders of Claims and the Company's liquidation analysis is set forth in Section XVII herein, "Confirmation Procedures" and the Liquidation Analysis attached hereto as Exhibit E.

XIX. CERTAIN U.S. FEDERAL INCOME TAX CONSEQUENCES

The following discussion summarizes certain U.S. federal income tax consequences of the implementation of the Plan to BMHC and each of its subsidiaries, all of which are Debtors under the Plan, and certain Holders of Claims against a Debtor. The following summary is based on the Tax Code, the U.S. Treasury Regulations promulgated thereunder (the "Treasury Regulations"), judicial decisions and published administrative rules, rulings, and pronouncements of the U.S. Internal Revenue Service (the "IRS") as in effect on the date hereof. Changes in such rules or new interpretations thereof may have retroactive effect and could significantly affect the federal income tax consequences described below.

The federal income tax consequences of the Plan are complex and are subject to significant uncertainties. The Debtors have not requested and will not request a ruling from the IRS or an opinion of counsel with respect to any of the tax aspects of the Plan. Thus, no assurance can be given as to the interpretation that the IRS will adopt. This discussion addresses only those Holders that hold Claims as capital assets within the meaning of Section 1221 of the Code. In addition, this summary does not address state, local, estate or gift tax consequences of the Plan, nor does it purport to address the federal income tax consequences of the Plan to special classes of taxpayers (such as Persons who are related to a Debtor within the meaning of the Tax Code, broker-dealers, banks, mutual funds, insurance companies, financial institutions, small business investment companies, regulated investment companies, tax exempt organizations, investors in pass-through entities, subchapter S corporations, persons who hold Claims, or who will hold the Term Notes, interests in the Exit Revolver, interests in the Exit Term Loan, and/or Reorganized BMHC Equity Interests as part of a straddle, hedge, conversion transaction or other integrated investment, persons using a mark to market method of accounting, and Holders of Claims who are themselves in bankruptcy). Furthermore, this discussion assumes that Holders of Claims hold only Claims in a single Class. Holders of Claims in more than a single Class should consult their own tax advisors as to the effect such ownership may have on the federal income tax consequences described below.

For purposes of this discussion, the term "U.S. Holder" means a Holder of a Claim (or interest in the Exit Revolver or Exit Term Loan) that is for United States federal income tax purposes (i) an individual citizen or resident of the United States, (ii) a corporation, or entity treated as a corporation, organized in or under the laws of the United States or any state thereof or the District of Columbia, (iii) a trust if (a) a court within the United States is able to exercise primary supervision over the administration of the trust and one or more U.S. persons have the authority to control all substantial decisions of the trust or (b) such trust has made a valid election to be treated as a U.S. person for U.S. federal income tax purposes or (iv) an estate, the income of which is includible in gross income for U.S. federal income tax purposes regardless of its source.

A "non-U.S. Holder" means any Holder of a Claim (or interest in the Exit Revolver or Exit Term Loan) that is not a U.S. Holder.

The United States federal income tax consequences to a partner in an entity or arrangement treated as a partnership for United States federal income tax purposes that holds a Claim generally will depend on the status of the partner and the activities of the partnership. Partners in a partnership holding a Claim should consult their own tax advisors.

This summary is not intended to constitute a complete analysis of all tax considerations relevant to a particular Holder of a Claim. Each Holder of a Claim should seek advice from its own independent tax advisors concerning the United States federal, state, local, foreign income and other tax consequences of the Plan to them in light of its particular circumstances.

This discussion assumes that the various debt and other arrangements to which any Debtor is a party will be respected for federal income tax purposes in accordance with their form.

ACCORDINGLY, THE FOLLOWING SUMMARY OF CERTAIN UNITED STATES FEDERAL INCOME TAX CONSEQUENCES IS FOR INFORMATIONAL PURPOSES ONLY AND IS NOT A SUBSTITUTE FOR CAREFUL TAX PLANNING AND ADVICE BASED UPON THE INDIVIDUAL CIRCUMSTANCES PERTAINING TO A HOLDER OF AN ALLOWED CLAIM. ALL HOLDERS ARE URGED TO CONSULT THEIR OWN TAX ADVISORS AS TO THE U.S. FEDERAL, STATE, LOCAL AND NON-UNITED STATES TAX CONSEQUENCES OF THE PLAN.

IRS CIRCULAR 230 DISCLOSURE: TO ENSURE COMPLIANCE WITH REQUIREMENTS IMPOSED BY THE IRS, ANY TAX ADVICE CONTAINED IN THIS DISCLOSURE STATEMENT (AND ANY ATTACHMENTS) IS NOT INTENDED OR WRITTEN TO BE USED, AND CANNOT BE USED, BY ANY TAXPAYER FOR THE PURPOSE OF AVOIDING TAX-RELATED PENALTIES UNDER THE TAX CODE. TAX ADVICE CONTAINED IN THIS DISCLOSURE STATEMENT (AND ANY ATTACHMENTS) IS WRITTEN IN CONNECTION WITH THE PROMOTION OR MARKETING OF THE TRANSACTIONS OR MATTERS ADDRESSED BY THE DISCLOSURE STATEMENT. EACH TAXPAYER SHOULD SEEK ADVICE BASED ON THE TAXPAYER'S PARTICULAR CIRCUMSTANCES FROM AN INDEPENDENT TAX ADVISOR.

A. CERTAIN UNITED STATES FEDERAL INCOME TAX CONSEQUENCES TO THE DEBTORS.

As of December 31, 2008, BMHC had consolidated net operating loss (“NOL”) carryforwards for U.S. federal income tax purposes in excess of \$60 million, and it has incurred additional loss in 2009. However, as discussed below, the amount of BMHC's NOL carryforwards and current losses will likely be significantly reduced or even eliminated completely upon implementation of the Plan. In addition, the Debtors' subsequent utilization of any losses and NOL carryforwards remaining and possibly certain other tax attributes may be restricted as a result of and upon the implementation of the Plan.

1. Cancellation of Debt Income and Reduction of Tax Attributes.

As a result of the Plan, the Debtors' aggregate outstanding indebtedness will be substantially reduced. In general, absent an exception, a debtor will recognize cancellation of debt income (“COD”) upon discharge of its outstanding indebtedness for an amount less than its adjusted issue price. The amount of COD, in general, is the excess of (a) the adjusted issue price of the indebtedness discharged, over (b) the sum of the issue price of any new indebtedness of the taxpayer, the amount of cash paid and the fair market value of any other consideration given in exchange for such indebtedness at the time of the exchange. The issue price of such new indebtedness issued to the creditor is determined under either Section 1273 or 1274 of the Tax Code. Generally, these provisions treat the fair market value of a publicly-traded debt instrument as its issue price and the stated principal amount of any other debt instrument as its issue price if its terms provide for adequate stated interest.

A debtor is not, however, required to include any amount of COD in gross income if such debtor is under the jurisdiction of a court in a chapter 11 bankruptcy proceeding and the discharge of debt occurs pursuant to that proceeding. Instead, as a price for the exclusion of COD under the foregoing rule, Section 108 of the Tax Code requires the debtor to reduce (as of the first day of the taxable year following the year of the debt discharge) its tax attributes by the amount of COD which it excluded from gross income. As a general rule, tax attributes will be reduced in the following order: (a) NOLs, (b) most tax credits, (c) capital loss carryovers, (d) tax basis in assets (but not below the amount of liabilities to which the debtor remains subject), (e) passive activity loss and credit carryovers and (f) foreign tax credits. A debtor with COD may elect first to reduce the basis of its depreciable assets under Section 108(b)(5) of the Tax Code, though it has not been determined whether the Debtors would make this election.

As a result of the consummation of the Plan, and in particular the exchange of certain Claims for a portion of the Term Notes and/or Reorganized BMHC Equity Interests, BMHC expects to realize substantial COD. The extent of such COD and resulting tax attribute reduction will depend significantly on the issue price of the Term Notes (determined in the manner described below) and the fair market value of the Reorganized BMHC Equity Interests. The issue price of the Term Notes and the fair market value of the Reorganized BMHC Equity Interests cannot be known with certainty until after the Effective Date. Thus, although it is expected that a reduction of tax attributes will be required, the exact amount of such reduction cannot be predicted with certainty. Indeed, it is likely that the amount of COD will exceed the amount of the NOLs thereby eliminating the NOLs and also reducing the Debtors' tax basis in their assets.

Any required reduction in tax attributes of a member of a consolidated group applies first to any tax attributes attributable to the debtor realizing the COD at issue. To the extent the debtor reduces its tax basis in the stock of another member of the consolidated group (which basis may not be reduced below zero), such other member is required to reduce its tax attributes by an equivalent amount.

2. Accrued Interest.

To the extent that there exists accrued but unpaid interest on the indebtedness owing to holders of Allowed Claims and to the extent that such accrued but unpaid interest has not been deducted previously by a Debtor, portions of payments made in consideration for the indebtedness underlying such Allowed Claims that are allocable to such accrued but unpaid interest should be deductible by such Debtor. Any such interest that is not paid will not be deductible by such Debtor and will not give rise to COD income.

To the extent that a Debtor has previously taken a deduction for accrued but unpaid interest, any amounts so deducted that are paid will not give rise to any tax consequences to such Debtor. If such amounts are not paid, they will give rise to COD income that would be excluded from gross income pursuant to the bankruptcy exclusion discussed above. As a result, the Debtor would be required to reduce its tax attributes to the extent of such interest previously deducted and not paid.

3. NOL Carryback.

Under current law, a corporation can generally carry back NOLs up to two years to offset taxable income in such years. There is a special exception, recently enacted, that allows certain eligible small businesses to carry back NOLs up to five years. The President's recently released Fiscal Year 2010 budget proposals have suggested that Congress make the lengthened NOL carryback period available to more taxpayers. If such legislation is passed, the Debtors may be able to carry back NOLs to offset income in prior years that would not otherwise be possible under the current two-year period. It is uncertain whether such legislation will be passed, and the availability to the Debtors of any benefit resulting from carrying back NOLs is therefore purely speculative.

4. Limitation on NOL Carryforwards and Other Tax Attributes.

Following the implementation of the Plan, the Debtors currently believe it is unlikely that they will have any NOL carryforwards. However, any NOLs that do remain, as well as any remaining tax credit carryforwards, built-in losses (to the extent recognized within the five-year period following the Effective Date or treated as recognized pursuant to the safe harbors provided by IRS Notice 2003-65), and, possibly, certain other tax attributes of the Debtors allocable to periods prior to the Effective Date (collectively, "Pre-Change Losses") may be subject to limitation under Section 382 of the Tax Code as a result of an "ownership change" of the Debtors by reason of the transactions pursuant to the Plan. This discussion describes the limitation determined under Section 382 of the Tax Code in the case of an "ownership change" as the "Section 382 Limitation." The annual Section 382 Limitation on the use of Pre-Change Losses in any "post change year" is generally equal to the product of the fair market value of the loss corporation's outstanding stock immediately before the ownership change multiplied by the long term tax-exempt rate in effect for the month in which the ownership change occurs. The long-term tax-exempt rate (4.16% for October 2009) is published monthly by the IRS and is intended to reflect current interest rates on long-term tax-exempt debt obligations. The Section 382 Limitation may be increased to the extent that the Debtors recognize certain built-in gains in its assets during the five-year period following the ownership change, or are treated as recognizing built-in gains pursuant to the safe

harbors provided in IRS Notice 2003-65. Section 383 of the Tax Code applies a similar limitation to capital loss carryforwards and tax credits. As discussed below, however, special rules may apply in the case of a corporation which experiences an ownership change as the result of a bankruptcy proceeding.

In general, an ownership change occurs when the percentage of the corporation's stock owned by certain "5 percent shareholders" increases by more than 50 percentage points in the aggregate over the lowest percentage owned by those shareholders at any time during the applicable "testing period" (generally, the shorter of (a) the 36-month period preceding the testing date or (b) the period of time since the most recent ownership change of the corporation). A "5 percent shareholder" for this purpose includes, generally, an individual or entity that directly or indirectly owns 5% or more of a corporation's stock at any time during the testing period and one or more "public groups" of shareholders that individually own less than 5% of the value of the corporation's stock. Under applicable Treasury Regulations, an ownership change with respect to an affiliated group of corporations filing a consolidated return that has consolidated NOLs is generally measured by changes in stock ownership of the parent corporation of the group. Also under applicable Treasury Regulations, stock of a lower-tier corporation is generally treated as owned proportionately by the shareholders of a higher-tier corporation, and, accordingly, an ownership change of BMHC will result in an ownership change of the other Debtors as well.

The issuance of the Reorganized BMHC Equity Interests, along with the cancellation of existing BMHC Equity Interests, under the Plan is expected to cause an ownership change to occur with respect to BMHC and, thus, the Debtors on the Effective Date. As a result, Section 382 of the Tax Code will apply to limit the Debtors' use of any remaining consolidated NOLs after the Effective Date. This limitation is independent of, and in addition to, the reduction of tax attributes described in the preceding section resulting from the exclusion of COD. Similarly, the ability of the Debtors' consolidated group to use any remaining capital loss carryforwards and tax credits will also be limited.

5. Special Bankruptcy Exceptions.

Section 382(l)(5) of the Tax Code provides a special rule applicable in the case of a bankruptcy reorganization (the "Section 382(l)(5) Rule"). If a corporation qualifies for the Section 382(l)(5) Rule, the annual Section 382 Limitation will not apply to the corporation's NOLs on account of an ownership change occurring as a result of the bankruptcy reorganization. The Section 382(l)(5) Rule does, however, require that the corporation's NOLs and credit carryovers be computed without taking into account the aggregate amount of all interest deductions during the three prior taxable years and the portion of the current taxable year ending on the date of the ownership change in respect of debt exchanged for the corporation's stock (such interest hereinafter called "Disqualified Interest"). The corporation will qualify under the Section 382(l)(5) Rule if the corporation's pre-bankruptcy shareholders and holders of certain debt (the "Qualifying Debt") own at least 50% of the stock of the corporation after the bankruptcy reorganization, and the corporation does not elect not to apply the Section 382(l)(5) Rule. Qualifying Debt is a claim which (i) was held by the same creditor for at least 18 months prior to the bankruptcy filing or (ii) arose in the ordinary course of a corporation's trade or business and has been owned, at all times, by the same creditor. Indebtedness will be treated as arising in the ordinary course of a corporation's trade or business if such indebtedness is incurred by the corporation in connection with the normal, usual or customary conduct of the corporation's business. For the purpose of determining whether a claim constitutes Qualifying Debt, special rules may in some cases apply to treat a subsequent transferee as the transferor creditor.

If the exchanges contemplated by the Plan qualify for tax treatment under the Section 382(l)(5) Rule and the Debtors do not elect out of the Section 382(l)(5) Rule, the Debtors' NOL carryover (if any) will be available for future use without any Section 382 Limitation (after reduction of the Debtors' NOLs by Disqualified Interest). However, under the Section 382(l)(5) Rule, if there is a second ownership change during the two-year period immediately following consummation of the Plan, the Section 382 Limitation after the second ownership change shall be zero. If the Debtors do qualify for tax treatment under the Section 382(l)(5) Rule, there is a substantial likelihood that the Debtors would elect out due to this risk.

If the exchanges do not qualify or the Debtors elect not to apply the Section 382(l)(5) Rule, the Debtors' use of any remaining NOLs to offset taxable income earned after an ownership change will be subject to the annual Section 382 Limitation. Since the Debtors are in bankruptcy, however, Section 382(l)(6) of the Tax Code will apply. Section 382(l)(6) of the Tax Code provides that, in the case of an ownership change resulting

from a bankruptcy proceeding of a debtor, the value of the debtor's stock for the purpose of computing the Section 382 Limitation will generally be calculated by reference to the net equity value of the debtor's stock taking into account the increase in the value of the corporation as a result of the surrender or cancellation of creditors' claims in the transaction (rather than the value without taking into account such increases, as is the case under the general rule for non-bankruptcy ownership changes). Accordingly, under this rule the Section 382 Limitation would generally reflect the increase in the value of a debtor's stock resulting from the conversion of debt to equity in the proceeding. Although it is difficult to predict what the net equity value of the Debtors will be immediately after the exchanges contemplated by the Plan, the Debtors' use of any Pre-Change Losses is expected to be substantially limited after those exchanges.

Application of Sections 382(l)(5) and 382(l)(6) of the Tax Code depend on whether the consummation of the Plan results in the elimination of the Debtors' consolidated NOL. If the Debtors retain any NOL carryforward after the consummation of the Plan, the special rules of Sections 382(l)(5) and 382(l)(6) of the Tax Code could then be applicable to the Debtors.

6. Alternative Minimum Tax.

In general, an alternative minimum tax ("AMT") is imposed on a corporation's alternative minimum taxable income ("AMTI") at a 20% rate to the extent such tax exceeds the corporation's regular U. S. federal income tax for the year. AMTI is generally equal to regular taxable income with certain adjustments. For purposes of computing AMTI, certain tax deductions and other beneficial allowances are modified or eliminated. For example, except for alternative tax NOLs generated in or deducted as carryforwards in taxable years ending in 2001 and 2002 which can offset 100% of a corporation's AMTI, only 90% of a corporation's AMTI may be offset by available alternative tax NOL carryforwards. Additionally, under Section 56(g)(4)(G) of the Tax Code, an ownership change (as discussed above) that occurs with respect to a corporation having a net unrealized built-in loss in its assets will cause, for AMT purposes, the adjusted basis of each asset of the corporation immediately after the ownership change to be equal to its proportionate share (determined on the basis of respective fair market values) of the fair market value of the assets of the corporation, as determined under Section 382(h) of the Tax Code, immediately before the ownership change.

7. Certain Consequences of Section 5.5.2 of the Plan.

The federal income tax consequences to the Debtors of the transactions described in section 5.5.2 of the Plan are unclear. If the steps outlined in that section are given independent significance, the transfer of the Reorganized Subsidiary Equity Interests to holders of Prepetition Funded Lender Claims would result in the termination of the Debtors' federal consolidated group and would result in income to members of the group from any excess loss accounts or deferred intercompany gains. In addition, the contribution of those interests by Claim holders would not allow the group to elect to file a federal consolidated income tax return for 5 years absent receiving a waiver of the 5-year rule from the Internal Revenue Service. If the steps in section 5.5.2 of the Plan are deemed to occur simultaneously pursuant to the Regulations under Section 1502 of the Tax Code or pursuant to the step transaction doctrine, those steps might be ignored for federal income tax purposes and if so the consolidated group would remain in existence.

B. U.S. HOLDERS.

The following discussion summarizes certain U.S. federal income tax consequences of the implementation of the Plan to U.S. Holders.

1. Certain U.S. Federal Income Tax Consequences to the Exit Revolver Lenders.

The Exit Revolver Lenders will not be subject to U.S. federal income tax upon entering into the Exit Revolver.

The Exit Revolver will likely be treated as a contingent payment debt instrument ("CPDI"), based upon certain mandatory prepayments which are contingent upon net proceeds from certain asset sales, net proceeds from

any equity issued, and excess cash flow pursuant to a formula and based on audited financial statements. The Exit Revolver will be issued for money and will therefore be treated for U.S. federal income tax purposes under the “noncontingent bond method” described under the Treasury Regulations.

Under the noncontingent bond method, a holder of the Exit Revolver must account for interest for U.S. federal income tax purposes based on a “comparable yield” and the differences between actual payments on the instrument and the instrument’s “projected payment schedule” as described below. The comparable yield will be determined by Reorganized BMHC and will take into account the yield at which Reorganized BMHC could issue a fixed rate debt instrument with no contingent payments, but with terms and conditions otherwise similar to those of the Exit Revolver. The comparable yield may be greater than or less than the stated interest with respect to the Exit Revolver.

Solely for the purpose of determining the amount of interest income that holders of the Exit Revolver are required to accrue on the instrument, Reorganized BMHC is required to construct a “projected payment schedule” that represents a series of payments the amount and timing of which would produce a yield to maturity on the instrument equal to the comparable yield used. Neither the comparable yield nor the projected payment schedule will constitute a representation by Reorganized BMHC regarding the actual amount that the Exit Revolver will pay.

Reorganized BMHC will be required to use the comparable yield and projected payment schedule established by Reorganized BMHC in determining interest accruals and adjustments in respect of the instrument, unless a holder timely discloses and justifies the use of a different comparable yield and projected payment schedule to the IRS.

A holder of the Exit Revolver, regardless of its method of accounting for U.S. federal income tax purposes, will be required to accrue interest income on the CPDI at the comparable yield, adjusted upward or downward to reflect the difference, if any, between the actual and the projected amount of any contingent payments on the instrument (as set forth below).

A holder of the Exit Revolver will be required to recognize interest income equal to the amount of any net positive adjustment, which will equal the excess of actual payments over projected payments, in respect of the Exit Revolver for a taxable year. A net negative adjustment, which will equal the excess of projected payments over actual payments, in respect of the Exit Revolver for a taxable year will first reduce the amount of interest in respect of the Exit Revolver that a holder would otherwise be required to include in income in the taxable year, and any excess will give rise to an ordinary loss to the extent that the amount of all previous interest inclusions under the instrument exceeds the total amount of the holder’s net negative adjustments treated as ordinary loss on the instrument in prior taxable years. A net negative adjustment is not subject to the two percent floor limitation imposed on miscellaneous deductions. Any net negative adjustment in excess of the amounts described above will be carried forward to offset future interest income in respect of the Exit Revolver or to reduce the amount realized on a sale, exchange or retirement of the instrument.

Upon a sale, exchange or retirement of an interest in the Exit Revolver (including a delivery of property pursuant to the terms of the instrument), a holder will generally recognize taxable gain or loss equal to the difference between the amount realized on the sale, exchange or retirement and the holder’s adjusted basis in the instrument. If Reorganized BMHC delivers property, other than cash, to a holder in retirement of the Exit Revolver, the amount realized will equal the fair market value of the property, determined at the time of retirement, plus the amount of cash, if any, received in lieu of property. A holder generally will treat any gain as interest income, and any loss as ordinary loss to the extent of the excess of previous interest inclusions in excess of the total net negative adjustments previously taken into account as ordinary losses, and the balance as capital loss. The deductibility of capital losses is subject to limitations. In addition, if a holder recognizes loss above certain thresholds, the holder may be required to file a disclosure statement with the IRS.

2. Certain U.S. Federal Income Tax Consequences to the Exit Term Lenders.

The Exit Term Loan Lenders will not be subject to U.S. federal income tax upon entering into the Exit Term Loan.

Payments of stated interest on the Exit Term Loan will be taxable as ordinary interest income at the time they accrue or are received by a U.S. Holder in accordance with the U.S. Holder's regular method of accounting for U.S. federal income tax purposes. The Exit Term Loan will be issued with original issue discount ("OID") for U.S. federal income tax purposes. The amount of OID on the Exit Term Loan will generally equal the excess of the principal amount of the Exit Term Loan over its issue price. The issue price of the Exit Term Loan will generally equal the amount paid by the Exit Term Loan Lenders for their interests in the Exit Term Loan.

A U.S. Holder of an interest in the Exit Term Loan generally must include in taxable income for any particular taxable year the daily portion of the OID described in the preceding paragraph that accrues on such interest for each day during the taxable year on which the U.S. Holder holds the interest, regardless of the U.S. Holder's usual method of accounting for U.S. federal income tax purposes. Thus, a U.S. Holder will generally be required to include OID in income in advance of the receipt of the cash to which such OID is attributable. The daily portion is determined by allocating to each day of an accrual period (generally, the period between interest payments or compounding dates) a pro rata portion of the OID allocable to such accrual period. The amount of OID that will accrue during an accrual period is the product of the "adjusted issue price" of the interest in the Exit Term Loan at the beginning of the accrual period multiplied by the yield to maturity of the Exit Term Loan less the amount of any stated interest allocable to such accrual period. OID allocable to a final accrual period is the difference between the amount payable at maturity (other than a payment of stated interest) and the adjusted issue price at the beginning of the final accrual period. The adjusted issue price of an interest in the Exit Term Loan at the beginning of an accrual period will equal its issue price, increased by the aggregate amount of OID that has accrued on the interest in all prior accrual periods, and decreased by the aggregate amount of payments of principal made during all prior accrual periods.

A U.S. Holder may elect to treat all interest on the Exit Term Loan as OID and calculate the amount includible in gross income under the constant yield method described above. The election is made for the taxable year in which the U.S. Holder acquired its interest in the Exit Term Loan and may not be revoked without the consent of the IRS.

Upon the sale, exchange, redemption or other taxable disposition of an interest in the Exit Term Loan, a U.S. Holder generally will recognize taxable gain or loss equal to the difference between (i) the sum of cash plus the fair market value of all other property received on such disposition (except to the extent such cash or property is attributable to accrued but unpaid stated interest, which will be treated as ordinary interest income to the extent not so previously taxed) and (ii) such Holder's adjusted tax basis in the Exit Term Loan. A U.S. Holder's adjusted tax basis in an interest in the Exit Term Loan will generally equal the cost of the interest to such Holder (increased by accrued OID and decreased by any previous payment of principal on the interest).

3. Certain U.S. Federal Income Tax Consequences to the U.S. Holders of Allowed Claims that are Paid Solely in Cash.

A Holder who receives solely Cash in exchange for its Allowed Claim pursuant to the Plan will generally recognize income, gain or loss for U.S. federal income tax purposes in an amount equal to the difference between (i) the amount of cash received in exchange for its Allowed Claim, and (ii) the Holder's adjusted tax basis in its Allowed Claim. The character of such gain or loss as capital gain or loss or as ordinary income or loss will be determined by a number of factors, including the tax status of the Holder, the nature of the Allowed Claim in such Holder's hands, whether the Allowed Claim constitutes a capital asset in the hands of the Holder, whether the Allowed Claim was purchased at a discount, and whether and to what extent the Holder has previously claimed a bad debt deduction with respect to its Allowed Claim. To the extent that any amount received by a Holder of an Allowed Claim is attributable to accrued interest, such amount should be taxable to the holder as interest income. Conversely, a Holder of an Allowed Claim may be able to recognize a deductible loss (or, possibly, a write-off against a reserve for worthless debts) to the extent that any accrued interest on the Allowed Claim was previously included in the Holder's gross income but was not paid in full by the Debtors. Such loss should be ordinary.

4. Certain U.S. Federal Income Tax Consequences to U.S. Holders of Allowed Claims that are Paid Using Consideration other than Solely Cash.

Pursuant to the Plan, the following Holders of Allowed Claims will receive consideration other than solely cash in satisfaction of their claims, including but not limited to Term Notes and Reorganized BMHC Equity Interests: (a) Holders of Funded Lender Claims will receive Term Notes and their Pro Rata share of the Reorganized BMHC Equity Interests, and (b) to the extent an L/C Lender Claim is liquidated on or after the Petition Date, Holders of such Claims will receive Term Notes and Reorganized BMHC Equity Interests.

a. In General

The U.S. federal income tax consequences to Holders of Allowed Claims that are not paid solely in Cash under the Plan may vary depending upon, among other things: (i) the type of consideration received by the Holder in exchange for its Allowed Claim; (ii) the nature of the indebtedness owing to the Holder; (iii) whether the Holder has previously claimed a bad debt deduction in respect of such holder's Allowed Claim; and (iv) whether such Allowed Claim constitutes a "security" for purposes of the reorganization provisions of the Tax Code (as described below).

b. Consequences to U.S. Holders of Funded Lender Claims and L/C Lender Claims against BMHC upon Exchange

The federal income tax consequences of the receipt by Holders of Funded Lender Claims and L/C Lender Claims against BMHC of the Term Notes and shares of Reorganized BMHC Equity Interests and the Sale Cash Collateral Excess Proceeds Account Effective Date Amount will depend on whether the Funded Lender Claims against BMHC, L/C Lender Claims against BMHC, and the Term Notes are treated as "securities" (as described below) for tax purposes.

The Tax Code does not contain a definition for the term "securities" for purposes of the reorganization provisions. Whether the Funded Lender Claims against BMHC, L/C Lender Claims against BMHC, and the Term Notes constitute "securities" will depend on case law, which provides that the determination of whether an indebtedness or obligation constitutes a "security" depends upon the nature of the indebtedness or obligation. Important factors to be considered include, among other things, the length of time to maturity, the degree of continuing interest in the issuer, and the purpose of the borrowing. Generally, corporate debt instruments that mature within five years of issuance are not considered "securities" and corporate debt instruments that mature ten years or more from the time of issuance are considered "securities". Whether a debt instrument with a term of five or more, but less than ten, years is a security is unclear. Allowed Claims for accrued interest generally are not considered "securities". Holders of Funded Lender Claims and L/C Lender Claims against BMHC should consult their own tax advisors regarding whether such Claims, and the Term Notes received in exchange therefor, constitute "securities" for these purposes.

If the Funded Lender Claims and L/C Lender Claims against BMHC, as the case may be, are treated as "securities", the exchange of such Claims for Term Notes and shares of Reorganized BMHC Equity Interests and the Sale Cash Collateral Excess Proceeds Account Effective Date Amount should be treated as a recapitalization. Assuming the Term Notes are also treated as "securities", then a Holder of such Claims will recognize gain, but not loss, equal to the lesser of (i) the excess (if any) of (A) the issue price of the Term Notes, the fair market value of the Reorganized BMHC Equity Interests, and the Sale Cash Collateral Excess Proceeds Account Effective Date Amount received in the exchange over (B) such Holder's adjusted tax basis in the Funded Lender Claim or L/C Lender Claim against BMHC exchanged therefor, and (ii) the Sale Cash Collateral Excess Proceeds Account Effective Date Amount (plus the issue price of the Term Notes if the Term Notes are, in fact, not treated as "securities") received in the exchange. Any such gain should be capital in nature. In addition, a Holder will recognize income on account of any portion of the Term Notes, Reorganized BMHC Equity Interests, or Sale Cash Collateral Excess Proceeds Account Effective Date Amount that is treated as issued on account of accrued and unpaid interest that has not been included in income by the Holder. Except for the portion of any consideration that may be allocated to such interest and assuming the Term Notes constitute "securities," a Holder should obtain a tax basis in such Term Notes and Reorganized BMHC Equity Interests equal to the tax basis of the Funded Letter Claims or L/C Lender Claims against BMHC exchanged therefor and a Holder should have a holding period for the Term Notes and Reorganized

BMHC Equity Interests that includes the holding period for the Funded Letter Claims or L/C Lender Claims against BMHC exchanged therefor. If the Term Notes do not constitute “securities,” then a Holder should obtain a tax basis in such Term Notes equal to their issue price and should have a holding period for the Term Notes that begins on the day following the Effective Date.

If the Funded Lender Claims or L/C Lender Claims against BMHC, as the case may be, are not treated as “securities,” a Holder should be treated as exchanging its Funded Lender Claim or L/C Lender Claim against BMHC in a fully taxable exchange. In that case, the Holder should recognize gain or loss equal to the difference between (i) the issue price of the Term Notes, the fair market value of the Reorganized BMHC Equity Interests, and the Sale Cash Collateral Excess Proceeds Account Effective Date Amount received as of the Effective Date that is not allocable to accrued interest, and (ii) the Holder’s tax basis in the Funded Letter Claim or L/C Lender Claim against BMHC surrendered by the Holder. Such gain or loss should be capital in nature and should be long-term capital gain or loss if the Funded Lender Claim or L/C Lender Claim against BMHC, as the case may be, was a capital asset and held for more than one year by the Holder. To the extent that a portion of the consideration is allocable to accrued interest, the Holder may recognize ordinary income. A Holder’s holding period for the Term Notes and Reorganized BMHC Equity Interests should begin on the day following the Effective Date.

c. Consequences to U.S. Holders of Funded Lender Claims and L/C Lender Claims against Debtors other than BMHC upon Exchange

A U.S. Holder of Funded Lender Claims and L/C Lender Claims against a Debtor other than BMHC who receives the Term Notes and a share of the Reorganized BMHC Equity Interests and the Sale Cash Collateral Excess Proceeds Account Effective Date Amount will recognize gain, but not loss, equal to the lesser of (i) the issue price of the Term Notes, the fair market value of the Reorganized BMHC Equity Interest, and the Sale Cash Collateral Excess Proceeds Account Effective Date Amount received in the exchange over (B) such Holder’s adjusted tax basis in the Funded Lender Claim or L/C Lender Claim against a Debtor other than BMHC exchanged therefor, and (ii) the Sale Cash Collateral Excess Proceeds Account Effective Date Amount plus the issue price of the Term Notes received in the exchange. Any such gain should be capital in nature. In addition, a Holder will recognize income on account of any portion of the Term Notes, Reorganized BMHC Equity Interest, or Sale Cash Collateral Excess Proceeds Account Effective Date Amount that is treated as issued on account of accrued and unpaid interest that has not been included in income by the Holder. Except for the portion of any consideration that may be allocated to such interest, a Holder should obtain a tax basis in such Reorganized BMHC Equity Interest equal to the tax basis of the Funded Letter Claims or L/C Lender Claims against a Debtor other than BMHC exchanged therefor and a Holder should have a holding period for the Reorganized BMHC Equity Interest that includes the holding period for the Funded Letter Claims or L/C Lender Claims against a Debtor other than BMHC exchanged therefor. A holder should obtain a tax basis in the Term Notes equal to their issue price and should have a holding period for the Term Notes that begins on the day following the Effective Date.

d. Consequences to Ownership of Term Notes

The Term Notes will likely be treated as a CPDI, because the Term Notes provide for certain mandatory prepayments as described above under “*Certain U.S. Federal Income Tax Consequences to the Exit Revolver Lenders.*” As the Term Notes will be issued for the Funded Lender Claims and L/C Lender Claims, which constitute non-publicly traded property, such Term Notes should be subject to the “bifurcation method” rather than the “noncontingent bond method”, each as described under the Treasury Regulations. In general, if the bifurcation method applies to a debt instrument (the “overall debt instrument”), the debt is broken down into two pieces, each of which is subject to a different rule.

The contingent portion is includible in gross income by the holder and deductible by the issuer in their respective taxable years in which the payment is made. To determine the principal and interest component of each contingent payment, each contingent payment is discounted back to the issue date upon receipt using the Applicable Federal Rate as of the issue date. The discounted amount represents principal while the remainder is interest.

The noncontingent payments are treated as a separate debt instrument, the issue price of which is the issue price of the overall debt instrument, which equals the lesser of the instrument’s noncontingent principal payments and the sum of the present values of the noncontingent payments. This separate instrument is taxed under the

general rules relating to instruments with original issue discount (“OID”), with certain exceptions. In general, OID will be equal to the excess of the stated redemption price at maturity of the notes over their issue price. A note’s stated redemption price at maturity is generally defined as the sum of all payments provided by the note other than “qualified stated interest,” except that under the bifurcation method none of the payments will constitute qualified stated interest. A holder will be required to include in gross income all OID as it accrues on a constant yield to maturity basis, before the receipt of cash payments attributable to this income. The amount of OID includible in gross income by a holder of a note for a taxable year will be the sum of the daily portions of OID with respect to the note for each day during that taxable year on which the holder holds the note. The daily portion is determined by allocating to each day in an “accrual period” a pro rata portion of the OID allocable to that accrual period. The OID allocable to any accrual period will equal the product of the adjusted issue price of the note as of the beginning of such period and the note’s yield to maturity. The adjusted issue price of a note as of the beginning of any accrual period will equal its issue price, increased by previously accrued OID, and decreased by the amount of any payments made on the note. A holder’s tax basis in a note will be increased by the amount of OID that is includible in the holder’s gross income. A holder will not be required to recognize any additional income upon the receipt of any payment on the notes that is attributable to previously accrued OID, but will be required to reduce its tax basis in the notes by the amount of such payment.

Upon the sale, exchange or retirement of the Term Notes under the bifurcation method, the holder must allocate that amount received first to the noncontingent component in an amount up to the adjusted issue price of the noncontingent component. Any remaining amount then is allocated to the contingent component. The amount allocated to the noncontingent component is treated as realized from the sale or exchange of this component. Gain or loss would equal the excess of the amount realized in exchange therefor and the adjusted basis of the noncontingent component, which would generally equal the adjusted issue price. Such gain or loss should be capital in nature and should be long-term capital gain or loss if the Term Notes were capital assets and held for more than one year by the holder. The amount allocated to the contingent component is treated as a contingent payment made on the date of the sale, exchange or retirement of the CPDI, and is characterized as principal and interest under the general rules for the treatment of contingent payments.

5. Certain U.S. Federal Income Tax Consequences to U.S. Holders of Interests in BMHC.

Pursuant to the Plan, Holders of Interests in BMHC will have such Interests cancelled without any distribution. A Holder of Interests in BMHC will generally be entitled to a loss equal to the Holder’s adjusted basis in such Interests. Such loss will generally be capital in nature. The deductibility of capital losses is subject to limitations.

6. Certain U.S. Federal Income Tax Consequences to U.S. Holders of Other Secured Claims, L/C General Unsecured Claims, Intercompany Claims and Intercompany Interests.

Pursuant to the Plan, Other Secured Claims, L/C General Unsecured Claims, Intercompany Claims and Intercompany Interests shall be reinstated. If any such Claim or Interest is reinstated, the Holder of such Claim or Interest should not recognize gain or loss except to the extent collateral securing such Claim is changed, and the change in collateral constitutes a “significant modification” of the Claim within the meaning of Regulations promulgated under Section 1001 of the Tax Code.

7. Certain U.S. Federal Income Tax Consequences to U.S. Holders of Section 510(b) Claims.

Pursuant to the Plan, each Section 510(b) Claim shall be cancelled without any distribution. A Holder may be entitled in the year of cancellation (or in an earlier year) to a bad debt deduction in some amount under Section 166(a) of the Tax Code to the extent of such Holder’s tax basis in the Section 510(b) Claim. The rules governing the timing and amount of bad debt deductions place considerable emphasis on the facts and circumstances of the holder, the obligor and the instrument with respect to which a deduction is claimed. Holders of Section 510(b) Claims therefore are urged to consult their tax advisors with respect to their ability to take such a deduction.

8. Market Discount.

If a Holder of an Allowed Claim purchased the underlying security or debt obligation at a price less than its issue price, the difference would constitute “market discount” for U.S. federal income tax purposes. Any gain recognized by a holder on the exchange of its Allowed Claim on the Effective Date should be treated as ordinary income to the extent of any market discount accrued on the underlying securities or debt obligation by the holder on or prior to the date of the exchange. Any additional accrued but unrecognized market discount should carry over to any “securities” (as described above) or debt obligation received in a tax-free exchange pursuant to the Plan, and should be allocated among such securities or debt obligation based upon their relative fair market values as of the Effective Date. Any gain recognized by such Holder on a subsequent disposition of such securities or debt obligation received under the Plan may be treated as ordinary income to the extent of such accrued but unrecognized market discount.

9. Certain U.S. Federal Income Tax Consequences of Ownership by U.S. Holders of Reorganized BMHC Equity Interests Issued Pursuant to the Plan.

a. Distributions

The gross amount of any distribution of Cash or property made to a holder with respect to the Reorganized BMHC Equity Interests generally will be includible in gross income by such holder as dividend income to the extent such distributions are paid out of the current or accumulated earnings and profits of Reorganized BMHC as determined under U.S. federal income tax principles. Dividends received by corporations may qualify for a dividends-received-deduction if certain holding period and taxable income requirements are satisfied, but such corporate holders may be subject to “extraordinary dividend” provisions of the Tax Code. Dividends received by non-corporate holders in taxable years beginning before January 1, 2011 may qualify for a reduced rate of taxation if certain holding period and other requirements are met.

A distribution in excess of Reorganized BMHC’s current and accumulated earnings and profits will first be treated as a return of capital to the extent of the holder’s adjusted basis in the Reorganized BMHC Equity Interests and will be applied against and reduce such basis. To the extent that such distribution exceeds the holder’s adjusted basis in its Reorganized BMHC Equity Interest, the distribution will be treated as capital gain, which will be treated as long-term capital gain if such holder’s holding period in its Reorganized BMHC Equity Interests exceeds one year as of the date of the distribution. Long term capital gains may be eligible for reduced rates of taxation.

b. Sale or Exchange of Reorganized BMHC Equity Interests

For U.S. federal income tax purposes, a holder generally will recognize capital gain or loss on the sale, exchange, or other taxable disposition of any of its Reorganized BMHC Equity Interests in an amount equal to the difference, if any, between the amount realized for the Reorganized BMHC Equity Interests and the holder’s adjusted tax basis in such interests. Capital gains of non-corporate holders derived with respect to a sale, exchange, or other disposition of Reorganized BMHC Equity Interests held for more than one year may be eligible for reduced rates of taxation. The deductibility of capital losses is subject to limitations.

10. Backup Withholding Tax and Information Reporting Requirements.

U.S. federal backup withholding tax and information reporting requirements generally apply to certain payments to certain non-corporate holders of the Reorganized BMHC Equity Interests or debt obligations of the Debtors regardless of whether such interests or debt obligations existed prior to the Plan or were issued pursuant to the Plan. Information reporting generally will apply to payments under the Plan and to payments of dividends on, interest on, and proceeds from the sale or redemption of the Reorganized BMHC Equity Interests or debt obligations made within the United States to a holder of the Reorganized BMHC Equity Interests or debt obligations. A payor will be required to withhold backup withholding tax from any payments made under the Plan, and payments of dividends on, interest on or the proceeds from the sale or redemption of, the Reorganized BMHC Equity Interests or debt obligations within the United States to a holder, other than an exempt recipient, if such holder fails to furnish its

correct taxpayer identification number or otherwise fails to comply with, or establish an exemption from, such backup withholding tax requirements. The backup withholding tax rate is currently 28 percent.

Backup withholding is not an additional tax. Amounts withheld under the backup withholding rules may be credited against a holder's United States federal income tax liability, and a holder may obtain a refund of any excess amounts withheld under the backup withholding rules by filing an appropriate claim for refund with the IRS.

C. NON-U.S. HOLDERS.

The following discussion summarizes certain U.S. federal income tax consequences of the implementation of the Plan to non-U.S. Holders. This summary does not address all aspects of U.S. federal income taxes that may be relevant to non-U.S. Holders in light of their personal circumstances and does not deal with federal taxes other than the federal income tax or with foreign, state, local or other tax considerations. Special rules, not discussed here, may apply to certain non-U.S. Holders, including:

- U.S. expatriates;
- controlled foreign corporations;
- passive foreign investment companies; and
- corporations that accumulate earnings to avoid U.S. federal income tax.

Such non-U.S. Holders should consult their own tax advisors to determine the U.S. federal, state, local and other tax consequences that may be relevant to them.

1. Exchange and Subsequent Dispositions.

A non-U.S. Holder generally will not be subject to U.S. federal income tax on any gain or loss recognized in the Plan or in a subsequent disposition of interests in the Exit Revolver, Exit Term Loan, Term Notes or Reorganized BMHC Equity Interests received in the exchange, unless:

--the gain or loss is effectively connected with the conduct of a U.S. trade or business carried on by the holder (and, under the terms of an applicable income tax treaty, the gain is attributable to a U.S. permanent establishment),

--in the case of an individual holder, the holder is present in the United States for 183 days or more during the taxable year (or otherwise has a "tax home" in the United States) and certain other conditions are met, or

--BMHC or Reorganized BMHC, as the case may be, was or will be a United States real property holding corporation ("USRPHC") at any time within the shorter of the five-year period preceding such disposition or such holder's holding period.

2. Interest on the Exit Revolver, Exit Term Loan and Term Notes.

Generally any interest paid to a non-U.S. Holder of the Exit Revolver, Exit Term Loan or Term Notes will not be subject to U.S. federal income tax if the interest qualifies as "portfolio interest." Interest on the Exit Revolver, Exit Term Loan and Term Notes generally will qualify as portfolio interest if:

--the non-U.S. Holder does not actually or constructively own 10% or more of the total voting power of any of the Reorganized Debtors' voting stock;

--such Holder is not a "controlled foreign corporation" with respect to which any of the Reorganized Debtors is a "related person" within the meaning of the Code;

--either the beneficial owner, under penalties of perjury, certifies that the beneficial owner is not a United States person and such certificate provides the beneficial owner's name and address, or a securities clearing organization, bank or other financial institution that holds customers' securities in the ordinary course of its trade or business and holds the Exit Revolver, Exit Term Loan or Term Notes certifies, under penalties of perjury, that such a statement has been received from the beneficial owner by it or by a financial institution between it and the beneficial owner; and

--the non-U.S. Holder is not a bank receiving interest on the extension of credit made pursuant to a loan agreement made in the ordinary course of its trade or business.

The gross amount of payments to a non-U.S. Holder of interest that does not qualify for the portfolio interest exemption will be subject to U.S. withholding tax at the rate of 30%, unless a U.S. income tax treaty applies to reduce or eliminate such withholding tax. To claim the benefit of a tax treaty, a non-U.S. Holder must provide a properly executed IRS Form W-8BEN (or such successor form as the IRS designates) prior to the payment of interest. The non-U.S. Holder must provide the form to the Reorganized Debtors or their paying agent, or in the case of a note held through a securities clearing organization, bank or other financial institution holding customers' securities in the ordinary course of its trade or business, to such organization, bank or other financial institution, which must in turn provide to the Reorganized Debtors or their paying agent a statement that it has received the form and furnish a copy thereof; provided, that a foreign financial institution will fulfill this requirement by filing IRS Form W-8IMY if it has entered into an agreement with the IRS to be treated as a qualified intermediary. These forms must be periodically updated. A non-U.S. Holder who is claiming the benefits of a treaty may be required in certain instances to obtain a U.S. taxpayer identification number and to provide certain documentary evidence issued by foreign governmental authorities to prove residence in the foreign country.

3. Dividends.

Dividends paid to a non-U.S. Holder (to the extent paid out of our current or accumulated earnings and profits, as determined for U.S. federal income tax purposes) generally will be subject to withholding of U.S. federal income tax at a 30% rate or such lower rate as may be specified by an applicable income tax treaty.

If you wish to claim the benefit of an applicable treaty rate and to avoid backup withholding tax, as discussed below, for dividends, then you must (a) provide the withholding agent with a properly completed IRS Form W-8BEN (or other applicable form), and certify under penalties of perjury that you are not a U.S. person and are eligible for treaty benefits or (b) if our common stock is held through certain foreign intermediaries, satisfy the relevant certification requirements of applicable U.S. Treasury regulations. Special certification and other requirements apply to certain non-U.S. Holders other than corporations or individuals.

If you are eligible for a reduced rate of U.S. withholding tax pursuant to an income tax treaty, then you may obtain a refund of any excess amounts withheld by timely filing an appropriate claim for refund with the IRS.

4. Withholding, Backup Withholding and Information Reporting.

The Reorganized Debtors will be required to report annually to the IRS and to you the amount of interest and dividends paid to you and the amount of tax, if any, withheld with respect to such interest and dividends. The IRS may make the information returns reporting such interest and dividends and withholding available to the tax authorities in the country in which you are resident.

In addition, you may be subject to information reporting requirements and backup withholding tax with respect to interest and dividends paid on, and the proceeds of disposition of, the Exit Revolver, Exit Term Loan, Term Notes and Reorganized BMHC Equity Interests unless, generally, you certify under penalties of perjury (usually on IRS Form W-8BEN) that you are not a U.S. person or you otherwise establish an exemption.

Any amounts withheld under the backup withholding tax rules may be allowed as a refund or a credit against your U.S. federal income tax liability, provided the required information is timely furnished by you to the IRS.

The U.S. federal income tax consequences of the Plan are complex. The foregoing summary does not discuss all aspects of U.S. federal income taxation that may be relevant to a particular Holder in light of such Holder's circumstances and income tax situation. All Holders of Claims should consult with their tax advisors as to the particular tax consequences to them of the transaction contemplated by the Plan, including the applicability and effect of any state, local, or foreign tax laws and of any change in applicable tax laws.

XX. CONCLUSION AND RECOMMENDATION

DEFINED TERMS, RULES OF INTERPRETATION, AND COMPUTATION OF TIME

1.1. Definitions. As used in the Plan, capitalized terms not otherwise defined herein shall have the meanings specified in Appendix A. Unless the context otherwise requires, any capitalized term used and not defined in the Plan, but that is defined in the Bankruptcy Code, shall have the meaning assigned to that term in the Bankruptcy Code. Unless otherwise specified, all section, article, schedule, or exhibit references in the Plan are to the respective section in, article of, or schedule or exhibit to, the Plan, as the same may be amended, waived, or modified from time to time.

1.2. Rules of Construction. For purposes of the Plan, unless otherwise provided herein: (i) any reference in the Plan to a contract, instrument, release, indenture, or other agreement, whether existing or contemplated, or document being in a particular form or on particular terms and conditions means that such document shall be substantially in such form or substantially on such terms and conditions, (ii) unless otherwise specified, all references in the Plan to the Introduction, Articles, and Sections are references to the Introduction, Articles, and Sections of or to the Plan, (iii) captions and headings to Articles and Sections are intended for convenience of reference only and are not intended to be part of or to affect interpretation of the Plan, (iv) the words "herein," "hereof," "hereunder," "hereto," and other words of similar import refer to the Plan in its entirety rather than to a particular portion of the Plan, (v) whenever it appears appropriate from the context, each pronoun stated in the masculine, feminine, or neuter includes the masculine, feminine, and neuter, and (vi) the rules of construction set forth in section 102 of the Bankruptcy Code and in the Bankruptcy Rules shall apply.

1.3. Computation of Time. In computing time prescribed or allowed by the Plan, unless otherwise expressly provided, Bankruptcy Rule 9006(a) shall apply.

II.

TREATMENT OF ADMINISTRATIVE EXPENSE CLAIMS, PRIORITY TAX CLAIMS AND PROFESSIONAL COMPENSATION CLAIMS AGAINST THE DEBTORS

2.1. *Administrative Expense Claims.* On the later of (i) the Effective Date or (ii) if the Administrative Expense Claim is not Allowed as of the Effective Date, 30 days after the date on which an Administrative Expense Claim becomes Allowed, the Debtors or Reorganized Debtors shall either (x) pay to each Holder of an Allowed Administrative Expense Claim, in Cash, the full amount of such Allowed Administrative Expense Claim, or (y) satisfy and discharge such Administrative Expense Claim in accordance with such other terms that the Debtors or Reorganized Debtors and such Holder shall have agreed upon; *provided, however*, that such agreed-upon treatment shall not be more favorable than the treatment provided in clause (x). Other than with respect to Professional Compensation Claims and Cure Claims, notwithstanding anything in the Plan to the contrary (including, without limitation, any other provision that purports to be preemptory or supervening or grants an injunction or release), (a) if an Administrative Expense Claim arises (i) based on liabilities incurred in, or to be paid in, the ordinary course of business during the Postpetition Period or (ii) pursuant to an Executory Contract (including, but not limited to, the Debtors' Insurance Policies and Agreements that are treated as Executory Contracts under the Plan), the Holder of such Administrative Expense Claim shall be paid in Cash by the applicable Debtor (or after the Effective Date, by the applicable Reorganized Debtor) pursuant to the terms and conditions of the particular transaction and/or agreements giving rise to such Administrative Expense Claim without the need or requirement for the Holder of such Administrative Expense Claim to file a motion, application, claim or request for allowance or payment of an Administrative Expense Claim with the Bankruptcy Court and (b) such Administrative Expense Claims shall be Allowed Claims; *provided, however*, that nothing limits the ability of any applicable Debtor or Reorganized Debtor to dispute (or the Holder of such Administrative Expense Claim to assert and/or defend) the validity or amount of any such Administrative Expense Claim and/or to bring an action in the appropriate forum.

2.2. *Professional Compensation Claims.* Notwithstanding any other provision of the Plan dealing with Administrative Expense Claims, any Person asserting a Professional Compensation Claim shall, no later than thirty (30) days after the Confirmation Date, file a final application for allowance of compensation for services rendered and reimbursement of expenses incurred through the Confirmation Date. To the extent that such an award is granted by the Bankruptcy Court, the requesting Person shall receive: (i) payment of Cash in an amount equal to the amount Allowed by the Bankruptcy Court less all interim compensation paid to such Professional during the Chapter 11 Cases, such payment to be made within the later of (a) the Effective Date or (b) three (3) business days after the Order granting such Person's final fee application becomes a Final Order; (ii) payment on such other terms as may be mutually agreed upon by the Holder of the Professional Compensation Claim and BMHC or Reorganized BMHC, as applicable (but in no event shall the payment exceed the amount Allowed by the Bankruptcy Court); or (iii) payment in accordance with the terms of any applicable administrative procedures orders entered by the Bankruptcy Court, including the Interim Compensation Order, dated July 16, 2009. All Professional Compensation Claims for services rendered after the Confirmation Date shall be paid by Reorganized BMHC (or the Debtors prior to the Effective Date) upon receipt of an invoice therefor, or on such other terms as Reorganized BMHC (or the Debtors prior to the Effective Date) and the Professional may agree, without the requirement of any order of the Bankruptcy Court.

2.3. *Priority Tax Claims.* Except to the extent that a Holder of an Allowed Priority Tax Claim agrees to a less favorable treatment, in full and final satisfaction, settlement, release, and discharge of and in exchange for each Allowed Priority Tax Claim, each Holder of such Allowed Priority Tax Claim shall be treated in accordance with the terms set forth in section 1129(a)(9)(C) of the Bankruptcy Code. If the Reorganized Debtors substantially default on the payment of a tax due to the

Internal Revenue Service under the Plan, the entire tax debt owed to the Internal Revenue Service shall become due and payable immediately, and the Internal Revenue Service may collect these unpaid tax liabilities through the administrative collection provisions of the Internal Revenue Code.

2.4. DIP Facility. Notwithstanding any other provision of the Plan dealing with Administrative Expense Claims, Administrative Expense Claims arising under the DIP Facility shall be Allowed Administrative Expense Claims on the Effective Date and shall be paid in full in Cash on the Effective Date, and all excess Cash in the Cash Collateral Account shall remain with Reorganized BMHC.

2.5. U.S. Trustee Fees. U.S. Trustee Fees incurred by the U.S. Trustee prior to the Effective Date shall be paid on the Distribution Date in accordance with the applicable schedule for payment of such fees. Until each of the Chapter 11 Cases is closed by entry of a final decree of the Bankruptcy Court, the Reorganized Debtors shall pay additional U.S. Trustee Fees incurred in accordance with the applicable schedule for the payment of such fees.

III.

6.2. *Vacation/Personal Time Off Programs and Agreements.* Notwithstanding anything in the Plan to the contrary, the applicable Debtors shall assume and adopt that certain BMHC-BMC West Vacation Policy 2009, which was in effect as of the Petition Date (the "Vacation Policy") and shall perform under the Vacation Policy in the ordinary course of business. All other agreements, plans or policies relating to vacation or personal time off, including agreements, plans or policies of Subsidiary Debtors that have been in effect from time to time and any contractual commitments or accepted offers of employment that contain more favorable vacation or personal time off terms than the Vacation Policy, shall be rejected effective as of the Confirmation Date.

6.3. *Claims Based on Rejection of Executory Contracts or Unexpired Leases.* All Proofs of Claim with respect to Claims arising from the rejection of Executory Contracts or Unexpired Leases, pursuant to the Plan or the Confirmation Order, including with respect to rejected vacation and/or paid time off programs or agreements, must be filed with the Bankruptcy Court within 30 days after the date of entry of an order of the Bankruptcy Court (including the Confirmation Order) approving such rejection. Any Claims arising from the rejection of an Executory Contract or Unexpired Lease not filed with the Bankruptcy Court within such time will be automatically disallowed, forever barred from assertion, and shall not be enforceable against the Debtors or the Reorganized Debtors, the Estates, or their property without the need for any objection by the Reorganized Debtors or further notice to, or action, order, or approval of the Bankruptcy Court. All Allowed Claims arising from the rejection of the Debtors' Executory Contracts or Unexpired Leases shall be classified as General Unsecured Claims and shall be treated in accordance with Section 4.6 or 4.8 of the Plan, whichever may be applicable.

6.4. *Cure of Defaults.* Any monetary defaults under each Executory Contract and Unexpired Lease to be assumed pursuant to the Plan shall be satisfied, pursuant to section 365(b)(1) of the Bankruptcy Code, by payment of the Cure Claim in Cash on the Effective Date, subject to the limitation described below, or on such other terms as the parties to such Executory Contracts or Unexpired Leases may otherwise agree. In the event of a dispute regarding (i) the Cure Claim, (ii) the ability of the Reorganized Debtors or any assignee to provide "adequate assurance of future performance" (within the meaning of section 365 of the Bankruptcy Code) under the Executory Contract or Unexpired Lease to be assumed, or (iii) any other matter pertaining to assumption, the payments required by section 365(b)(1) of the Bankruptcy Code in respect of Cure Claims shall be made following the entry of a Final Order or orders resolving the dispute and approving the assumption. At least 20 days prior to the Confirmation Hearing, the Debtors shall provide for notices of proposed assumption and proposed Cure Claims to be sent to applicable third parties. Any objection by a counterparty to an Executory Contract or Unexpired Lease to a proposed assumption or related Cure Claim must be filed and served in accordance with, and otherwise comply with, the provisions of the Disclosure Statement Approval Order related to assumption of Executory Contracts and Unexpired Leases. Any counterparty to an Executory Contract or Unexpired Lease that fails to object timely to the proposed assumption or Cure Claim will be deemed to have assented to such assumption and Cure Claim. If an objection to a proposed Cure Claim is sustained by the Bankruptcy Court, the Reorganized Debtors may elect to reject such Executory Contract or Unexpired Lease in lieu of assuming it.

Assumption of any Executory Contract or Unexpired Lease pursuant to the Plan or otherwise shall result in the full release and satisfaction of any Claims or defaults, whether monetary or nonmonetary, including defaults of provisions restricting the change in control or ownership interest composition or other bankruptcy-related defaults, arising under any assumed Executory Contract or

Unexpired Lease at any time prior to the effective date of assumption. Any Proofs of Claim filed with respect to an Executory Contract or Unexpired Lease that has been assumed shall be deemed disallowed and expunged, without further notice to or action, order, or approval of the Bankruptcy Court.

6.5. *Contracts and Leases Entered into after the Petition Date.* Contracts and leases entered into during the Postpetition Period by any Debtor, including any Executory Contracts and Unexpired Leases assumed by such Debtor, will be performed by the Debtor or Reorganized Debtor liable thereunder in the ordinary course of its business. Accordingly, such contracts and leases (including any assumed Executory Contracts and Unexpired Leases) will survive and remain unaffected by entry of the Confirmation Order.

6.6. *Modifications, Amendments, Supplements, Restatements, or Other Agreements.* Unless otherwise provided in the Plan, each Executory Contract or Unexpired Lease that is assumed shall include all modifications, amendments, supplements, restatements, or other agreements that in any manner affect such Executory Contract or Unexpired Lease, and all Executory Contracts and Unexpired Leases related thereto, if any, including all easements, licenses, permits, rights, privileges, immunities, options, rights of first refusal, and any other interests, unless any of the foregoing agreements has been previously rejected or repudiated or is rejected or repudiated under the Plan.

Modifications, amendments, supplements, and restatements to any prepetition Executory Contracts and Unexpired Leases that have been executed by the Debtors during the Chapter 11 Cases shall not be deemed to alter the prepetition nature of the Executory Contract or Unexpired Lease, or the validity, priority, or amount of any Claims that may arise in connection therewith.

6.7. *Reservation of Rights.* Neither the exclusion nor inclusion of any Executory Contract or Unexpired Lease on the Rejected Executory Contract and Unexpired Lease List, nor anything contained in the Plan, shall constitute an admission by the Debtors that any such contract or lease is in fact an Executory Contract or Unexpired Lease or that any Reorganized Debtor has any liability thereunder. If there is a dispute regarding whether a contract or lease is or was executory or unexpired at the time of assumption or rejection, the Debtors or Reorganized Debtors, as applicable, shall have 30 days following entry of a Final Order resolving such dispute to alter their treatment of such contract or lease.

VII. MEANS OF IMPLEMENTATION OF THE PLAN

7.1. *General Settlement of Claims.* As discussed in detail in the Disclosure Statement and as otherwise provided herein, pursuant to section 1123 of the Bankruptcy Code and Bankruptcy Rule 9019, and in consideration for the classification, Distribution, releases, and other benefits provided under the Plan, upon the Effective Date, the provisions of the Plan shall constitute a good faith compromise and settlement of all Claims and Interests and controversies resolved pursuant to the Plan. Subject to Article VIII, all Distributions made to Holders of Allowed Claims in any Class are intended to be and shall be final.

7.2. *Sources of Consideration for Plan Distributions.*

7.2.1. *The Exit Credit Facilities.* On the Effective Date, the Reorganized Debtors shall enter into the Exit Credit Facilities consisting of the Exit Revolver and the Exit Term Loan. Reorganized Debtors and the Exit Revolver Lenders may deem to be reasonably necessary to consummate such Exit Revolver; and (ii) the Exit Term Loan documents, subject to such modifications as the Reorganized Debtors and the Exit Term Loan Lenders may deem to be reasonably necessary to consummate such Exit Term Loan. The Term Notes shall be issued to the Holders of Allowed Funded Lender Claims and L/C Lender Claims as provided in Sections 4.2 and 4.3 of the Plan. Holders of the Term Notes shall be entitled to receive, among other things, an amount equal to 100% of the Excess Cash Flow, determined on an annual basis based upon delivery of audited financial statements by Reorganized BMHC. All persons receiving Term Notes pursuant to the Plan are, by their acceptance of such Term Notes, deemed to be parties to and bound by the Term Loan Credit Agreement and all documents related thereto, including but not limited to the Intercreditor Agreement.

7.2.3. *Issuance of Reorganized BMHC Equity Interests.*

7.2.3.1. The issuance of the Reorganized BMHC Equity Interests, including Reorganized BMHC Equity Interests issuable in respect of the L/C Lender Equity Reserve and for options, or other equity awards, if any, in respect of the Long Term Incentive Plan, by Reorganized BMHC is authorized without the need for any further corporate action or without any further action by the Holders of Claims or Interests. An unlimited number of common shares shall be authorized under the New Certificate of Incorporation of Reorganized BMHC. The Reorganized BMHC Equity Interests, less reserves for the L/C Lender Equity Reserve and for options, or other equity awards, if any, in respect of the Long Term Incentive Plan, will be issued (i) to Holders of Allowed Funded Lender Claims on the Effective Date and (ii) if applicable and as and to the extent provided in Section 4.3 of the Plan, to Holders of Allowed L/C Lender Claims on the Effective Date and from time to time thereafter.

7.2.3.2. All of the shares of Reorganized BMHC Equity Interests issued pursuant to the Plan shall be duly authorized, validly issued, fully paid, and non-assessable. Each distribution and issuance referred to in Article VIII hereof shall be governed by the terms and conditions set forth in the Plan applicable to such distribution or issuance and by the terms and conditions of the instruments evidencing or relating to such distribution or issuance, which terms and conditions shall bind each Person receiving such distributions or issuance.

7.2.3.3. The Reorganized BMHC Equity Interest Effective Date Issuance shall be subject to adjustment in the reasonable discretion of Reorganized BMHC to effectuate the

terms of the Plan. Shares of Reorganized BMHC Equity Interests issuable to Holders of Allowed L/C Lender Claims from time to time after the Effective Date pursuant to Section 4.3.2.2 shall be subject to adjustment from time to time for any stock splits, stock dividends, reverse stock splits, reclassifications and the like occurring after the Effective Date in respect of the Reorganized BMHC Equity Interests.

7.2.3.4. Upon the Effective Date, in the event that Reorganized BMHC determines that a Shareholder Agreement is advisable, then Reorganized BMHC shall enter into such agreement with each Person that is to be a counter-party thereto and such agreement shall be deemed to be valid, binding, and enforceable in accordance with its terms. All persons receiving Reorganized BMHC Equity Interests pursuant to the Plan, by their acceptance of such BMHC Equity Interests, are deemed to be parties to and bound by the Shareholder Agreement and all documents related thereto.

7.2.4. Avoidance Actions. Avoidance Actions are hereby expressly preserved and shall vest in the applicable Reorganized Debtor on the Effective Date.

7.2.5. Unsecured Cash Fund. On the Effective Date, or as soon thereafter as reasonably practicable, the Reorganized Debtors shall fund the Unsecured Cash Fund into the Unsecured Cash Distribution Account.

Except as provided herein, each Debtor will continue to exist on or after the Effective Date as a separate corporate entity, with all the powers of a corporation or limited liability company, as the case may be, under applicable law and without prejudice to any right to alter or terminate such existence (whether by merger, dissolution, or otherwise) under applicable law.

7.5. Revesting of Assets. Except as expressly provided herein, the Assets of each Debtor's Estate shall revest with the respective Reorganized Debtor on the Effective Date. The Bankruptcy Court shall retain jurisdiction to determine disputes as to property interests created or vested by the Plan. From and after the Effective Date, the Reorganized Debtors may operate their businesses, and may use, acquire, and dispose of property free of any restrictions of the Bankruptcy Code, except as provided herein. As of the Effective Date, all property of the Reorganized Debtors shall be free and clear of all Claims and Interests, except as, and to the extent, provided in the Plan.

7.6. Merger. On the Effective Date, the Reorganized Debtors may (i) effectuate the transactions described in the Restructuring Transactions Memorandum, if any (ii) merge, dissolve, transfer assets, or otherwise consolidate any of the Debtors in furtherance of the Plan or (iii) engage in any other transaction in furtherance of the Plan. Any such transaction may be effected on or subsequent to the Effective Date without any further action by Holders of Interests or the directors of any of the Debtors.

7.7. Cancellation of Securities and Agreements. On the Effective Date, except as otherwise specifically provided for in the Plan: (i) the obligations of the Debtors under the Prepetition Credit Agreement, DIP Facility, and any other Certificate, Interest, Equity Security, share, note, bond, indenture, purchase right, option, warrant, or other instrument or document directly or indirectly evidencing or creating any indebtedness or obligation of or ownership interest in the Debtors giving rise to any Claim, Interest, or Equity Security (except such Certificates, notes, or other instruments or

document evidencing indebtedness or obligation of or ownership interest in the Debtors that are reinstated pursuant to the Plan) shall be cancelled solely as to the Debtors and their affiliates, and the Reorganized Debtors shall not have any continuing obligations thereunder; and (ii) the obligations of the Debtors pursuant, relating, or pertaining to any agreements, indentures, certificates of designation, bylaws, or certificate or articles of incorporation or similar documents governing the shares, Certificates, notes, bonds, indentures, purchase rights, options, warrants, or other instruments or documents evidencing or creating any indebtedness or obligation of or ownership interest in the Debtors (except such agreements, Certificates, notes, or other instruments evidencing indebtedness or obligations of or ownership interest in the Debtors that are specifically reinstated pursuant to the Plan) shall be released and discharged; *provided, however*, that notwithstanding Confirmation or consummation, any such agreement that governs the rights of the Holder of a Claim shall continue in effect solely for purposes of allowing Holders to receive distributions under the Plan; provided, further, however, that the preceding proviso shall not affect the discharge of Claims or Interests pursuant to the Bankruptcy Code, the Confirmation Order, or the Plan, or result in any expense or liability to the Reorganized Debtors; and *provided, further, however*, that the foregoing shall not effect the cancellation of the Reorganized BMHC Equity Interests issued pursuant to the Plan in Reorganized BMHC, nor any other shares held by one Debtor in another Debtor, except in connection with any Restructuring Transactions implemented by the Reorganized Debtors.

7.8. *Reorganized BMHC.* On the Effective Date, the New Board of Reorganized BMHC shall be established and Reorganized BMHC shall adopt its New Bylaws. As soon after the Effective Date as reasonably practicable, Reorganized BMHC shall adopt the Long Term Incentive Plan. Reorganized BMHC shall be authorized to adopt any other agreements, documents, and instruments and to take any other action contemplated by the Plan as necessary and desirable to consummate the Plan.

7.9. *Post Effective Date Management.* Except as expressly provided in the Plan and the Debtors' certificate of incorporation and the New Certificates of Incorporation, which may be amended from time to time, the operation, management, and control of the Reorganized Debtors shall be the general responsibility of its board of directors or managers and senior officers, which shall thereafter have the responsibility for the management, control, and operation of the Reorganized Debtors. Entry of the Confirmation Order shall ratify and approve all actions taken by each of the Debtors from the Petition Date through and until the Effective Date.

7.10. *Directors and Officers of the Reorganized Debtors.* On and after the Effective Date, the business and affairs of the Reorganized Debtors will be managed by the New Boards and the officers, directors or managers identified in the Plan Supplement. Biographical information regarding these proposed officers, directors, and managers will be set forth in the Plan Supplement. A schedule of the annual compensation to be paid to persons serving as executives, officers, and directors or managers as of the Effective Date will be set forth in the Plan Supplement.

7.11. *New Certificates of Incorporation and New Bylaws of the Reorganized Debtors.* As of the Effective Date, the New Certificates of Incorporation and the New Bylaws shall be substantially in the forms included in the Plan Supplement, with such changes as may be necessary to conform to the applicable laws of the state of incorporation. The New Certificates of Incorporation and New Bylaws, among other things, shall prohibit the issuance of nonvoting equity securities to the extent required by section 1123(a) of the Bankruptcy Code. After the Effective Date, the Reorganized Debtors may amend and restate their New Certificates of Incorporation and New Bylaws, as permitted under applicable state laws, subject to the terms and conditions of such documents.

7.12. *New Employment, Retirement, Indemnification, and Other Related Agreements.* As of the Effective Date, the Reorganized Debtors shall have the authority, as

determined by its governing Persons, to: (i) maintain, amend, or revise existing employment, retirement, welfare, incentive, severance, indemnification, and other agreements with its active and retired directors or managers, officers, and employees, subject to the terms and conditions of any such agreement; and (ii) enter into new employment, retirement, welfare, incentive, severance, indemnification, and other agreements for active and retired employees.

7.13. *Effectuating Documents; Further Transactions.* On and after the Effective Date, Reorganized BMHC and the other Reorganized Debtors, and the officers and members of the New Boards, are authorized to and may issue, execute, deliver, file, or record such contracts, securities, instruments, releases, and other agreements or documents and take such actions as may be necessary or appropriate to effectuate, implement, and further evidence the terms and conditions of the Plan and the securities issued pursuant to the Plan in the name of and on behalf of Reorganized BMHC and the other Reorganized Debtors, without the need for any approvals, authorization, or consents except for those expressly required pursuant to the Plan.

7.14. *Corporate Action.* Upon the Effective Date, all actions contemplated by the Plan shall be deemed authorized and approved in all respects, including: (i) the adoption or assumption, as applicable, of the agreements with existing management; (ii) the selection of the directors and officers for the Reorganized Debtors; (iii) the distribution of the Reorganized BMHC Equity Interests in accordance with the Plan; (iv) the execution and entry into the Exit Revolver, the Exit Term Loan and the Term Loan Credit Agreement; (v) the establishment of the Long Term Incentive Plan and the issuance of any Reorganized BMHC Equity Interests thereunder; and (vi) all other actions contemplated by the Plan (whether to occur before, on, or after the Effective Date). All matters provided for in the Plan involving the corporate structure of the Debtors or the Reorganized Debtors, and any corporate action required by the Debtors or the Reorganized Debtors in connection with the Plan shall be deemed to have occurred and shall be in effect without any requirement of further action by the security holders, directors, or officers of the Debtors or the Reorganized Debtors. On or (as applicable) prior to the Effective Date, the appropriate officers of the Debtors or the Reorganized Debtors, as applicable, shall be authorized and (as applicable) directed to issue, execute, and deliver the agreements, documents, securities, and instruments contemplated by the Plan (or necessary or desirable to effect the transactions contemplated by the Plan) in the name of and on behalf of the Reorganized Debtors, including the Revolving Credit Agreement, the Exit Term Loan and the Term Loan Credit Agreement, and any and all other agreements, documents, securities, and instruments relating to the foregoing. The authorizations and approvals contemplated herein shall be effective notwithstanding any requirements under non-bankruptcy law. The issuance of the Reorganized BMHC Equity Interests shall be exempt from the requirements of section 16(b) of the Securities Exchange Act of 1934 (pursuant to Rule 16b-3 promulgated thereunder) with respect to any acquisition of securities by an officer or director (or a director deputized for purposes thereof) as of the new Effective Date.

7.15. *Section 1146 Exemption.* Pursuant to section 1146 of the Bankruptcy Code, any transfers of property pursuant hereto shall not be subject to any document recording tax, stamp tax, conveyance fee, intangibles or similar tax, mortgage tax, stamp act, real estate transfer tax, mortgage recording tax, or other similar tax or governmental assessment, and upon entry of the Confirmation Order, the appropriate state or local governmental officials or agents shall forgo the collection of any such tax or governmental assessment and accept for filing and recordation any of the foregoing instruments or other documents without the payment of any such tax, recordation fee, or governmental assessment.

7.16. *Preservation of Causes of Action.* In accordance with section 1123(b) of the Bankruptcy Code, the Reorganized Debtors shall retain and may enforce all rights to commence and pursue, as appropriate, any and all Causes of Action, whether arising before or after the Petition Date, including any actions specifically enumerated in the Plan Supplement, and the Reorganized Debtors'

rights to commence, prosecute, or settle such Causes of Action shall be preserved notwithstanding the occurrence of the Effective Date. The Reorganized Debtors may pursue such Causes of Action, as appropriate, in accordance with the best interests of the Reorganized Debtors. No Person may rely on the absence of a specific reference in the Plan, the Plan Supplement, or the Disclosure Statement to any Cause of Action against them as any indication that the Debtors or Reorganized Debtors, as applicable, will not pursue any and all available Causes of Action against them. The Debtors or Reorganized Debtors, as applicable, expressly reserve all rights to prosecute any and all Causes of Action against any Person, except as otherwise expressly provided in the Plan. Unless any Causes of Action against any Person are expressly waived, relinquished, exculpated, released, compromised, or settled in the Plan or a Bankruptcy Court order, the Reorganized Debtors expressly reserve all Causes of Action, for later adjudication, and, therefore, no preclusion doctrine, including the doctrines of res judicata, collateral estoppel, issue preclusion, claim preclusion, estoppel (judicial, equitable or otherwise), or laches, shall apply to such Causes of Action upon, after, or as a consequence of the Confirmation or consummation.

The Reorganized Debtors reserve and shall retain the Causes of Action notwithstanding the rejection or repudiation of any Executory Contract or Unexpired Lease during the Chapter 11 Cases or pursuant to the Plan. In accordance with section 1123(b)(3) of the Bankruptcy Code, any Causes of Action that a Debtor may hold against any Person shall vest in the Reorganized Debtors, as the case may be. The applicable Reorganized Debtor, through its authorized agents or representatives, shall retain and may exclusively enforce any and all such Causes of Action. The Reorganized Debtors shall have the exclusive right, authority, and discretion to determine and to initiate, file, prosecute, enforce, abandon, settle, compromise, release, withdraw, or litigate to judgment any such Causes of Action and to decline to do any of the foregoing without the consent or approval of any third party or further notice to or action, order, or approval of the Bankruptcy Court.

7.17. *Insurance Policies and Agreements.* Notwithstanding anything in the Plan to the contrary (including, without limitation, any other provision that purports to be preemptory or supervening or grants an injunction or release), Insurance Policies and Agreements are treated as Executory Contracts under the Plan; and all references to Executory Contracts shall include the Insurance Policies and Agreements. On the Effective Date, the applicable Debtors that are parties to such Insurance Policies and Agreements and the applicable Reorganized Debtors shall be deemed to have assumed in accordance with section 365 of the Bankruptcy Code all such Insurance Policies and Agreements, and the applicable Reorganized Debtors shall remain liable for all obligations under the Insurance Policies and Agreements, whether now existing or hereafter arising, and shall pay such obligations in the ordinary course of business. The applicable insurers shall be deemed to have consented to such assumption. Nothing in the Plan: (a) precludes or limits the rights of insurers to contest and/or litigate with any party, including, without limitation, the Debtors, the existence, primacy and/or scope of available coverage under any alleged applicable policy; (b) permits any holder of an Insured Claim to recover the same amounts from an insurer and any other party including, but not limited to, the Debtors (or after the Effective Date, the Reorganized Debtors); (c) alters an insurer's rights and obligations under its Insurance Policies and Agreements or modifies the coverage provided thereunder; (d) alters the rights and obligations of the Debtors (or after the Effective Date, the Reorganized Debtors) or the insurers under the Insurance Policies and Agreements including, without limitation, any duty of the Debtors' to defend, at their own expense, against claims asserted under the Insurance Policies and Agreements; (e) discharges, releases or relieves the Debtors or Reorganized Debtors, after the Effective Date, from any debt or other liability under the Insurance Policies and Agreements; or (f) limits, diminishes, or otherwise alters or impairs the Debtors', Reorganized Debtors' and/or an insurer's defenses, claims, Causes of Action, or other rights under applicable non-bankruptcy law with respect to the Insurance Policies and Agreements. If an insurer objects to the proposed assumption of its Insurance Policies and Agreements, or any of them, or the proposed Cure Claim related thereto, the insurer must comply with the objection procedure specified in section 6.4 of the Plan and the Disclosure Statement Approval Order.

7.18. *Nonoccurrence of Effective Date.* In the event that the Effective Date does not occur, the Bankruptcy Court shall retain jurisdiction with respect to any request to extend the deadline for assuming or rejecting unexpired leases pursuant to section 365(d)(4) of the Bankruptcy Code.

7.19. *Collective Bargaining Agreements.* On the Effective Date, the applicable Debtors shall assume all of their Collective Bargaining Agreements.

VIII. METHOD OF DISTRIBUTIONS UNDER THE PLAN AND CLAIMS RECONCILIATION

8.1. *Disbursing Agent.* The Debtors shall act as the Disbursing Agent under the Plan with respect to distributions of Cash made on the Effective Date and the Reorganized Debtors shall act as the Disbursing Agent after the Effective Date. The Debtors and the Reorganized Debtors shall not be required to give any bond, surety or other security for the performance of duties as Disbursing Agent.

8.2. *Distribution Record Date.* For purposes of the Plan, as of the close of business on the Distribution Record Date, the records of ownership of Claims against the Debtors (including the claims register in the Chapter 11 Cases) will be closed. For purposes of the Plan, the Debtors, the Estates, and the Reorganized Debtors shall have no obligation to recognize the transfer of any of the Claims against the Debtors occurring after the Distribution Record Date, and shall be entitled for all purposes relating to the Plan to recognize and deal only with those Holders of record as of the close of business on the Distribution Record Date.

8.3. *Cash Payments.* Any Cash payments made pursuant to the Plan will be made in U.S. dollars. Cash payments made pursuant to the Plan in the form of a check shall be null and void if not cashed within 180 days of the date of issuance thereof.

8.4. *Delivery of Distributions.* If the Distribution to any Holder of an Allowed Claim is returned as undeliverable, the Disbursing Agent shall use commercially reasonable efforts to determine the current address of such Holder. Undeliverable Distributions shall be held by the Disbursing Agent, subject to Section 8.7.

8.5. *Minimum Cash Distributions.* No Cash payment less than fifty dollars shall be made to any Holder of a Claim unless a request therefor is made in writing to the Debtors.

8.6. *Withholding Taxes.*

8.6.1. The Disbursing Agent shall comply with all withholding, reporting, certification, and information requirements imposed by any federal, state, local, or foreign taxing authority and all distributions hereunder shall, to the extent applicable, be subject to any such withholding, reporting, certification, and information requirements.

8.6.2. Persons entitled to receive distributions hereunder shall, as a condition to receiving such distributions, provide such information and take such steps as the Disbursing Agent may reasonably require to ensure compliance with such withholding and reporting requirements, and to enable the Disbursing Agent to obtain the certifications and information as may be necessary or appropriate to satisfy the provisions of any tax law.

8.6.3. Any Person that does not provide the Disbursing Agent with requisite information after the Disbursing Agent has made at least three attempts (by written notice or request for

such information, including on the ballots in these Chapter 11 Cases) to obtain such information, may be deemed to have forfeited such Person's right to such distributions, which shall be treated as unclaimed property under Section 8.7.

8.7. *Unclaimed Property.* Any Person that fails to claim any Distribution to be distributed hereunder within one year from the initial date for such distribution shall forfeit all rights to any such distributions under the Plan. Upon such forfeiture of Cash or other property, such Cash or property shall be the property of the applicable Disbursing Agent. Nothing herein shall require the Disbursing Agent to attempt to locate or notify any Person with respect to any forfeited property. Persons that fail to claim Cash or other property to be distributed under the Plan within such one-year period shall forfeit their rights thereto and shall have no claim whatsoever with respect thereto against the Debtors, their Estates, the Disbursing Agent, or any Holder of an Allowed Claim to which distributions are made.

8.8. *Reserve for Disputed General Unsecured Claims* On the Effective Date, the Disbursing Agent shall establish, and maintain thereafter, a reserve from the Unsecured Cash Fund for the benefit of Holders of Disputed General Unsecured Claims. Such reserve shall consist of an amount of Cash equal to the amount that would be distributable to all Holders of such Disputed General Unsecured Claims, in respect of all distributions made to that date, if those Claims were Allowed in the Maximum Amount. In the event any such Disputed General Unsecured Claim becomes an Allowed Claim, the amount of such Allowed Claim shall never exceed the Maximum Amount of such Disputed General Unsecured Claim, and the Disbursing Agent shall distribute to the Holder of such Allowed Claim from the reserve the aggregate amount of Cash that such Holder would have received as of the date of such distribution in respect of such Allowed Claim had such Claim been an Allowed Claim as of the Effective Date. If a Disputed General Unsecured Claim is disallowed, the Cash reserved for such claim shall be distributed, on the next anniversary of the Effective Date (or as soon as practicable thereafter), to Holders of Allowed Claims in the applicable class.

8.9 *Disputed Claims.* If the Debtors or any other party in interest disputes any Claim against the Debtors, such dispute shall be determined, resolved, or adjudicated, as the case may be, under applicable law by the Bankruptcy Court. Among other things, (i) the Debtors (on or before the Effective Date), and (ii) the Reorganized Debtors (after the Effective Date) may each elect, at their respective sole option, to object to or seek estimation under section 502 of the Bankruptcy Code with respect to any Proof of Claim filed by or on behalf of a Holder of a Claim against the Debtors.

8.10. *Objections to Claims.* Unless a later or different time is set by Final Order or otherwise established by other provisions of the Plan, all objections to Claims must be filed by the Claims Objection Bar Date; *provided, however*, that no such objection may be filed against any Claim after the Bankruptcy Court has determined by entry of a Final Order that such Claim is an Allowed Claim. The failure by any party in interest, including the Debtors and the Committee, to object to any Claim, whether or not unpaid, for purposes of voting shall not be deemed a waiver of such party's or the Disbursing Agent's rights to object to, or re-examine, any such Claim in whole or in part. After the Effective Date, no party in interest shall have the right to object to Claims against the Debtors or their Estates other than the Reorganized Debtors.

8.11. *Compromises and Settlements.* From and after the Effective Date, and without any further approval by the Bankruptcy Court, the Reorganized Debtors may compromise and settle Claims.

8.12. *Reservation of Debtors' Rights.* Prior to the Effective Date, the Debtors expressly reserve the right to compromise and settle (subject to the approval of the Bankruptcy Court) Claims against them or other claims they may have against other Persons.

8.13. *No Distributions Pending Allowance.* If a Claim or any portion of a Claim is disputed, no payment or Distribution will be made on account of the disputed portion of such Claim (or the entire Claim, if the entire Claim is disputed), unless such Disputed Claim or portion thereof becomes an Allowed Claim.

8.14. *No Postpetition Interest on Claims.* Unless otherwise specifically provided for in the Plan, the Confirmation Order, or other Final Order of the Bankruptcy Court, or required by applicable bankruptcy law, postpetition interest shall not accrue or be paid on any Claims against the Debtors, and no Holder of a Claim against the Debtors shall be entitled to interest accruing on or after the Petition Date on any such Claim.

8.15. *Claims Paid or Payable by Third Parties.*

8.15.1. *Claims Paid by Third Parties.* The Debtors or the Disbursing Agent, as applicable, shall reduce in full a Claim, and such Claim shall be disallowed without a Claims objection having to be Filed and without further notice to or action, order, or approval of the Bankruptcy Court, to the extent that the Holder of such Claim receives payment in full on account of such Claim from a party that is not a Debtor or the Disbursing Agent. Subject to the last sentence of this paragraph, to the extent a Holder of a Claim receives a distribution on account of such Claim and receives payment from a party that is not a Debtor or the Disbursing Agent on account of such Claim, such Holder shall, within two weeks of receipt thereof, repay or return the distribution to the applicable Disbursing Agent, to the extent the Holder's total recovery on account of such Claim from the third party and under the Plan exceeds the amount of such Claim as of the date of any such Distribution under the Plan. The failure of such Holder to timely repay or return such Distribution shall result in the Holder owing the applicable Disbursing Agent annualized interest at the Federal Judgment Rate on such amount owed for each Business Day after the two-week grace period specified above until the amount is repaid.

8.15.2. *Claims Payable by Third Parties.* Except with respect to payment of Insured Claims within the applicable deductible or self-insured retention under Insurance Policies and Agreements that are secured by Prepetition Letters of Credit, no Distributions under the Plan shall be made on account of an Insured Claim unless and until the Holder of such an Insured Claim has received proceeds, if any, of any applicable Insurance Policies and Agreements. To the extent that one or more of the Debtors' insurers agrees to settle or pay, in full or in part, an Insured Claim, then immediately upon such insurers' payment, the applicable portion of the Claim may be expunged without a Claims objection having to be Filed and without further notice to or action, order, or approval of the Bankruptcy Court.

8.15.3. *Applicability of Insurance Policies and Agreements.* Except as otherwise provided in the Plan, distributions to Holders of Allowed Claims that are covered by the Debtors' Insurance Policies and Agreements shall be in accordance with the provisions of any applicable Insurance Policy and Agreement. Nothing contained in the Plan shall constitute or be deemed a waiver of any Cause of Action that the Debtors or any Person may hold against any other Person, including insurers under any Insurance Policies and Agreements, nor shall anything contained herein constitute or be deemed a waiver by such insurers of any rights, claims or defenses, including coverage defenses, held by such insurers.

IX.
EFFECT OF CONFIRMATION OF PLAN

9.1. *Discharge.*

9.1.1. *Discharge of Claims Against the Debtors and the Reorganized Debtors.*

Except as otherwise expressly provided in the Plan or the Confirmation Order, the Confirmation of the Plan shall, as of the Effective Date: (i) discharge the Debtors, the Reorganized Debtors or any of its or their Assets from all Claims, demands, liabilities, other debts and Interests that arose on or before the Effective Date, including all debts of the kind specified in sections 502(g), 502(h) or 502(i) of the Bankruptcy Code, whether or not (a) a Proof of Claim based on such debt is filed or deemed filed pursuant to section 501 of the Bankruptcy Code, (b) a Claim based on such debt is Allowed pursuant to section 502 of the Bankruptcy Code or (c) the Holder of a Claim based on such debt has accepted the Plan; and (ii) preclude all Persons from asserting against the Debtors, the Reorganized Debtors, or any of its or their Assets, any other or further Claims or Interests based upon any act or omission, transaction, or other activity of any kind or nature that occurred prior to the Effective Date, all pursuant to sections 524 and 1141 of the Bankruptcy Code. The discharge provided in this provision shall void any judgment obtained against any of the Debtors at any time, to the extent that such judgment relates to a discharged Claim or cancelled Interest.

9.1.2. *Injunction Related to the Discharge.* Except as otherwise provided in the Plan or the Confirmation Order, all entities that have held, currently hold, or may hold Claims or other debts or liabilities against the Debtors, or an Interest or other right of an Equity Security Holder in any or all of the Debtors, that are discharged pursuant to the terms of the Plan, are permanently enjoined, on and after the Effective Date, from taking any of the following actions on account of any such Claims, debts, liabilities or Interests or rights: (i) commencing or continuing in any manner any action or other proceeding of any kind with respect to any such Claim, debt, liability, Interest, or right, other than to enforce any right to a Distribution pursuant to the Plan; (ii) enforcing, attaching, collecting, or recovering in any manner any judgment, award, decree or order against the Debtors, the Reorganized Debtors, or any of its or their Assets on account of any such Claim, debt, liability, Interest, or right; (iii) creating, perfecting, or enforcing any Lien or encumbrance against the Debtors, the Reorganized Debtors, or any of its or their Assets on account of any such Claim, debt, liability, Interest or right; (iv) asserting any right of setoff, subrogation, or recoupment of any kind against any debt, liability, or obligation due to the Debtors, the Reorganized Debtors, or any of its or their Assets on account of any such Claim, debt, liability, Interest, or right; and (v) commencing or continuing any action, in any manner, in any place that does not comply with or is inconsistent with the provisions of the Plan or the Confirmation Order. Such injunction shall extend to any successor of the Debtors, the Reorganized Debtors, or any of its or their Assets. Any Person injured by any willful violation of such injunction shall recover actual damages, including costs and attorneys' and experts' fees and disbursements, and, in appropriate circumstances, may recover punitive damages, from the willful violator.

9.2. *Releases.*

9.2.1. *Releases by the Debtors.* As of the Effective Date, for good and valuable consideration, the adequacy of which is hereby confirmed, the Debtors in their individual capacity and as debtors in possession will be deemed to release and forever waive and discharge all Claims, obligations, suits, judgments, damages, demands, debts, rights, Causes of Action, and liabilities whether liquidated or unliquidated, fixed or contingent, matured or unmatured, known or unknown, foreseen or unforeseen, then existing or thereafter arising, in law, equity or otherwise that are based in whole or part on any act, omission, transaction, event, or other occurrence taking

place on or prior to the Effective Date (including prior to the Petition Date) in any way relating to the Debtors, the Chapter 11 Cases, the Plan, or the Disclosure Statement, the purchase, sale, or rescission of the purchase or sale of any security of the Debtors or the Reorganized Debtors, the subject matter of, or the transactions or events giving rise to, any Claim or Interest that is treated in the Plan, the business or contractual arrangements between and Debtor and any Released Party, the restructuring of Claims and Interests prior to or in the Chapter 11 Cases, the negotiation, formulation, or preparation of the Plan, the Plan Supplement, the Disclosure Statement, or related agreements, instruments, or other documents, or upon any other act or omission, transaction, agreement, event, or other occurrence taking place before the Effective Date and that could have been asserted by or on behalf of the Debtors or their Estates at any time up to immediately prior to the Effective Date against the Released Parties, other than Claims or liabilities arising out of or relating to any act or omission of a Released Party that constitutes willful misconduct or gross negligence. Notwithstanding anything to the contrary in the foregoing, the release set forth above does not release any post-Effective Date obligations of any party under the Plan or any document, instrument, or agreement (including those set forth in the Plan Supplement) executed to implement the Plan.

9.2.2. *Certain Waivers.* Although the Debtors do not believe that California law is applicable to the Plan, nevertheless, in an abundance of caution, each Debtor hereby understands and waives the effect of Section 1542 of the California Civil Code to the extent that such section is applicable to the Debtors. Section 1542 of the California Civil Code provides:

§1542. A GENERAL RELEASE DOES NOT EXTEND TO CLAIMS WHICH THE CREDITOR DOES NOT KNOW OR SUSPECT TO EXIST IN HIS FAVOR AT THE TIME OF EXECUTING THE RELEASE, WHICH IF KNOWN BY HIM MUST HAVE MATERIALLY AFFECTED HIS SETTLEMENT WITH THE DEBTOR.

EACH DEBTOR AGREES TO ASSUME THE RISK OF ANY AND ALL UNKNOWN, UNANTICIPATED OR MISUNDERSTOOD DEFENSES, CLAIMS, CAUSES OF ACTION, CONTRACTS, LIABILITIES, INDEBTEDNESS AND OBLIGATIONS WHICH ARE RELEASED BY THE PLAN AND EACH DEBTOR HEREBY WAIVES AND RELEASES ALL RIGHTS AND BENEFITS WHICH IT MIGHT OTHERWISE HAVE UNDER THE AFOREMENTIONED SECTION 1542 OF THE CALIFORNIA CIVIL CODE WITH REGARD TO THE RELEASE OF SUCH UNKNOWN, UNANTICIPATED OR MISUNDERSTOOD DEFENSES, CLAIMS, CAUSES OF ACTION, CONTRACTS, LIABILITIES, INDEBTEDNESS AND OBLIGATIONS. TO THE EXTENT (IF ANY) ANY OTHER LAWS SIMILAR TO SECTION 1542 OF THE CALIFORNIA CIVIL CODE MAY BE APPLICABLE, EACH DEBTOR WAIVES AND RELEASES ANY BENEFIT, RIGHT OR DEFENSE WHICH IT MIGHT OTHERWISE HAVE UNDER ANY SUCH LAW WITH REGARD TO THE RELEASE OF UNKNOWN, UNANTICIPATED OR MISUNDERSTOOD DEFENSES, CLAIMS, CAUSES OF ACTION, CONTRACTS, LIABILITIES, INDEBTEDNESS AND OBLIGATIONS.

9.2.3. *Releases by Holders of Claims and Interests.* Except as otherwise provided in the Plan or the Confirmation Order, as of the Effective Date of the Plan, each Holder of a Claim or an Interest, shall be deemed to have released and forever waived and discharged all Claims, obligations, suits, judgments, damages, demands, debts, rights, Causes of Action, and liabilities whether liquidated or unliquidated, fixed or contingent, matured or unmatured, known or unknown, foreseen or unforeseen, then existing or thereafter arising, in law, equity, or otherwise that are based in whole or part on any act, omission, transaction, event, or other occurrence taking place on or prior to the Effective Date (including prior to the Petition Date) in any way relating to

the Debtors, the Chapter 11 Cases, the Plan, or the Disclosure Statement, the purchase, sale, or rescission of the purchase or sale of any security of the Debtors or the Reorganized Debtors, the subject matter of, or the transactions or events giving rise to, any Claim or Interest that is treated in the Plan, the business or contractual arrangements between any Debtor and any Released Party, the restructuring of Claims and Interests prior to or in the Chapter 11 Cases, the negotiations, formulation, or preparation of the Plan, the related Disclosure Statement, the related Plan Supplement, or related agreements, instruments, or other documents, or upon any other act or omission, transaction, agreement, event, or other occurrence taking place before the Effective Date and that could have been asserted by or on behalf of the Debtors or their Estates at any time up to immediately prior to the Effective Date against the Released Parties, other than Claims or liabilities arising out of or relating to any act or omission of a Released Party that constitutes willful misconduct or gross negligence. Notwithstanding anything to the contrary in the foregoing, the release set forth above does not release any post-Effective Date obligations (except Cure Claims that have not been filed timely) of any party under the Plan or any document, instrument, or agreement (including those set forth in the Plan Supplement) executed to implement the Plan, or any obligation under any assumed contract or lease or any Prepetition Letters of Credit.

9.2.4. *Exculpation.* On and after the Effective Date, none of the Exculpated Parties shall have or incur any liability for, and each Exculpated Party is hereby released from, any claim, cause of action, or liability to any other Exculpated Party, to any Holder of a Claim or Interest, or to any other party in interest, for any act or omission that occurred during and in connection with the Chapter 11 Cases or in connection with the preparation and filing of the Chapter 11 Cases, the formulation, negotiation, and/or pursuit of confirmation of the Plan, the consummation of the Plan, and/or the administration of the Plan and/or the property to be distributed under the Plan, except for claims, causes of action or liabilities arising from the gross negligence, willful misconduct, fraud, or breach of the fiduciary duty of loyalty of any Exculpated Party, in each case subject to determination of such by final order of a court of competent jurisdiction and provided that any Exculpated Party shall be entitled to reasonably rely upon the advice of counsel with respect to its duties and responsibilities (if any) under the Plan. Without limiting the generality of the foregoing, the Debtors, the Estates, the Committee, WFB, the Prepetition Lenders, the DIP Lenders, and their respective officers, directors, employees, members, attorneys, crisis managers, financial advisors, and professionals, shall be entitled to and granted the protections and benefits of section 1125(e) of the Bankruptcy Code. No provision of the Plan, the Disclosure Statement, or the Confirmation Order shall be deemed to act upon or release any claims, Causes of Action or liabilities that the Debtors, the Estates, or any party in interest may have against or to any Person for any act, omission, or failure to act that occurred prior to the Petition Date other than in connection with the preparation and filing of the Chapter 11 Cases, nor shall any provision of the Plan or the Confirmation Order be deemed to act to release any Avoidance Actions.

9.2.5. *Injunction Related to Releases.* To the fullest extent allowed by law, and except as otherwise provided in the Plan or the Confirmation Order, all Persons that have held, currently hold, or may hold claims, obligations, suits, judgments, damages, demands, debts, rights, Causes of Action, and liabilities that are released or exculpated pursuant to Section 9.2.1, 9.2.2, 9.2.3, and 9.2.4 are permanently enjoined, on and after the Effective Date, from taking any of the following actions on account of any such claims, obligations, suits, judgments, damages, demands, debts, rights, Causes of Action and liabilities: (i) commencing or continuing in any manner any action or other proceeding of any kind against a Released Party or Exculpated Party with respect to any such claims, obligations, suits, judgments, damages, demands, debts, rights, Causes of Action, and liabilities; (ii) enforcing, attaching, collecting, or recovering in any manner any judgment, award, decree, or order against any Released Party or any Exculpated Party or any of its

or their Assets on account of any such claims, obligations, suits, judgments, damages, demands, debts, rights, Causes of Action, and liabilities; (iii) creating, perfecting, or enforcing any Lien or encumbrance against any Released Party or any Exculpated Party or any of its or their assets on account of any such claims, obligations, suits, judgments, damages, demands, debts, rights, Causes of Action, and liabilities; (iv) asserting any right of setoff, subrogation, or recoupment of any kind against any debt, liability, or obligation due to any Released Party or any Exculpated Party or any of its or their Assets on account of any such claims, obligations, suits, judgments, damages, demands, debts, rights, Causes of Action, and liabilities; and (v) commencing or continuing any action, in any manner, in any place that does not comply with or is inconsistent with the provisions of the Plan or the Confirmation Order. Such injunction shall extend to any successor of any Released Party or any Exculpated Party or any of its or their assets. Any Person injured by any willful violation of such injunction shall recover actual damages, including costs and attorneys' and experts' fees and disbursements, and, in appropriate circumstances, may recover punitive damages, from the willful violator.

9.3. No Successor Liability. Except as otherwise expressly provided herein, none of the Released Parties shall be determined to be successors to any of the Debtors or to any Person for which the Debtors may be held legally responsible, by reason of any theory of law or equity, and none can be responsible for any successor or transferee liability of any kind or character. The Released Parties do not agree to perform, pay, or indemnify creditors or otherwise have any responsibilities for any liabilities or obligations of the Debtors or the Reorganized Debtors, whether arising before, on, or after the Confirmation Date, except as otherwise expressly provided in the Plan.

9.4. Release of Liens. Except as otherwise expressly provided in the Plan or in any contract, instrument, indenture, or other agreement or document expressly incorporated by reference in the Plan, the Confirmation Order will release any and all prepetition Liens against the Debtors, the Reorganized Debtors or any of their Assets.

9.5. Term of Injunctions. All injunctions or stays provided in, or in connection with, the Chapter 11 Cases, whether pursuant to section 105, section 362, or any other provision of the Bankruptcy Code, other applicable law or court order, in effect immediately prior to Confirmation will remain in full force and effect until such injunctions or stays become effective and shall remain in full force and effect thereafter if so provided in the Plan, the Confirmation Order or by their own terms. In addition, on and after Confirmation Date, the Debtors may seek further orders to preserve the status quo during the time between the Confirmation Date and the Effective Date.

9.6. Binding Effect. The Plan shall be binding upon, and inure to the benefit of, the Debtors and all Holders of Claims and Interests, and their respective successors and assigns, whether or not the Claims and Interests of such Holders are Impaired under the Plan and whether or not such Holders have accepted the Plan.

9.7. Dissolution of the Committee. The Committee shall be dissolved on the Effective Date and shall not continue to exist thereafter except for the limited purposes of filing any remaining fee applications, and the Professionals retained by the Committee shall be entitled to compensation for services performed and reimbursement of expenses incurred in connection therewith. Upon dissolution of the Committee, the members of the Committee shall be released and discharged of and from all duties, responsibilities and obligations related to and arising from and in connection with the Debtors' Chapter 11 Cases.

9.8. Post-Confirmation Date Retention of Professionals. After the Confirmation Date, any requirement that Professionals employed by the Debtors comply with sections 327 through 331

of the Bankruptcy Code in seeking retention or compensation for services rendered after such date will terminate, and the Reorganized Debtors will be authorized to employ and compensate Professionals in the ordinary course of business and without the need for Bankruptcy Court approval.

X. EFFECTIVENESS OF THE PLAN

10.1. Conditions Precedent. The Plan shall not become effective unless and until the following conditions have been satisfied:

10.1.1. Conditions to Confirmation.

10.1.1.1. **Disclosure Statement.** The Bankruptcy Court shall have approved a Disclosure Statement with respect to the Plan as containing adequate information within the meaning of section 1125 of the Bankruptcy Code.

10.1.1.3. **Confirmation Order.** The Confirmation Order must be in form and substance reasonably acceptable to the Debtors, and WFB as agent under the Exit Credit Facilities, and must provide for the confirmation of the Plan with respect to each Debtor.

10.1.2. Conditions to Effective Date.

10.1.2.1. **Confirmation Order.** At least 10 days shall have passed after the Bankruptcy Court shall have entered the Confirmation Order in form and substance reasonably acceptable to the Debtors and WFB as agent under the Exit Credit Facilities.

10.1.2.2. **No Stay of Confirmation.** There shall not be in force any order, decree, or ruling of any court or governmental body having jurisdiction, restraining, enjoining, or staying the consummation of, or rendering illegal the transactions contemplated by, the Plan.

10.1.2.3. **Receipt of Required Governmental Authorization.** All governmental authorizations, consents, and regulatory approvals (if any) necessary to effectuate the Plan shall have been obtained.

10.1.2.4. **Exit Revolver.** The documents evidencing the Exit Revolver shall be in form and substance reasonably acceptable to the Debtors and the Exit Revolving Lenders, shall have been executed and delivered by the respective parties thereto, and all conditions precedent to the effectiveness of such document shall have been satisfied or waived.

(which consent shall not be unreasonably withheld), the Restructuring Transactions described in the Restructuring Transactions Memorandum have been completed to the reasonable satisfaction of the Debtors and WFB as agent under the Exit Credit Facilities.

10.1.3. Waiver. Any of the conditions set forth in Sections 10.1.1 and 10.1.2 hereof may be waived by the party benefiting from such condition to the extent that such waiver does not affect the distributions hereunder.

10.2. Effect of Failure of Conditions. In the event that the conditions specified in Section 10.1. have not been satisfied or waived on or before 120 days after the Confirmation Date, then the Debtors may seek an order from the Bankruptcy Court vacating the Confirmation Order. Such request shall be served upon counsel for the administrative agent under the Prepetition Credit Agreement, the administrative agent under the DIP Facility, the proposed administrative agent under the Revolving Credit Agreement, the Committee, and the U.S. Trustee. If the Confirmation Order is vacated, (i) the Plan shall be null and void in all respects; (ii) any settlement of Claims or Interests provided for hereby shall be null and void without further order of the Bankruptcy Court; and (iii) the time within which the Debtors may assume and assign or reject all Executory Contracts and Unexpired Leases shall be extended for a period of 60 days after the date the Confirmation Order is vacated.

XI. RETENTION OF JURISDICTION

11.1. Bankruptcy Court. Pursuant to sections 105(c) and 1142 of the Bankruptcy Code and notwithstanding entry of the Confirmation Order and the occurrence of the Effective Date, the Bankruptcy Court will retain exclusive jurisdiction over all matters arising out of, and related to, the Chapter 11 Cases and the Plan to the fullest extent permitted by law, including, among other things, jurisdiction to:

11.1.1. allow, disallow, determine, liquidate, classify, estimate, or establish the priority or secured or unsecured status of any Claim or Interest, including, without limitation, the resolution of any request for payment of any Administrative Expense Claim or Priority Tax Claim and the resolution of any objections to the allowance or priority of Claims or Interests;

11.1.16. hear and determine such other matters as may be provided in the Confirmation Order or as may be authorized under the Bankruptcy Code.

XII. MISCELLANEOUS PROVISIONS

12.1. *Plan Supplement.* No later than 10 days prior to the Voting Deadline, the Debtors shall File with the Bankruptcy Court the Plan Supplement, which shall contain such agreements and other documents as may be necessary or appropriate to effectuate and further evidence the terms and conditions of the Plan. Holders of Claims or Interests may obtain a copy of the Plan Supplement upon written request to the Debtors' counsel.

12.2. *Exemption for Registration Requirements.* Pursuant to section 1145 of the Bankruptcy Code, the offering, issuance and Distribution of any securities contemplated by the Plan shall be exempt from, among other things, the registration requirements of Section 5 of the Securities Act and any state or local law requiring registration prior to the offering, issuance, distribution or sale of securities. In addition, any securities contemplated by the Plan will be tradable by the recipients thereof, subject to (i) the provisions of section 1145(b)(1) of the Bankruptcy Code; and (ii) the restrictions, if any, on the transferability of such securities and instruments.

12.3. *Statutory Fees.* All fees payable pursuant to section 1930 of title 28 of the United States Code, as determined by the Bankruptcy Court at the Confirmation Hearing, shall be paid by the Debtors on or before the Effective Date.

12.4. *Third Party Agreements.* The Distributions to the various Classes of Claims and Interests hereunder shall not affect the right of any Person to levy, garnish, attach, or employ any other legal process with respect to such Distributions by reason of any claimed subordination rights or otherwise. All of such rights and any agreements relating thereto shall remain in full force and effect, except as compromised and settled pursuant to the Plan. Distributions shall be subject to and modified by any Final Order directing distributions other than as provided in the Plan.

12.5. *Amendment or Modification of Plan.* As provided in section 1127 of the Bankruptcy Code, modification of the Plan may be proposed in writing by the Debtors at any time before Confirmation, provided that the Plan, as modified, meets the requirements of sections 1122 and 1123 of the Bankruptcy Code, and the Debtors shall have complied with section 1125 of the Bankruptcy Code. The Debtors may modify the Plan at any time after Confirmation and before consummation of the Plan, provided that the Plan, as modified, meets the requirements of sections 1122 and 1123 of the Bankruptcy Code and the Bankruptcy Court, after notice and a hearing, confirms the Plan as modified, under section 1129 of the Bankruptcy Code, and the circumstances warrant such modifications. A Holder of a Claim

that has accepted the Plan shall be deemed to have accepted such Plan as modified if the proposed alteration, amendment or modification does not materially and adversely change the treatment of the Claim or Interest of such Holder.

12.6. Severability. In the event that the Bankruptcy Court determines, prior to the Confirmation Date, that any provision in the Plan is invalid, void or unenforceable, the Reorganized Debtors may, at their option, (a) treat such provision as invalid, void or unenforceable with respect to the Holder or Holders of such Claims or Interests that the provision is determined to be invalid, void or unenforceable, in which case such provision shall in no way limit or affect the enforceability and operative effect of any other provision of the Plan, or (b) alter, amend, revoke, or withdraw the Plan.

12.7. Revocation or Withdrawal of Plan. The Debtors reserve the right to revoke and withdraw the Plan or to adjourn the Confirmation Hearing at any time prior to the occurrence of the Effective Date. If the Debtors revoke or withdraw the Plan, or if Confirmation or consummation does not occur, then (i) the Plan shall be null and void in all respects, (ii) any settlement or compromise embodied in the Plan, assumption or rejection of Executory Contracts or Unexpired Leases under the Plan, and any document or agreement executed pursuant to the Plan, shall be deemed null and void, and (iii) nothing contained in the Plan shall (A) constitute a waiver or release of any Claims by or against, or Interests in, such Debtors or any other Person, (B) prejudice in any manner the rights of such Debtors or any other Person, or (C) constitute an admission of any sort by the Debtors or any other Person.

For the avoidance of doubt, if the Confirmation Hearing is adjourned, the Debtors reserve the right to amend, modify, revoke or withdraw the Plan and/or submit any new plan of reorganization at such times and in such manner as they consider appropriate, subject to the provisions of the Bankruptcy Code.

12.8. Rules Governing Conflicts Between Documents. In the event of a conflict between the terms or provisions of the Plan and the Plan Documents, the terms of the Plan shall control over the Plan Documents. In the event of a conflict between the terms of the Plan or the Plan Documents, on the one hand, and the terms of the Confirmation Order, on the other hand, the terms of the Confirmation Order shall control. In the event of a conflict between the information contained in the Disclosure Statement and the Plan or any other Plan Document, the Plan or other Plan Document (as the case may be) will control.

12.9. Governing Law. Except to the extent that federal law (including, but not limited to, the Bankruptcy Code and the Bankruptcy Rules) is applicable or the Plan provides otherwise, the rights and obligations arising under the Plan shall be governed by, and construed and enforced in accordance with, the laws of the State of New York without giving effect to its conflicts of law principles.

12.10. Notices. Any notice required or permitted to be provided under the Plan shall be in writing and served by either (a) certified mail, return receipt requested, postage prepaid, (b) hand delivery, or (c) reputable overnight delivery service, freight prepaid. No award or reimbursement of attorneys' fees or related expenses or disbursements shall be allowed on, or in connection with, any Claim, except as set forth in the Plan or as ordered by the Bankruptcy Court.

12.12. *Binding Effect.* The Plan shall be binding upon the Debtors, the Reorganized Debtors, the Holders of all Claims and Interests, parties in interest, Persons, and Governmental Units and their respective successors and assigns. To the extent any provision of the Disclosure Statement or any other solicitation document may be inconsistent with the terms of the Plan, the terms of the Plan shall be binding and conclusive.

12.13. *No Admissions.* As to contested matters, adversary proceedings and other Causes of Action or threatened Causes of Action, nothing in the Plan, the Plan Supplement, the Disclosure Statement, or other Plan Documents shall constitute or be construed as an admission of any fact or liability, stipulation, or waiver, but rather as a statement made in settlement negotiations. The Plan shall not be construed to be conclusive advice on the tax, securities, and other legal effects of the Plan as to Holders of Claims against, or Interests in, the Debtors or any of their subsidiaries and affiliates, as debtors and debtors in possession in the Chapter 11 Cases.

12.14. *Exhibits.* All Exhibits and Schedules to the Plan are incorporated into and are a part of the Plan as if set forth in full herein.

IT IS HEREBY ORDERED:

1. The Motion is granted as set forth below.
2. The Disclosure Statement, a copy of which is attached hereto as *Exhibit 1*, is approved as containing adequate information within the meaning of section 1125 of the Bankruptcy Code, and any objections to the adequacy of the information contained in the Disclosure Statement not otherwise consensually resolved are overruled.
3. The Debtors shall mail or caused to be mailed to holders of Claims entitled to vote on the Plan within 5 days of entry of this Order, a solicitation package containing:

(a) written notice (the "**Confirmation Hearing Notice**"), substantially in the form annexed hereto as **Exhibit A**, of (i) the Court's approval of the Disclosure Statement, (ii) the deadline for voting on the Plan, (iii) the date of the Confirmation Hearing, and (iv) the deadline and procedures for filing objections to confirmation of the Plan, which Confirmation Hearing Notice is approved; (b) the Plan (either by paper copy or in "pdf" format on a CD-Rom, at the Debtors' discretion); (c) the Disclosure Statement, substantially in the form approved by the Court (either by paper copy or in "pdf" format on a CD-Rom, at the Debtors' discretion); (d) the appropriate ballot (substantially in the form annexed hereto as **Exhibits B-1** through **B-4**) and ballot return envelope; and (e) such other information as the Court may direct or approve (collectively, the "**Solicitation Package**"). The Debtors shall send to each impaired creditor entitled to vote on the Subplans (a) only the Solicitation Package appropriate for the class applicable to such creditor, and (b) only one Solicitation Package even if such creditor has Claims against more than one of the Debtors. The Solicitation Package and the manner of service of the Solicitation Package satisfies the requirements of Bankruptcy Rule 3017(d).

4. The Debtors shall mail or cause to be mailed to each of the known counterparties to the Contracts and Leases a Confirmation Hearing Notice and the Disclosure Statement and Plan (either by paper copy or in "pdf" format on a CD-Rom, at the Debtors' discretion).

5. Pursuant to Bankruptcy Rule 3017(d), the Debtors are not required to transmit a Solicitation Package to the Non-Voting Parties. Within 5 days of entry of this Order, the Debtors shall mail or cause to be mailed to each Non-Voting Party the Non-Voting Holder Notice substantially in the form annexed hereto as **Exhibit C**.

6. The Debtors shall publish notice (the "**Publication Notice**"), substantially in the form annexed hereto as **Exhibit D**, in the national edition of the *Wall Street Journal*, regional

English and Spanish language papers in Las Vegas, Los Angeles, and Phoenix, and English language publications in Miami and Fort Lauderdale within 10 days after the entry of this Order.

7. October 22, 2009 is established as the record date (the "**Record Date**") for the purposes of determining the creditors and interest holders entitled to receive the Solicitation Package or the Non-Voting Holder Notice, as applicable.

8. The Garden City Group, Inc. ("**GCG**" or the "**Balloting and Claims Agent**") shall tabulate the ballots and certify to the Court the results of the balloting.

9. The Debtors are permitted to dispense with the mailing of Solicitation Packages or Non-Voting Holder Notices to addresses and entities to which the notice of the Disclosure Statement Hearing was returned by the United States Postal Service as undeliverable, unless the Debtors are provided with an accurate address.

10. The Ballots, substantially in the form annexed hereto as *Exhibits B-1* through *B-4*, are hereby approved.

11. All Ballots must be properly executed, completed and delivered to the Balloting and Claims Agent at (A) The Garden City Group, Inc., Attn: Building Materials Holding Corporation, P.O. Box 9393, Dublin, OH 43017-4293, if by first class mail, or (B) The Garden City Group, Inc., Attn: Building Materials Holding Corporation, 5151 Blazer Parkway, Suite A, Dublin, OH 43017, if by overnight mail or hand-delivery, so that the Ballots are received on or before November 25, 2009 at 4:00 p.m. (prevailing Eastern Time) (the "**Voting Deadline**"), unless extended by the Debtors. Ballots cast by facsimile, email, or other electronic transmission will not be counted unless approved in advance by the Debtors in writing.

12. For purposes of voting on the Plan, the amount of a claim held by a creditor shall be determined pursuant to the following guidelines:

- (a) The claim listed in a Debtor's schedule of liabilities, provided that (i) such claim is not scheduled as contingent, unliquidated, undetermined, or disputed, and (ii) no Proof of Claim³ has been timely filed (or otherwise deemed timely filed by the Court under applicable law).
- (b) The noncontingent and liquidated amount specified in a Proof of Claim timely filed with the Court or GCG (or otherwise deemed timely filed by the Court under applicable law) to the extent the Proof of Claim has not been superseded or amended by another Proof of Claim, and is not the subject of an objection, either generally to the applicable claim or solely for purposes of determining the amount of the applicable claim for voting purposes, filed no later than November 16, 2009 (the "**Vote Objection Deadline**") (or, if such claim has been resolved pursuant to a stipulation or order entered by the Court, or otherwise resolved by the Court, the amount set forth in such stipulation or order).
- (c) The amount temporarily allowed by the Court for voting purposes, pursuant to Bankruptcy Rule 3018(a), provided that a motion is brought, notice is provided, and a hearing is held at or prior to the Confirmation Hearing, in accordance with the Bankruptcy Code, the Bankruptcy Rules, and the Local Rules.
- (d) Except as otherwise provided in subsection (c) hereof, with respect to a ballot cast by an alleged creditor whose claim (i) is not listed on a Debtor's schedule of liabilities, or (ii) is listed as disputed, contingent, and/or unliquidated on a Debtor's schedule of liabilities, but who has timely filed a Proof of Claim in an unliquidated or unknown amount that is not the subject of an objection filed before the Vote Objection Deadline, such ballot shall be counted as a vote in determining whether the numerosity requirement of section 1126(c) of the Bankruptcy Code has been met solely with respect to Classes 6(a)-(l) and 8(a)-(l) of the Plan, but shall not be counted in determining whether the aggregate claim amount requirement has been met.
- (e) With respect to a ballot cast by a creditor holding a claim in Classes 8(a)-8(l), whether such claim is treated in such Classes because the claimant's aggregate claims against all of the Debtors is less than \$5,000 or because such claims exceed \$5,000 but are

³ Pursuant to the *Order Pursuant To Sections 501, 502, And 1111(A) Of The Bankruptcy Code, Bankruptcy Rules 2002 And 3003(C)(3), And Local Rule 2002-1(E) Establishing Bar Dates For Filing Proofs Of Claim And Approving The Form And Manner Of Notice Thereof* [Docket No.248], certain persons or entities asserting a claim against one or more of the Debtors are required to file a separate proof of claim in the chapter 11 case of each Debtor against whom a claim is asserted.

reduced to \$5,000 in the aggregate by virtue of making the Small Unsecured Claims Class Election on a Class 6(a)-(1) ballot, such ballot shall be counted as a Class 8(a)-(1) vote, as applicable, in determining whether the numerosity requirement of section 1126(c) of the Bankruptcy Code has been met with respect to the applicable Class and, with respect to such Class, in an amount equal to the lesser of the of the full amount of the claim of the creditor in such Class and \$5,000.

- (f) If a creditor elects to complete Item 1 on the ballot, which allows a single vote for all claims held by such creditor in the applicable Classes, such vote shall be counted separately for numerosity purposes in each Class in which the creditor is entitled to vote and, with respect to each such Class, in the full amount of the claim in such Class, except as provided in (e) above.

13. The Debtors are authorized to object to any claim (as defined in section 101(5) of the Bankruptcy Code) solely for Plan voting purposes by filing a determination motion (the "**Determination Motion**") no later than 12/1 2009 at 4:00 p.m. (prevailing Eastern Time). Responses, if any, to the Determination Motion must be filed no later than 12/7, 2009 at 4:00 p.m. (prevailing Eastern Time), and the Court shall conduct a hearing on any Determination Motion at the Confirmation Hearing or such earlier time as may be scheduled by the Court. Any ruling by the Court on any Determination Motion shall be considered a ruling with respect to the allowance of the claim(s) under Bankruptcy Rule 3018 and such claim(s) shall be counted, for voting purposes only, in the amount determined by the Court.

14. Creditors seeking to have a claim temporarily allowed for purposes of voting to accept or reject the Plan pursuant to Bankruptcy Rule 3018(a) must file and serve notice of hearing on a motion (the "**Claims Estimation Motion**") for such relief no later than 12/1, 2009 at 4:00 p.m. (prevailing Eastern Time). Responses, if any, to the Claims Estimation Motion must be filed no later than 12/7, 2009 at 4:00 p.m. (prevailing Eastern Time), and the Court shall conduct a hearing on any Determination Motion at the Confirmation Hearing or such earlier time as may be scheduled by the Court. If a creditor casts a

ballot and has timely filed a Proof of Claim (or has otherwise had a Proof of Claim deemed timely filed by the Court under applicable law), but the creditor's claim is the subject of an objection (either generally to the applicable claim, or solely for purposes of determining the amount of the applicable claim for voting purposes) filed no later than the Vote Objection Deadline, the creditor's ballot shall not be counted, unless such claim is temporarily allowed by the Court for voting purposes, pursuant to Bankruptcy Rule 3018(a), after a Claims Estimation Motion is brought by such creditor, notice is provided, and a hearing is held at or prior to the Confirmation Hearing. Notwithstanding the foregoing, if an objector to a claim requests that such claim be reclassified and/or allowed in a fixed, reduced amount, such claimant's ballot shall, to the extent either mutually acceptable to the claimant, objector and Debtors or as ordered by the Bankruptcy Court after notice and hearing, be counted in such reduced amount and/or under the reclassified category.

15. The following voting procedures and standard assumptions shall be used in tabulating the Ballots:

- (a) For purposes of the numerosity requirement of section 1126(c) of the Bankruptcy Code, separate claims held by a single creditor in a particular class will be aggregated and treated as if such creditor held one claim in such class, and the vote related to such claim will be treated as a single vote to accept or reject the Subplan applicable to such class.
- (b) Creditors must vote all of their claims within a particular class either to accept or reject the applicable Subplan and may not split their vote. Accordingly, a ballot that partially rejects and partially accepts such Subplan *shall not be counted*.
- (c) Ballots that indicate both acceptance and rejection of a Subplan *shall not be counted* as votes to accept or reject such Subplan.
- (d) Ballots that fail to indicate an acceptance or rejection of any Subplan *shall not be counted* as votes to accept or reject any of the Subplans.

- (e) Ballots that indicate an acceptance or rejection of one Subplan applicable to the voting creditor but fail to indicate an acceptance or rejection of another applicable Subplan, and which are otherwise properly executed and received prior to the Voting Deadline, *shall be counted* as votes to accept or reject all of the Subplans applicable to the voting creditor.
- (f) Ballots that indicate an acceptance or rejection of one Subplan applicable to the voting creditor and rejection of another Subplan applicable to the voting creditor *shall be counted* as a vote to accept the Subplan for which such creditor voted to accept and a vote to reject the Subplan for which such creditor voted to reject.
- (g) Only ballots that are timely received prior to the Voting Deadline and that are properly executed will be counted. Unsigned ballots *shall not be counted*.
- (h) Ballots postmarked prior to the Voting Deadline, but received after the Voting Deadline, *shall not be counted*.
- (i) Ballots that are illegible, or contain insufficient information to permit the identification of the creditor, *shall not be counted*.
- (j) Whenever a creditor casts more than one ballot voting the same claim prior to the Voting Deadline, the last ballot received prior to the Voting Deadline shall be deemed to reflect the voter's intent and supersede any prior ballots.
- (k) If a creditor simultaneously casts inconsistent duplicate ballots, with respect to the same claim, such ballots *shall not be counted*.
- (l) Each creditor shall be deemed to have voted the full amount of its claim. Unless otherwise ordered by the Court, questions as to the validity, form, eligibility (including time of receipt), acceptance, and revocation or withdrawal of ballots shall be determined by the Balloting Agent and the Debtors, which determination shall be final and binding.
- (m) If a creditor in Classes 6(a)-6(l) makes the Small Unsecured Claims Class Election on its Class 6 ballot, such election shall be binding on the creditor for all of its claims against the Debtors, shall constitute an acceptance of all of the Subplans by such creditor, and all of such creditor's claims against the Debtors shall be deemed to be and treated solely as claims in Classes 8(a)-8(l) limited for distribution purposes, in the aggregate, to no more than \$5,000, and the Class 6 ballot submitted by such creditor shall be deemed to be an accepting Class 8 ballot.

- (n) Any creditor may vote to accept or reject all of the Subplans applicable to it (and to make a Small Unsecured Claims Class Election, if applicable) by completing Item 1 on the ballot, which allows a single vote for all claims held by such creditor.

16. Any objection, comment, or response to confirmation of the Plan (including any supporting memoranda) must be in writing, served on the parties identified below, and filed with the Court, together with proof of service, such that the foregoing are received by such parties and the Court on or before November 25, 2009 at 4:00 p.m. (prevailing Eastern Time) (the "**Confirmation Objection Deadline**"). Replies, if any, to objections, comments, or responses to the Plan must be filed no later than 12/7, 2009 at 4:00 p.m. (prevailing Eastern Time). The Court shall consider only written objections that are timely filed and served by the Confirmation Objection Deadline. All objections not timely filed and served in accordance with the provisions of this Order are hereby deemed waived. Objections to confirmation of the Plan should provide proposed language to remedy such objections and shall be served on the following parties:

Office of the United States Trustee: 844 King Street, Suite 2207,
Wilmington, Delaware 19801 (Attn: Joseph McMahon).

17. A hearing shall be held before this Court on December 10, 2009 at 11:00
9 .m. (prevailing Eastern Time), at the United States Bankruptcy Court for the District of
Delaware, 824 N. Market St., 5th Floor, Wilmington, Delaware 19801, or as soon thereafter as
counsel can be heard, to consider confirmation of the Plan (the "**Confirmation Hearing**").

18. The Confirmation Hearing may be adjourned from time to time without further
notice to creditors and other parties in interest other than an announcement of the adjourned date
at the Confirmation Hearing.

19. The following procedures are approved for establishing the Cure Amounts for the
executory contracts and leases to be assumed pursuant to the Plan:

- (a) the Debtors will cause the Notice of (i) Possible Assumption of Contracts and Leases, (ii) Fixing of Cure Amounts, and (iii) Deadline to Object Thereto (the "**Cure Notice**"), in a form substantially similar to the notice annexed hereto as **Exhibit E**, to be served on the non-debtor parties to all Assumed Contracts and Leases at least 20 days prior to the Confirmation Hearing. Among other things, the Cure Notice shall set forth the Cure Amount that the Debtors believe must be paid in order to cure all monetary defaults under each of the Assumed Contracts and Leases;⁴
- (b) the non-debtor parties to the Assumed Contracts and Leases shall have until 12/3, 2009 at 4:00 p.m. (prevailing Eastern Time), which deadline may be extended in the sole discretion of the Debtors, to object (a "**Cure Objection**") to the (i) Cure Amounts listed by the Debtors and to propose alternative cure amounts, and/or (ii) proposed assumption of the Assumed Contracts and Leases under the Plan; *provided, however*, that if, subsequent to 11/20, 2009, the Debtors amend the list of the Assumed Contracts and Leases to add a contract or lease or to reduce the Cure Amount thereof, except where such reduction was based upon the mutual agreement of the parties, the non-debtor party thereto shall have at least seven calendar days after service of such amendment to object thereto or to propose an alternative Cure Amount(s);

⁴ Receipt of a Cure Notice does not constitute a determination by the Debtors to assume any executory contract or unexpired lease; the Debtors may still decide *not* to assume any executory contract or unexpired lease through the Plan or otherwise.

- (c) any party objecting to the Cure Amount(s), whether or not such party previously has filed a Proof of Claim with respect to amounts due under the applicable Assumed Contract or Lease, or objecting to the potential assumption of such Assumed Contract or Lease, shall be required to file and serve a Cure Objection, in writing, setting forth with specificity any and all cure obligations that the objecting party asserts must be cured or satisfied in respect of the Assumed Contract or Lease and/or any and all objections to the potential assumption of such Assumed Contract or Lease, together with all documentation supporting such cure claim or objection, upon each of the Notice Parties so that the ***Cure Objection is actually received by them no later than the Confirmation Objection Deadline.*** If a Cure Objection is timely filed and the parties are unable to settle such Cure Objection, the Court shall determine the amount of any disputed Cure Amount(s) or adjudicate such Cure Objection at a hearing to be held at the time of the Confirmation Hearing or such other hearing date to which the parties may mutually agree. The Debtors may, in their sole discretion, extend the Confirmation Objection Deadline without further notice, but are not obligated to do so; and
- (d) in the event that no Cure Objection is timely filed with respect to an Assumed Contract or Lease, the counterparty to such Assumed Contract or Lease shall be deemed to have consented to the assumption of the Assumed Contract or Lease and the Cure Amount proposed by the Debtors and shall be forever enjoined and barred from seeking any additional amount(s) on account of the Debtors' cure obligations under section 365 of the Bankruptcy Code or otherwise from the Debtors, their estates or the Reorganized Debtors. In addition, if no timely Cure Objection is filed with respect to an Assumed Contract or Lease, upon the effective date of the Plan, the Reorganized Debtors and the counterparty to such Assumed Contract or Lease shall enjoy all of the rights and benefits under the Assumed Contract or Lease without the necessity of obtaining any party's written consent to the Debtors' assumption of the Assumed Contract or Lease, and such counterparty shall be deemed to have waived any right to object, consent, condition, or otherwise restrict the Debtors' assumption of the Assumed Contract or Lease.

The inclusion of a Contract or Lease in the Cure Notice is without prejudice to the Debtors' right to modify their election to assume or to reject such Contract or Lease prior to the entry of a final, non-appealable order (which order may be the order confirming the Plan) deeming any such Contract or Lease assumed or rejected, and inclusion in the Cure Notice is *not* a final determination that any Contract or Lease will, in fact, be assumed.

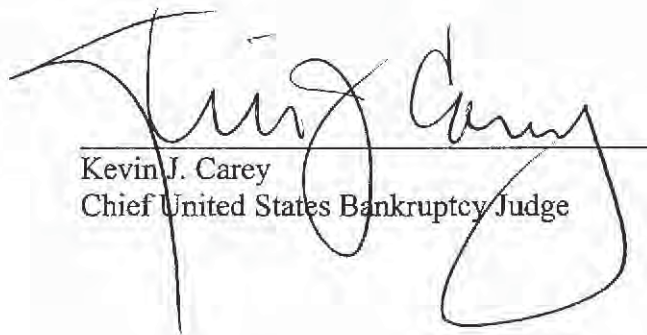

20. Prior to mailing the Disclosure Statement, Solicitation Packages, Non-Voting Holder Notices, or the Cure Notice, the Debtors may fill in any missing dates and other information, correct any typographical errors, and make such other non-material, non-substantive changes as they deem appropriate.

21. GCG is authorized, but not directed, to contact creditors who have submitted invalid Ballots in order to correct the defect in such creditor's Ballot.

22. The Debtors are authorized to take all actions necessary to effectuate the relief granted pursuant to this Order in accordance with the Motion.

23. The Court shall retain jurisdiction with respect to all matters arising under or relating to the implementation and enforcement of this Order.

EXHIBIT E
Liquidation Analysis

Disclosure Statement Exhibit E

OVERVIEW OF LIQUIDATION ANALYSIS

Peter J Solomon Company (“PJSC”) prepared the Liquidation Analysis, in conjunction with the Debtors, based on the Debtors’ legal entity balance sheets as of July 31, 2009. The Debtors and PJSC believe these balance sheets accurately reflect the current value of assets. The Liquidation Analysis represents the Debtors’ current estimates for asset recoveries, assuming a Chapter 7 liquidation commencing on or about September 30, 2009.

The Liquidation Analysis considers the liquidation value of the Debtors on the basis of a separate analysis of each of the legal entities of the Debtors.

The Debtors assisted PJSC in completing the Liquidation Analysis. PJSC received information on estimated asset recovery proceeds and liquidation costs from various operating personnel who have relevant market knowledge to determine potential recoveries and costs. PJSC and the Debtors do not provide any assurance to such recoveries but have given their best estimates in this scenario. Additionally PJSC and the Debtors referenced appraisals completed by third party professionals as noted throughout the analysis.

The Liquidation Analysis assumes an expedited but orderly wind-down of the businesses to maximize recovery values. While the Debtors assume that the majority of the operational wind-down would be done in approximately 6 months, complete liquidation, especially of real estate assets, would be expected to take at least 12 months.

The Liquidation Analysis, through the table and associated notes below, summarizes the recovery estimates for the various classes of the Debtors’ creditors in a hypothetical chapter 7 bankruptcy liquidation and under the Plan. The Liquidation Analysis demonstrates that every creditor of the Debtors will receive a greater recovery under the Plan than in such chapter 7 liquidation.

(a) Admin Claims per 7/31/09 balance sheet. Recovery percentage represents pro rata share of unencumbered asset sale proceeds.

(b) Priority tax claim of the IRS related to the audit of the 2005 to 2008 taxable years is senior to BMHC Parent General Unsecured Claims and Pre-petition Secured Lender Claims at the BMHC Parent level. Also includes State/Local accrued tax expense.

(c) Pre-petition Secured Lender Claims consist of Term Loan of \$269 mm, Revolver of \$16 mm, Accrued Interest of \$11 mm, Long-Term Swap liability of \$6 mm and \$113 mm in Letters of Credit. All amounts are per balance sheet at filing. Pre-petition Secured Lender Claims are secured claims to the extent of the value of the collateral securing such Claims at the relevant company. At BMHC Parent, the Pre-petition Secured Lender Claims are secured claims with respect to funds held in control cash collateral accounts. Pre-petition Secured Lender Claims in excess of the collateral value are treated at each company as unsecured claims that are pari passu with other General Unsecured Claims at such company. As reflected in the Liquidation Analysis, no amount is available to be paid at any company level on account of General Unsecured Claims or the deficiency claims of the Pre-petition Secured Lenders.

(d) BMHC Parent General Unsecured Claims consist of SERP liability of \$21 mm, Deferred Compensation of \$1 mm and other claims.

(e) Represents secured claims associated with a Secured Real Estate Note. Recovery amount estimated by comparing liquidation value to estimated book value. (Estimated book value assumed equal to claim amount.)

(f) General Unsecured Claims are based on preliminary Company reconciliation of filed claims as of 10/13/09. Such reconciliation assumes among other things that the Court would disallow assertion of the same claim at multiple debtors and that, in the event of discrepancies between filed claims and scheduled claims, claims would be allowed in the amounts contained in the Debtors' books and records. Furthermore the claims have been allocated among the debtor entities based upon assumptions and analysis of Management and PJSC. The ultimate pool of allowed unsecured claims may vary, perhaps materially, from the amounts presented herein. Multiple debtor claims and higher claims amounts would reduce the distributions as presented.

Notes to Liquidation Analysis

Accounts Receivable

Estimates of Accounts Receivable recovery rates were derived through referencing appraisal reports completed by Great American in August 2009.

Inventory

Estimates of Inventory recovery rates were derived through referencing appraisal reports completed by Great American in August 2009.

Real Property

Certain Debtors own a significant portfolio of Real Estate properties throughout the United States that constitute their principal places of business. These sites in general are relatively large stock yards of up to 90 acres in size. Cushman and Wakefield completed a new appraisal of each property in August 2009 for benefit of the Lender Group; the results of which were used as a starting point for estimating liquidation recovery rates. Despite sales efforts, the Debtors have been able to sell only a few of these properties so far in 2009 at various discounts to Appraised Value. PJSC assumed sales of the Real Estate properties in a Chapter 7 liquidation would occur over at least 12 months. Estimates of associated real estate sales commissions, property taxes and other expenses are contained in the estimates of liquidation costs.

Mechanical and Equipment

In estimating the Liquidation value for the Mechanical and Equipment assets of the Debtors, PJSC used an Appraisal completed by Hilco Appraisal Services in August 2009. The upper and lower estimates of Liquidation Value are assessed by considering Hilco's Orderly (6 month timeline) and Forced (3 month timeline) Liquidation scenarios.

Other Long Term Assets

Other Long Term Assets consist primarily of the Cash Surrender Value of the SERP and Executive Deferred Comp plan.

Income Statement

Revenue

Revenue is forecast to grow from \$693 million to \$1,830 million over the forecast period due to an anticipated recovery in single family home construction from current historically low levels. Management's expectation for such a recovery is supported by its view that 2009 housing starts have fallen to roughly 30% of a more normalized run rate (calculated as an average of the last 15 years excluding the top three years in each market).

Gross Profit Margin

Gross Profit Margin on a consolidated basis improves modestly over the forecast period. This is driven in part by operating leverage in the Company's millwork, truss and construction services operations as volumes increase. On a market by market review of the businesses Management took a conservative view and in most cases assumed a very modest increase in margin over the forecast period driven by improved competitive dynamics. The Debtors are the largest custom millwork operator in the country giving the Debtors significant advantages in purchasing power, expertise and technology which will generate increased gross margin levels as sales volumes recover. Return to a stronger balance sheet position will return the ability to more effectively negotiate price discounts with major suppliers and provide the flexibility to buy ahead of major commodity price movements. Recent technology implementations continue to improve efficiencies (dispatch and delivery systems, centralization of truss engineering and take-offs, etc.)

EBITDA Margin

Following the recently completed detailed business by business review of Alvarez and Marsal, Management believes it has rationalized and stabilized its SG&A expenses to the point where top line sales improvement will result in gradual EBITDA margin expansion back to a level consistent with the long run average EBITDA margin of the business.

Excess Real Estate Asset Sales

The BMC West and SelectBuild Debtors own a large portfolio of real estate assets and have identified approximately \$50 million of excess real estate that is no longer required to support the business. The Projections assume a portion of this excess real estate will be sold in an orderly process realizing net after tax and commission proceeds of \$11 million, \$11 million and \$8 million in 2010, 2011 and 2012 respectively. The Revenue, EBITDA and EBIT numbers as shown in the exhibits exclude the impact of these sales. Under terms of the Plan, the first \$5 million asset sales (including excess real estate sales proceeds) are used to pay down amounts outstanding on the revolver or accrue as excess cash on the balance sheet. All further excess real estate sale proceeds are used to pay down amounts outstanding on the "Funded Exit" Term Loan and Revolver, inclusive of Letters of Credit, on a pro rata basis.

Tax

Based on a preliminary opinion of the company's auditors, Management assumed that it will have the ability to utilize Normal Operating Losses ("NOLs") to substantially offset a significant portion of its taxable income during the forecast period. Specifically, PWC estimates that the Reorganized Debtors will pay no taxes in 2010 and approximately 2% of book pre-tax income in the years 2011-2012. Over the long term the company anticipates that it will eventually pay taxes at a 40% rate. PWC's findings are preliminary and actual future tax payments may vary considerably from this forecast.

Incentive Plans

The Projections include sales commissions and bonuses for field personnel however, excludes any provision for a corporate level management incentive plan.

Balance Sheet and Cash Flow Statement

Restructuring Adjustments

Various Balance Sheet adjustments are assumed to occur upon emergence at December 31, 2009 to implement the Plan and have the effect of reducing or cancelling certain pre petition assets and liabilities. These adjustments include among others, the creation of a "Take-back" Term Loan (\$135 million) in satisfaction of various pre petition Secured Lender claims. The Balance Sheet does not include Fresh Start accounting adjustments; therefore additional adjustments especially to the Shareholder's Equity account will be required pending completion of work by the Debtors' auditors.

Working Capital

The Debtors anticipate that over the forecast period there will be a gradual return to more normalized trade terms (consistent with historical averages) for both vendors and customers as their level of concern over the Reorganized Debtors' viability subsides and overall market conditions return to normal levels. This includes among other impacts a return to more normalized bad debt levels as the financial status of the customer base stabilizes.

"Take-back" Term Loan

The \$135 million Term Loan bears interest at L+500. The Libor portion is cash pay for the life of the loan while the 500 bps margin is PIK for the first 2 years then cash pay thereafter. The Term Loan is entitled to receive various mandatory prepayments including 100% of Excess Cash Flow ("Excess Cash Flow") which is defined as EBITDA less capital expenditures, less increase in working capital, less cash taxes and less cash interest. The projected financial information assumes the Reorganized Debtors use the PIK feature to maximum extent allowed by the Term Loan agreement. Any Excess Cash payments as required under the Plan are paid annually in arrears during the second quarter of each year.

Funded Exit Term Loan

Under the terms of the Plan, the Reorganized Debtors will receive \$52.3 million (\$53.5 mm less OID of \$1.25 mm) in cash from the Funded Exit Term Loan upon exit from Chapter 11. The Term Loan bears interest at L+1200, with the option to PIK 6.0% plus an additional 2.0% incremental fee. 9.0% is cash pay for the life of the loan while the Reorganized Debtors have the option to PIK 8.0% until maturity. The projected financials assume the Reorganized Debtors use max PIK option.

Exit Revolver

Under terms of the Plan, the Reorganized Debtors anticipate having access to a \$50 million revolving credit facility with borrowing base terms equivalent to those in the pre petition revolving credit facility. The projected Exit Revolver Balance of \$0.0 million at year end 2009 includes the cash effects of all transactions necessary to complete the exit from bankruptcy including among other things repayment of estimated borrowings under the DIP Revolver, payment of accrued and unpaid bankruptcy related professional fees and payment of exit financing fees as specified in the Plan. The Exit Revolver outstanding balance will be subject to an interest rate of L+1200 and unused commitments will carry a fee of 50bps. The borrowing base will cover both the Exit Revolver and Funded Exit Term Loan.

General Unsecured Creditor Settlement

Under terms of the Plan, pre petition General Unsecured Creditors of the Debtors receive a lump sum \$5.5 million payment.

Letters of Credit

Under terms of the Plan, pre petition Letters of Credit ("OldCo LC's") in the amount of \$113 million remain outstanding as liabilities of certain pre petition secured lenders. The Projections assume that the Reorganized Debtors continue to meet their obligations under the terms of various lease, insurance and other agreements governing the OldCo LC's and therefore the OldCo LC's should remain undrawn and expire in due course. OldCo LC's accrue a 2.5% PIK fee for the first two years then pay 2.5% cash fees thereafter. The Projections assume that the Reorganized Debtors will require new Letters of Credit ("NewCo LC's") which are issued under terms of the Exit Revolver and incur fees of 6.5%. The

Reorganized Debtors have the option to pay fees all in cash or to pay cash fees of 3.5% and PIK fees of 3.0% plus an additional 2.0%. Only NewCo LC's reduce the amount of available unused Revolver capacity. The projected financials assume the max PIK option is utilized and that the Reorganized Debtors will have the ability to cash collateralize LC's.

Capital Expenditures

Gradually increase over the forecast period from 0.2% to 0.5% of sales to support the anticipated return to higher sales levels. Through the business unit review process Management has been very focused on ensuring that the go forward business maintains an appropriate footprint in terms of people, machines and real estate to support the return to a more normalized level of business.

PART I

ITEM 1. Business

General

Building Materials Holding Corporation is one of the largest providers of residential building products and construction services in the United States, with a focus in the western and southern states. We distribute building materials, manufacture building components (millwork, floor and roof trusses and wall panels) and provide construction services to professional builders and contractors through a network of 43 distribution facilities, 29 manufacturing facilities and 5 regional construction services facilities. Based on National Association of Home Builders building permit activity, we provide building products and construction services in 10 of the top 25 single-family construction markets.

Incorporated in the state of Delaware in 1987, Building Materials Holding Corporation trades on the OTC Bulletin Board (OTCBB) under the ticker symbol BLGM and is headquartered in Boise, Idaho.

Our periodic and current reports are filed with the Securities and Exchange Commission at www.sec.gov and are also available on our website at www.bmhc.com. Additionally, our reports filed with the Securities Exchange Commission may be read or copied at the Security Exchange Commission's Public Reference Room at 100 F Street, NE, Washington, DC 20549. Information regarding the operation of the Public Reference Room may be obtained by calling 1 (800) SEC-0330.

Industry Overview

The residential building products and construction services industry is dependent on demand for single-family homes. Housing demand is influenced by many factors including the overall condition of the U.S. economy, mortgage and other interest rates, consumer confidence, job formation and demographic trends as well as other factors. The production of single-family homes is therefore variable and cyclical in nature.

Already under contraction, single-family housing starts declined further in the fourth quarter of 2008 as home foreclosures increased, lending standards tightened and rising unemployment sapped consumer confidence. According to the U.S. Census Bureau as of November 2008, single-family housing starts for the U.S. as a whole fell below an annualized rate of 0.5 million. Excluding the boom years of 2006 through 2003, single-family housing starts for the U.S. as a whole averaged 1.1 million starts per year since 1990.

Similarly, as of November 2008 annualized single-family permits in our markets fell 46% to 0.2 million from the prior year. Accordingly, we implemented the following significant changes to our operations for 2008:

- □ □ closure of 42 and consolidation of 15 business units in underperforming markets,
- □ □ centralized administrative functions of information systems, reporting, accounts payable and human resources to our existing administrative support operation and
- □ □ reduced employees 42% in our operations and 12% in our administrative support operation.

According to the U.S. Census Bureau as of February 2009, single-family housing starts for the U.S. as a whole fell to an annualized rate below 0.4 million and single-family permits in our markets fell to an annualized rate below 0.2 million. This suggests 2009 will be more challenging than 2008 as the decline in housing starts will cause competition to sharpen. As a result, we continue to assess the operating performance of business units and eliminate cost inefficiencies. We continue to believe our employees' efforts to maintain our preferred supplier status with our customers and focus on cost efficiencies are distinguishing factors in our ability to weather this unprecedented downturn in the basic necessity of housing.

Under our **BMC West** brand, we market and sell building products, manufacture building components and provide construction services to professional builders and contractors. Products include structural lumber and building materials purchased from manufacturers as well as manufactured building components such as millwork, trusses and wall panels. Construction services include installation of various building products and framing. We serve our customers based on a regional market management approach where our business units offer our entire breadth of building products, manufactured building components and construction services to a market area. We currently offer these products and services in major metropolitan markets in Texas, Washington, Colorado, Idaho, Utah, Montana, California and Oregon.

Under our **SelectBuild** brand, we offer integrated construction services to production homebuilders as well as commercial and multi-family builders. These builders generally outsource framing and other construction services. Our services include wood framing, concrete services, plumbing and other services. Construction services include managing labor and construction schedules as well as sourcing materials. We currently offer these services in major metropolitan markets in California, Arizona, Nevada and Illinois.

Restructuring

In response to challenging economic and industry conditions, in May 2008 we initiated a comprehensive analysis of our businesses operations to improve cash flow and profitability as well as rationalize our operations for the current conditions of the homebuilding industry. The plan places a priority on positive cash flow, efficient use of capital and higher returns and focuses on closing or consolidating underperforming business units as well as improving business processes. As a result, we implemented the following changes:

Fourth Quarter

- closure of our concrete business and lumber distribution facility in Southern California,
- closure of a concrete business in Northern California,
- relocation of building materials distribution operation in Kent, Washington to our existing operations in the Puget Sound area of Washington,
- relocation of millwork operation in Fort Collins, Colorado to our existing operation in Greeley, Colorado,
- closure of building materials distribution, millwork and truss operations in Sparks, Nevada and
- exit of operating leases for various operating facilities.

Third Quarter

- closure of truss operation in Minden, Nevada,
- relocation of millwork operation in Boise, Idaho to our existing building distribution and truss operation in Boise, Idaho,
- relocation of millwork operation in Salt Lake City, Utah to our existing operation in Orem, Utah and
- exit of operating leases for various operating facilities.

Second Quarter

- streamlining of our organizational structure by reducing the previous 13 regions to 6 as well as realigning management functions,
- integration and centralization of administrative functions at construction services operations to our existing administrative support operations,
- closure of the following business units in underperforming markets:
 - millwork and building materials distribution operations in Merced and Bakersfield, California,
 - § concrete and framing services in Tucson, Arizona,
 - § block masonry, concrete services and truss manufacturing in Florida and
 - § various underperforming trades within our operating regions and
- exit of operating leases for various operating facilities.

First Quarter

- appointment of a chief operating officer to assume responsibility for the operation of our building product and construction service offerings and
- discontinued framing services in Virginia.

During 2008 we reduced the number of employees 42% for operations and 12% for administrative support compared to a year ago.

We customize our mix of building products and construction services to meet customer needs in each of our markets. The significant housing downturn has changed our sales mix as follows:

Sales Mix

Competitive Strengths

Strategically located in growing and diverse markets. Our strategy focuses on offering building products and construction services in large, rapidly growing markets. Our operations are geographically diverse and principally located in the western and south central states. According to the U.S. Census Bureau, housing starts have favored the western and southern regions, averaging 75% of annual starts over the past three years.

Full offering of manufactured products and other services. We believe we are well known and respected in our markets for the superior quality and breadth of our products and services. These builders require materials procurement, manufactured building components, construction services and on-time job-site delivery. Our products and services are not typically offered by retailers selling to do-it-yourselfers, home improvement contractors and trades people.

On a consolidated basis, our largest customer accounted for 5% of sales in 2008, while the top five customers represented approximately 18% of consolidated sales. The loss of one or more of our significant customers or changes in customer mix may adversely affect our financial condition, results of operations or cash flows.

Competition

Our products and construction services compete with similar offerings in the marketplace and our competitors vary in size, management expertise and financial capabilities. Additionally, the markets in each of our business segments are fragmented and highly competitive.

We compete with local, regional and national building products distributors. Builders generally select suppliers based on competitive pricing, product availability, reliable delivery, service, trade credit and knowledgeable personnel. Competitors providing construction services range from single-crew operations to large well-managed organizations spanning multiple markets. Some production homebuilders also perform their own framing and other construction services.

Sales and Marketing

Our operations are located in many of the largest markets for single-family home construction. Economic strength as well as historical population and migration trends have generally supported the growth of residential construction in our markets. According to the U.S. Census Bureau, housing starts have favored the western and southern regions, averaging 75% of annual starts over the past three years.

We attract customers by consistently providing quality building products and dependable customer service. We also rely on the value and solid reputation of our construction services to secure and maintain national and regional relationships with production homebuilders. Our sales personnel are dedicated to sourcing new business and maintaining customer relationships. Marketing consists of industry-wide brand communications along with an array of regional marketing events and activities to enhance customer relationships.

Cyclical and Seasonality

Our business is dependent on demand for and supply of single-family homes, which are influenced by changes in the overall condition of the U.S. economy, including interest rates, consumer confidence, job formation and other important factors. The production of single-family homes is therefore variable and cyclical in nature.

Because of weather conditions in some of our markets, our financial condition, results of operations or cash flows may be adversely affected by slower construction activity during the first and fourth quarters of the year.

Operating Strategy

Sales to customers for building products and construction services are as follows (thousands):

	2008	2007	2006
Building products	\$ 693,664	\$ 997,035	\$ 1,254,056
Construction services	631,015	1,182,038	1,697,106
	\$ 1,324,679	\$ 2,179,073	\$ 2,951,162

Our business units operate in specific markets and are organized under the brands of BMC West and SelectBuild. Each regional manager has substantial autonomy and responsibility to address customer needs specific to their markets. The reputation of a building products distributor or construction services provider is often determined locally, where service, product suitability and knowledgeable customer service are critical. Managers are responsible for optimizing business activities in their markets, including the efficient use of personnel, assessing and maintaining working capital, procuring construction labor and material requirements, identifying potential customers and developing appropriate service and product offerings. Incentive compensation is based on successful growth and operating results tied to specific market areas and regions.

We focus on improving efficiency and productivity at our business units while giving special attention and support to units that are not meeting strategic objectives. When a business unit fails to meet performance criteria, remedies include adjusting the mix of products and services, restructuring management, closure and consolidation.

Purchasing

We purchase building products from numerous manufacturers and suppliers. Our largest supplier accounted for approximately 6% of purchases in 2008.

We have preferred suppliers for certain building products. We maintain an open dialogue with our suppliers to avoid supply disruptions. Suppliers may experience liquidity problems due to the decline in the homebuilding industry and tightened credit availability. Also, our suppliers may have concerns about our financial viability and address their own liquidity needs by requesting faster payment of invoices or other assurances. If this were to happen, our need for cash may intensify and we may be unable to make payments to our suppliers as they become due.

To meet market specific needs and maintain appropriate inventory levels, purchasing decisions are made at the business unit level within the framework of corporate negotiated programs. Large volume purchases are made under company-wide guidelines. In addition, we participate in volume discount and cooperative advertising programs with suppliers. We have established strong relationships with our suppliers. These strong relationships provide us purchasing advantages, including volume rebate programs and preferred customer status when supplies or liquidity are limited.

The prices of commodity wood products, concrete, steel and other building products are volatile and may adversely impact financial condition, results of operations and cash flows when prices rapidly rise or fall. Our information systems allow business unit managers to closely monitor sales and inventory. With this supply and demand information, we generally avoid overstocking commodity wood products. As a result, we turn our commodity wood product inventory on average 10 times per year. Such rapid inventory turnover limits our potential exposure to inventory loss from commodity price fluctuations.

Management Information Systems

We continue to standardize software and infrastructure platforms that support the information needs of our organization. Our standardization effort includes job cost and construction information, estimating, accounts receivable management, inventory management, reporting, project scheduling and human resource management.

We use a project methodology that allows us to efficiently maintain and enhance these information systems for our business units. To eliminate redundant activities and reduce administrative costs, we transferred payroll, accounts payable and general ledger processes to our existing administrative support operations during 2008. As we focus on reducing costs, future implementations will be limited, however we will continue to maintain the effectiveness and stability of our information processes and systems.

We continue to research and recommend new technology solutions to improve information for decision-making, however new technology solutions must have a short-term and positive return to be implemented. Remote information technology functions have been consolidated and moved to Boise, Idaho to lower costs and improve efficiencies. We are also pursuing negotiations with our technology vendors to achieve economies on pricing.

Our network infrastructure consists of data centers in Boise, Idaho and Las Vegas, Nevada. This network infrastructure provides redundant services between data centers and allows for a more seamless disaster recovery capability.

Safety and Risk Management

The construction services industry incurs a higher number of accidents and subsequent costs for workers' compensation claims than typically experienced at building materials distribution facilities. Consequently, we have several programs to enhance safety and reduce the risks encountered by our employees. These programs include instruction and training for truck drivers, construction safety, behavioral safety as well as on-line and instructor led training programs relating to OSHA compliance matters and safety hazards in the workplace.

We maintain comprehensive insurance coverage to mitigate the potential cost of claims. Our estimated cost for automobile, general liability and workers' compensation claims is determined by actuarial methods. Claims in excess of certain amounts are insured with third-party insurance carriers. Reserves for claims are recognized based on the estimated costs of these claims as limited by the deductible of the applicable insurance policies.

Employees

Our success is highly dependent on the quality of our employees. Due to competition in attracting and retaining qualified employees, we maintain competitive compensation and benefit programs to attract, motivate and retain top-performers. We also provide extensive product knowledge, customer service and other supervisory or management training programs to achieve our goal of being both the employer and supplier of choice.

As of December 2008, we employed approximately 8,200 people of which 98% were in our operations and 2% were in our administrative support functions. Unions represent approximately 400 or less than 5% of our employees. We have not experienced any strikes or other work interruptions and have maintained generally favorable relations with our employees. However, recently there have been attempts by a union to organize our construction workers principally in our Arizona and Nevada operations. We will continue to balance shareholder value with competitive compensation and benefits, safe jobsites and quality construction skills for our employees.

Item 1A. Risk Factors

Risks Related to Our Business

We face a number of significant risks and uncertainties in connection with our operations. The factors described below may adversely affect our business, financial position, results of operations or cash flows and could cause future results to differ from past performance or expected results.

While we describe each risk separately, some of these risks are interrelated and certain risks could trigger other risks described below. Also, the risks and uncertainties described below are not the only risks and uncertainties we may face:

There is substantial doubt about our ability to continue as a going concern.

Our consolidated financial statements were prepared assuming we will continue as a going concern. We may not be able to meet near-term working capital and scheduled interest and debt payment requirements if cash flows are inadequate from our suppressed operating activities or if our access to the revolver portion of our credit facility is restricted due to lack of compliance with financial covenants or revolver borrowing base limitations. Absent any waiver, forbearance or modification to our current credit agreement or other financing options, we believe our recurring losses from operations, interest and debt burden amid declining sales and potential inability to generate sufficient cash flow to meet our obligations and sustain our operations raise substantial doubt about our ability to continue near-term as a going concern.

Additionally, our long-term future is dependent on more normal levels of single-family housing starts and our ability to implement and maintain cost structures, including reduced interest and debt, that align with single-family housing trends. If this fails to transpire or if we cannot obtain a waiver, forbearance or modification to our current credit agreement or other financing options, we may not be able to continue as a going concern and may potentially be forced to seek relief through a bankruptcy filing. Such actions may have an adverse impact on the holders of our common shares.

Our business is dependent on demand for and supply of single-family homes that are influenced by changes in the overall condition of the U.S. economy, including interest rates, consumer confidence, job formation, availability of credit and other important factors.

The residential building products and construction services industry is highly dependent on demand for single-family homes, which is influenced by several factors. These factors include economic changes nationally and locally, mortgage and other interest rates, consumer confidence, job formation, demographic trends, tax incentives and availability of credit as well as other factors. The construction of new homes may experience decline due to excess unsold home inventory levels, lack of availability of credit for lenders, builders and homebuyers, lack of available and affordable land in attractive metropolitan areas, shortages of qualified tradespeople, shortages of materials and regulations that impose restrictive zoning and density requirements. Also, changes to housing patterns may occur, such as an increase in consumer demand for urban living rather than single-family suburban neighborhoods.

All of these factors could limit demand for home construction and may result in lower sales of our building products and construction services as well as lower operating results due to our inability to align our cost structure with these sales trends.

Our ability to maintain adequate liquidity, reduce operating costs and increase market share in an industry experiencing a 55% reduction in average annual housing starts may not be fully realized or may take longer to realize than expected. Excluding the boom years of 2006 through 2003, single-family housing starts for the U.S. as a whole averaged 1.1 million starts per year since 1990. For 2008, annualized single-family housing starts for the U.S. as a whole were 55% lower or 0.5 million starts. Housing starts have been negatively impacted by an excess inventory of unsold homes and home foreclosures as lending standards tightened and recent growing economic hardships of rising unemployment have sapped consumer confidence. These trends may not substantially improve for some time.

Single-family permits in our markets declined 46% for 2008 and 31% for 2007. The decline was widespread across all our markets for both building products and construction services. Lower sales from weakening buyer demand and increased competition for fewer contracts led to declines in our margins, particularly for construction services. As of February 2009, single-family housing starts for the U.S. as a whole fell to an annualized rate below 0.4 million and single-family permits in our markets fell to an annualized rate below 0.2 million. We expect market conditions to be challenging and may apply further pressure to our sales, margins and operating results.

- *Our liquidity is dependent on operating performance, an efficient cash conversion cycle and compliance with financial covenants.*

Liquidity is essential to our business. We fund working capital requirements and necessary capital expenditures with cash flow from operations and seasonal borrowings under our credit facility. A substantial deterioration in operating performance as well as inefficient conversion of business activities to cash may adversely affect our ability to obtain funding from operations or our credit facility.

We may not be able to meet near-term working capital and scheduled interest and debt payment requirements if cash flows are inadequate from our suppressed operating activities or if our access to the revolver portion of our credit facility is restricted due to lack of compliance with financial covenants or revolver borrowing base limitations. Absent any waiver, forbearance or modification to our current credit agreement or other financing options, we believe our recurring losses from operations, interest and debt burden amid declining sales and potential inability to generate sufficient cash flow to meet our obligations and sustain our operations raise substantial doubt about our ability to continue near-term as a going concern.

Additionally, our credit agreement requires monthly compliance with financial covenants including minimum liquidity and adjusted earnings before interest, taxes, depreciation and amortization (monthly Adjusted EBITDA) at least through 2010. Operating results, particularly income from continuing operations, are a primary factor for these covenants and our ability to comply with these covenants depends on our operating performance. At December 31, 2008, we were in compliance with the financial covenants of the credit agreement.

Based on financial information for February 2009, we were not in compliance with the monthly Adjusted EBITDA requirement of our credit agreement. In March 2009, we obtained a limited waiver through April 15, 2009 for lack of compliance with the monthly Adjusted EBITDA requirement and we preserved access to limited liquidity as we may borrow up to \$20 million on the revolver portion of our credit facility. Each lender approving the limited waiver was paid a fee of 0.10% of their revolver commitment and their portion of the outstanding principal amount of the term note.

Previously, we obtained waivers for financial covenants related to our credit agreement due to lower than planned operating performance as of both June 2008 and December 2007. In September 2008, we entered into an amendment to our credit agreement with our lenders. The amended credit facility continues to provide a \$200 million revolver subject to borrowing base limitations and a \$340 million term note maturing in November 2011. As of December 31, 2008, no borrowings were outstanding under the revolver and \$325.8 million was outstanding under the term note. As of March 31, 2009, there were \$2.3 million borrowings outstanding under the revolver and \$313.8 million was outstanding under the term note.

Due to the difficulty of reliably projecting our operating results within the suppressed business conditions of the homebuilding industry, there is significant uncertainty as to our ability to meet the financial covenants of our current credit agreement during 2009. Also, our independent registered public accounting firm included a going concern explanatory paragraph in their report on our financial statements for the year ended December 31, 2008 citing among other things, the uncertainty we will remain in compliance with these financial covenants. The going concern explanatory paragraph would constitute a default under our credit agreement. In April 2009, we obtained a waiver for the going concern explanatory paragraph.

Lack of compliance with these covenants constitutes an event of default under the credit agreement. As a result and absent any waiver, forbearance or modification, the lenders under our credit agreement would have the right to cause all amounts borrowed to become due and payable immediately and cease further borrowings by us under the credit facility.

In April 2009, we and our lenders agreed to extend the limited waiver through June 1, 2009. This waiver continues to waive the monthly Adjusted EBITDA, forecast and projection requirements of our credit agreement. The limited waiver limits borrowings under the revolver to \$20 million subject to borrowing base limitations and limits capital expenditures to \$0.5 million. This limited waiver also requires we complete timely tax filings for tax refunds as a result of net operating losses and provide a revised business plan. The satisfaction of the conditions of timely tax filings and revised business plan are subject to the discretion of our lenders. Each lender approving the waiver for the going concern explanatory paragraph and extending the limited waiver was paid a fee of 0.10% of their revolver commitment and their portion of the outstanding principal amount of the term note.

We are currently negotiating with our lenders to modify our credit agreement. These negotiations may provide us additional time and flexibility to develop a capital structure to support our long-term strategic plan and business objectives.

There is no assurance these negotiations will result in a credit agreement acceptable to us and the lenders or an agreement that will achieve our desired goals. We continue to pursue alternative financing arrangements as well as evaluate all other financing options.

If our operating performance, particularly cash flows from operations, is inadequate, we could suffer unfavorable consequences, such as payment delays to our suppliers or failure to honor contractual commitments including financial obligations.

Changes in or perceptions of our liquidity or the liquidity of our suppliers and customers may adversely affect our cash flows and compound other risks. Our suppliers of building products as well as customers of our building products and construction services may experience or perceive uncertain liquidity and cause changes in our liquidity. For example, vendors may disrupt supply with changes in terms such as credit and quantity limitations, pricing or payment. Similarly, customers may disrupt demand with changes in purchasing habits.

Increases in interest rates and the credit risk premium assigned to us as well as changes in the amount of debt will increase our interest expense. Higher interest expense may adversely impact our financial position, results of operations or cash flows for operating needs.

- *An inability to implement and maintain cost structures that align with sales trends may have an adverse impact on our operating results or the anticipated benefits of restructuring may not be fully realized or may take longer to realize than expected.*

When we experience slower periods of homebuilding activity, we may experience inefficiencies in our cost structures. In response to the current challenging economic and industry conditions, we have implemented restructuring plans that include closure or consolidation of underperforming business units, reductions in the number of employees and consolidation of certain administrative functions. These actions are designed to align our cost structures with anticipated sales. Our evaluation of and changes to expenses in response to declining sales may not be sufficient, timely or realized, leading to costs that are too high relative to sales and to lower returns on sales.

- *Loss of customers as well as changes in the business models of customers may have an adverse impact on our operating results.*

We are exposed to the risk of loss arising from the failure or financial distress of customers. Although amounts due from our customers are typically secured by liens on their construction projects, in the event a customer cannot meet its payment obligations to us, there is a risk that lender evaluations of customer creditworthiness may limit amounts paid to us or the value of their underlying project will not be sufficient to recover the amounts owed to us. Estimated credit losses are considered in the valuation of amounts due from our customers, however the entire carrying amount is generally at risk.

While market and regulatory changes seek to reduce excess unsold home inventory and stabilize housing affordability, we may experience losses of and changes in customers. Many homebuilders are experiencing business and financial challenges in the current housing environment. Our 5 largest customers represent 18% of consolidated sales. Additionally, diversification of our sales to more products and services for multi-family and commercial projects may result in changes in our customer mix. The loss of one or more of our significant customers or changes in customer mix may adversely affect our financial condition, results of operations or cash flows.

As the business models of our customers evolve, our existing building products and construction service offerings may not meet the needs of certain homebuilders. Homebuilders may decide to no longer outsource construction services or may purchase construction services and building products from separate suppliers. If we do not timely assess shifts in customer expectations, preferences and demands, our financial condition, results of operations or cash flows may be adversely affected.

Due to the continuing downturn in the housing industry, we may incur additional impairment charges and costs to close or consolidate additional business units in underperforming markets.

If weakness in the housing industry continues, all or a portion of remaining intangible assets for customer relationships as well as operating assets of underperforming business units may be impaired. Our ongoing evaluation of business operations places a priority on positive cash flow, efficient use of capital and higher returns. As a result of these evaluations, we may incur additional costs to close or consolidate additional underperforming business units. These impairment charges and costs may adversely affect our financial condition, results of operations or cash flows.

Our business is subject to intense competition.

For 2008, annualized single-family housing starts for the U.S. as a whole were 55% lower or 0.5 million starts compared to an average of 1.1 million starts per year since 1990. Specifically, single-family building permits in our markets declined 46% for 2008 and 31% for 2007. There are numerous competitors providing building materials and construction services for these lower housing starts. These competitive factors have led to pricing pressures and caused reductions in sales or margins as well as increases in operating costs. Loss of significant market share due to competition could result in the closure of facilities. Additionally, the availability of our financial information as well as concerns about our financial viability may be utilized against us by our competitors. Intense competition may adversely affect our financial condition, results of operations or cash flows.

Our success is dependent upon the availability of and our ability to attract, train and retain qualified individuals.

Competition for employees is especially intense in both building products distribution and construction services. Weak operating results may limit our ability to offer competitive compensation and benefits and may result in shortages of qualified labor and key personnel and in turn, may limit our ability to complete contracts as well as obtain additional contracts with builders. Also, as a result of the downturn in the homebuilding industry, many qualified individuals have and may continue to seek employment in other industries. Additional employment and eligibility requirements as well as enhanced and perceived enforcement from state and federal authorities could also limit the availability of qualified labor. We cannot guarantee that we will be successful in recruiting and retaining qualified employees in the future.

Our success is also dependent on our ability to profitably implement evolving employment legislation. For example, potential legislation easing union organizing activities and limiting arbitration options may significantly increase costs and may reduce or eliminate our ability to provide goods or services in certain markets. Increases in health care and unemployment benefits, holidays and various job protections increase costs. Likewise, changes required to reasonably balance employment levels and profitability are difficult to obtain under binding arbitration provisions. There is no assurance we will be successful in balancing a changing sense of entitlement with shareholder value. Employment legislation may adversely affect our financial condition, results of operations or cash flows.

Our operating results are affected by fluctuations in our costs and the availability of sourcing channels for commodity wood products, concrete, steel and other building products.

Prices of commodity wood products, concrete, steel and other building products are historically volatile and are subject to fluctuations arising from changes in domestic and international supply and demand, labor costs, competition, market speculation, government regulations and periodic delays in delivery. Rapid and significant changes in product prices may affect sales as well as margins due to a limited ability to pass on short-term price changes. We do not use derivative financial instruments to hedge commodity price changes.

We may experience shortages of building products as a result of unexpected demand or production difficulties as well as transportation limitations. We have preferred suppliers for certain building products. We maintain an open dialogue with our suppliers to avoid supply disruptions. Suppliers may experience liquidity problems due to the decline in the homebuilding industry and tightened credit availability. Also, our suppliers may have concerns about our financial viability and address their own liquidity needs by requesting faster payment of invoices or other assurances. If this were to happen, our need for cash may intensify and we may be unable to make payments to our suppliers as they become due. Any disruption in our sources of supply for key building products could negatively impact our financial condition, results of operations or cash flows.

Weather conditions, including natural catastrophic events, may cause our operating results to fluctuate each quarter.

Our first and fourth quarters historically have been, and are expected to continue to be, adversely affected by weather conditions in some of our markets, causing decreases in operating results due to slower homebuilding activity. In addition, natural catastrophic events may cause our operating results to fluctuate.

The nature of our business exposes us to product liability and construction defect claims as well as other legal proceedings.

We are involved in product liability and construction defect claims relating to the products we distribute and manufacture and our various construction trades. We are also exposed to potential claims arising from the conduct of homebuilders and their subcontractors. We also operate a large fleet of trucks and other vehicles and therefore face some risk of accidents. Although we believe we maintain adequate insurance, we may not be able to maintain such insurance on acceptable terms or such insurance may not provide adequate protection against potential liabilities.

The nature of our business also exposes us to wage and hour claims. Accuracy of timekeeping methods may be difficult to defend and the extrapolation methods utilized may result in significant claims. Current or future claims may adversely affect our financial condition, results of operations or cash flows.

We may be adversely affected by disruptions in our information systems.

Our operations are dependent upon information for decision-making and the related information systems. A substantial disruption in our information systems for a prolonged period could delay the delivery of our products and services and adversely affect our ability to complete contracts and fulfill customer demands. Such delays, problems or costs may have an adverse effect on our financial condition, results of operations or cash flows.

Actual and perceived vulnerabilities as a result of widespread credit and liquidity concerns, terrorist activities and armed conflict may adversely impact consumer confidence and our business.

Instability in the economy and financial markets as a result of widespread credit and liquidity concerns, terrorism or war may impact consumer confidence and result in a decrease in homebuilding in our markets. Terrorist attacks may also directly impact our ability to maintain operations and services and may have an adverse effect on our business.

Federal, state and other regulations could impose substantial costs and/or restrictions on our business.

We are subject to various federal, state, local and other regulations, including among other things:

§ work safety regulations promulgated by the Department of Labor's Occupational Safety and Health Administration,

§ transportation regulations promulgated by the Department of Transportation,

§ employment regulations promulgated by the Department of Homeland Security and the United States Equal Employment Opportunity Commission as well as

§ state and local zoning restrictions and building codes.

More burdensome regulatory requirements in these or other areas may increase our costs and have an adverse effect on our financial condition, results of operations or cash flows.

Numerous other matters of a local and regional scale, including those of a political, economic, business, competitive or regulatory nature may have an adverse impact on our business.

Many factors shape the homebuilding industry and our business. In addition to the factors previously cited, there are other matters of a local and regional scale, including those of a political, economic, business, competitive or regulatory nature that may have an adverse effect on our business.

Risks Related to Our Shares

Risks related to our shares may include, however are not limited to:

§ *Our share price may fluctuate significantly, which may make it difficult for shareholders to trade our shares when desired or at attractive prices.*

The market price of our shares is subject to significant changes as a result of our operating performance and the other factors discussed above as well as perceptions and events that are beyond our control. Price and trading volume fluctuations for our shares may be unrelated or disproportionate to our operating performance. Additionally, our share price could fluctuate based on the expectations and performance of other publicly traded companies in the building products distribution and construction services industry.

§ Our shares may be less attractive as they are not traded on a large, well-known exchange.

Our shares trade on the OTC Bulletin Board. Our shares were suspended from trading on the New York Stock Exchange (NYSE) in October 2008 as our market capitalization was less than \$25 million for a 30 trading-day period. The OTC Bulletin Board may be perceived by investors as less desirable than the larger, more well-known exchanges. As a result, there may be a reduction in the number of investors willing to acquire or hold our shares which could impact our ability to raise equity financing as well as reduce the liquidity and market price of our shares.

§ Anti-takeover defenses in our governing documents and certain provisions under Delaware law could prevent an acquisition of our company or limit the price that investors might be willing to pay for our shares.

Our governing documents and certain provisions of Delaware law that apply to us could make it difficult for another company to acquire control of our company. For example:

- our certificate of incorporation allows our Board of Directors to issue, at any time and without shareholder approval, preferred shares with such terms as they may determine;
- our bylaws provide that during certain types of transactions that could affect control, including the acquisition of 15% or more of our common shares, affiliates of any party to the transaction and persons having a material financial interest in the transaction may not be elected to the Board of Directors; and
- certain provisions of Delaware law generally prohibit us from engaging in any business combination with a person owning 15% or more of our common shares, or who is affiliated with us and owned 15% or more of our common shares at any time within three years prior to the proposed business combination, for a period of three years from the date the person became a 15% owner, unless specified conditions are met.

These provisions and others could delay, prevent or allow our Board of Directors to resist an acquisition of our company, even if a majority of our shareholders favored the proposed transaction.

Common Shares

ITEM 7. Management's Discussion and Analysis of Financial Condition and Results of Operations

The following discussion should be read in conjunction with the Consolidated Financial Statements and related notes that appear in Item 8 of this Form 10-K as well as the caption under this item entitled Business Risks and Forward-Looking Statements.

Our Business

We are one of the largest providers of residential building products and construction services in the United States. Under the brand names of BMC West and SelectBuild, we serve the homebuilding industry through six regional operations: Texas, California, Intermountain, Southwest, Northwest and Illinois. In each of these regions, we market and sell building products, manufacture building components and provide construction services to professional builders and contractors.

Our operations are located in metropolitan areas that have historically outpaced U.S. averages for residential building permit activity. We believe we are in homebuilding markets supported by positive long-term population growth, household formation and demographic trends.

Business Environment and Executive Overview

Annualized Single-Family Housing Starts and Permits
(000s)

Already under contraction, single-family housing starts declined further in the fourth quarter of 2008 as home foreclosures increased, lending standards tightened and rising unemployment sapped consumer confidence. According to the U.S. Census Bureau as of November 2008, single-family housing starts for the U.S. as a whole fell below an annualized rate of 0.5 million. Excluding the boom years of 2006 through 2003, single-family housing starts for the U.S. as a whole averaged 1.1 million starts per year since 1990.

Similarly, as of November 2008 annualized single-family permits in our markets fell 46% to 0.2 million from the prior year. Accordingly, we implemented the following significant changes to our operations for 2008:

- Closed 42 and consolidated 15 business units in underperforming markets,
- Centralized administrative functions of information systems, reporting, accounts payable and human resources to our existing administrative support operation and
- Reduced employees 42% in our operations and 12% in our administrative support operation.

Single-family permits in our markets declined 46% for 2008 and 31% for 2007. The decline was widespread across all our markets for both building products and construction services. Lower sales from weakening buyer demand and increased competition for fewer contracts led to declines in our margins, particularly for construction services. As of February 2009, single-family housing starts for the U.S. as a whole fell to an annualized rate below 0.4 million and single-family permits in our markets fell to an annualized rate below 0.2 million.

This suggests 2009 will be more challenging than 2008 as the decline in housing starts will cause competition to sharpen. As a result, we continue to assess the operating performance of business units and eliminate cost inefficiencies. We continue to believe our employees' efforts to maintain our preferred supplier status with our customers and focus on cost efficiencies are distinguishing factors in our ability to weather this unprecedented downturn in the basic necessity of housing.

Uncertainty of Liquidity

We have incurred losses from operations and costs to restructure. We managed our liquidity during this time with closure and consolidation of underperforming business units and cost reduction initiatives as well as sales of assets. However, the downturn in the housing industry has been deepened by an increase in home foreclosures and sapped consumer confidence from tightened lending standards and rising unemployment and created a difficult business environment. Our operating performance and liquidity were negatively affected by these economic and industry conditions which are beyond our control.

These business conditions have not improved during the first quarter of 2009. As of February 2009, single-family housing starts for the U.S. as a whole fell to an annualized rate below 0.4 million and single-family permits in our markets fell to an annualized rate below 0.2 million. We do not believe these business conditions will improve significantly during 2009.

Our actions to align our cost structure with anticipated sales may not be sufficient, timely or realized and may create additional cash requirements for operations. We also have significant interest and debt service obligations consisting of cash payments for interest and principal. With insufficient funds from operations, our primary source for funding operating needs is the revolver portion of our credit facility. However, our revolver is subject to borrowing base limitations of certain accounts receivable, inventory, property and equipment and real estate and may not provide adequate liquidity.

We are anticipating tax refunds as a result of net operating losses. Our federal tax refund is approximately \$56 million and will be used to pay down existing obligations and will help de-lever our capital structure. The timing of anticipated tax refunds for net operating losses is not known.

Additionally, our credit agreement requires monthly compliance with financial covenants including minimum liquidity and adjusted earnings before interest, taxes, depreciation and amortization (monthly Adjusted EBITDA) at least through 2010. Operating results, particularly income from continuing operations, are a primary factor for these covenants and our ability to comply with these covenants depends on our operating performance. At December 31, 2008, we were in compliance with the financial covenants of the credit agreement.

Based on financial information for February 2009, we were not in compliance with the monthly Adjusted EBITDA requirement of our credit agreement. In March 2009, we obtained a limited waiver through April 15, 2009 for lack of compliance with the monthly Adjusted EBITDA requirement and we preserved access to limited liquidity as we may borrow up to \$20 million on the revolver portion of our credit facility. Each lender approving the limited waiver was paid a fee of 0.10% of their revolver commitment and their portion of the outstanding principal amount of the term note.

Previously, we obtained waivers for financial covenants related to our credit agreement due to lower than planned operating performance as of both June 2008 and December 2007. In September 2008, we entered into an amendment to our credit agreement with our lenders. Our amended credit facility provides a \$200 million revolver subject to borrowing base limitations and a \$340 million term note maturing in November 2011. As of December 31, 2008, no borrowings were outstanding under the revolver and \$325.8 million was outstanding under the term note. As of March 31, 2009, there were \$2.3 million borrowings outstanding under the revolver and \$313.8 million was outstanding under the term note.

Due to the difficulty of reliably projecting our operating results within the suppressed business conditions of the homebuilding industry, there is significant uncertainty as to our ability to meet the financial covenants of our current credit agreement during 2009. Also, our independent registered public accounting firm included a going concern explanatory paragraph in their report on our financial statements for the year ended December 31, 2008 citing among other things, the uncertainty we will remain in compliance with these financial covenants. The going concern explanatory paragraph would constitute a default under our credit agreement. In April 2009, we obtained a waiver for the going concern explanatory paragraph.

Lack of compliance with these covenants constitutes an event of default under the credit agreement. As a result and absent any waiver, forbearance or modification, the lenders under our credit agreement would have the right to cause all amounts borrowed to become due and payable immediately and cease further borrowings by us under the credit facility.

In April 2009, we and our lenders agreed to extend the limited waiver through June 1, 2009. This waiver continues to waive the monthly Adjusted EBITDA, forecast and projection requirements of our credit agreement. The limited waiver limits borrowings under the revolver to \$20 million subject to borrowing base limitations and limits capital expenditures to \$0.5 million. This limited waiver also requires we complete timely tax filings for tax refunds as a result of net operating losses and provide a revised business plan. The satisfaction of the conditions of timely tax filings and revised business plan are subject to the discretion of our lenders. Each lender approving the waiver for the going concern explanatory paragraph and extending the limited waiver was paid a fee of 0.10% of their revolver commitment and their portion of the outstanding principal amount of the term note.

We are currently negotiating with our lenders to modify our credit agreement. These negotiations may provide us additional time and flexibility to develop a capital structure to support our long-term strategic plan and business objectives.

There is no assurance these negotiations will result in a credit agreement acceptable to us and the lenders or an agreement that will achieve our desired goals. We continue to pursue alternative financing arrangements as well as evaluate all other financing options.

We may not be able to meet near-term working capital and scheduled interest and debt payment requirements if cash flows are inadequate from our suppressed operating activities or if our access to the revolver portion of our credit facility is restricted due to lack of compliance with financial covenants or revolver borrowing base limitations. Absent any waiver, forbearance or modification to our current credit agreement, we believe our recurring losses from operations, interest and debt burden amid declining sales and potential inability to generate sufficient cash flow to meet our obligations and sustain our operations raise substantial doubt about our ability to continue near-term as a going concern.

Additionally, our long-term future is dependent on more normal levels of single-family housing starts and our ability to implement and maintain cost structures, including reduced interest and debt, that align with single-family housing trends. If this fails to transpire or if we cannot obtain a waiver, forbearance or modification to our current credit agreement or other financing options, we may not be able to continue as a going concern and may potentially be forced to seek relief through a bankruptcy filing.

Insurance Coverage

In connection with the amendment of our credit facility in September 2008, we were required to liquidate investments related to the statutory funding requirements of our captive insurance subsidiary. The marketable securities were liquidated in September 2008 and proceeds of \$33.6 million were used to reduce net borrowings under the revolver and for operating needs.

Upon liquidation of investments held by our captive insurance subsidiary, insurance deductible reserves for claims will no longer be subject to statutory funding requirements. Claims for automobile, general liability and workers' compensation continue to be insured by third-party insurance carriers. Insurance deductible reserves for claims will be recognized based on the estimated cost of claims as limited by deductibles of the applicable insurance policies.

Performance Measurements

We measure our operating performance and financial condition based on several factors including:

- Sales
- Income from operations
- Cash flow
- Management of working capital
- Return on investment

The discussion of our results of operations and financial condition provides information to assist the reader in understanding our financial statements, changes in key items in those financial statements and the primary factors that accounted for those changes.

Consolidated Financial Results

Selected financial results were as follows (millions):

**Sales and Loss from Operations
(millions)**

	2008	2007	% Change
Sales			
Building products	\$ 694	\$ 997	(30)%
Construction services	631	1,182	(47)%
	\$ 1,325	\$ 2,179	(39)%
Loss from operations	\$ (163)	\$ (256)	(36)%

Sales decreased 39% to \$1.3 billion from \$2.2 billion a year ago. Sales were lower in all our regions, particularly sales of construction services. National trends in single-family home construction continue to be at depressed levels as annualized single-family housing starts for the U.S. as a whole were 55% lower or 0.5 million starts for 2008 compared to an average of 1.1 million starts per year since 1990 excluding the boom years of 2006 through 2003. Increased home foreclosures, tightening lending standards and rising unemployment have driven housing starts to their lowest level in the 50 years of available housing data. Similarly, single-family permits in our markets fell 46% for 2008 and 31% for 2007. The depth and duration of the current housing downturn remains uncertain.

Loss from operations was \$163 million compared to a loss of \$256 million a year ago and included the following:

- Gross margins declined to 18% from 20% a year ago. Margins declined 1.6% for building products and 4.3% for construction services. Lower margins resulted from intensified competition for building products and construction services for fewer housing starts.
- We recognized \$53 million for the impairments of certain customer relationships and covenants not to compete, goodwill, certain property and equipment held for sale and certain leasehold improvements.
- Partially offsetting lower gross margins, selling and general administrative expenses decreased 17% or \$73 million from a year ago. These expenses were lower due to employee reductions resulting in a decrease of \$75 million or 42% in our operations and 12% in our administrative operation as well as \$22 million of reductions in occupancy, shipping and handling, travel and other expenses. These reductions were partially offset by:

• \$14 million increase in the allowance for doubtful accounts receivable as our customers struggle with fewer construction projects and financing and

• \$9 million for exiting various operating leases associated with underperforming business units.

- Nonrecurring expenses associated with closure and consolidation of underperforming business units classified in selling, general and administrative expenses included \$19 million of payroll and related expenses and other administrative operating expenses. As a percent of sales, selling, general and administrative expenses increased to 26% from 19%. In addition to the nonrecurring expenses, the increase was the result of:

• a substantial decline in sales volume, particularly construction services and

§

a shift in sales mix to building products from construction services.

Interest Expense

Interest expense was 57% or \$19 million more than a year ago. The increase was due to:

- \$6.1 million for higher interest rates,
- \$4.2 million for write-off of deferred loan costs,
- \$3.2 million for fees associated with waivers and amendments of our credit facility in September and February 2008 and
- \$3.0 million for the ineffective portion of interest rate swap contracts.

Income Taxes

Operating losses and impairments from continuing operations resulted in an income tax benefit of \$23 million. Our effective income tax rate increased slightly to 10.8% and is lower than statutory federal and state tax rates due to uncertainty in our ability to realize deferred tax assets resulting from operating losses and impairments. To the extent taxable income is generated in future periods, these tax benefits may be realized and reduce our effective tax rate in future periods.

Discontinued Operations

In June 2008 and as a consequence of the significant and ongoing correction in single-family home construction, we discontinued our concrete block masonry and concrete services business as well as our truss manufacturing business in Florida. We incurred a loss from these operations of \$12 million and recognized impairments of \$8 million for customer relationships and assets held for sale. These operations represented approximately 6% of sales.

In March 2008, we discontinued framing services in Virginia. These operations represented less than 1% of sales.

Consolidated Financial Results

Selected financial results were as follows (millions):

	2007	2006	% Change
Sales:			
Building products	\$ 997	\$ 1,254	(20)%
Construction services	1,182	1,697	(30)%

(Loss) income from operations	\$ (256)	\$ 164	n/m

Sales decreased 26% or \$772 million to \$2.2 billion. A sharp contraction in new home construction consistent with the national downturn in homebuilding was responsible for the decline. Single-family building permits in our markets were down 35% whereas the U.S. overall was down 29% compared to 2006. Weak buyer demand and an excess inventory of unsold homes curtailed new home starts by homebuilders. Sales of construction services were particularly lower since these sales are from production homebuilders who significantly reduced new home construction.

Gross margins declined to 20% of sales from 21% in 2006. Bidding for construction contracts was more competitive as fewer opportunities were available for builders. As a result, margins for construction services were sharply lower, while margins for building products improved due to a shift in sales mix to manufactured building components.

Intangibles and Goodwill Impairment

Consistent with the overall housing industry, our operations suffered from the effects of the sharp contraction in single-family home construction. The reporting units of our construction services operations and Colorado building distribution facilities demonstrated significant declines in operating performance in the later portion of the fourth quarter of 2007.

During the later portion of the fourth quarter of 2007, the leading sources of economic and housing data forecasted sharper reductions in housing starts. The rapid deterioration in housing forecasts and our operating performance resulted in significant revisions of our operating expectations underpinning the assumptions of recoverability of the carrying amount of customer relationships and goodwill. Additionally, our enterprise value reflected a significant reduction as investors considered overly negative perceptions of the future of the housing market and depressed the share values of housing related companies. For impairment testing, the fair values were determined based on estimates of enterprise value as well as the present value of estimated future operating cash flows. As a result, we determined the carrying amount of certain customer relationships and goodwill exceeded their respective estimated fair values and recognized the following impairments:

- \$30.0 million for certain customer relationships,

- \$242.0 million for goodwill and

- \$0.2 million for certain equipment.

In addition, the related tax benefit for these impairments was limited to \$26 million based on the estimated realization of tax benefits for current and prior periods. To the extent taxable income is generated in future periods, additional tax benefits related to these impairments may be realized and reduce our future effective tax rate.

Continued deterioration in our markets could result in additional impairments of the carrying amount of intangibles and goodwill.

Loss from operations was \$256 million compared to income of \$164 million in 2006. Excluding impairments, income from operations was \$16 million. Our results from operations declined due to a sharp reduction in sales volume and lower gross margins for construction services.

Selling, general and administrative expenses decreased 11% or \$51 million from 2006 due to reductions in the number of employees and related expenses as well as incentive compensation based on operating performance.

As a percent of sales, selling, general and administrative expenses increased to 19% from 16%. These expenses as a percent of sales were higher as a result of the decline in construction services sales volume as well as:

- a shift in sales mix to building products from construction services,

- decreases in commodity wood product prices and

- the relatively fixed portion of these expenses.

Interest Expense

Interest expense of \$34 million increased \$5 million from 2006. The increase was due to a rise in interest rates and higher average borrowings. Borrowings were higher to complete payments for acquisitions made in the prior year and fund seasonal working capital requirements.

Income Taxes

The impairment of goodwill and certain customer relationships for continuing operations resulted in a limited income tax benefit of \$26 million. Our effective income tax rate was a benefit of 8.8% and was lower than statutory federal and state tax rates due to uncertainty in our ability to realize deferred tax assets resulting from these impairments. To the extent taxable income is generated in future periods, the tax benefit derived from the impairments may be realized and reduce our effective tax rate in future periods.

Discontinued Operations

In September 2007, we sold three building materials distribution businesses in Western Colorado. Gain on the sale of these discontinued operations was \$20 million, principally from the December 2007 sale of remaining real estate in Aspen, Colorado. These business units represented approximately 1% of sales.

LIQUIDITY AND CAPITAL RESOURCES

Uncertainty of Liquidity

We have incurred losses from operations and costs to restructure. We managed our liquidity during this time with closure and consolidation of underperforming business units and cost reduction initiatives as well as sales of assets. However, the downturn in the housing industry has been deepened by an increase in home foreclosures and sapped consumer confidence from tightened lending standards and rising unemployment and created a difficult business environment. Our operating performance and liquidity were negatively affected by these economic and industry conditions which are beyond our control.

These business conditions have not improved during the first quarter of 2009. As of February 2009, single-family housing starts for the U.S. as a whole fell to an annualized rate below 0.4 million and single-family permits in our markets fell to an annualized rate below 0.2 million. We do not believe these business conditions will improve significantly during 2009.

Our actions to align our cost structure with anticipated sales may not be sufficient, timely or realized and may create additional cash requirements for operations. We also have significant interest and debt service obligations consisting of cash payments for interest and principal. With insufficient funds from operations, our primary source for funding operating needs is the revolver portion of our credit facility. However, our revolver is subject to borrowing base limitations of certain accounts receivable, inventory, property and equipment and real estate and may not provide adequate liquidity.

We are anticipating tax refunds as a result of net operating losses. Our federal tax refund is approximately \$56 million and will be used to pay down existing obligations and will help de-lever our capital structure. The timing of anticipated tax refunds for net operating losses is not known.

Additionally, our credit agreement requires monthly compliance with financial covenants including minimum liquidity and adjusted earnings before interest, taxes, depreciation and amortization (monthly Adjusted EBITDA) at least through 2010. Operating results, particularly income from continuing operations, are a primary factor for these covenants and our ability to comply with these covenants depends on our operating performance. At December 31, 2008, we were in compliance with the financial covenants of the credit agreement.

Based on financial information for February 2009, we were not in compliance with the monthly Adjusted EBITDA requirement of our credit agreement. In March 2009, we obtained a limited waiver through April 15, 2009 for lack of compliance with the monthly Adjusted EBITDA requirement and we preserved access to limited liquidity as we may borrow up to \$20 million on the revolver portion of our credit facility.

Previously, we obtained waivers for financial covenants related to our credit agreement due to lower than planned operating performance as of both June 2008 and December 2007. In September 2008, we entered into an amendment to our credit agreement with our lenders. Our amended credit facility provides a \$200 million revolver subject to borrowing base limitations and a \$340 million term note maturing in November 2011. As of December 31, 2008, no borrowings were outstanding under the revolver and \$325.8 million was outstanding under the term note. As of March 31, 2009, there were \$2.3 million borrowings outstanding under the revolver and \$313.8 million was outstanding under the term note.

Due to the difficulty of reliably projecting our operating results within the suppressed business conditions of the homebuilding industry, there is significant uncertainty as to our ability to meet the financial covenants of our current credit agreement during 2009. Also, our independent registered public accounting firm included a going concern explanatory paragraph in their report on our financial statements for the year ended December 31, 2008 citing among other things, the uncertainty we will remain in compliance with these financial covenants. The going concern explanatory paragraph would constitute a default under our credit agreement. In April 2009, we obtained a waiver for the going concern explanatory paragraph.

Lack of compliance with these covenants constitutes an event of default under the credit agreement. As a result and absent any waiver, forbearance or modification, the lenders under our credit agreement would have the right to cause all amounts borrowed to become due and payable immediately and cease further borrowings by us under the credit facility.

In April 2009, we and our lenders agreed to extend the limited waiver through June 1, 2009. This waiver continues to waive the monthly Adjusted EBITDA, forecast and projection requirements of our credit agreement. The limited waiver limits borrowings under the revolver to \$20 million subject to borrowing base limitations and limits capital expenditures to \$0.5 million. This limited waiver also requires we complete timely tax filings for tax refunds as a result of net operating losses and provide a revised business plan. The satisfaction of the conditions of timely tax filings and revised business plan are subject to the discretion of our lenders. Each lender approving the waiver for the going concern explanatory paragraph and extending the limited waiver was paid a fee of 0.10% of their revolver commitment and their portion of the outstanding principal amount of the term note.

We are currently negotiating with our lenders to modify our credit agreement. These negotiations may provide us additional time and flexibility to develop a capital structure to support our long-term strategic plan and business objectives.

There is no assurance these negotiations will result in a credit agreement acceptable to us and the lenders or an agreement that will achieve our desired goals. We continue to pursue alternative financing arrangements as well as evaluate all other financing options.

We may not be able to meet near-term working capital and scheduled interest and debt payment requirements if cash flows are inadequate from our suppressed operating activities or if our access to the revolver portion of our credit facility is restricted due to lack of compliance with financial covenants or revolver borrowing base limitations. Absent any waiver, forbearance or modification to our current credit agreement or other financing options, we believe our recurring losses from operations, interest and debt burden amid declining sales and potential inability to generate sufficient cash flow to meet our obligations and sustain our operations raise substantial doubt about our ability to continue near-term as a going concern.

Additionally, our long-term future is dependent on more normal levels of single-family housing starts and our ability to implement and maintain cost structures, including reduced interest and debt, that align with single-family housing trends. If this fails to transpire or if we cannot obtain a waiver, forbearance or modification to our current credit agreement, we may not be able to continue as a going concern and may potentially be forced to seek relief through a bankruptcy filing.

Cash Flows

Historically, our primary needs for capital resources were to fund working capital and acquisitions as well as finance capital expenditures. In the future we expect to fund working capital requirements and necessary capital expenditures with cash flow from operations and seasonal borrowings under our credit facility.

If we are unable to implement and maintain cost structures, including debt and interest, that align with single-family housing trends or if we cannot obtain a waiver, forbearance or modification to our current credit agreement or other financing options, we may not be able to continue as a going concern and we may be forced to seek relief by altering our capital structure or through a bankruptcy filing.

Operations

Operating activities used \$23 million of cash for 2008 compared to \$67 million provided for 2007. Net loss adjusted for non-cash items increased \$121 million from 2007 due to lower sales and reduced profitability as a result of the significant downturn in home construction. Our working capital requirements decreased \$48 million in 2008. Cash provided by working capital requirements was \$48 million for 2008 compared to cash provided of \$36 million for 2007, as our working capital requirements decreased despite a significant increase in our cash conversion cycle as days payable outstanding decreased, inventory turns slowed slightly and there was no significant change in days sales outstanding.

In 2007, cash provided by operating activities was \$67 million compared to \$273 million for 2006. Net income adjusted for non-cash items decreased \$126 million due to a significant contraction in construction activity as homebuilders curtailed production in an effort to align home inventory with demand. Consistent with the contraction of construction activity, our working capital requirements for 2007 were \$36 million less than 2006. Inventory turns and days payable outstanding were consistent with the prior year whereas days sales outstanding increased slightly.

Cash provided by operating activities was \$273 million for 2006 compared to \$198 million for 2005. Net income adjusted for non-cash items decreased \$15 million due to slower construction activity as homebuilders curtailed production. Changes in working capital were favorable as requirements were \$104 million less than 2005 as the robust pace of housing starts began to deteriorate. Inventory turns and days payable outstanding improved whereas days sales outstanding increased slightly from 2005.

Capital Investment and Acquisitions

Cash provided by investing activities was \$29 million for 2008 compared to \$53 million used for 2007. Cash provided by investing activities reflected a \$72 million reduction in expenditures for the acquisition of businesses. A remaining minority interest in a framing services operation was purchased for \$8 million. Cash of \$15 million was provided principally from the sale of building materials distribution facilities in Boulder, Colorado and Bakersfield, California as well as the sale of other equipment. Cash used for investing activities also included capital expenditures of \$17 million or \$16 million less than 2007. Capital expenditures were principally for relocation and expansion of materials distribution and component manufacturing facilities in Texas. Pursuant to our plans to terminate our captive insurance subsidiary, cash of \$42 million, net was provided from the liquidation of marketable securities and proceeds were used to reduce net borrowings under the revolver and for operating needs.

In 2007, cash used in investing activities was \$53 million or \$227 million less than \$280 million for 2006. Cash used for investing activities reflected a \$121 million reduction in acquisition expenditures. Cash used for acquisitions of \$81 million was principally for payments on acquisitions made in 2006. Cash of \$27 million was provided by the sale of three building material distribution businesses in Western Colorado and relocation of a building materials distribution business in Texas. Cash used for investing activities also included capital expenditures of \$33 million or \$20 million less than 2006. Capital expenditures were principally for relocation and expansion of materials distribution and component manufacturing facilities as well as routine replacement of operating equipment. Cash of \$17 million was provided from the sale of marketable securities pursuant to the statutory funding requirements of our captive insurance subsidiary.

Cash used in investing activities was \$280 million for 2006 or \$18 million more than \$262 million used in investing activities for 2005. Cash use included \$202 million for eight acquisitions and purchase of an additional 20% interest in a concrete block masonry and concrete services business. Cash used for investing activities also included capital expenditures for 2006 of \$53 million or \$6 million more than \$47 million for 2005. Capital expenditures for 2006 were principally for centralization of a millwork facility in Colorado, expansion of distribution facilities in Texas and Idaho, expansion of construction service facilities in Arizona and expansion of our data center as well as construction and human resource information systems. Cash used for investing activities for 2006 also included \$25 million for the net purchase of marketable securities pursuant to the statutory funding requirements of our captive insurance subsidiary.

Financing

Cash used by financing activities was \$55 million for 2008 compared to \$28 million used for 2007. Cash for operating needs, payments on the term note, capital expenditures and financing costs for our amended credit facility were funded by eliminations of the statutory funding requirements of our captive insurance subsidiary, reductions in working capital requirements, existing cash and proceeds from dispositions. In addition to scheduled principal payments, \$16 million was paid on the term note as a result of reductions in the statutory funding requirements of our captive insurance subsidiary and proceeds from dispositions.

In 2007, cash used by financing activities was \$28 million compared to \$51 million provided by financing activities for 2006. Payments for acquisitions made in the prior year, capital expenditures and cash dividends for shareholders were funded with proceeds from the sale of three non-strategic building materials distribution businesses in Western Colorado, proceeds from other dispositions, cash from operations and lower working capital requirements. No additional borrowings were required.

Cash provided by financing activities was \$51 million for 2006 compared to \$74 million for 2005. After cash provided by operating activities, debt was incurred to complete eight acquisitions and purchase an additional 20% interest in a concrete block masonry and concrete services business as well as expand our facilities and information systems. In November 2006, we amended our revolver and entered into a new \$350 million term note. This transaction resulted in proceeds from the \$350 million term note which was used to repay our previous term notes and the amount outstanding under the revolver. Remaining borrowings were used to invest in cash equivalents and pay cash dividends for shareholders.

Financing Arrangements

Our debt structure consists of a revolver, term note and other borrowings.

We obtained waivers for financial covenants related to our credit agreement due to lower than planned operating performance as of both June 2008 and December 2007. In September 2008, we entered into an amendment to our credit agreement with our lenders. The amended credit facility continues to provide a \$200 million revolver subject to borrowing base limitations and a \$340 million term note maturing in November 2011.

• Revolver

The \$200 million revolver is subject to borrowing base limitations and matures in November 2011. The revolver may consist of both LIBOR and Prime based borrowings. In the September 2008 amendment, the variable interest rate for the revolver was increased to LIBOR plus 5.25% or Prime plus 3.25%. Minimum LIBOR interest is 3.0%. Additionally, a commitment fee for the unused portion is 0.50%. LIBOR interest is paid quarterly and Prime interest is paid monthly. As of December 31, 2008, no borrowings were outstanding under the revolver.

The effective interest rate is based on interest rates for the period as well as the commitment fee for the unused portion of the revolver.

Letters of credit outstanding that guaranteed performance or payment to third parties were \$110.6 million as of December 31, 2008. These letters of credit reduce the \$200 million revolver commitment.

Total availability under the revolver is subject to a monthly borrowing base calculation that includes:

- 70% of certain accounts receivable,
- 50% of certain inventory,
- 25% of certain other inventory,
- approximately 75% of the appraised value of certain property and equipment and
- 50% of the appraised value of real estate.

As of December 31, 2008, the unused borrowing base available under the revolver was \$66.7 million.

• Term Note

The term note matures in November 2011 and is payable in quarterly installments of \$0.9 million with the remaining principal of \$280.5 million payable in November 2011. In the September 2008 amendment, the variable interest rate for the term note was increased to LIBOR plus 5.25% or Prime plus 3.25%. Minimum LIBOR interest is 3.0%. LIBOR interest is paid quarterly and Prime interest is paid monthly. In addition to the LIBOR and Prime interest rates, the term note includes an additional annual payment-in-kind interest or fee of 2.75% that is payable on the earlier of payoff or maturity. As of December 31, 2008, \$325.8 million was outstanding under this term note.

• **Other**

Other long-term debt consists of term notes, equipment notes and capital leases for equipment. Interest rates vary and dates of maturity are through March 2021. As of December 31, 2008, other long-term debt was \$1.4 million.

Covenants and Maturities

Our amended credit facility requires monthly compliance with financial covenants including minimum liquidity and adjusted earnings before interest, taxes, depreciation and amortization (monthly Adjusted EBITDA) at least through 2010. At December 31, 2008, we were in compliance with the financial covenants of the credit agreement.

Based on financial information for February 2009, we were not in compliance with the monthly Adjusted EBITDA requirement of our credit agreement. In March 2009, we obtained a limited waiver through April 15, 2009 for lack of compliance with the monthly Adjusted EBITDA requirement and we preserved access to limited liquidity as we may borrow up to \$20 million on the revolver portion of our credit facility.

Previously, we obtained waivers for financial covenants related to our credit agreement due to lower than planned operating performance as of both June 2008 and December 2007. In September 2008, we entered into an amendment to our credit agreement with our lenders. The amended credit facility continues to provide a \$200 million revolver subject to borrowing base limitations and a \$340 million term note maturing in November 2011.

Due to the difficulty of reliably projecting our operating results within the suppressed business conditions of the homebuilding industry, there is significant uncertainty as to our ability to meet the financial covenants of our current credit agreement during 2009. Also, our independent registered public accounting firm included a going concern explanatory paragraph in their report on our financial statements for the year ended December 31, 2008 citing among other things, the uncertainty we will remain in compliance with these financial covenants. The going concern explanatory paragraph would constitute a default under our credit agreement. In April 2009, we obtained a waiver for the going concern explanatory paragraph.

Lack of compliance with these covenants constitutes an event of default under the credit agreement. As a result and absent any waiver, forbearance or modification, the lenders under our credit agreement would have the right to cause all amounts borrowed to become due and payable immediately and cease further borrowings by us under the credit facility.

In April 2009, we and our lenders agreed to extend the limited waiver through June 1, 2009. This waiver continues to waive the monthly Adjusted EBITDA, forecast and projection requirements of our credit agreement. The limited waiver limits borrowings under the revolver to \$20 million subject to borrowing base limitations and limits capital expenditures to \$0.5 million. This limited waiver also requires we complete timely tax filings for tax refunds as a result of net operating losses and provide a revised business plan. The satisfaction of the conditions of timely tax filings and revised business plan are subject to the discretion of our lenders. Each lender approving the waiver for the going concern explanatory paragraph and extending the limited waiver was paid a fee of 0.10% of their revolver commitment and their portion of the outstanding principal amount of the term note.

We are currently negotiating with our lenders to modify our credit agreement. These negotiations may provide us additional time and flexibility to develop a capital structure to support our long-term strategic plan and business objectives.

There is no assurance these negotiations will result in a credit agreement acceptable to us and the lenders or an agreement that will achieve our desired goals. We continue to pursue alternative financing arrangements as well as evaluate all other financing options.

If our leverage ratio is at or above a certain maximum as of September 30, 2010, the monthly Adjusted EBITDA may be replaced with quarterly compliance with a leverage ratio and interest coverage ratio. Operating results, particularly income from continuing operations, are a primary factor for these covenants and our ability to comply with these covenants depends on our operating performance. The significant downturn in single-family housing starts has negatively impacted and may continue to negatively impact our operating performance.

The credit agreement requires certain proceeds and cash flows be applied to the credit facility as follows:

•□□□ Revolver

••	proceeds from the liquidation of statutory funding requirements of our captive insurance subsidiary,
§	30% of tax refunds and
§	cash in excess of \$25 million.

•□□□ Term Note

§	proceeds from certain dispositions,
§	70% of tax refunds and
§	75% of excess cash flow as defined beginning in 2010.

Due to requirements to apply tax refunds to the credit facility, 70% of the tax refund expected to be received in 2009 or \$35.6 million has been classified as a current portion of long-term debt.

Proceeds from the liquidation of our captive insurance subsidiary, tax refunds and certain dispositions are retained in a separate cash account. Cash in excess of \$25 million in this separate cash account is to be applied to the revolver or term note. Cash in this account was \$9.2 million as of December 31, 2008. In the event of default, this cash is restricted and not available for our operating needs.

The amended credit facility continues to restrict our ability to incur additional indebtedness, pay dividends, repurchase shares, enter into mergers or acquisitions, use proceeds from equity offerings, make capital expenditures and sell assets. The amended credit facility is secured by all assets of our wholly-owned subsidiaries.

In connection with the September 2008 amendment, 100% or \$2.8 million of unamortized deferred loan costs related to the term note were recognized as interest expense in the third quarter of 2008. We also incurred \$3.8 million of costs in connection with the amendment and \$2.0 million of these costs will be amortized over the remaining term of the credit facility whereas \$1.8 million of these costs were recognized as interest expense in the third quarter of 2008.

In connection with the February 2008 amendment, 60% or \$2.4 million of unamortized deferred loan costs related to the previous revolver were recognized as interest expense in the first quarter of 2008. We also incurred \$4.9 million of fees in connection with the amendment and these costs were to be amortized over the remaining term of our credit facility. However, in connection with the September 2008 amendment, the remaining \$2.6 million of these unamortized costs were recognized as interest expense in the third quarter of 2008.

Scheduled maturities of long-term debt are as follows (thousands):

2009	\$ 39,443
2010	3,727
2011	283,189
2012	65
2013	170
Thereafter	677
	<u>\$ 327,171</u>

Warrants

In connection with the amendment of our credit facility in September 2008, we issued warrants that entitle the lenders to purchase approximately 8.75% or 2.8 million of our common shares at a purchase price of \$0.47 per common share, the closing price on the NYSE on September 30, 2008. These warrants may be exercised through September 2015.

The fair value of the warrants of \$0.8 million was recorded as a discount on the term note. Amortization of the discount will be recognized ratably through November 2011, the remaining term of our credit facility.

Hedging Activities

In addition to the amendment to our credit facility in September 2008, we amended our interest rate swap contracts to lower amounts and a maturity matching the credit facility. As of December 2008, the interest rate swap contracts effectively converted \$135.1 million of variable rate borrowings to a fixed interest rate of 10.6% plus any difference between minimum LIBOR interest of 3.0% and LIBOR, thus reducing the impact of increases in interest rates on future interest expense. Additionally, the notional amount of the interest rate swap contracts will be ratably reduced to zero through the maturity of November 2011.

Approximately 41% of the outstanding variable rate borrowings have been hedged through the designation of interest rate swap contracts accounted for as cash flow hedges through December 2008. After giving effect to the interest rate swap contracts, total borrowings were 58% variable and 42% fixed. Management may choose not to swap variable rates to fixed rates or may terminate a previously executed swap if the variable rate positions are more beneficial.

The fair value of the interest rate swap contracts was a liability of \$7.5 million as of December 31, 2008. To the extent the hedge is effective, the corresponding unrealized loss for the interest rate swap contracts and unrealized tax benefit were recorded in accumulated other comprehensive (loss) income, net a separate component of shareholders' equity.

In December 2008, we determined the interest rate swap contracts were not an effective hedge of variable interest due to the recent significant reductions in LIBOR interest rates. As a result of the estimated difference between the LIBOR interest of the interest rate swap contracts and the minimum LIBOR interest of 3.0% of the term note, we recognized \$3.0 million of interest expense for the ineffective portion of these interest rate swap contracts for 2008. The effective portion of the interest rate swap contracts of \$4.5 million was recorded as an unrealized loss and an unrealized tax benefit of \$1.7 million in accumulated other comprehensive (loss) income, net a separate component of shareholders' equity. A corresponding deferred tax asset for the unrealized tax benefit was eliminated with a valuation allowance as there may be an inability to utilize this deferred tax asset.

Hedge accounting was discontinued in January 2009, as it is not probable future LIBOR interest rates for the remaining term of the interest rate swap contracts will be at or above the minimum LIBOR interest of 3.0% of the term note. As a result, changes in the fair value of the interest rate swap contracts will be recognized as interest expense rather than recorded in accumulated other comprehensive (loss) income, net a separate component of shareholders' equity. The unrealized loss of \$4.5 million in accumulated other comprehensive (loss) income, net as of December 31, 2008 will be subsequently amortized to interest expense over the remaining term of our term note.

In September 2008, we amended our interest rate swap contracts. Monthly settlements are made to ratably reduce the notional amount of the interest rate swap contracts through November 2011. Payments of \$3.8 million have been made to settle a portion of the interest rate swap contracts liability and reduce the notional amount of the interest rate swap contracts. The related unrealized loss of \$2.9 million and unrealized tax benefit of \$1.1 million are recorded in accumulated other comprehensive (loss) income, net a separate component of shareholders' equity. A corresponding deferred tax asset for the unrealized tax benefit was eliminated with a valuation allowance as there may be an inability to utilize this deferred tax asset. The unrealized loss of \$2.9 million will be subsequently amortized to interest expense over the remaining term of our term note. Amortization to interest expense for this unrealized loss was \$0.9 million for 2008.

Equity

Repurchase Program

In March 2007, our Board of Directors authorized the repurchase of up to \$25 million of our common shares through March 2008. The repurchase program expired in March 2008 with no shares repurchased.

Our credit facility amended in September 2008 prohibits the repurchase of our common shares. The determination of future share repurchases will depend on many factors, including credit facility restrictions, financial position, results of operations and cash flows.

Shelf Registration

In the third quarter of 1998, we filed a shelf registration with the Securities and Exchange Commission to register 4 million common shares. We may issue these shares in connection with future business acquisitions, combinations or mergers. Shares have been issued from this registration statement for a portion of the purchase price for acquisitions. There are approximately 3.7 million shares remaining and available under this shelf registration.

OFF-BALANCE SHEET ARRANGEMENTS

As part of our ongoing business, we do not participate in transactions that generate relationships with unconsolidated entities or financial partnerships often referred to as structured finance or special purpose entities which might be established to facilitate off-balance sheet arrangements or other contractually narrow or limited purposes. As of December 31, 2008, we were not involved in any transactions with unconsolidated entities.

- (1) Long-term debt obligations may differ due to future refinancing of debt.
- (2) Interest obligations may differ due to future refinancing of debt. Interest on our variable rate debt was calculated for all years using the rates in effect as of December 31, 2008.
- (3) Operating lease obligations may differ due to changes in operating plans and sublease arrangements. Operating lease obligations are net of sublease arrangements of \$1.8 million for less than 1 year, \$1.2 million for 1 – 3 years and \$0.2 million for 3 – 5 years.

Our credit facility consists of the revolver and term note. Accelerated repayment of our revolver and term note may occur if certain financial conditions or warranties and representations are not met. The credit facility is secured by all the assets of our wholly-owned subsidiaries.

Our amended credit facility requires monthly compliance with financial covenants including minimum liquidity and adjusted earnings before interest, taxes, depreciation and amortization (monthly Adjusted EBITDA) at least through 2010. At December 31, 2008, we were in compliance with the covenants of the credit agreement.

If our leverage ratio is at or above a certain maximum as of September 30, 2010, the monthly Adjusted EBITDA may be replaced with quarterly compliance with a leverage ratio and interest coverage ratio. Lack of compliance with these covenants may accelerate the related scheduled maturities.

We have \$110.6 million in letters of credit outstanding principally for the deductible portion of automobile, general liability and workers' compensation claims. These obligations are not required to be recorded as liabilities on our balance sheet and renew automatically on their various anniversary dates or until released by their respective beneficiaries.

QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Inventory Price Risk

Prices of commodity wood products, which are subject to significant volatility, may adversely impact operating income when prices rapidly rise or fall within a relatively short period of time. We do not use derivative financial instruments to hedge commodity wood product prices.

Interest Rate Risk

Changes in interest expense occur when market interest rates change. Changes in the amount of debt could also increase interest rate risks. We currently utilize interest rate swap contracts to hedge variable interest rates. As of December 2008, the interest rate swap contracts effectively converted \$135.1 million of variable rate debt to a fixed interest rate of 10.6% plus any difference between minimum LIBOR interest of 3.0% and LIBOR. The notional amount of the interest rate swap contracts will be ratably reduced to zero through the maturity of November 2011.

Approximately 41% of the outstanding variable rate borrowings have been hedged with interest rate swap contracts. After giving effect to the interest rate swap contracts, total borrowings are 58% variable and 42% fixed. Based on debt outstanding as of December 31, 2008, a 0.25% increase in interest rates would result in approximately \$0.5 million of additional interest expense annually.

Derivative financial instruments are not utilized to hedge other risks or for speculative or trading purposes.

CRITICAL ACCOUNTING ESTIMATES

Preparing financial statements requires us to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses. These estimates and assumptions include critical accounting estimates which are defined by the Securities and Exchange Commission as those that are the most important to the portrayal of our financial condition, results of operations or cash flows. These estimates require our subjective and complex judgments often as a result of the need to estimate matters that are inherently uncertain. We review the development, selection and disclosure of these estimates with our Audit Committee. We believe the estimates utilized are reasonable under the circumstances, however actual results could differ from these estimates and may require adjustment in future periods. Our critical accounting estimates are:

- **Revenue Recognition for Construction Services**

The percentage-of-completion method is used to recognize revenue for construction services. Periodic estimates of our progress towards completion are made based on a comparison of labor costs incurred to date with total estimated contract costs for labor. The percentage-of-completion method requires the use of various estimates, including among others, the extent of progress towards completion, contract revenues and contract completion costs. Contract revenues and contract costs to be recognized are dependent on the accuracy of estimates, including quantities of materials, labor productivity and other cost estimates. We have a history of making reasonable estimates of the extent of progress towards completion, contract revenues and contract completion costs. However, due to uncertainties inherent in the estimation process, it is possible that actual contract revenues and completion costs may vary from estimates. Revisions of contract revenues and cost estimates as well as provisions for estimated losses on uncompleted contracts are recognized in the period such revisions are known.

- **Estimated Losses on Uncompleted Contracts and Changes in Contract Estimates**

Estimated losses on uncompleted contracts and changes in contract estimates are established by assessing estimated costs to complete, change orders and claims for uncompleted contracts. Revisions of estimated losses are recognized in the period such revisions are known.

At December 31, 2008, the reserve for these estimated losses was \$0.2 million. These reserves are established by assessing estimated costs to complete, change orders and claims. Assumptions for estimated costs to complete include material prices, labor costs, labor productivity and contract claims. Such estimates are inherently uncertain and therefore it is possible that actual completion costs may vary from these estimates. We have a history of making reasonable estimates of the extent of progress towards completion, contract revenue and contract completion costs. However, due to uncertainties inherent in the estimation process, it is possible that actual completion costs may vary from estimates.

- **Realizability of Net Deferred Tax Asset**

Deferred tax assets and liabilities are recognized for tax credits and for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their tax bases. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. A valuation allowance is recognized to reduce the carrying amount of deferred tax assets to the amount that is more likely than not to be realized. If it is later determined it is more likely than not that deferred tax assets will be realized, the valuation allowance will be adjusted. Revisions of the valuation allowance are recognized in the period such revisions are known.

At December 31, 2008, the valuation allowance was \$160.5 million. The valuation allowance was recognized due to the potential inability to realize these deferred tax assets. The ultimate realization of deferred tax assets is dependent upon the generation of future taxable income during the periods in which those temporary differences become deductible. The scheduled reversal of deferred tax liabilities, loss carryback and carryforward abilities, projected future taxable income, tax planning strategies, cumulative earnings and our industry are considered in making this assessment. Our ability to realize the deferred tax assets could change if estimates of future taxable income change. To the extent taxable income is generated in future periods, these tax benefits may be realized and reduce our effective tax rate in future periods.

• **Goodwill**

Goodwill represents the excess of purchase price over the fair values of net tangible and identifiable intangible assets of acquired businesses. An annual assessment for impairment is completed in the fourth quarter and whenever events and circumstances indicate the carrying amount may not be recoverable. An impairment is recognized if the carrying amount is more than the estimated future operating cash flows as measured by fair value techniques.

The impairment assessment includes determining the estimated fair value of reporting units based on discounting the future operating cash flows using a discount rate reflecting our estimated average cost of funds. Future operating cash flows are derived from our annual plan and forecast information, which includes assumptions of future volumes, pricing of commodity products and labor costs. Prices for commodity products are inherently volatile. Due to the variables associated with prices of commodity products and the effects of changes in circumstances, both the precision and reliability of the estimates of future operating cash flows are subject to uncertainty. As additional information becomes known, we may change our estimates.

• **Insurance Deductible Reserves**

The estimated cost of automobile liability, general liability and workers' compensation claims is determined by actuarial methods. Claims in excess of insurance deductibles are insured with third-party insurance carriers. Insurance deductible reserves for claims are recognized based on the estimated costs of these claims as limited by deductibles of the applicable insurance policies. Revisions to insurance deductible reserves for estimated claims are recognized in the period such revisions are known.

At December 31, 2008, the reserve for automobile, general liability and workers' compensation claims was \$43.7 million. The estimated cost of claims is determined by actuarial methods. Actual loss experience may differ substantially from the actuarial assumptions. Future estimates of the cost of claims are subject to the nature and frequency of claims, medical cost inflation and changes in the insurance deductibles of the applicable insurance policies.

• **Warranties**

The estimated cost of warranties for certain construction services is based on the nature and frequency of claims, anticipated claims and cost per claim. Claims in excess of insurance deductibles are insured with third-party insurance carriers. Estimated costs for warranties are recognized when the revenue associated with the service is recognized. Revisions of estimated warranties are recognized in the period such revisions are known.

At December 31, 2008, the reserve for warranties was \$5.7 million. Specific terms and conditions for warranties vary from one year to ten years and are based on geographic market and state regulations. The reserve for these claims is susceptible to change based on the estimated cost of the claim. We have a history of making reasonable estimates of warranties. However, due to uncertainties inherent in the estimation process, it is possible that actual warranty costs may vary from estimates.

• **Share-based Compensation**

Our estimates of the fair values of our share-based payment transactions are based on the modified Black-Scholes-Merton model. To meet the fair value measurement objective, we are required to develop estimates regarding expected exercise patterns, share price volatility, forfeiture rates, risk-free interest rate and dividend yield. These assumptions are based principally on historical experience. When circumstances indicate changes in forfeiture rates, revisions to forfeiture rates are recognized in the periods such revisions are known. Due to uncertainties inherent in these assumptions, it is possible that actual share-based compensation may vary from these estimates.

RECENT ACCOUNTING PRINCIPLES

In May 2008, the Financial Accounting Standards Board issued Statement of Financial Accounting Standards No. 162, *The Hierarchy of Generally Accepted Accounting Principles*. This accounting principle identifies a consistent framework, or hierarchy, for selecting accounting principles to be used in preparing financial statements that are presented in conformity with U.S. generally accepted accounting principles (GAAP) for nongovernmental entities. This accounting principle was adopted November 2008 and had no impact on our consolidated financial position, results of operations or cash flows.

In March 2008, the Financial Accounting Standards Board issued Statement of Financial Accounting Standards No. 161, *Disclosures about Derivative Instruments and Hedging Activities*. This accounting principle enhances disclosure for derivative instruments and hedging activities and their effects on consolidated financial position, results of operations and cash flows. Specifically, enhanced disclosures include objectives and strategies for using derivatives, including underlying risk and accounting designation, as well as fair values, gains and losses. This accounting principle was adopted June 2008 and had no impact on our consolidated financial position, results of operations or cash flows.

In December 2007, the Financial Accounting Standards Board issued Statement of Financial Accounting Standards No. 160, *Noncontrolling Interests in Consolidated Financial Statements*. This accounting principle eliminates noncomparable accounting for minority interests. Specifically, minority interests are presented as a component of shareholders' equity; consolidated net income includes amounts attributable to both the parent and minority interest and is disclosed on the face of the income statement; changes in the ownership interest are accounted for as equity transactions if ownership remains controlling; purchase accounting for acquisitions of noncontrolling interests and acquisitions of additional interests is eliminated; and deconsolidated controlling interests are recognized based on fair value consistent with Statement of Financial Accounting Standards No. 141 (revised 2007), *Business Combinations*. The accounting requirements were adopted January 2009 and had no impact on our consolidated financial position, results of operations or cash flows.

In December 2007, the Financial Accounting Standards Board issued Statement of Financial Accounting Standards No. 141 (revised 2007), *Business Combinations*. This accounting principle requires acquisition accounting (purchase accounting) be applied to all business combinations in which control is obtained regardless of consideration and for an acquirer to be identified for each business combination. Additionally, this accounting principle requires acquisition-related costs and restructuring costs at the date of acquisition to be expensed rather than allocated to the assets acquired and the liabilities assumed; noncontrolling interests, including goodwill, to be recorded at fair value at the acquisition date; recognition of the fair value of assets and liabilities arising from contractual contingencies and contingent consideration (payments conditioned on the outcome of future events) at the acquisition date; recognition of bargain purchase (acquisition-date fair value exceeds consideration plus any noncontrolling interest) as a gain; and recognition of changes in deferred taxes. This accounting principle was adopted January 2009 and had no impact on our consolidated financial position, results of operations or cash flows.

BUSINESS RISKS AND FORWARD-LOOKING STATEMENTS

There are a number of business risks and uncertainties that affect our operations and therefore could cause future results to differ from past performance or expected results. Additional information regarding business risks and uncertainties is contained in Part I Item 1A of Form 10-K. These risks and uncertainties may include, however are not limited to:

- ☐ ☐ substantial doubt about our ability to continue as a going concern;

- ☐ ☐ ☐ ☐ demand for and supply of single-family homes which are influenced by changes in the overall condition of the U.S. economy, including interest rates, consumer confidence, job formation, availability of credit and other important factors;

- ☐ ☐ ☐ ☐ our ability to maintain adequate liquidity, reduce operating costs and increase market share in an industry that has experienced and continues to experience a significant reduction in average annual housing starts;

- our liquidity is dependent on operating performance, an efficient cash conversion cycle and compliance with financial covenants;

- our ability to implement and maintain cost structures that align with sales trends and

loss of customers as well as changes in the business models of our customers may limit our ability to provide building products and construction services;

- additional impairment charges and costs to close or consolidate additional business units in underperforming markets;
- intense competition;
- availability of and our ability to attract, train and retain qualified individuals;
- fluctuations in our costs and availability of sourcing channels for commodity wood products, concrete, steel and other building materials;
- weather conditions including natural catastrophic events;
- exposure to product liability and construction defect claims as well as other legal proceedings;
- disruptions in our information systems;
- actual and perceived vulnerabilities as a result of widespread credit and liquidity concerns, terrorist activities and armed conflict;
- costs and/or restrictions associated with federal, state and other regulations; and
- numerous other matters of a local and regional scale, including those of a political, economic, business, competitive or regulatory nature.

Risks related to our shares may include, however are not limited to:

- price for our shares may fluctuate significantly;
- our shares may be less attractive as they are not traded on a large, more well-known exchange and
- anti-takeover defenses and certain provisions could prevent an acquisition of our company or limit share price.

Certain statements in this Form 10-K including those related to expectations about homebuilding activity in our markets, demographic trends supporting homebuilding, competition trends, anticipated sales and operating income and negotiations with lenders are forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. Statements that are not historical or current facts, including statements about our expectations, anticipated financial results and future business prospects are forward-looking statements. While these statements represent our current judgment on what the future may hold and we believe these judgments are reasonable, these statements involve risks and uncertainties that are important factors that could cause our actual results to differ materially from those in forward-looking statements. These factors include, however are not limited to the risks and uncertainties cited in the above paragraph, as well as our ability to timely and successfully implement our restructuring program and achieve the benefits that the program is designed to provide, including preserving value, enhancing our liquidity, generating tax refunds, reducing expenses and generating cash proceeds. Undue reliance should not be placed on such forward-looking statements, as such statements speak only as of the date of the filing of this Form 10-K. We undertake no obligation to update forward-looking statements.

ITEM 7A. Quantitative and Qualitative Disclosures About Market Risk

Inventory Price Risk

Prices of commodity wood products, which are subject to significant volatility, may adversely impact operating income when prices rapidly rise or fall within a relatively short period of time. We do not use derivative financial instruments to hedge commodity wood product prices.

Interest Rate Risk

Changes in interest expense occur when market interest rates change. Changes in the amount of debt could also increase interest rate risks. We currently utilize interest rate swap contracts to hedge variable interest rates. As of December 2008, the interest rate swap contracts effectively converted \$135.1 million of variable rate debt to a fixed interest rate of 10.6% plus any difference between minimum LIBOR interest of 3.0% and LIBOR. The notional amount of the interest rate swap contracts will be ratably reduced to zero through the maturity of November 2011.

Approximately 41% of the outstanding variable rate borrowings have been hedged with interest rate swap contracts. After giving effect to the interest rate swap contracts, total borrowings are 58% variable and 42% fixed. Based on debt outstanding as of December 31, 2008, a 0.25% increase in interest rates would result in approximately \$0.5 million of additional interest expense annually.

Derivative financial instruments are not utilized to hedge other risks or for speculative or trading purposes.

Based on National Association of Home Builders building permit activity, we provide building products and construction services in 10 of the top 25 single-family construction markets.

Principles of Consolidation

The consolidated financial statements include the accounts of BMHC and its subsidiaries. All significant intercompany balances and transactions are eliminated.

Basis of Presentation

•~~UUUU~~ Uncertainty regarding Liquidity and Going Concern

Our consolidated financial statements were prepared assuming we will continue as a going concern which contemplates the realization of assets and the liquidation of liabilities in the normal course of business.

We have incurred losses from operations and costs to restructure. We managed our liquidity during this time with closure and consolidation of underperforming business units and cost reduction initiatives as well as sales of assets. However, the downturn in the housing industry has been deepened by an increase in home foreclosures and sapped consumer confidence from tightened lending standards and rising unemployment and created a difficult business environment. Our operating performance and liquidity were negatively affected by these economic and industry conditions which are beyond our control.

These business conditions have not improved during the first quarter of 2009. As of February 2009, single-family housing starts for the U.S. as a whole fell to an annualized rate below 0.4 million and single-family permits in our markets fell to an annualized rate below 0.2 million. We do not believe these business conditions will improve significantly during 2009.

Our actions to align our cost structure with anticipated sales may not be sufficient, timely or realized and may create additional cash requirements for operations. We also have significant interest and debt service obligations consisting of cash payments for interest and principal. With insufficient funds from operations, our primary source for funding operating needs is the revolver portion of our credit facility. However, our revolver is subject to borrowing base limitations of certain accounts receivable, inventory, property and equipment and real estate and may not provide adequate liquidity.

We are anticipating tax refunds as a result of net operating losses. Our federal tax refund is approximately \$56 million and will be used to pay down existing obligations and will help de-lever our capital structure. The timing of anticipated tax refunds for net operating losses is not known.

Additionally, our credit agreement requires monthly compliance with financial covenants including minimum liquidity and adjusted earnings before interest, taxes, depreciation and amortization (monthly Adjusted EBITDA) at least through 2010. Operating results, particularly income from continuing operations, are a primary factor for these covenants and our ability to comply with these covenants depends on our operating performance. At December 31, 2008, we were in compliance with the financial covenants of the credit agreement.

Based on financial information for February 2009, we were not in compliance with the monthly Adjusted EBITDA requirement of our credit agreement. In March 2009, we obtained a limited waiver through April 15, 2009 for lack of compliance with the monthly Adjusted EBITDA requirement and we preserved access to limited liquidity as we may borrow up to \$20 million on the revolver portion of our credit facility.

Previously, we obtained waivers for financial covenants related to our credit agreement due to lower than planned operating performance as of both June 2008 and December 2007. In September 2008, we entered into an amendment to our credit agreement with our lenders. Our amended credit facility provides a \$200 million revolver subject to borrowing base limitations and a \$340 million term note maturing in November 2011. As of December 31, 2008, no borrowings were outstanding under the revolver and \$325.8 million was outstanding under the term note. As of March 31, 2009, there were \$2.3 million borrowings outstanding under the revolver and \$313.8 million was outstanding under the term note.

Due to the difficulty of reliably projecting our operating results within the suppressed business conditions of the homebuilding industry, there is significant uncertainty as to our ability to meet the financial covenants of our current credit agreement during 2009. Also, our independent registered public accounting firm included a going concern explanatory paragraph in their report on our financial statements for the year ended December 31, 2008 citing among other things, the uncertainty we will remain in compliance with these financial covenants. The going concern explanatory paragraph would constitute a default under our credit agreement. In April 2009, we obtained a waiver for the going concern explanatory paragraph.

Lack of compliance with these covenants constitutes an event of default under the credit agreement. As a result and absent any waiver, forbearance or modification, the lenders under our credit agreement would have the right to cause all amounts borrowed to become due and payable immediately and cease further borrowings by us under the credit facility.

In April 2009, we and our lenders agreed to extend the limited waiver through June 1, 2009. This waiver continues to waive the monthly Adjusted EBITDA, forecast and projection requirements of our credit agreement. The limited waiver limits borrowings under the revolver to \$20 million subject to borrowing base limitations and limits capital expenditures to \$0.5 million. This limited waiver also requires we complete timely tax filings for tax refunds as a result of net operating losses and provide a revised business plan. The satisfaction of the conditions of timely tax filings and revised business plan are subject to the discretion of our lenders. Each lender approving the waiver for the going concern explanatory paragraph and extending the limited waiver was paid a fee of 0.10% of their revolver commitment and their portion of the outstanding principal amount of the term note.

We are currently negotiating with our lenders to modify our credit agreement. These negotiations may provide us additional time and flexibility to develop a capital structure to support our long-term strategic plan and business objectives.

There is no assurance these negotiations will result in a credit agreement acceptable to us and the lenders or an agreement that will achieve our desired goals. We continue to pursue alternative financing arrangements as well as evaluate all other financing options.

We may not be able to meet near-term working capital and scheduled interest and debt payment requirements if cash flows are inadequate from our suppressed operating activities or if our access to the revolver portion of our credit facility is restricted due to lack of compliance with financial covenants or revolver borrowing base limitations. Absent any waiver, forbearance or modification to our current credit agreement or other financing options, we believe our recurring losses from operations, interest and debt burden amid declining sales and potential inability to generate sufficient cash flow to meet our obligations and sustain our operations raise substantial doubt about our ability to continue near-term as a going concern.

Additionally, our long-term future is dependent on more normal levels of single-family housing starts and our ability to implement and maintain cost structures, including reduced interest and debt, that align with single-family housing trends. If this fails to transpire or if we cannot obtain a waiver, forbearance or modification to our current credit agreement, we may not be able to continue as a going concern and may potentially be forced to seek relief through a bankruptcy filing.

• *Discontinued operations*

These consolidated financial statements present separately the financial information for discontinued operations as follows:

- concrete block masonry, concrete services and truss manufacturing in Florida (June 2008),
- framing services in Virginia (March 2008) and
- three building materials distribution businesses in Western Colorado (September 2007).

As a result of these transactions:

- the operating results of these operations are presented separately from continuing operations within the caption of discontinued operations and

- related assets and liabilities are separately classified in the consolidated balance sheet.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and contingent assets and liabilities as of the date of the financial statements as well as the reported amounts of sales and expenses during the reporting period. Actual amounts may differ materially from those estimates. The following critical accounting estimates often require our subjective and complex judgment as a result of the need to estimate matters that are inherently uncertain:

• **Revenue Recognition for Construction Services**

The percentage-of-completion method is used to recognize revenue for construction services. Periodic estimates of our progress towards completion are made based on a comparison of labor costs incurred to date with total estimated contract costs for labor. The percentage-of-completion method requires the use of various estimates, including among others, the extent of progress towards completion, contract revenues and contract completion costs. Contract revenues and contract costs to be recognized are dependent on the accuracy of estimates, including quantities of materials, labor productivity and other cost estimates. We have a history of making reasonable estimates of the extent of progress towards completion, contract revenues and contract completion costs. However, due to uncertainties inherent in the estimation process, it is possible that actual contract revenues and completion costs may vary from estimates. Revisions of contract revenues and cost estimates as well as provisions for estimated losses on uncompleted contracts are recognized in the period such revisions are known.

• **Estimated Losses on Uncompleted Contracts and Changes in Contract Estimates**

Estimated losses on uncompleted contracts and changes in contract estimates are established by assessing estimated costs to complete, change orders and claims for uncompleted contracts. Revisions of estimated losses are recognized in the period such revisions are known.

• **Realizability of Net Deferred Tax Asset**

Deferred tax assets and liabilities are recognized for tax credits and for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their tax bases. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. A valuation allowance is recognized to reduce the carrying amount of deferred tax assets to the amount that is more likely than not to be realized. If it is later determined it is more likely than not that deferred tax assets will be realized, the valuation allowance will be adjusted. Revisions of the valuation allowance are recognized in the period such revisions are known.

• **Goodwill**

Goodwill represents the excess of purchase price over the fair values of net tangible and identifiable intangible assets of acquired businesses. An annual assessment for impairment is completed in the fourth quarter and whenever events and circumstances indicate the carrying amount may not be recoverable. An impairment is recognized if the carrying amount is more than the estimated future operating cash flows as measured by fair value techniques.

• **Insurance Deductible Reserves**

The estimated cost of automobile, general liability and workers' compensation claims is determined by actuarial methods. Claims in excess of insurance deductibles are insured with third-party insurance carriers. Insurance deductible reserves for claims are recognized based on the estimated costs of these claims as limited by the deductibles of the applicable insurance policies. Revisions to insurance deductible reserves for estimated claims are recognized in the period such revisions are known.

• **Warranties**

The estimated cost of warranties for certain construction services is based on the nature and frequency of claims, anticipated claims and cost per claim. Claims in excess of insurance deductibles are insured with third-party insurance carriers. Estimated costs for warranties are recognized when the revenue associated with the service is recognized. Revisions of estimated warranties are recognized in the period such revisions are known.

• **Share-based Compensation**

Our estimates of the fair values of our share-based payment transactions are based on the modified Black-Scholes-Merton model. To meet the fair value measurement objective, we are required to develop estimates regarding expected exercise patterns, share price volatility, forfeiture rates, risk-free interest rate and dividend yield. These assumptions are based principally on historical experience. When circumstances indicate changes in forfeiture rates, revisions to forfeiture rates are recognized in the period such revisions are known. Due to uncertainties inherent in these assumptions, it is possible that actual share-based compensation may vary from these estimates.

Cash and Cash Equivalents

Cash and cash equivalents consist of short-term investments that have a maturity of three months or less at the date of purchase.

Receivables

Receivables consist primarily of amounts due from customers and are net of an allowance for doubtful accounts. The allowance for doubtful accounts reflects our best estimate of probable losses inherent in the accounts receivable balance. We determine the allowance based on known troubled accounts, historical experience and other available evidence.

Inventory Valuation

Inventory consists principally of building materials purchased for resale and is valued at the lower of average cost or market. We participate in vendor rebate programs under which rebates are earned by attaining certain purchase volumes. Volume rebates are accrued as earned. These volume rebates are recorded as a reduction in inventory and recognized in cost of goods sold when the related product is sold.

Unbilled Receivables and Billings in Excess of Costs and Estimated Earnings

The percentage-of-completion method results in recognizing costs incurred and estimated revenues on uncompleted contracts. Unbilled receivables represent revenues recognized for construction services performed, however not yet billed. Billings in excess of costs and estimated earnings represent billings made in excess of estimated revenues recognized. These billings are deferred until the actual progress towards completion indicates recognition is appropriate. Costs include labor and materials as well as equipment costs related to contract performance.

Property and Equipment

Property and equipment are recorded at cost. Cost includes expenditures for major improvements and replacements that extend useful life. Certain costs of software are capitalized provided those costs are not research and development and certain other criteria are met. Capitalized interest was \$0.9 million for 2008, \$0.3 million for 2007 and \$0.1 million for 2006. Expenditures for other maintenance and repairs are expensed as incurred. Gains and losses from sales and retirements are included in Other expense (income), net as they occur. Depreciation is calculated using the straight-line method over the economic useful lives of the assets. The estimated useful lives of depreciable assets are generally:

- ten to thirty years for buildings and improvements,
- seven to ten years for machinery and fixtures,
- three to ten years for handling and delivery equipment and
- three to ten years for software development costs.

To improve financial returns, we periodically evaluate our investments in property and equipment. As a result, property and equipment may be consolidated, leased or sold. For continuing operations, we recognized a gain of \$3.2 million for 2008, a gain of \$8.4 million for 2007 and a loss of \$0.3 million for 2006 from the sales of property and equipment.

Assets Held for Sale

Assets held for sale are measured at the lower of carrying amount or fair value less costs to sell and are no longer depreciated. These assets are being actively marketed for sale at a price that is reasonable in relation to their carrying amounts. Any gain or loss arising from the sale of these assets is included in Other expense (income), net. Assets held for sale are as follows (thousands):

	December 31 2008
Property and equipment	
Land	\$ 26,211
Buildings and improvements	20,089
	\$ 46,300

Long-lived Assets

Long-lived assets such as property, equipment and intangibles with useful lives are evaluated for impairment whenever events and circumstances indicate the carrying amount may not be recoverable. An impairment is recognized if the carrying amount exceeds its fair value and when the carrying amount is not recoverable based on the estimated future operating cash flows on an undiscounted basis.

Derivative Instruments and Hedging Activities

We are exposed to certain risks related to business operations, some of which we may seek to manage with derivative instruments and hedging activities. The primary risk managed with derivative instruments is interest rate risk. Interest rate swap contracts are entered into to manage interest rate risk associated with variable-rate borrowings. These interest rate swap contracts are accounted for as cash flow hedges unless effectiveness is not probable.

The fair value of derivative instruments is based on pricing models using current market rates. The fair value of interest rate swap contracts is recorded as an asset or liability and the effective portion of the gain or loss is recorded as a component of Accumulated other comprehensive (loss) income, net, a separate component of shareholders' equity, and is subsequently reclassified into Interest expense as interest expense is recognized on the term note. The ineffective portion, if any, of the change in the value of the interest rate swap contracts is immediately recognized as a component of interest expense.

Derivative financial instruments are not utilized to hedge other risks or for speculative or trading purposes.

Revenue Recognition

Revenues for building products are recognized when title to the goods and risk of loss pass to the buyer, which is at the time of delivery. The percentage-of-completion method is used to recognize revenue for construction services. Taxes assessed by governmental authorities that are directly imposed on our revenue-producing transactions are excluded from sales.

Shipping and Handling

Shipping and handling costs for manufactured building components and construction services are included as a component of cost of goods sold. Shipping and handling costs for building products are included as a component of selling, general and administrative expenses and were \$58.1 million for 2008, \$69.7 million for 2007 and \$76.1 million for 2006.

Reclassifications

Certain reclassifications, none of which affected previously reported consolidated results of operations, cash flows or shareholders' equity, have been made to amounts reported in prior periods to conform to the current period presentation.

Recent Accounting Principles

In May 2008, the Financial Accounting Standards Board issued Statement of Financial Accounting Standards No. 162, *The Hierarchy of Generally Accepted Accounting Principles*. This accounting principle identifies a consistent framework, or hierarchy, for selecting accounting principles to be used in preparing financial statements that are presented in conformity with U.S. generally accepted accounting principles (GAAP) for nongovernmental entities. This accounting principle was adopted November 2008 and had no impact on our consolidated financial position, results of operations or cash flows.

In March 2008, the Financial Accounting Standards Board issued Statement of Financial Accounting Standards No. 161, *Disclosures about Derivative Instruments and Hedging Activities*. This accounting principle enhances disclosure for derivative instruments and hedging activities and their effects on consolidated financial position, results of operations and cash flows. Specifically, enhanced disclosures include objectives and strategies for using derivatives, including underlying risk and accounting designation, as well as fair values, gains and losses. This accounting principle was adopted June 2008 and had no impact on our consolidated financial position, results of operations or cash flows.

In December 2007, the Financial Accounting Standards Board issued Statement of Financial Accounting Standards No. 160, *Noncontrolling Interests in Consolidated Financial Statements*. This accounting principle eliminates noncomparable accounting for minority interests. Specifically, minority interests are presented as a component of shareholders' equity; consolidated net income includes amounts attributable to both the parent and minority interest and is disclosed on the face of the income statement; changes in the ownership interest are accounted for as equity transactions if ownership remains controlling; purchase accounting for acquisitions of noncontrolling interests and acquisitions of additional interests is eliminated; and deconsolidated controlling interests are recognized based on fair value consistent with Statement of Financial Accounting Standards No. 141 (revised 2007), *Business Combinations*. The accounting requirements were adopted January 2009 and had no impact on our consolidated financial position, results of operations or cash flows.

In December 2007, the Financial Accounting Standards Board issued Statement of Financial Accounting Standards No. 141 (revised 2007), *Business Combinations*. This accounting principle requires acquisition accounting (purchase accounting) be applied to all business combinations in which control is obtained regardless of consideration and for an acquirer to be identified for each business combination. Additionally, this accounting principle requires acquisition-related costs and restructuring costs at the date of acquisition to be expensed rather than allocated to the assets acquired and the liabilities assumed; noncontrolling interests, including goodwill, to be recorded at fair value at the acquisition date; recognition of the fair value of assets and liabilities arising from contractual contingencies and contingent consideration (payments conditioned on the outcome of future events) at the acquisition date; recognition of bargain purchase (acquisition-date fair value exceeds consideration plus any noncontrolling interest) as a gain; and recognition of changes in deferred taxes. This accounting principle was adopted January 2009 and had no impact on our consolidated financial position, results of operations or cash flows.

2. Restructuring

In May 2008, we initiated a comprehensive analysis of our businesses operations to improve cash flow and profitability as well as rationalize our operations for the current conditions of the homebuilding industry. The plan places a priority on positive cash flow, efficient use of capital and higher returns and focuses on closing or consolidating business units in underperforming markets as well as improving business processes. As a result of the plan, we:

- closed 42 business units,
- consolidated 15 business units with other business units and
- consolidated administrative functions of information systems, reporting, accounts payable and human resources.

Our restructuring plans do not include formal severance plans for employees affected by the closures and consolidations of business units or enhancements to administrative functions.

As of December 31, 2008, the estimated charges expected to be incurred and recognized in (loss) from continuing operations were as follows (thousands):

	Estimated Charges	Recognized Twelve Months Ended December 31 2008	Total Remaining
Impairment of assets	\$ 8,602	\$ 8,602	\$ —
Operating lease obligations	11,387	11,387	—
	\$ 19,989	\$ 19,989	\$ —

Impairments of assets were determined based on available market data and are recognized in Impairment of assets. Operating lease obligations represent the present value of contractual rental payments offset by estimated sublease income and are recognized in Selling, general and administrative expenses.

Activity related to restructuring plans for the period ended December 31, 2008 was as follows (thousands):

	Recognized Twelve Months December 31 2008	Cash Payments	Non-cash Charges	Liability Balance at December 31 2008
Impairment of assets	\$ 8,602	\$ —	\$ 8,602	\$ —
Operating lease obligations	11,387	390	1,353	9,644
	\$ 19,989	\$ 390	\$ 9,955	\$ 9,644

Due to uncertainties in the markets of certain business units and inherent in the estimation process, it is possible the actual costs of restructuring may vary from estimates. Revisions of these costs are recognized in the period such revisions are known.

3. Impairment of Assets

Long-lived assets such as property, equipment and intangibles are evaluated for impairment whenever events and circumstances indicate the carrying amount may not be recoverable. An impairment for these assets is recognized if the carrying amount exceeds its fair value and when the carrying amount is not recoverable based on the estimated future operating cash flows on an undiscounted basis.

Similarly, goodwill is evaluated for impairment in the fourth quarter and whenever events and circumstances indicate the carrying amount may not be recoverable. An impairment for goodwill is recognized if the carrying amount is more than the estimated future operating cash flows as measured by fair value techniques.

During the later portion of the fourth quarter of 2008, the leading sources of economic and housing data forecasted deeper reductions in estimated housing starts. Market factors as well as developing regulatory efforts to revive historically low housing starts have been further complicated by the weakening economic conditions of rising unemployment and pessimistic consumer confidence stemming from tightened lending standards and losses in home values and investments. Similarly, tightened lending conditions have impacted the liquidity of our customers.

For impairment testing of customer relationships and covenants not to compete, the carrying amounts exceeded the estimated future operating cash flows on an undiscounted basis. The impairment testing for goodwill indicated the carrying amount exceeded our estimate of enterprise value. Impairments recognized in (loss) from continuing operations for the fourth quarter of 2008 were:

- \$23.3 million for certain customer relationships and covenants not to compete,
- \$13.8 million for goodwill,
- \$2.6 million for certain property and equipment held for sale and
- \$1.0 million for leasehold improvements.

As a result of our ongoing evaluations of underperforming business units in prior quarterly periods, property and equipment, intangibles and goodwill specific to business units were identified as impaired. The following impairments were recognized in (loss) from continuing operations as follows:

- third quarter of 2008:
 - \$0.7 million for covenants not to compete,
 - § \$3.0 million for certain property and equipment held for sale and
 - § \$0.1 million for goodwill.
- second quarter of 2008:
 - § \$6.2 million for certain customer relationships and covenants not to compete,
 - § \$1.3 million for leasehold improvements,
 - § \$0.7 million for certain property and equipment held for sale and
 - § \$0.3 million for goodwill.

During the later portion of the fourth quarter of 2007, the leading sources of economic and housing data forecasted sharper reductions in housing starts. The rapid deterioration in housing forecasts and our operating performance resulted in significant revisions of our operating expectations underpinning the assumptions of recoverability of the carrying amount of customer relationships and goodwill. Additionally, our enterprise value reflected a significant reduction as investors considered negative perceptions of the future of the housing market and depressed the share values of housing related companies.

For impairment testing, the fair values were determined based on estimates of enterprise value as well as the present value of estimated future operating cash flows. As a result, we determined the carrying amount of certain customer relationships and goodwill exceeded their respective estimated fair values and recognized the following impairments in (loss) from continuing operations for the fourth quarter of 2007:

- □□□□\$30.0 million for certain customer relationships,

- □□□□\$242.0 million for goodwill and

- □□□□\$0.2 million for certain equipment.

4. Discontinued Operations

The results of operations and financial position of discontinued operations are separately reported for all periods presented as a result of the following transactions:

- In June 2008, we discontinued concrete block masonry, concrete services and truss manufacturing in Florida. These business units represented approximately 6% of sales.
- In March 2008, we discontinued framing services in Virginia. This business unit represented less than 1% of sales.
- In September 2007, we sold three building materials distribution businesses in Western Colorado. The businesses were sold for \$11.4 million, consisting of \$9.6 million cash and a \$1.8 million note receivable and resulted in recognition of an initial gain of \$3.7 million. In December 2007, the remaining real estate for one of these operations was sold for \$17.6 million cash and resulted in recognition of a gain of \$16.3 million. These business units represented approximately 1% of sales.

Assets, liabilities, sales and income (loss) after related income taxes (benefit) for these operations are separately reported from continuing operations and were as follows (thousands):

	December 31	
	2008	2007
Assets	\$ 5,659	\$ 25,224

5. Net (Loss) Income Per Share

Net (loss) income per share was determined using the following information (thousands, except per share data):

	Year Ended December 31

Potential common shares for options, restricted shares and warrants are excluded from the computation of diluted net loss per share if there is a loss from continuing operations for the period. Additionally, certain share options, restricted shares and warrants are excluded from the computation of diluted net (loss) income per share:

- options and warrants with exercise prices greater than the average market value of the common shares (out-of-the-money) and
- unrecognized compensation expense for restricted shares with after-tax proceeds greater than the average market value of the common shares.

Options, restricted shares and warrants excluded from the computation of diluted net (loss) income per share will change based on additional grants as well as the average market value of the common shares for the period. These options, restricted shares and warrants that are not dilutive and therefore excluded from the computation of diluted net (loss) income per share were as follows (thousands, except share price data):

	Year Ended December 31

6. *Acquisitions and Minority Interests*

Acquisitions are accounted for under the purchase method of accounting. The purchase price is allocated to the assets acquired, including intangible assets, and liabilities assumed based on their estimated fair values at the date of acquisition. Subsequent to the initial allocation of purchase price, adjustments may be made to reflect the fair value of working capital and tangible assets. Any excess of the purchase price over the estimated fair value of the identifiable assets and liabilities acquired is recorded as goodwill. Operating results of acquired businesses are included in the consolidated statements of operations from the date of acquisition.

- In March 2007, we acquired a concrete services business in Fresno, California for approximately \$0.7 million in cash.

- In December 2006, we acquired a distribution services business in Southern California for \$1.6 million in cash.

- In August 2006, we acquired a window installation business in Arizona for \$13.9 million in cash.

- In July 2006, we acquired a framing services business in Southern California for \$78.6 million in cash. Additional consideration of \$3.1 million was paid in the third quarter of 2007 for operating performance through June 2007. Additional cash payments may be required based on operating performance through June 2009.

- In June 2006, we acquired a building materials distribution and truss manufacturing business in Eastern Idaho for \$5.1 million in cash.

- In April 2006, we acquired a concrete services business in Northern Arizona for \$1.5 million in cash.

- In April 2006, we acquired a wall panel and truss manufacturing business in Palm Springs, California for \$6.7 million in cash.

- In February 2006, we acquired 3 facilities providing building materials distribution and millwork services in Houston, Texas for \$20.6 million in cash.

- In January 2006, we acquired framing businesses in Palm Springs, California and Reno, Nevada for \$57.1 million in cash. Additional cash payments may be required based on operating performance through December 2009.

Minority interests reflects the other owners' proportionate share in the assets and liabilities of business ventures as of the date of purchase, adjusted by the proportionate share of post-acquisition income or loss. As the operating results of entities with minority interests are consolidated, minority interests income represents the income or loss attributable to the other owners.

- In June 2008, we acquired the remaining 40% interest in SelectBuild Mechanical for \$0.2 million in cash. In October 2004, we formed this venture for an initial 60% interest for \$0.3 million in cash. SelectBuild Mechanical provides heating, ventilation and air conditioning services in Las Vegas, Nevada.

- In January 2008, we were required to purchase the remaining 49% interest in SelectBuild Illinois (RCI Construction) for \$8.3 million in cash of which \$2.4 million was paid in January 2008 and \$5.9 million was paid in July 2008. The fair value of SelectBuild Illinois did not exceed its net book value. As a result, the \$5.5 million excess of the purchase price for the minority interest over the recorded amount for the minority interest in SelectBuild Illinois was recognized as an expense in Other income, net in December 2007. In January 2005, we acquired an initial 51% interest for \$4.9 million in cash. SelectBuild Illinois provides framing services to production homebuilders in the greater Chicago area.

- In September 2007, we acquired the remaining 49% interest in SelectBuild Trim for \$0.5 million in cash. In January 2007, we formed this venture for an initial 51% interest for \$0.5 million in cash. SelectBuild Trim provides door and molding installation services in Las Vegas, Nevada.

- In September 2007, we acquired the remaining 49% interest in A-1 Building Components, LLC (A-1 Truss) for \$5.0 million in cash. In September 2004, we acquired an initial 51% interest for \$2.3 million in cash. A-1 Truss manufactured trusses in Fort Pierce, Florida. These operations were discontinued during 2008.

- In May 2007, we acquired the remaining 33% interest in SelectBuild Mid-Atlantic (WBC Mid-Atlantic) for no consideration pursuant to the operating agreement. In October 2003, we acquired an initial 67% interest for \$5.1 million in cash and \$0.2 million of our common shares. SelectBuild Mid-Atlantic provided framing services to production homebuilders in Delaware, Maryland and Virginia. These operations were discontinued during 2008.

- In April 2007, we acquired the remaining 27% interest in Riggs Plumbing for \$10.5 million in cash. In July 2005, we acquired an additional 13% interest for \$1.4 million in cash and in April 2005, acquired an initial 60% interest for \$17.8 million in cash. Riggs Plumbing provides plumbing services to production homebuilders in the Phoenix and Tucson markets.

- In November 2006, we acquired the remaining 49% interest in BBP Companies for \$22.8 million in cash. In July 2005, we acquired an initial 51% interest for \$9.4 million in cash and \$1.0 million of our common shares. BBP Companies provide concrete services to production homebuilders in Arizona.

- In January 2006, we acquired the remaining 20% interest in SelectBuild Florida (WBC Construction, LLC) for \$36.0 million in cash. In August 2005, we acquired an additional 20% interest for \$24.8 million in cash and in January 2003, acquired an initial 60% interest for \$22.9 million in cash and \$1.0 million of our common shares. SelectBuild Florida provided concrete block masonry and concrete services to production homebuilders in Florida. These operations were discontinued during 2008.

Assets and liabilities acquired in acquisitions made in 2008 and 2007, including payments of amounts retained for settlement periods, were as follows (thousands):

7. Marketable Securities

Investments in marketable securities consisted of debt securities held by our captive insurance subsidiary and were considered available-for-sale and recorded at fair value. Fair value was based on market quotes. Realized gains and losses were recognized in Other income, net based on specific identification. Unrealized gains and losses, net of deferred taxes, were recorded as a component of Accumulated other comprehensive loss, net, a component of shareholders' equity. There were no significant unrealized losses.

The fair values of these marketable securities were as follows (thousands):

	December 31	
	2008	2007
U.S. government and agencies	\$ —	\$ 18,380
Asset backed securities	—	9,798
Corporate securities	—	13,733

Contractual maturities were as follows (thousands):

Less than 1 year	\$ —	\$ 1,872
Due in 1 to 2 years	—	12,683
Due in 2 to 5 years	—	27,356
	\$ —	\$ 41,911

Pursuant to our plans to terminate our captive insurance subsidiary, the marketable securities were liquidated in September 2008 and proceeds of \$33.6 million were used to reduce net borrowings under the revolver and for operating needs.

8. Intangible Assets and Goodwill

Intangible assets represent the values assigned to customer relationships, covenants not to compete, trade names and favorable leases. Intangible assets are amortized on a straight-line basis over their expected useful lives. Customer relationships are amortized over 7 years and covenants not to compete over 3 years. Amortization expense for intangible assets was \$8.9 million for 2008, \$15.1 million for 2007 and \$11.8 million for 2006. Intangible assets consist of the following (thousands):

December 31, 2008			
	Gross Carrying Amount	Accumulated Amortization	Net Carrying Amount
Customer relationships	\$ 29,074	\$ (10,802)	\$ 18,272
Covenants not to compete	4,089	(3,139)	950
Favorable leases	382	(382)	—
	\$ 33,545	\$ (14,323)	\$ 19,222

December 31, 2007			
	Gross Carrying Amount	Accumulated Amortization	Net Carrying Amount
Customer relationships	\$ 80,495	\$ (27,271)	\$ 53,224
Covenants not to compete	10,611	(6,057)	4,554
Favorable leases	780	(248)	532
	\$ 91,886	\$ (33,576)	\$ 58,310

Estimated amortization expense for intangible assets is \$3.2 million for 2009, \$3.2 million for 2010, \$3.0 million for 2011, \$2.8 million for 2012, \$2.8 million for 2013 and \$4.2 million thereafter.

Goodwill represents the excess of the purchase price over the fair value of net tangible and identifiable intangible assets of acquired businesses. Adjustments to amounts previously reported as goodwill may occur as a result of completing the purchase price allocation to the assets acquired, including intangible assets, and liabilities assumed based on their estimated fair values at the date of acquisition.

An annual assessment for impairment is completed in the fourth quarter and whenever events and circumstances indicate the carrying amount may not be recoverable. An impairment is recognized at the reporting unit if the carrying amount is more than the estimated future operating cash flows as measured by fair value techniques.

Changes in the carrying amount of goodwill were as follows:

		December 31	
		2008	2007
Beginning balance	\$	14,196	\$ 248,464
Goodwill acquired		—	7,690
Impairment		(14,196)	(241,958)
	\$	—	\$ 14,196

While goodwill is tested for impairment annually and not amortized for financial statement purposes, goodwill may be deductible for income tax purposes. Certain goodwill is non-deductible. Changes to non-deductible goodwill were as follows (thousands):

	December 31	
	2008	2007
Beginning balance	\$ 3,460	\$ 41,362
Goodwill acquired	—	(4,656)

We obtained waivers for financial covenants related to our credit agreement due to lower than planned operating performance as of both June 2008 and December 2007. In September 2008, we entered into an amendment to our credit agreement with our lenders. The amended credit facility continues to provide a \$200 million revolver subject to borrowing base limitations and a \$340 million term note maturing in November 2011.

• **Revolver**

The \$200 million revolver is subject to borrowing base limitations and matures in November 2011. The revolver may consist of both LIBOR and Prime based borrowings. In the September 2008 amendment, the variable interest rate for the revolver was increased to LIBOR plus 5.25% or Prime plus 3.25%. Minimum LIBOR interest is 3.0%. Additionally, a commitment fee for the unused portion is 0.50%. LIBOR interest is paid quarterly and Prime interest is paid monthly. As of December 31, 2008, no borrowings were outstanding under the revolver.

The effective interest rate is based on interest rates for the period as well as the commitment fee for the unused portion of the revolver.

Letters of credit outstanding that guaranteed performance or payment to third parties were \$110.6 million as of December 31, 2008. These letters of credit reduce the \$200 million revolver commitment.

Total availability under the revolver is subject to a monthly borrowing base calculation that includes:

- 70% of certain accounts receivable,
- 50% of certain inventory,
- 25% of certain other inventory,
- approximately 75% of the appraised value of certain property and equipment and
- 50% of the appraised value of real estate.

As of December 31, 2008, the unused borrowing base available under the revolver was \$66.7 million.

• **Term Note**

The term note matures in November 2011 and is payable in quarterly installments of \$0.9 million with the remaining principal of \$280.5 million payable in November 2011. In the September 2008 amendment, the variable interest rate for the term note was increased to LIBOR plus 5.25% or Prime plus 3.25%. Minimum LIBOR interest is 3.0%. LIBOR interest is paid quarterly and Prime interest is paid monthly. In addition to the LIBOR and Prime interest rates, the term note includes an additional annual payment-in-kind interest or fee of 2.75% that is payable on the earlier of payoff or maturity. As of December 31, 2008, \$325.8 million was outstanding under this term note.

• **Other**

Other long-term debt consists of term notes, equipment notes and capital leases for equipment. Interest rates vary and dates of maturity are through March 2021. As of December 31, 2008, other long-term debt was \$1.4 million.

Covenants and Maturities

Our amended credit facility requires monthly compliance with financial covenants including minimum liquidity and adjusted earnings before interest, taxes, depreciation and amortization (monthly Adjusted EBITDA) at least through 2010. At December 31, 2008, we were in compliance with the financial covenants of the credit agreement.

Based on financial information for February 2009, we were not in compliance with the monthly Adjusted EBITDA requirement of our credit agreement. In March 2009, we obtained a limited waiver through April 15, 2009 for lack of compliance with the monthly Adjusted EBITDA requirement and we preserved access to limited liquidity as we may borrow up to \$20 million on the revolver portion of our credit facility.

Previously, we obtained waivers for financial covenants related to our credit agreement due to lower than planned operating performance as of both June 2008 and December 2007. In September 2008, we entered into an amendment to our credit agreement with our lenders. The amended credit facility continues to provide a \$200 million revolver subject to borrowing base limitations and a \$340 million term note maturing in November 2011.

Due to the difficulty of reliably projecting our operating results within the suppressed business conditions of the homebuilding industry, there is significant uncertainty as to our ability to meet the financial covenants of our current credit agreement during 2009. Also, our independent registered public accounting firm included a going concern explanatory paragraph in their report on our financial statements for the year ended December 31, 2008 citing among other things, the uncertainty we will remain in compliance with these financial covenants. The going concern explanatory paragraph would constitute a default under our credit agreement. In April 2009, we obtained a waiver for the going concern explanatory paragraph.

Lack of compliance with these covenants constitutes an event of default under the credit agreement. As a result and absent any waiver, forbearance or modification, the lenders under our credit agreement would have the right to cause all amounts borrowed to become due and payable immediately and cease further borrowings by us under the credit facility.

In April 2009, we and our lenders agreed to extend the limited waiver through June 1, 2009. This waiver continues to waive the monthly Adjusted EBITDA, forecast and projection requirements of our credit agreement. The limited waiver limits borrowings under the revolver to \$20 million subject to borrowing base limitations and limits capital expenditures to \$0.5 million. This limited waiver also requires we complete timely tax filings for tax refunds as a result of net operating losses and provide a revised business plan. The satisfaction of the conditions of timely tax filings and revised business plan are subject to the discretion of our lenders. Each lender approving the waiver for the going concern explanatory paragraph and extending the limited waiver was paid a fee of 0.10% of their revolver commitment and their portion of the outstanding principal amount of the term note.

We are currently negotiating with our lenders to modify our credit agreement. These negotiations may provide us additional time and flexibility to develop a capital structure to support our long-term strategic plan and business objectives.

There is no assurance these negotiations will result in a credit agreement acceptable to us and the lenders or an agreement that will achieve our desired goals. We continue to pursue alternative financing arrangements as well as evaluate all other financing options.

If our leverage ratio is at or above a certain maximum as of September 30, 2010, the monthly Adjusted EBITDA may be replaced with quarterly compliance with a leverage ratio and interest coverage ratio. Operating results, particularly income from continuing operations, are a primary factor for these covenants and our ability to comply with these covenants depends on our operating performance. The significant downturn in single-family housing starts has negatively impacted and may continue to negatively impact our operating performance.

The credit agreement requires certain proceeds and cash flows be applied to the credit facility as follows:

•□□□ Revolver

- proceeds from the liquidation of statutory funding requirements of our captive insurance subsidiary,
- § 30% of tax refunds and
- § cash in excess of \$25 million.

•□□□ Term Note

- § proceeds from certain dispositions,
- § 70% of tax refunds and
- § 75% of excess cash flow as defined beginning in 2010.

Due to requirements to apply tax refunds to the credit facility, 70% of the tax refund expected to be received in 2009 or \$35.6 million has been classified as a current portion of long-term debt.

Proceeds from the liquidation of our captive insurance subsidiary, tax refunds and certain dispositions are retained in a separate cash account. Cash in excess of \$25 million in this separate cash account is to be applied to the revolver or term note. Cash in this account was \$9.2 million as of December 31, 2008. In the event of default, this cash is restricted and not available for our operating needs.

The amended credit facility continues to restrict our ability to incur additional indebtedness, pay dividends, repurchase shares, enter into mergers or acquisitions, use proceeds from equity offerings, make capital expenditures and sell assets. The amended credit facility is secured by all assets of our wholly-owned subsidiaries.

In connection with the September 2008 amendment, 100% or \$2.8 million of unamortized deferred loan costs related to the term note were recognized as interest expense in the third quarter of 2008. We also incurred \$3.8 million of costs in connection with the amendment and \$2.0 million of these costs will be amortized over the remaining term of the credit facility whereas \$1.8 million of these costs were recognized as interest expense in the third quarter of 2008.

In connection with the February 2008 amendment, 60% or \$2.4 million of unamortized deferred loan costs related to the previous revolver were recognized as interest expense in the first quarter of 2008. We also incurred \$4.9 million of fees in connection with the amendment and these costs were to be amortized over the remaining term of our credit facility. However, in connection with the September 2008 amendment, the remaining \$2.6 million of these unamortized costs were recognized as interest expense in the third quarter of 2008.

Scheduled maturities of long-term debt are as follows (thousands):

2009	\$ 39,443
2010	3,727
2011	283,189
2012	65
2013	70
Thereafter	677
	<u>\$ 327,171</u>

Warrants

In connection with the amendment of our credit facility in September 2008, we issued warrants that entitle the lenders to purchase approximately 8.75% or 2.8 million of our common shares at a purchase price of \$0.47 per common share, the closing price on the NYSE on September 30, 2008. These warrants may be exercised through September 2015.

The fair value of the warrants of \$0.8 million was recorded as a discount on the term note. Amortization of the discount will be recognized ratably through November 2011, the remaining term of our credit facility.

Hedging Activities

In addition to the amendment to our credit facility in September 2008, we amended our interest rate swap contracts to lower amounts and a maturity matching the credit facility. As of December 2008, the interest rate swap contracts effectively converted \$135.1 million of variable rate borrowings to a fixed interest rate of 10.6% plus any difference between minimum LIBOR interest of 3.0% and LIBOR, thus reducing the impact of increases in interest rates on future interest expense. Additionally, the notional amount of the interest rate swap contracts will be ratably reduced to zero through the maturity of November 2011.

Approximately 41% of the outstanding variable rate borrowings have been hedged through the designation of interest rate swap contracts accounted for as cash flow hedges through December 2008. After giving effect to the interest rate swap contracts, total borrowings were 58% variable and 42% fixed. Management may choose not to swap variable rates to fixed rates or may terminate a previously executed swap if the variable rate positions are more beneficial.

The fair value of the interest rate swap contracts was a liability of \$7.5 million as of December 31, 2008. To the extent the hedge is effective, the corresponding unrealized loss for the interest rate swap contracts and unrealized tax benefit were recorded in accumulated other comprehensive (loss) income, net a separate component of shareholders' equity.

In December 2008, we determined the interest rate swap contracts were not an effective hedge of variable interest due to the recent significant reductions in LIBOR interest rates. As a result of the estimated difference between the LIBOR interest of the interest rate swap contracts and the minimum LIBOR interest of 3.0% of the term note, we recognized \$3.0 million of interest expense for the ineffective portion of these interest rate swap contracts for 2008. The effective portion of the interest rate swap contracts of \$4.5 million was recorded as an unrealized loss and an unrealized tax benefit of \$1.7 million in accumulated other comprehensive (loss) income, net a separate component of shareholders' equity. A corresponding deferred tax asset for the unrealized tax benefit was eliminated with a valuation allowance as there may be an inability to utilize this deferred tax asset.

Hedge accounting was discontinued in January 2009, as it is not probable future LIBOR interest rates for the remaining term of the interest rate swap contracts will be at or above the minimum LIBOR interest of 3.0% of the term note. As a result, changes in the fair value of the interest rate swap contracts will be recognized as interest expense rather than recorded in accumulated other comprehensive (loss) income, net a separate component of shareholders' equity. The unrealized loss of \$4.5 million in accumulated other comprehensive (loss) income, net as of December 31, 2008 will be subsequently amortized to interest expense over the remaining term of our term note.

In September 2008, we amended our interest rate swap contracts. Monthly settlements are made to ratably reduce the notional amount of the interest rate swap contracts through November 2011. Payments of \$3.8 million have been made to settle a portion of the interest rate swap contracts liability and reduce the notional amount of the interest rate swap contracts. The related unrealized loss of \$2.9 million and unrealized tax benefit of \$1.1 million are recorded in accumulated other comprehensive (loss) income, net a separate component of shareholders' equity. A corresponding deferred tax asset for the unrealized tax benefit was eliminated with a valuation allowance as there may be an inability to utilize this deferred tax asset. The unrealized loss of \$2.9 million will be subsequently amortized to interest expense over the remaining term of our term note. Amortization to interest expense for this unrealized loss was \$0.9 million for 2008.

The fair value and gains and losses on interest rate swap contracts are as follows (thousands):

10. Shareholders' Equity

Preferred Shares

We are authorized to issue 2 million preferred shares, however none of these shares are issued. Under the terms of our Restated Certificate of Incorporation, the Board of Directors is authorized to determine or alter the rights, preferences, privileges and restrictions of the preferred shares.

Common Shares

Our common shares have a par value of \$0.001. We have 50 million shares authorized, of which 29.7 million are issued and outstanding as of December 31, 2008.

Of the unissued shares, 6.1 million shares were reserved for the following:

Employee Stock Purchase Plan	1.4 million
2008 Stock Incentive Plan	1.9 million
Warrants	2.8 million

Warrants

In connection with the amendment of our credit facility in September 2008, we issued warrants that entitle the lenders to purchase approximately 8.75% or 2.8 million of our common shares at a purchase price of \$0.47 per common share, the closing price on the NYSE on September 30, 2008. These warrants may be exercised through September 2015.

The fair value of these warrants was estimated on the date of grant using the modified Black-Scholes-Merton model. The following table presents the assumptions used in the valuation and the resulting fair value:

Expected term (years)	5.5
Expected volatility	64.6%
Expected dividend yield	0.0%
Risk-free interest rate	3.0%
Exercise price	\$0.47
Weighted average fair value	\$0.28

These assumptions are based principally on historical experience. Due to uncertainties inherent in these assumptions, it is possible that actual value received may vary from the estimate of the fair value of these warrants.

The fair value of the warrants of \$0.8 million was recorded as a discount on our term note. Amortization of the discount will be recognized ratably through November 2011, the remaining term of our credit facility.

No warrants have been exercised and all 2.8 million warrants are outstanding and exercisable as of December 31, 2008. Warrants exercised are settled with newly issued common shares. The common shares for warrants are not included in the calculation of basic income per share until exercised, however the common shares for warrants may be included in the calculation of diluted income per share.

Dividends

Cash dividends per common share were as follows:

	2008	2007	2006
First quarter	\$—	\$0.10	\$0.10
Second quarter	—	0.10	0.10
Third quarter	—	0.10	0.10
Fourth quarter	—	0.10	0.10
	\$—	\$0.40	\$0.40

Our credit facility, amended in September 2008, prohibits the payment of cash dividends on our common shares. The determination of future dividend payments (cash or shares) will depend on many factors, including credit facility restrictions, financial position, results of operations and cash flows.

Repurchase Program

In March 2007, our Board of Directors authorized the repurchase of up to \$25 million of our common shares through March 2008. The repurchase program expired in March 2008 with no shares repurchased.

Our credit facility, amended in September 2008, prohibits the repurchase of our common shares. The determination of future share repurchases will depend on many factors, including credit facility restrictions, financial position, results of operations and cash flows.

11. Employee Benefit Plans

Retirement Plans

•□□□ Savings and Retirement Plan

We provide a savings and retirement plan for salaried and certain hourly employees whereby eligible employees may contribute a percentage of their earnings to a trust. Participants may defer up to 75% of their eligible compensation (base salary, annual incentive and long-term incentives) subject to the limitations imposed under the Internal Revenue Code.

Prior to 2009, our matching contributions range from 25% of the first 4% to 50% of the first 6% of the participant's contribution. Matching contributions are established at the discretion of the Compensation Committee of our Board of Directors in the first quarter. Vesting in matching contributions occurs at the rate of 20% per year of service, upon reaching normal or early retirement date, or upon death, disability or certain other circumstances. Matching contributions of \$2.9 million for 2008, \$4.5 million for 2007 and \$4.3 million for 2006 were made to the trusts based on a percentage of the contributions made by participants. Matching contributions were temporarily suspended for 2009.

Participants may direct their contributions and matching contributions through any of the investment options offered, including self-directed brokerage accounts. Investment options are reviewed and may be revised quarterly by an Investment Committee comprised of management and advised by consultants.

•□□□ Executive Deferred Compensation

We previously provided a deferred compensation plan for directors, executives and key employees. The objective of the plan was to provide executives and key employees with an additional opportunity to save for their retirement. Executive and key employee participants could defer up to 80% of their eligible compensation (base salary, annual incentive and medium term incentives). Director participants could defer 100% of their compensation. Effective January 2009, the plan was suspended and no participant contributions or matching contributions will be made.

There are no minimum or guaranteed returns. Participants may elect distribution upon reaching a specific age, number of years or separation of service. Distributions may be a lump sum payment or monthly installments over 5 to 10 years.

Matching contributions were the same as the savings and retirement plan matching contribution percentage. Matching contributions were established at the discretion of the Compensation Committee of our Board of Directors in the first quarter. Matching contributions of \$0.1 million for 2008, \$0.4 million for 2007 and \$0.4 million for 2006 were made to the trust based on a percentage of the contributions made by participants.

Investments of the deferred compensation plan are held in a custodial account and the assets are subject to the claims of general creditors. Participants may elect to invest their deferred compensation through any of the investment options offered, including our common shares. Investment options are reviewed and may be revised quarterly by an Investment Committee comprised of management and advised by consultants.

- Compensation deferred and invested in third-party investment options is recorded in Other long-term assets and Other long-term liabilities. As the obligation is settled for the value of the underlying investments, changes in the fair value of the investments are recognized in Other income and changes in the fair value of the liability are recognized in Selling, general and administrative expenses. Fair value is based on market quotes. The fair value of these investments was \$4.0 million at December 31, 2008 and \$13.5 million at December 31, 2007.

- Compensation deferred and invested in our common shares is recorded as a component of shareholders' equity. As the obligation is settled for the fixed number of common shares purchased, changes in fair value are not recognized. Rather, purchases and distributions of the common shares are recorded at historical cost. The historical cost of these common shares was \$0.9 million or 98,565 common shares at December 31, 2008 and \$1.4 million or 105,189 common shares at December 31, 2007.

•□□□ *Supplemental Retirement*

Additionally, there is a supplemental retirement plan for executives and key employees. The objective of the plan is to provide a supplemental retirement benefit that enables participants to retire at age 65 with 30 years of service at an income level of at least 60% of pre-retirement base salary after considering deferred compensation, predecessor retirement and social security benefits. Effective January 2009, the plan was suspended as no contributions or return will be made to participants except the contribution and return required for the employment agreements of certain executives and no new participants will be added to the plan.

Contributions have typically been 5.5% of net income. Contributions are allocated proportionately to participants based on their base salaries and limited to 30% of a participant's base salary.

- 65% of the contributions are invested in company-owned life insurance policies for certain participants.
- 35% of the contributions are made in our common shares and distributed to the savings and retirement plans of certain participants.

Active participants invested in company-owned life insurance policies receive a return based on long-term corporate bond yields. This return has been approximately 6% and may vary based on changes to this yield. Inactive participants receive a return of 0% to 9% based on their years of service and payment elections. Participants receiving our common shares receive a return of any related dividend.

Contributions and the return are established at the discretion of the Compensation Committee of our Board of Directors in the first quarter. Participants are immediately vested in the contribution.

The Compensation Committee decided to make:

- no contributions or return to participants and no contribution or return was required for the employment agreements of certain executives for 2008.
- no contribution to participants, however a return was provided to participants as well as the contribution and return required by employment agreements of certain executives for 2007. The return for participants and contribution and return required by employment agreements was \$2.7 million for 2007.

- the contribution and return to participants as well as the contribution and return required by the employment agreements of certain executives for 2006. The contribution and return for participants and certain executives was \$7.5 million for 2006.

The cash surrender value of the company-owned life insurance policies approximates the obligation, however the returns, if any, are not fully funded as these returns are dependent upon years of service and payment elections. These life insurance policies fund the obligation to the participants or their beneficiaries over a 5, 10 or 15-year period.

• *Management Retention Compensation*

In February 2008, the Compensation Committee of our Board of Directors approved management retention agreements for certain executives and key employees. Participants receive common share equivalent units which may be exchanged for the market value of those shares upon vesting two years from the date of grant. Compensation expense recognized for these agreements was not significant for 2008.

Employee Stock Purchase Plan

In February 2008, our Board of Directors adopted the Employee Stock Purchase Plan, as approved by our shareholders in May 2008. The plan amended an employee share purchase plan originally effective October 2000. The plan permits eligible employees to purchase common shares through payroll deductions of up to 10% of an employee's compensation limited to \$25,000 each year. The purchase price of the shares may be 85% or more of the lowest market price on either the first or last day of each three month period ending January, April, July and October. A total of 2 million shares were authorized for issuance, however 0.4 million shares were issued under the previous employee share purchase plan resulting in 1.6 million shares remaining available for this plan. Unissued shares were 1.4 million as of December 31, 2008. Compensation expense recognized was not significant for 2008 and 2007 and \$0.3 million for 2006.

Incentive and Performance Plans

In February 2008, our Board of Directors adopted the 2008 Stock Incentive Plan, as approved by our shareholders in May 2008. A total of 2 million common shares were reserved for issuance under the plan.

In addition to the payment of an annual retainer, non-employee directors receive annual share grants with an approximate value of \$50,000, based on the closing price of our common shares on the day of grant. For 2008, shares of 0.1 million that were restricted from trading for six months were granted to directors.

There were no grants of equity awards to employees, including all executives, for 2008. Grants of equity awards are approved by our Compensation Committee at regularly scheduled meetings. Unissued shares were 1.9 million as of December 31, 2008.

Employees and non-employee directors are eligible to receive awards at the discretion of the Compensation Committee. Options, appreciation rights, restricted shares, other share-based awards and non-discretionary awards may be granted under these plans.

Options

Grants of options under the 2008 Stock Incentive Plan vest ratably over a maximum of 5 years from the date of grant and expire after 10 years if unexercised. Under certain circumstances, some or all of the options may vest earlier. Options are to be awarded with exercise prices equal to the closing share price of our common shares on the date of grant.

Grants of options under the 2004 Incentive and Performance Plan vest ratably over 3 to 4 years from the date of grant and expire after 7 years if unexercised. Under certain circumstances, some or all of the options may vest earlier. Options were awarded with exercise prices equal to the closing share price of our common shares on the date of grant. No further grants will be made under this plan.

Grants of options under the 2000 Stock Incentive Plan vest ratably through the end of the fourth year from the date of grant and expire after 10 years if unexercised. Under certain circumstances, some or all of the options may vest earlier. Options were awarded with exercise prices equal to the closing share price of our common shares on the date of grant. No further grants will be made under this plan.

Share-based compensation expense includes the fair value of share options, restricted shares and share awards and is recognized over the requisite service period. Additionally, tax benefits for share-based compensation payments are reported as a financing activity for the statement of cash flows.

The fair value of each option was estimated on the date of grant using the modified Black-Scholes-Merton model. The following table presents the weighted average assumptions used in the valuation and the resulting fair value:

	Year Ended December 31		
	2008	2007	2006
Expected term (years)	—	5.2	5.6
Expected volatility	—	54.5%	48.6%
Expected dividend yield	—	2.0%	0.7%
Risk-free interest rate	—	4.5%	3.8%
Exercise price	—	\$18	\$38
Weighted average fair value	—	\$8	\$18

These assumptions are based principally on historical experience. Due to uncertainties inherent in these assumptions, it is possible that actual share-based compensation may vary from the estimate of the fair value of these options.

Activity for option awards was as follows (thousands, except per share data):

	Year Ended December 31			Year Ended December 31

The intrinsic value (the difference between our share price on the date of exercise and the exercise price) for options exercised represents the value received by option holders who exercised their options.

As of December 31, 2008, option awards outstanding and exercisable were as follows (thousands, except per share data):

Options Outstanding					Options Exercisable		
Exercise Price	Shares	Weighted Average Exercise Price	Intrinsic Value	Weighted Average Remaining Contractual Life (years)	Shares	Weighted Average Exercise Price	Intrinsic Value

The intrinsic value (the difference between our share price on the last day of trading in December 2008 and the exercise price) for in-the-money options represents the value that would have been received by option holders had they exercised their options. These values change based on the fair market value of our shares.

The fair value of compensation expense recognized for options was \$2.8 million for 2008, \$5.2 million for 2007 and \$5.1 million for 2006. The common shares for options are not included in the calculation of basic income per share, however the common shares for options may be included in the calculation of diluted income per share.

As of December 31, 2008, there was \$1.7 million of unrecognized compensation expense related to these options. This compensation expense is recognized as the requisite services are rendered and is expected to be recognized ratably through March 2011.

Options exercised are settled with newly issued common shares.

Restricted Shares

Grants of restricted shares vest 3 years from the date of grant. Under certain circumstances, some or all of the restricted shares may vest earlier. The fair value of restricted shares is the closing share price of our common shares on the date of grant. Compensation expense is recognized over the vesting period.

Activity for restricted share awards was as follows (thousands, except per share data):

	2008		Year Ended December 31 2007		2006	
	Shares	Weighted Average Grant Date Fair Value	Shares	Weighted Average Grant Date Fair Value	Shares	Weighted Average Grant Date Fair Value

Fair value of restricted shares granted	\$—	\$3,005	\$5,220
Fair value of restricted shares vested	\$2,761	\$1,556	\$—

The fair value of compensation expense recognized for restricted shares was \$1.0 million for 2008, \$3.3 million for 2007 and \$3.1 million for 2006. The common shares for restricted shares are not included in the calculation of basic income per share until these shares vest, however the common shares for restricted shares may be included in the calculation of diluted income per share.

As of December 31, 2008, there was \$0.9 million of unrecognized compensation expense related to these restricted shares. This compensation expense is recognized as the requisite services are rendered and is expected to be recognized ratably through March 2010.

Shares

We issue shares to non-employee directors of our Board of Directors for their services. These shares vest immediately, however trading is restricted for 1 year from the date of grant. We issued 99,200 shares in May 2008, 27,000 shares in May 2007 and 12,000 shares in May 2006 and recognized compensation expense of \$0.4 million for 2008, \$0.4 million for 2007 and \$0.4 million for 2006.

The following table summarizes equity compensation information as of December 31, 2008 (thousands, except per share data):

	Number of Securities to be Issued Upon Exercise of Outstanding Options, Warrants and Rights	Weighted Average Exercise Price of Outstanding Options, Warrants and Rights	Number of Securities Remaining Available for Future Issuance Under Equity Compensation Plans
Equity compensation plans approved by security holders	2,841	\$13.11	1,901
Equity compensation plans not approved by security holders	2,825 (1)	\$0.47	—
Total	5,666	\$6.81	1,901

(1) In connection with the amendment of our credit facility in September 2008, our Board of Directors authorized issuance of these warrants that entitle the lenders to purchase approximately 8.75% or 2.8 million of our common shares at a purchase price of \$0.47 per common share, the closing price on the NYSE on September 30, 2008. These warrants may be exercised through September 2015.

Share-based compensation expense is included in Selling, general and administrative expenses since it is incentive compensation issued primarily to our executives and senior management. Share-based compensation expense for options, restricted shares and share awards was \$4.3 million for 2008, \$8.9 million for 2007 and \$8.9 million for 2006.

12. Income Taxes

The asset and liability method is used to account for income taxes. Under this method, deferred tax assets and liabilities are recognized for tax credits and for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their tax bases. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. A valuation allowance is recognized to reduce the carrying amount of deferred tax assets to the amount that is more likely than not to be realized. If it is later determined it is more likely than not that deferred tax assets will be realized, the valuation allowance will be adjusted. Revisions of the valuation allowance are recognized in the period such revisions are known.

Income tax benefit (expense) and effective rates were as follows (thousands):

	Year Ended December 31					
	2008		2007		2006	
		Effective Rate		Effective Rate		Effective Rate
Continuing operations:						
Income tax benefit (expense)	\$ 23,409	10.8%	\$ 25,670	8.8%	\$ (44,893)	(33.4)%
Discontinued operations:						
Income tax (expense)	\$ (1,860)	(9.1)%	\$ (4,990)	(11.9)%	\$ (11,914)	(36.7)%

The significant change in our effective tax rate for continuing operations was the result of uncertainty of our ability to realize deferred tax assets. Deferred tax assets resulted from operating losses and impairments, however valuation allowances were recognized due to the potential inability to realize these deferred tax assets. In assessing the ability to realize deferred tax assets, we consider whether it is more likely than not that some portion or all of the deferred tax assets will not be realized. The ultimate realization of deferred tax assets is dependent upon the generation of future taxable income during the periods in which those temporary differences become deductible. The scheduled reversal of deferred tax liabilities, loss carryback and carryforward abilities, projected future taxable income, tax planning strategies, cumulative earnings and our industry are considered in making this assessment.

Income tax benefit (expense) for continuing operations consists of the following (thousands):

	Year Ended December 31		
	2008	2007	2006
Current income taxes			
Federal	\$ 44,350	\$ 8,561	\$ (42,830)
State	(352)	(343)	(3,188)
	43,998	6,218	(46,018)
Deferred income taxes			
Federal	(15,526)	17,832	1,043
State	(5,063)	1,620	82
	(20,589)	19,452	1,125
	\$ 23,409	\$ 25,670	\$ (44,893)

In November 2006, SelectBuild acquired the remaining 49% interest in BBP Companies. Prior to the acquisition, income taxes associated with the other owner's proportionate interest were \$1.7 million for 2006. We were required to recognize income taxes for all of the earnings of this 51% interest due to its C Corporation status. While these income taxes were recognized in income tax expense, the portion of income taxes associated with the other owner's proportionate share of earnings was eliminated as a reduction to minority interest income.

The tax benefit associated with exercised options and vested restricted shares increased taxes receivable \$0.3 million for 2008 and reduced taxes payable \$0.9 million for 2007 and \$1.5 million for 2006. The tax impact for the difference between the fair value and the exercised value for options exercised and the difference between the grant-date value and vest-date value for vested restricted shares are recognized in additional paid-in capital, a component of shareholders' equity. Unrealized tax benefits for share-based compensation expense reduce the amount of tax benefits related to previous share-based awards.

A reconciliation of the differences between the U.S. statutory federal income tax rate and the effective tax rate for continuing operations as provided in the consolidated statements of operations is as follows:

	Year Ended December 31		
	2008	2007	2006

Deferred income taxes are provided using the asset and liability method to reflect temporary differences between the financial statement carrying amounts and tax bases of assets and liabilities using presently enacted tax rates and laws. The tax effects of temporary differences and carryforward benefits that give rise to significant portions of deferred tax assets and deferred tax liabilities were as follows (thousands):

In addition to the temporary differences, deferred tax assets for 2008 included net operating loss carryforwards of \$30.6 million based on \$69.2 million in federal operating losses and \$138.4 million in state operating losses. Federal operating losses, if unused, of \$69.2 million will expire in 2028. State operating losses, if unused, of \$32.0 million will expire by 2013, \$45.6 million will expire by 2018, \$17.0 million will expire by 2027 and \$43.8 million will expire in 2028. Alternative minimum tax credits of \$3.5 million may be carried forward indefinitely. However, changes in our ownership, if any, may limit our ability to utilize the carryforwards for operating losses and tax credits.

A valuation allowance is recognized to reduce the gross deferred tax assets to an amount we believe is more likely than not to be realized. A \$63.2 million increase in the valuation allowance to \$160.5 million was recognized for 2008 due to our potential inability to realize these deferred tax assets. Our ability to realize the deferred tax assets could change if estimates of future taxable income change. To the extent taxable income is generated in future periods, these tax benefits may be realized and reduce our effective tax rate in future periods.

As a result of allocating purchase price to the assets acquired and liabilities assumed for acquisitions completed during 2007, we recorded a net deferred tax liability of \$0.9 million for 2007.

Unrecognized Tax Benefits

A reconciliation of the beginning and ending amount of unrecognized tax benefits is as follows (thousands):

	December 31	
	2008	2007
Beginning balance	\$ —	\$ —
Increase for tax positions of prior years	6,223	—
	<u>\$ 6,223</u>	<u>\$ —</u>

These tax benefits, if recognized, would reduce our effective tax rate in future periods. We recognize potential interest and penalties related to unrecognized tax benefits in income tax expense. Interest expense recognized was \$1.8 million for 2008 and was not significant for 2007.

Our estimate of the potential outcome of any uncertain tax issue is subject to our assessment of relevant risks, facts, and circumstances at the time. A more-likely-than-not threshold is required for measurement and recognition of tax positions taken or expected to be taken in a tax return. We record a liability for the difference between the benefit recognized and the tax position taken or expected to be taken on the tax return. Revisions of estimated tax liabilities are recognized in the period such revisions are known.

Our income tax compliance is periodically examined by various taxing authorities. Our federal tax returns for 2007 through 2005 are under examination. The statute of limitations remains open for our 2008 through 2005 federal tax returns. Our state and local income tax returns for 2008 through 2004 are open for future examination. We believe the ultimate results of examinations, if any, will not have an adverse affect on our financial condition, results of operations or cash flows.

13. Financial Instruments

The estimated fair values of cash and cash equivalents, receivables, unbilled receivables, accounts payable and accruals are the same as their carrying amounts due to their short-term nature.

After giving effect to the interest rate swap contracts, the interest for our debt is 58% variable and 42% fixed. The estimated fair value for:

- ☐ ☐ ☐ the variable-rate portion of our debt is the same as the carrying amount due to the market interest rate for these borrowings and
- ☐ ☐ ☐ ☐ the fixed-rate portion of our debt is based on the fair value of our interest rate swap contracts as well as the present value of the Other long-term debt at a discount rate consistent with variable market rates and our credit risk premium.

As a result, the estimated fair value of our debt is the same as their carrying amounts including the recorded fair value of our interest rate swap contracts.

Quoted market prices are not available for our debt. Given the significant downturn in the homebuilding industry and tightening credit from lenders, quoted market prices for our debt may be lower than their carrying amounts.

Changes in interest rates expose us to financial market risk. We currently utilize interest rate swap contracts to hedge variable interest rates. As of December 2008, the interest rate swap contracts effectively converted \$135.1 million of variable rate debt to a fixed interest rate of 10.6% plus any difference between minimum LIBOR interest of 3.0% and LIBOR. The notional amount of the interest rate swap contracts will be ratably reduced to zero through the maturity of November 2011.

Derivative financial instruments are not utilized to hedge other risks or for speculative or trading purposes.

14. Commitments and Contingencies

Legal Proceedings

We are involved in litigation and other legal matters arising in the normal course of business. In the opinion of management, the recovery or liability, if any, under any of these matters will not have a material effect on our financial position, results of operations or cash flows.

Operating Leases

We lease certain real property, vehicles and office equipment under operating leases. Operating lease expense was as follows (thousands):

	Year Ended December 31		
	2008	2007	2006
Operating lease expense	\$ 29,907	\$ 29,553	\$ 23,863
Less: Sublease income	(1,741)	(487)	—
	\$ 28,166	\$ 29,066	\$ 23,863

Certain of these leases are non-cancelable and have minimum lease payment requirements as follows (thousands):

	Operating Leases	Sublease Income	Operating Leases, net
2009	\$ 26,542	\$ (1,786)	\$ 24,756
2010	19,691	(810)	18,881

Thereafter	3,629	(9)	3,620
	\$ 75,849	\$ (3,213)	\$ 72,636

Warranties

We provide limited warranties for certain construction services. Specific terms and conditions for warranties vary from 1 year to 10 years and are based on geographic market and state regulations. Factors for determining estimates of warranties include the nature and frequency of claims, anticipated claims and cost per claim. Estimated costs for warranties are recognized when the revenue associated with the service is recognized. Revisions of estimated warranties are reflected in the period such revisions are determined. Warranty activity is as follows (thousands):

	Year Ended December 31		
	2008	2007	2006
Balance at beginning of the period	\$ 6,805	\$ 7,081	\$ 5,339
Provision for warranties	(492)	911	2,989

15. Fair Values of Assets and Liabilities

Our assets and liabilities measured at fair value are grouped into three levels. The levels are based on the markets in which the assets and liabilities are traded and the reliability of the assumptions used to determine fair value. These levels are:

- ☐ ☐ ☐ Quoted Prices in Active Markets for Identical Assets – valuations for assets and liabilities traded in active exchange markets, such as the New York Stock Exchange.
- ☐ ☐ ☐ Significant Other Observable Inputs – valuations for assets and liabilities traded in less active dealer or broker markets. For example, an interest rate swap contract is valued based on a model whose inputs are observable forward interest rate curves. Valuations are obtained from third party pricing services for identical or comparable assets or liabilities.
- ☐ ☐ ☐ ☐ Significant Unobservable Inputs – valuations for assets and liabilities that are derived from other valuation methodologies, including discounted cash flow models and similar techniques, and are not based on market exchange, dealer, or broker traded transactions. Valuations incorporate certain assumptions and projections in determining fair value assigned to such assets or liabilities.

The following assets and liabilities are measured at fair value on a recurring basis (thousands):

	December 31 2008	Fair Value Measurements at Reporting Date Using		
		Quoted Prices in Active Markets for Identical Assets	Significant Other Observable Inputs	Significant Unobservable Inputs
Marketable securities	\$ —	\$ —	\$ —	\$ —
Interest rate swap contracts	(7,514)	—	(7,514)	—

Interest rate swap contracts	(8,553)	—	(8,553)	—
	\$ 33,358	\$ 41,911	\$ (8,553)	\$ —

Also, from time to time we may be required to measure certain other assets at fair value on a nonrecurring basis. These adjustments to fair value usually result from application of lower-of-cost or market accounting or write-downs of individual assets. For assets measured at fair value on a nonrecurring basis, the following table provides the amount, level of valuation assumptions used to determine each adjustment and the related realized losses (thousands):

Other intangibles, net are evaluated for impairment whenever events and circumstances indicate the carrying amount may not be recoverable. An impairment for intangibles with finite useful lives is recognized if the carrying amount is not recoverable based on the estimated future operating cash flows on an undiscounted basis. Our intangibles are principally customer relationships. The present value of estimated future operating cash flows is utilized to determine fair value. Retention rates, margins and discount rates are significant inputs for determining the present value of estimated future cash flows.

- □ □ Other intangibles with a carrying amount of \$49.4 million were written down to their implied fair value of \$19.2 million, resulting in an impairment charge of \$30.2 million in the fourth quarter of 2008.
- □ □ □ Other intangibles with a carrying amount of \$88.3 million were written down to their implied fair value of \$58.3 million, resulting in an impairment charge of \$30.0 million in the fourth quarter of 2007.

Goodwill is evaluated for impairment whenever events and circumstances indicate the carrying amount may not be recoverable. An impairment for goodwill is recognized if the carrying amount is more than the estimated future operating cash flows as measured by fair value techniques. The fair value techniques of enterprise value as well as the present value of estimated future operating cash flows are utilized. Market capitalization based on average common share price, debt and cash are significant inputs for determining enterprise value. An estimate of our weighted average cost of financing sources and future operating cash flows as derived from estimates of revenues, operating expenses and income taxes as well as working capital requirements and capital expenditures are significant inputs for determining the present value of estimated future operating cash flows.

- Goodwill with a carrying amount of \$14.2 million was written down to its implied fair value of zero, resulting in an impairment charge of \$14.2 million in the fourth quarter of 2008.

- Goodwill with a carrying amount of \$256.2 million was written down to its implied fair value of \$14.2 million, resulting in an impairment charge of \$242.0 million in the fourth quarter of 2007.

Management's Report on Internal Control Over Financial Reporting

Our management is responsible for the preparation and fair presentation of the consolidated financial statements included in this annual report. The consolidated financial statements have been prepared in conformity with United States generally accepted accounting principles and reflect management's judgments and estimates concerning events and transactions that are accounted for or disclosed.

Our management is also responsible for establishing and maintaining effective internal control over financial reporting. Our internal control over financial reporting includes those policies and procedures that pertain to our ability to record, process, summarize and report reliable financial data. Management recognizes there are inherent limitations in the effectiveness of any internal control and effective internal control over financial reporting can provide only reasonable assurance with respect to financial statement preparation. Additionally, because of changes in conditions, the effectiveness of internal control over financial reporting may vary over time.

To ensure that the internal controls over financial reporting are effective, management regularly assesses such controls and did so most recently for its financial reporting as of December 31, 2008. Management's assessment was based on criteria for effective internal control over financial reporting described in *Internal Control – Integrated Framework* issued by the Committee of Sponsoring Organizations of the Treadway Commission. Based on this assessment, management concluded that as of December 31, 2008 our internal control over financial reporting was effective to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements in accordance with United States generally accepted accounting principles.

KPMG LLP, the independent registered public accounting firm that audited our consolidated financial statements included in this annual report, has issued an attestation report on the effectiveness of our internal control over financial reporting as of December 31, 2008.

Report of Independent Registered Public Accounting Firm

The Board of Directors and Shareholders
Building Materials Holding Corporation:

We have audited the accompanying consolidated balance sheets of Building Materials Holding Corporation and subsidiaries as of December 31, 2008 and 2007, and the related consolidated statements of operations, shareholders' equity, comprehensive (loss) income, and cash flows for each of the years in the three-year period ended December 31, 2008. These consolidated financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statement referred to above present fairly, in all material respects, the financial position of Building Materials Holding Corporation and subsidiaries as of December 31, 2008 and 2007, and the results of their operations and their cash flows for each of the years in the three-year period ended December 31, 2008, in conformity with U.S. generally accepted accounting principles.

The accompanying consolidated financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in note 1 to the consolidated financial statements, the Company has suffered recurring losses from operations, and there is significant uncertainty whether it will remain in compliance with certain covenants of its bank credit agreement during 2009. This situation raises substantial doubt about the Company's ability to continue as a going concern. Management's plans in regard to these matters are also described in note 1. The consolidated financial statements do not include any adjustments that might result from the outcome of this uncertainty.

We also have audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), Building Materials Holding Corporation's internal control over financial reporting as of December 31, 2008, based on criteria established in Internal Control – Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO), and our report dated April 14, 2009 expressed an unqualified opinion on the effectiveness of the Company's internal control over financial reporting.

Report of Independent Registered Public Accounting Firm

The Board of Directors and Shareholders
Building Materials Holding Corporation:

We have audited Building Materials Holding Corporation's internal control over financial reporting as of December 31, 2008, based on criteria established in Internal Control—Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO). Building Materials Holding Corporation's management is responsible for maintaining effective internal control over financial reporting and for its assessment of the effectiveness of internal control over financial reporting. Our responsibility is to express an opinion on the Company's internal control over financial reporting based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether effective internal control over financial reporting was maintained in all material respects. Our audit included obtaining an understanding of internal control over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. Our audit also included performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion.

A company's internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

In our opinion, Building Materials Holding Corporation maintained, in all material respects, effective internal control over financial reporting as of December 31, 2008, based on criteria established in Internal Control—Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

We also have audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), the consolidated balance sheets of Building Materials Holding Corporation and subsidiaries as of December 31, 2008 and 2007, and the related consolidated statements of operations, shareholders' equity, comprehensive (loss) income, and cash flows for each of the years in the three-year period ended December 31, 2008, and our report dated April 14, 2009 expressed an unqualified opinion on those consolidated financial statements.

ITEM 9. Changes in and Disagreements with Accountants on Accounting and Financial Disclosure

We have had no disagreements with our independent accountants regarding any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedure.

ITEM 9A. Controls and Procedures

Conclusion Regarding the Effectiveness of Disclosure Controls and Procedures

As of the end of the period covered by this report, we carried out an evaluation, under the supervision and with the participation of the Chief Executive Officer and Chief Financial Officer, of the design and operation of our disclosure controls and procedures, as defined in Rules 13a-15(e) and 15d-15(e) of the Securities and Exchange Act of 1934. This evaluation was conducted to determine whether the disclosure controls and procedures were effective and timely in bringing material information to the attention of senior management. Based on that evaluation, the Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls and procedures are effective in ensuring material information required to be disclosed in reports filed under the Act is recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission's rules and forms and is accumulated and communicated to our Chief Executive Officer and Chief Financial Officer to allow timely decisions regarding required disclosure.

Changes in Internal Controls

Our disclosure controls and procedures and internal controls over financial reporting are routinely evaluated and tested for effectiveness. These evaluations are discussed with management and the Audit Committee of the Board of Directors. As a result of these evaluations, revisions and corrective actions are made to ensure the continuing effectiveness of our disclosure controls and procedures and internal controls over financial reporting.

During the period covered by this report, we identified deficiencies in the design or operation of our internal controls, however revisions and corrective actions are being made to ensure the effectiveness of our disclosure controls and procedures and internal controls over financial reporting. None of these deficiencies have been considered a material weakness and there were no changes in the design or operation of our internal controls over financial reporting that have materially affected, or are reasonably likely to materially affect, our internal controls over financial reporting.

Section 16(a) of the Securities Exchange Act of 1934 requires executive officers, directors and persons owning more than 10% of a registered class of equity securities to file reports of ownership and changes in ownership with the Securities and Exchange Commission. Executive officers, directors and greater than 10% shareholders are required by Securities and Exchange Commission regulations to furnish us with copies of all Section 16(a) forms they file. Based on review of such forms and written representations from reporting persons, all such reporting persons were in compliance with their filing requirements as of December 31, 2008, except Richard Reiten who filed one late Form 4 in 2008.

Code of Ethics

We have adopted a Code of Conduct for our directors, officers and employees and a code of ethics applicable to our chief executive officer, chief financial officer, controller, and other members of senior management. Also, we have adopted Corporate Governance Guidelines for our directors. These codes and guidelines require directors, officers and employees to act with honesty and integrity, avoiding actual or apparent conflicts of interest. As we become aware of issues, prompt action is taken. Copies are available free of charge on our website at www.bmh.com by accessing Investor Information and then Corporate Governance. We intend to disclose on our website any future amendments to or waivers of our Code of Ethics.

ITEM 11. Executive Compensation

Based on market capitalization held by non-affiliates of \$43.5 million as of June 30, 2008, we became a smaller reporting company under the regulations of the Securities and Exchange Commission. Pursuant to the requirements and to avoid misleading presentation, we elected to comply with the scaled disclosure requirements for smaller reporting companies. Accordingly, we have provided the following disclosures:

- our compensation philosophy,
- four named executive officers and
- compensation tables of:
 - summary compensation,
 - outstanding equity awards at fiscal year end and
 - director compensation.

Compensation Philosophy

Historically, we designed our compensation programs to attract, retain and reward executives responsible for the achievement of our business objectives. Our executive compensation philosophy was to reward achievement of specific annual and long-term goals that align with improving shareholder value.

As the homebuilding industry experienced significantly lower demand for new homes for 2008 and 2007, our operating results reflected significantly lower activity and eroded margins. Accordingly, during 2008 we implemented the following:

- suspended increases to base salaries except for certain executives,
- eliminated annual and medium term incentive compensation,
- temporarily suspended matching contributions for retirement and savings plans,
- suspended participant and matching contributions to our executive deferred compensation plan and
- suspended contributions and return for supplemental retirement plans of participants, except for the contribution and return that may be required for the employment agreements of certain executives.

There were no grants of equity awards to employees, including all executives, for 2008. Grants of equity awards are approved by our Compensation Committee at regularly scheduled meetings.

Change-in-control benefits as well as medical, dental and vision insurance and employee share purchase programs were reduced. Potential payments for termination or change in control have been significantly reduced due to:

- participants covered were reduced to certain executives,
- multiplier was reduced,
- elimination of annual and medium term compensation,
- participants and executives withdrew deferred compensation,
- suspended supplemental retirement plans and
- we are experiencing low share prices for unvested options and restricted shares.

In addition to the change-in-control provisions, we updated income tax implications for the employment agreements with Robert E. Mellor, Chief Executive Officer, William M. Smartt, Chief Financial Officer and Stanley M. Wilson, President and Chief Operating Officer.

Disclosure of change-in-control benefits and employment agreements may be found in our proxy information released in May 2008 as well as key exhibits to our reports filed with the Securities and Exchange Commission.

In addition to the payment of an annual retainer, non-employee directors receive annual share grants with an approximate value of \$50,000, based on the closing price of our common shares on the day of grant. For 2008, shares of 0.1 million were granted to directors and were restricted from trading for six months.

Our compensation philosophy is to pay for sustained performance. However, based on projected operating results as well as the difficulty of reliably projecting our operating results for these suppressed business conditions, we implemented the changes described above to contain compensation expenses. These cost containment efforts may limit our ability to offer competitive compensation and benefits, may result in shortages of qualified labor and key personnel and may limit our ability to complete contracts as well as obtain additional contracts with builders.

Our Compensation Committee is composed of three independent directors of our Board of Directors and is charged with overseeing our compensation philosophy. Our Compensation Committee reviews comprehensive tally sheets for executives and key employees that detail all components of compensation and retirement throughout performance cycles. Tally sheets summarize all components of compensation, including past and present equity grants and potential retirement and change-in-control benefits in addition to base salary and incentive compensation. Tally sheets allow the Compensation Committee to benchmark all components of compensation in light of the overall philosophy.

Our Chief Executive Officer reviews the annual performance of each executive officer. The performance of our Chief Executive Officer is reviewed by our Compensation Committee. The conclusions and recommendations based on these performance reviews, including salary adjustments and annual awards, are presented to the Compensation Committee. The Compensation Committee may exercise its discretion in modifying any recommended adjustments or awards to executives. Furthermore, the Compensation Committee consults with the Executive Committee of the Board of Directors regarding the compensation decisions for our executives.

Named Executive Officers

Our named executive officers (executives) are:

- Robert E. Mellor – Chief Executive Officer
- William M. Smartt – Senior Vice President and Chief Financial Officer
- Stanley M. Wilson – President and Chief Operating Officer
- Paul S. Street – Senior Vice President, Chief Administrative Officer, General Counsel and Corporate Secretary

Mr. Mahre resigned as Senior Vice President on April 30, 2008 and terminated employment on January 19, 2009. Compensation information for Mr. Mahre is disclosed as Mr. Mahre was one of our three most highly compensated executive officers despite Mr. Mahre not serving as an executive officer at the end of 2008.

Share Retention Guidelines

To preserve and align the interests of executives and key employees and those of our shareholders, executives and key employees are expected to retain shares valued as follows:

- all awards net of applicable taxes for members of the Board of Directors,
- 2 times base salary for Chief Executive Officer,
- 1.75 times base salary for President and Chief Operating Officer,
- 1.5 times base salary for Senior Vice Presidents and
- 1 times base salary for Vice Presidents.

Compliance with these share retention guidelines may be achieved over a 5-year period. Vested share options with a share price above their exercise price (in-the-money) are considered in this share retention requirement.

Tax and Accounting Implications

Our Compensation Committee considers the accounting and tax implications of all forms of compensation prior to approval. Accounting implications include the impact of cash flows and profitability and tax implications include deductibility for income tax purposes.

Deductibility of Executive Compensation

Our Compensation Committee reviews and considers the deductibility of executive compensation under Section 162(m) of the Internal Revenue Code. Section 162(m) stipulates that compensation of greater than \$1.0 million may not be deducted for income tax purposes. Certain compensation, including performance-based compensation, is excluded from the \$1.0 million deductibility limitation.

We believe compensation paid under the various incentive plans is deductible. For some circumstances, factors other than tax deductibility may be more important in determining the compensation components for executives and in the best interests of creating shareholder value. Our Compensation Committee retains flexibility to approve compensation that may not meet deductibility limitations.

Interlocks and Insider Participation in Compensation Decisions

Our Compensation Committee is comprised of the following members of our Board of Directors:

- R. Scott Morrison, Jr.
- Sara L. Beckman
- Peter S. O'Neill

These directors are independent. Specifically, none of these directors is or was formerly our officer or employee or had any relationship or transaction with us in excess of \$120,000.

Additionally, none of our executive officers serves as a director or member of a compensation committee of any entity that has one or more executive officers serving as our director or member of our Compensation Committee.

Summary Compensation for 2008, 2007 and 2006

The following table sets forth the compensation paid to or earned by our Chief Executive Officer, Chief Financial Officer and two other most highly compensated executives (named executive officers) for 2008, 2007 and 2006.

The amounts shown for stock awards and option awards represent the compensation expense of those awards recognized for financial statement reporting purposes for stock options and restricted stock awards that vested in fiscal 2008. The amounts shown for stock awards and option awards do not represent cash payments and do not correspond to the actual value that may be realized with respect to equity awards. Actual amounts that may be realized may or may not correspond to the compensation expense recognized for financial statement purposes.

Our equity awards of options and restricted shares have minimal to no value for the following reasons:

- Options with an exercise price above the current common share price have no value. All 2.6 million options outstanding, including those options awarded to the executives listed below, have no value as our common share price has been well below the lowest option exercise price of \$4.84 per common share. The ability to exercise options is also subject to vesting periods of 5, 4 or 3 years from the date of grant.
- Restricted shares have a value of the current share price multiplied by the number of restricted shares. All 0.2 million restricted shares not vested, including those awarded to the executives listed below, have a minimal value as our common share price is less than \$1 per common share. The ability to exercise restricted shares is also subject to a vesting period of 3 years from the date of grant.

(1)

Represents a guaranteed or discretionary bonus. Mr. Smartt was paid an equity-based bonus of \$300,000 in 2008, \$318,690 for 2007 and \$644,385 for 2006 which was recognized for financial statement purposes as vesting requirements were fulfilled. This equity-based bonus is immediately paid in cash and is based on the greater of:

- ☐ an average of the five-day closing price immediately preceding April 1, 2006 for 30,000 of our common shares
☐ or \$225,000
- ☐ an average of the five-day closing price immediately preceding April 1, 2007 for 20,000 of our common shares
☐ or \$150,000
- ☐ an average of the five-day closing price immediately preceding April 1, 2008 for 10,000 of our common shares
☐ or \$300,000
- ☐ an average of the five-day closing price immediately preceding April 1, 2009 for 10,000 of our common shares
☐ or \$300,000

(2)

These amounts do not represent cash payment and do not correspond to the actual value that may be realized with respect to equity awards. The amounts shown for stock awards and option awards represent the compensation expense of those awards recognized for financial statement reporting purposes for stock options and restricted stock awards that vested in fiscal 2008. Compensation expense is recognized for financial statement purposes as the requisite service is rendered over the vesting period of 3 to 4 years. Amounts are determined as follows:

- ☐ Black-Scholes value of our common shares on the date of grant multiplied by the number of options awarded
☐ for share options and
- ☐ fair market value of our common shares on the date of grant multiplied by the number of shares awarded for
☐ restricted shares.

Actual amounts that may be realized may or may not correspond to the compensation expense recognized for financial statement purposes. For example, our current share price is significantly lower than the Black-Scholes value and fair market value of our common shares on the date of grant.

Actual amounts that may be realized can be determined by identifying option and restricted shares disclosed on the Outstanding Equity Awards as of December 2008 table and calculating as follows:

- ☐ current share price less exercise price multiplied by the number of options and
- ☐ current share price multiplied by the number of restricted shares.

Vesting dates, exercise prices and expirations also define actual amounts that may be realized.

Outstanding Equity Awards as of December 2008

The following table sets forth the exercisable, unexercisable, exercise price and expiration date for share options and share awards that have not vested and the related market value for equity-based compensation from plans or equity incentive plans for our named executive officers.

Share options (option awards) are awarded with exercise prices equal to the closing share price of our common shares on the date of grant. Share options vest ratably over 3 to 4 years from the date of grant and expire after 7 to 10 years. Vesting rights cease upon termination of employment, except in the case of attaining retirement age of 60 years with 15 years of service or change in control.

Restricted shares (stock awards) vest 3 years from the date of grant. Vesting rights cease upon termination of employment, except in the case of a change in control. Holders of restricted shares retain voting rights and receive dividends during the vesting period.

Our equity awards of options and restricted shares have minimal to no value for the following reasons:

- Options with an exercise price above the current common share price have no value. All 2.6 million options outstanding, including those options awarded to the executives listed below, have no value as our common share price has been well below the lowest option exercise price of \$4.84 per common share. The ability to exercise options is also subject to vesting periods of 5, 4 or 3 years from the date of grant.
- Restricted shares have a value of the current share price multiplied by the number of restricted shares. All 0.2 million restricted shares not vested, including those awarded to the executives listed below, have a minimal value as our common share price is less than \$1 per common share. The ability to exercise restricted shares is also subject to a vesting period of 3 years from the date of grant.

The following table sets forth certain information regarding compensation earned or awarded to each non-employee director who served on our Board of Directors in 2008, 2007 and 2006.

Compensation for members of our Board of Directors is recommended by the Compensation Committee and approved by our Board of Directors in February. Directors who are employees are not compensated for their service.

Effective January 2009, the plan was suspended and no participant contributions or matching contributions will be made.

Additional fees paid to each committee chairperson are:

- \$10,000 for Audit Committee;
- \$5,000 for Compensation Committee;
- \$5,000 for Corporate Governance and Nominating Committee and
- \$5,000 for Finance Committee.

In addition to the payment of an annual retainer, non-employee directors receive annual share grants with an approximate value of \$50,000, based on the closing price of our common shares on the day of grant. The share grants are restricted from trading for six months. In 2007, there were not enough shares left in the 2004 Incentive and Performance Plan to pay directors their full \$50,000 worth of shares. As a result, our directors received \$45,000 worth of shares and \$5,000 in cash for 2007.

Each director is entitled to reimbursement for reasonable out-of-pocket expenses incurred in connection with travel and attendance at meetings of the Board of Directors or its committees as well as related activities, including director education courses and materials.

All other compensation includes:

- at the Director's discretion:

- § \$5,000 contribution to a charitable organization and

- \$1,000 matching contribution to an educational organization

- as well as approximately \$200 of premiums for accidental death and dismemberment insurance policy.

ITEM 13. Certain Relationships and Related Transactions, and Director Independence

Certain Relationships and Related Party Transactions

Any future transactions between BMHC and our executive officers, directors and affiliates will be on terms no less favorable to BMHC than can be obtained from anyone else, and any significant transactions must be pre-approved by our Audit Committee. We adopted a written policy regarding related party transactions in 2006.

Christopher Reiten is the son of Richard G. Reiten, a former member of our Board of Directors who resigned from our Board of Directors in March 2009. Christopher is not an officer of BMHC and his compensation is not approved by the Compensation Committee of the Board of Directors. As Vice President, Director of Business Development and Fleet Operations for BMC West, Christopher Reiten received compensation of:

•□□□\$412,083 for 2007 which included \$115,296 for reimbursement of non-recurring moving expense and

| •□Sara L. Beckman | •□Peter S. O'Neill |
| •□James K. Jennings, Jr. | •□Richard G. Reiten |
| □ | □ |

The Board considered the following transactions, relationships or arrangement in determining the independence of the directors:

•□□□As described in the section "Certain Relationships and Related Party Transactions" including employment of Richard G. Reiten's son by BMC West and

•□□□R. Scott Morrison, Jr.'s son was employed by BMC West in a non-executive role until September 2008.

Report of Independent Registered Public Accounting Firm

The Board of Directors and Shareholders
Building Materials Holding Corporation:

Under date of April 14, 2009, we reported on the consolidated balance sheets of Building Materials Holding Corporation and subsidiaries as of December 31, 2008 and 2007, and the related consolidated statements of operations, shareholders' equity, comprehensive (loss) income, and cash flows for each of the years in the three-year period ended December 31, 2008, which report and consolidated financial statements are included in this annual report on Form 10-K. In connection with our audits of the aforementioned consolidated financial statements, we also audited the related consolidated financial statement schedule for the years ended December 31, 2008, 2007 and 2006 listed in Item 15(a)(2) of this Form 10-K. This financial statement schedule is the responsibility of the Company's management. Our responsibility is to express an opinion on this financial statement schedule based on our audits.

In our opinion, the financial statement schedule referred to above, when considered in relation to the basic consolidated financial statements taken as a whole, presents fairly, in all material respects, the information set forth therein.

Our report on the consolidated financial statements of Building Materials Holding Corporation and subsidiaries referred to above contains an explanatory paragraph that states that the Company's recurring losses from operations and uncertainty whether it will remain in compliance with certain covenants of its bank credit agreement during 2009 raise substantial doubt about its ability to continue as a going concern. The consolidated financial statement schedule does not include any adjustments that might result from the outcome of this uncertainty.

SECTION 2 Limited Waiver.

(a) Subject to the terms and conditions of this Waiver, the Majority Lenders hereby temporarily waive (i) the requirements of Section 8.02(h)(i) of the Credit Agreement, (ii) the requirements of Section 8.19(b) of the Credit Agreement for the month ended February 28, 2009, and the month ending March 31, 2009, (iii) the requirements of Sections 5.03(b), 5.03(c) and 5.03(d) of the Credit Agreement with respect to additional Revolving Loans requested by Holdings on or after the Effective Date (as defined in Section 3 below), (iv) the certifications required under paragraphs (b) and (c) of any Notice of Borrowing with respect to additional Revolving Loans requested by Holdings on or after the Effective Date (as defined in Section 3 below), in the case of each of the preceding clauses (i), (ii), (iii) and (iv), insofar as such requirements or certifications cannot be satisfied due solely to the occurrence of the Specified Defaults, and (v) the right to exercise default remedies pursuant to the Loan Documents or applicable law arising solely as a result of the existence of the Specified Defaults; provided, that (1) such temporary waiver shall terminate on the earlier to occur of (A) the occurrence of an Event of Default (other than the Specified Defaults) and (B) 5:00 p.m. (Pacific time) on April 15, 2009 (the earliest to occur of (A) and (B), the "Waiver Termination Date"), and (2) the Effective Amount of all Revolving Loans shall not exceed \$20,000,000 in the aggregate at any time outstanding, subject to availability under the Borrowing Base.

(b) **References Within Credit Agreement.** Each reference in the Credit Agreement to "this Agreement" and the words "hereof," "herein," "hereunder," or words of like import, shall mean and be a reference to the Credit Agreement as supplemented by this Waiver.

SECTION 3 Conditions of Effectiveness. The effectiveness of Section 2 of this Waiver shall be subject to the satisfaction of each of the following conditions precedent (the date on which such conditions are satisfied, the "Effective Date"):

(a) **Execution.** The Administrative Agent shall have received (i) from Holdings, the Company and each other Guarantor a duly executed original of this Waiver (or, if elected by the Administrative Agent, a facsimile or PDF copy of such executed Waiver), and (ii) from the Majority Lenders duly executed original written consents to this Waiver (or, if elected by the Administrative Agent, facsimile or PDF copies of such executed consents) authorizing the Administrative Agent to execute and deliver this Waiver on the Majority Lenders' behalf.

(b) Fees and Expenses. Holdings shall have paid (i) the Waiver Fee referenced below, and (2) all invoiced costs and expenses then due in accordance with Section 7(d) of this Waiver.

(c) Additional Closing Documents and Actions. The Administrative Agent shall have received the following, in form and substance satisfactory to it: a certificate of a Responsible Officer of Holdings and the Company, stating that (i) the representations and warranties contained in Section 4 of this Waiver are true and correct on and as of the Effective Date, and (ii) on and as of the Effective Date, no Default shall have occurred and be continuing other than the Specified Defaults.

(d) Representations and Warranties; No Default. On the Effective Date (i) the representations and warranties contained in Section 4 of this Waiver shall be true and correct on and as of the Effective Date as though made on and as of such date; and (ii) no Default shall have occurred and be continuing other than the Specified Defaults.

(e) Additional Documents. The Administrative Agent shall have received, in form and substance satisfactory to it, such additional approvals, opinions, documents and other information as the Administrative Agent or the Majority Lenders (through the Administrative Agent) may reasonably request.

SECTION 4 Representations and Warranties. To induce the Lenders to enter into this Waiver, Holdings, the Company and each other Loan Party hereby represents and warrants to the Administrative Agent and the Lenders that all representations and warranties made by each such Person in Article VI of the Credit Agreement and in the other Loan Documents are true and correct on and as of the date hereof, except for any inaccuracy of the representations and warranties in Section 6.06 or Section 6.11(b) resulting from the existence of the Specified Defaults. For the purposes of this Section 4, (i) each reference in Article VI of the Credit Agreement to "this Agreement," and the words "hereof," "herein," "hereunder," or words of like import in such Article, shall mean and be a reference to the Credit Agreement as supplemented by this Waiver, and each reference in such Article to "the Loan Documents" shall mean and be a reference to the Loan Documents as supplemented as contemplated hereby, (ii) Section 6.11 of the Credit Agreement shall be deemed instead to refer to the last day of the most recent fiscal quarter and fiscal year for which financial statements have then been delivered, and (iii) any representations and warranties which relate solely to an earlier date shall not be deemed confirmed and restated as of the date hereof (provided that such representations and warranties shall be true and correct as of such earlier date).

SECTION 5 Waiver Fee. Holdings shall pay to Administrative Agent, for the account of each Lender that approves this Waiver, a waiver fee in the amount of (x) 10 basis points multiplied by (y) (1) the Revolving Commitment plus (2) the outstanding principal amount of Term B Loans of each such Lender that approves this Waiver (the "Waiver Fee"). Such Waiver Fee shall be fully earned on the Effective Date and shall be paid only to those Lenders that approve this Waiver by returning to the Administrative Agent a written consent to this Waiver by no later than 5:00 p.m. New York time on March 11, 2009.

SECTION 6 Reaffirmation of Liens and Guarantees.

(a) Each Loan Party hereby reaffirms that the Liens granted to the Administrative Agent, for itself and on behalf of and for the ratable benefit of the other Secured Parties, under the Security Agreement and the other Collateral Documents remain in full force and effect and constitute, and shall constitute on and after the Effective Date, valid and perfected Liens on the Collateral (subject only to Permitted Liens) to secure the Secured Obligations. As used herein, "Secured Parties" and "Secured Obligations" shall have the meanings given to such terms in the Security Agreement.

(b) Each of the undersigned Guarantors, in its capacity as a Guarantor, does hereby consent to this Waiver and to the documents and agreements referred to herein, and nothing herein shall in any way limit any of the terms or provisions of the Guaranty of such Guarantor or the Collateral Documents executed by such Guarantor or any other Loan Document executed by such Guarantor (as the same may be amended from time to time), all of which are hereby ratified and affirmed in all respects.

SECTION 7 Miscellaneous.

(a) Notice. Subject to Section 11.07 of the Credit Agreement, the Administrative Agent shall notify Holdings, the Company and the Lenders of the occurrence of the Effective Date and promptly thereafter distribute to Holdings, the Company and the Lenders copies of all documents delivered under Section 3 of this Waiver.

(b) Credit Agreement Otherwise Not Affected. Except as expressly waived pursuant hereto, the Credit Agreement and the other Loan Documents shall remain unchanged and in full force and effect and are hereby ratified and confirmed in all respects. The Lenders' and the Administrative Agent's execution and delivery of, or acceptance of, this Waiver and any other documents and instruments in connection herewith (collectively, the "Waiver Documents") shall not be deemed to create a course of dealing or otherwise create any express or implied duty by any of them to provide any other or further amendments, consents or waivers in the future.

(c) No Reliance. Each of Holdings, the Company and each other Guarantor hereby acknowledges and confirms to the Administrative Agent and the Lenders that it is executing this Waiver and the other Waiver Documents on the basis of its own investigation and for its own reasons without reliance upon any agreement, representation, understanding or communication by or on behalf of any other Person.

(d) Costs and Expenses. Holdings agrees to pay to the Administrative Agent on demand the reasonable out-of-pocket costs and expenses of the Administrative Agent, and the reasonable fees and disbursements of counsel to the Administrative Agent, in connection with the negotiation, preparation, execution and delivery of this Waiver and any other documents to be delivered in connection herewith.

(e) Binding Effect. This Waiver shall be binding upon, inure to the benefit of and be enforceable by Holdings, the Company and each other Guarantor, the Administrative Agent and each Lender and their respective successors and assigns.

(f) Governing Law. **THIS WAIVER SHALL BE GOVERNED BY, AND CONSTRUED IN ACCORDANCE WITH, THE LAW OF THE STATE OF CALIFORNIA .**

(g) Complete Agreement; Amendments. This Waiver, together with the other Waiver Documents and the other Loan Documents, contains the entire and exclusive agreement of the parties hereto and thereto with reference to the matters discussed herein and therein. This Waiver supersedes all prior commitments, drafts, communications, discussion and understandings, oral or written, with respect thereto. This Waiver may not be modified, amended or otherwise altered except in accordance with the terms of Section 11.01 of the Credit Agreement.

(h) Severability. Whenever possible, each provision of this Waiver shall be interpreted in such manner as to be effective and valid under all applicable laws and regulations. If, however, any provision of this Waiver shall be prohibited by or invalid under any such law or regulation in any jurisdiction, it shall, as to such jurisdiction, be deemed modified to conform to the minimum requirements of such law or regulation, or, if for any reason it is not deemed so modified, it shall be ineffective and invalid only to the extent of such prohibition or invalidity without affecting the remaining provisions of this Waiver, or the validity or effectiveness of such provision in any other jurisdiction.

(i) Counterparts. This Waiver may be executed in any number of counterparts and by different parties hereto in separate counterparts, each of which when so executed shall be deemed to be an original and all of which taken together shall constitute but one and the same instrument.

(j) Loan Documents. This Waiver and the other Waiver Documents shall constitute Loan Documents.

(k) Reservation of Rights. The Administrative Agent and the Lenders continue to evaluate their response to the Specified Defaults, and, except as specifically set forth in Section 2 above, nothing contained in this Waiver is intended to or shall be construed as a waiver or forbearance of any of the rights, remedies, and powers of the Administrative Agent or any Lender or against the Borrower, any Guarantor or the Collateral, or a waiver of any Defaults or Events of Default, whether specified herein or otherwise, as an agreement to continue to make Credit Extensions to the Borrower under the Credit Agreement except as specifically set forth in Section 2 above, or a consent to any departure by the Borrower or any Guarantor from the express provisions of the Credit Agreement and the other Loan Documents. The Administrative Agent and each Lender hereby expressly reserves all of its remedies, powers, rights, and privileges under the Credit Agreement and the other Loan Documents, at law (including under the Uniform Commercial Code), in equity, or otherwise. Please be advised that neither the Administrative Agent nor the Lenders has any obligation to forbear from enforcing its rights and remedies with respect to any Default or Event of Default, other than in respect of the Specified Defaults (but then only until the Waiver Termination Date). Any forbearance must be in writing and agreed to by the Administrative Agent and the requisite Lenders.

Re: SECOND AMENDED AND RESTATED CREDIT AGREEMENT (as amended to date, the "**Credit Agreement**"; capitalized terms used herein and not otherwise defined are used as defined in the Credit Agreement) entered into as of November 10, 2006, by and among (i) BUILDING MATERIALS HOLDING CORPORATION ("**Holdings**"), as borrower, (ii) BMC WEST CORPORATION (the "**Company**"), and certain other affiliates of Holdings, as guarantors, (iii) the several financial institutions from time to time party to the Credit Agreement (individually, a "**Lender**" and, collectively, the "**Lenders**"), (iv) WELLS FARGO BANK, NATIONAL ASSOCIATION ("**Wells Fargo**"), as the L/C Issuer, the Swingline Lender, the administrative agent for the Lenders (in such capacity, the "**Administrative Agent**"")

Dear Mr. Moldoff:

Reference is made to Section 8.19(b) of the Credit Agreement (the "**Financial Covenant**"). At this time, Holdings continues to finalize the closure of its financial books for the month ended February 28, 2009. In connection therewith it has become apparent to us that when that closure is completed, Holdings may not be in compliance with the Financial Covenant for the period ended February 28, 2009. Without conceding that a Default has occurred at this time, we would like to discuss with you and the other Lenders the possibility of relief from the Financial Covenant for the period ended February 28, 2009, as well as certain future periods, all as described in the presentation transmitted to you contemporaneously herewith. In addition, notwithstanding any Default that occurs in respect of the Financial Covenant for the period ended February 28, 2009 or otherwise, we would request that the Lenders allow Holdings to continue to request and obtain additional Credit Extensions under the Credit Agreement of up to \$20,000,000 in aggregate principal amount, pending negotiations with the Lenders to amend the Credit Agreement to reflect current market conditions. In that regard, we propose a forbearance period through April 15, 2009 during which the Lenders would forbear from the exercise of default remedies, during which time Holdings would have access to the above referenced Credit Extensions and negotiations with the Lenders could be commenced and an amendment documented.

Very truly yours,

**BUILDING MATERIALS HOLDING
CORPORATION**

LIMITED WAIVER AGREEMENT

THIS LIMITED WAIVER AGREEMENT (this "Waiver"), dated as of April 13, 2009, is made among (i) BUILDING MATERIALS HOLDING CORPORATION, a Delaware corporation (" Holdings "), as borrower, (ii) BMC WEST CORPORATION, a Delaware corporation (the " Company "), and certain other affiliates of Holdings, as guarantors, (iii) the Lenders party to the Credit Agreement referenced below, and (iv) WELLS FARGO BANK, NATIONAL ASSOCIATION (" Wells Fargo "), as the L/C Issuer, the Swingline Lender and the administrative agent for the Lenders (in such capacity, the " Administrative Agent ").

A. WHEREAS, Holdings, the Company and the other Guarantors, the Lenders and the Administrative Agent are parties to a Second Amended and Restated Credit Agreement, dated as of November 10, 2006, as amended by that certain First Amendment to Second Amended and Restated Credit Agreement, dated as of February 29, 2008, and that certain Second Amendment to Second Amended and Restated Credit Agreement, dated as of September 30, 2008 (as so amended and as further amended, restated, supplemented or otherwise modified from time to time, the " Credit Agreement ").

B. WHEREAS, by written notice dated April 6, 2009 (the " Notice Letter "), Holdings notified the Administrative Agent of certain potential or actual Defaults under the Credit Agreement as more specifically described in such Notice Letter, a copy of which is attached hereto as Exhibit A (such Defaults specified in the Notice Letter, the " Specified Defaults ").

C. WHEREAS, as a result of such Specified Defaults, (i) Holdings may be unable to request additional Credit Extensions under the Credit Agreement, inasmuch as Holdings may be unable to satisfy the conditions precedent to such Credit Extensions under Section 5.03 of the Credit Agreement, and (ii) Holdings may be unable to dispose of assets as may otherwise be permitted under Section 8.02(h) of the Credit Agreement, inasmuch as clause (i) of such Section 8.02(h) requires that at the time of any such disposition no Event of Default shall exist.

D. WHEREAS, pursuant to the terms and conditions of that certain Limited Waiver Agreement dated as of March 11, 2009 (the " Limited Waiver Agreement "), the Majority Lenders agreed to a limited waiver until April 15, 2009, of (i) the conditions precedent to additional Credit Extensions set forth in Sections 5.03(b) , 5.03(c) and 5.03(d) , so that, subject to availability under the Borrowing Base, Holdings may continue to have access to Revolving Loans of up to a maximum aggregate principal amount of \$20,000,000, notwithstanding the existence of the Specified Defaults, and (ii) the requirement under clause (i) of Section 8.02(h) that no Event of Default shall exist at the time of any disposition otherwise permitted under such Section 8.02(h) so that Holdings may continue to pursue asset sales, notwithstanding the existence of the Specified Defaults, the proceeds of which shall be applied to prepay the Term B Loans in accordance with Section 2.08(a)(iii) of the Credit Agreement.

E. WHEREAS, in order to allow further discussions with the Administrative Agent and the Lenders with respect to the Specified Defaults, Holdings has asked that the Waiver Termination Date be extended to June 1, 2009.

F. WHEREAS, the Majority Lenders have agreed to such request, subject to the terms and conditions hereof.

Accordingly, the parties hereto agree as follows:

SECTION 1 Definitions; Interpretation.

(a) Terms Defined in Credit Agreement. All capitalized terms used in this Waiver (including in the preamble and recitals hereof) and not otherwise defined herein shall have the meanings assigned to them in the Credit Agreement.

(b) Interpretation. The rules of interpretation set forth in Section 1.02 of the Credit Agreement shall be applicable to this Waiver and are incorporated herein by this reference.

SECTION 2 Limited Waiver.

(a) Waiver. Subject to the terms and conditions of this Waiver, the Majority Lenders hereby temporarily waive (i) the requirements of Section 7.01(a) of the Credit Agreement with respect to the audited consolidated financial statements of Holdings and its Subsidiaries as at December 31, 2008, insofar as such Section requires that such financial statements be accompanied by an audit report and opinion that is not subject to any "going concern" or like qualification or exception, (ii) the requirements of Section 7.01(d) and 7.02(b) to deliver by the dates specified in such Sections certain updated business plans, financial forecasts and projections of Holdings, (iii) the requirements of Section 8.02(h)(i) of the Credit Agreement, (iv) the requirements of Section 8.19(b) of the Credit Agreement for the month ended February 28, 2009, the month ended March 31, 2009, the month ending April 30, 2009, and the month ending May 31, 2009, (v) the requirements of Sections 5.03(b), 5.03(c) and 5.03(d) of the Credit Agreement with respect to additional Revolving Loans requested by Holdings on or after the Effective Date (as defined in Section 3 below), (vi) the certifications required under paragraphs (a), (b) and (c) of any Notice of Borrowing with respect to additional Revolving Loans requested by Holdings on or after the Effective Date (as defined in Section 3 below), in the case of each of the preceding clauses (i), (ii), (iii), (iv), (v) and (vi), insofar as such requirements or certifications cannot be satisfied due solely to the occurrence of the Specified Defaults, and (vii) the right to exercise default remedies pursuant to the Loan Documents or applicable law arising solely as a result of the existence of the Specified Defaults; provided, that (1) such temporary waiver shall terminate on the earlier to occur of (A) the occurrence of an Event of Default (other than the Specified Defaults) and (B) 5:00 p.m. (Pacific time) on June 1, 2009 (the earliest to occur of (A) and (B), the "Waiver Termination Date"), (2) the Effective Amount of all Revolving Loans shall not exceed \$20,000,000 in the aggregate at any time outstanding, subject to availability under the Borrowing Base, and (3) Holdings shall not, and shall not permit any of its Subsidiaries to, make any Capital Expenditures in excess of, on a consolidated basis, \$500,000 from and after the Effective Date through the Waiver Termination Date.

(b) Milestones. This Waiver is further conditioned upon the completion of the following events by such time as the Administrative Agent and Holdings shall have separately agreed (collectively, the "Milestones"):

(i) Tax Return. The Loan Parties shall have made all necessary or advisable tax filings required by Section 7.22 of the Credit Agreement in order to pursue all available Tax Refund Proceeds.

(ii) Revised Business Plan. The Loan Parties shall have delivered to the Administrative Agent a revised business plan.

The failure to achieve any one of these Milestones by the specified time shall, at the discretion of the Administrative Agent and the Majority Lenders, upon written notice to Holdings, (A) constitute an immediate Event of Default under the Loan Documents, and (B) cause the immediate termination of the waiver provided in Section 2(a).

(c) References Within Credit Agreement. Each reference in the Credit Agreement to "this Agreement" and the words "hereof," "herein," "hereunder," or words of like import, shall mean and be a reference to the Credit Agreement as supplemented by this Waiver.

SECTION 3 Conditions of Effectiveness. The effectiveness of Section 2 of this Waiver shall be subject to the satisfaction of each of the following conditions precedent (the date on which such conditions are satisfied, the "Effective Date"):

(a) Execution. The Administrative Agent shall have received (i) from Holdings, the Company and each other Guarantor a duly executed original of this Waiver (or, if elected by the Administrative Agent, a facsimile or PDF copy of such executed Waiver), and (ii) from the Majority Lenders duly executed original written consents to this Waiver (or, if elected by the Administrative Agent, facsimile or PDF copies of such executed consents) authorizing the Administrative Agent to execute and deliver this Waiver on the Majority Lenders' behalf.

(b) Fees and Expenses. Holdings shall have paid (i) the Waiver Fee referenced below, and (ii) all invoiced costs and expenses then due in accordance with Section 8(d) of this Waiver.

(c) Additional Closing Documents and Actions. The Administrative Agent shall have received the following, in form and substance satisfactory to it: a certificate of a Responsible Officer of Holdings and the Company, stating that (i) the representations and warranties contained in Section 4 of this Waiver are true and correct on and as of the Effective Date, and (ii) on and as of the Effective Date, no Default shall have occurred and be continuing other than the Specified Defaults.

(d) Representations and Warranties; No Default. On the Effective Date (i) the representations and warranties contained in Section 4 of this Waiver shall be true and correct on and as of the Effective Date as though made on and as of such date; and (ii) no Default shall have occurred and be continuing other than the Specified Defaults.

(e) Additional Documents. The Administrative Agent shall have received, in form and substance satisfactory to it, such additional approvals, opinions, documents and other information as the Administrative Agent or the Majority Lenders (through the Administrative Agent) may reasonably request.

SECTION 4 Representations and Warranties. To induce the Lenders to enter into this Waiver, Holdings, the Company and each other Loan Party hereby represents and warrants to the Administrative Agent and the Lenders that all representations and warranties made by each such Person in Article VI of the Credit Agreement and in the other Loan Documents are true and correct on and as of the date hereof, except for any inaccuracy of the representations and warranties in Section 6.06 or Section 6.11(b) resulting from the existence of the Specified Defaults. For the purposes of this Section 4, (i) each reference in Article VI of the Credit Agreement to "this Agreement," and the words "hereof," "herein," "hereunder," or words of like import in such Article, shall mean and be a reference to the Credit Agreement as supplemented by this Waiver, and each reference in such Article to "the Loan Documents" shall mean and be a reference to the Loan Documents as supplemented as contemplated hereby, (ii) Section 6.11 of the Credit Agreement shall be deemed instead to refer to the last day of the most recent fiscal quarter and fiscal year for which financial statements have then been delivered, and (iii) any representations and warranties which relate solely to an earlier date shall not be deemed confirmed and restated as of the date hereof (provided that such representations and warranties shall be true and correct as of such earlier date).

SECTION 5 Waiver Fee. Holdings shall pay to Administrative Agent, for the account of each Lender that approves this Waiver, a waiver fee in the amount of (x) 10 basis points multiplied by (y) (1) the Revolving Commitment plus (2) the outstanding principal amount of Term B Loans of each such Lender that approves this Waiver (the " Waiver Fee "). Such Waiver Fee shall be fully earned on the Effective Date and shall be paid only to those Lenders that approve this Waiver by returning to the Administrative Agent a written consent to this Waiver by no later than 5:00 p.m. New York time on April 13, 2009.

SECTION 6 Reaffirmation of Liens and Guarantees.

(a) Each Loan Party hereby reaffirms that the Liens granted to the Administrative Agent, for itself and on behalf of and for the ratable benefit of the other Secured Parties, under the Security Agreement and the other Collateral Documents remain in full force and effect and constitute, and shall constitute on and after the Effective Date, valid and perfected Liens on the Collateral (subject only to Permitted Liens) to secure the Secured Obligations. As used herein, "Secured Parties" and "Secured Obligations" shall have the meanings given to such terms in the Security Agreement.

(b) Each of the undersigned Guarantors, in its capacity as a Guarantor, does hereby consent to this Waiver and to the documents and agreements referred to herein, and nothing herein shall in any way limit any of the terms or provisions of the Guaranty of such Guarantor or the Collateral Documents executed by such Guarantor or any other Loan Document executed by such Guarantor (as the same may be amended from time to time), all of which are hereby ratified and affirmed in all respects.

SECTION 7 Release.

(a) Holdings and each other Loan Party hereby absolutely and unconditionally waives, releases, remises and forever discharges the Administrative Agent and the Lenders, and any and all of their respective participants, members, related funds, parent corporations, subsidiary corporations, affiliated corporations, insurers, indemnitors, successors and assigns thereof, together with all of the present and former directors, officers, agents and employees of any of the foregoing (each a " Released Party "), from any and all claims, suits, investigations, proceedings, demands, obligations, liabilities, damages, losses, costs, expenses, or causes of action of any kind, nature or description, whether based in law, equity, contract, tort, implied or express warranty, strict liability, criminal or civil statute, common law, or under any state or federal law or otherwise, of any kind or character, known or unknown, past or present, liquidated or unliquidated, suspected or unsuspected, matured or unmatured, known or unknown, in each case, which Holdings or such other Loan Party has had, now has, or has made claim to have against any such Released Party for or by reason of any act, omission, matter, cause or thing whatsoever which relates, directly or indirectly to the Credit Agreement or any other Loan Document, provided , however , that the foregoing shall not effect or otherwise constitute a release of any duties or obligations set forth in this Waiver, the Credit Agreement or the other Loan Documents. It is the intention of Holdings and each other Loan Party in providing this release that the same shall be effective as a bar to each and every claim, demand and cause of action specified, and in furtherance of this intention it waives and relinquishes all rights and benefits under Section 1542 of the Civil Code of the State of California (or any comparable provision of any other applicable law), which provides:

"A GENERAL RELEASE DOES NOT EXTEND TO CLAIMS WHICH A CREDITOR DOES NOT KNOW OR SUSPECT TO EXIST IN HIS OR HER FAVOR AT THE TIME OF EXECUTING THE RELEASE, WHICH IF KNOWN BY HIM OR HER, MUST HAVE MATERIALLY AFFECTED HIS OR HER SETTLEMENT WITH THE DEBTOR."

Holdings and each other Loan Party acknowledges that it may hereafter discover facts different from or in addition to those now known or believed to be true with respect to such claims, demands, or causes of action and agrees that this instrument shall be and remain effective in all respects notwithstanding any such differences or additional facts. Holdings and each other Loan Party understands, acknowledges and agrees that the release set forth above may be pleaded as a full and complete defense and may be used as a basis for an injunction against any action, suit or other proceeding which may be instituted, prosecuted or attempted in breach of the provisions of such release.

(b) Holdings and each other Loan Party, on behalf of itself and its successors, assigns, and other legal representatives, hereby absolutely, unconditionally and irrevocably, covenants and agrees with and in favor of each Released Party above that it will not sue (at law, in equity, in any regulatory proceeding or otherwise) any Released Party on the basis of any claim released, remised and discharged by such Person pursuant to the above release. Holdings and each other Loan Party further agrees that it shall not dispute the validity or enforceability of the Credit Agreement or any of the other Loan Documents or any of its obligations thereunder, or the validity, priority, enforceability or the extent of Administrative Agent's Lien on any item of Collateral under the Credit Agreement or the other Loan Documents. If Holdings or any other Loan Party or any of its successors, assigns or other legal representations violates the foregoing covenant, such Person, for itself and its successors, assigns and legal representatives, agrees to pay, in addition to such other damages as any Released Party may sustain as a result of such violation, all reasonable attorneys' fees and costs incurred by such Released Party as a result of such violation.

SECTION 8 Miscellaneous.

(a) Notice. Subject to Section 11.07 of the Credit Agreement, the Administrative Agent shall notify Holdings, the Company and the Lenders of the occurrence of the Effective Date and promptly thereafter distribute to Holdings, the Company and the Lenders copies of all documents delivered under Section 3 of this Waiver.

(b) Credit Agreement Otherwise Not Affected. Except as expressly waived pursuant hereto, the Credit Agreement and the other Loan Documents shall remain unchanged and in full force and effect and are hereby ratified and confirmed in all respects. The Lenders' and the Administrative Agent's execution and delivery of, or acceptance of, this Waiver and any other documents and instruments in connection herewith (collectively, the "Waiver Documents") shall not be deemed to create a course of dealing or otherwise create any express or implied duty by any of them to provide any other or further amendments, consents or waivers in the future.

(c) No Reliance. Each of Holdings, the Company and each other Guarantor hereby acknowledges and confirms to the Administrative Agent and the Lenders that it is executing this Waiver and the other Waiver Documents on the basis of its own investigation and for its own reasons without reliance upon any agreement, representation, understanding or communication by or on behalf of any other Person.

(d) Costs and Expenses. **BUILDING MATERIALS HOLDING CORPORATION
CHANGE IN CONTROL SEVERANCE PLAN FOR EMPLOYEES
AND SUMMARY PLAN DESCRIPTION**

Section 1. Introduction

The Building Materials Holding Corporation Change in Control Severance Plan for Non-Officer Employees (the " Plan ") was adopted by the Board of Directors of Building Materials Holding Corporation, a Delaware corporation (the " Company ") on May 5, 2008 for the benefit of eligible employees of the Company. The effective date of the Plan is May 1, 2008 (" Effective Date ").

The Plan is designed to assist the Company in attracting and retaining well-qualified employees, to provide an incentive to employees to remain in the employ of the Company, notwithstanding uncertainty and job insecurity which may be created by an actual or prospective Change in Control (as defined below), and to encourage employees' full attention and dedication to the Company currently and in the event of an actual or prospective Change in Control (as defined below).

The Plan is designed not to include employees of the Company or its affiliates that are located in operations since the employment of those employees is not likely to be impacted by a Change in Control. This Plan is focused on the administrative staff of the Company that are most at risk of the elimination of their employment if there is a Change in Control.

The Plan supersedes any prior plan, policy or practice involving the payment of severance benefits by the Company in connection with the occurrence of a Change in Control. While the Plan is in effect, any change of control severance benefits provided to a Participant by the Company must be paid pursuant to the Plan or pursuant to another express written agreement between the Company and the Participant signed by such employee and a duly authorized officer of the Company.

The Plan is designed to be an "employee welfare benefit plan," as defined in Section 3(1) of the Employee Retirement Income Security Act of 1974, as amended (" ERISA ") and, accordingly, this Plan is governed by ERISA. This document constitutes both the official plan document and the required summary plan description under ERISA.

Section 2. Eligibility For Participation in the Plan

In order to be a "Participant" in the Plan, the employee must currently be, and have been continuously for at least one year, actively employed by the Company as a regular full-time employee either (a) in the San Francisco Corporate Office or Boise Administrative Service Center , (b) by a Department reporting to the Company and located outside of the San Francisco and Boise offices, (c) be employed by a subsidiary of the Company but located in the Boise office (d) not be excluded from eligibility under the categories or circumstances described below, and (d) have experienced an involuntary termination by the Company within one month before or within six months after a Change in Control of the Company. An employee will not be eligible to participate in the Plan if he or she continues service with the Company or an affiliate of the Company or with a new owner of the Company or a subsidiary or division of the Company or with an affiliate of such new owner in any other position or capacity following job elimination.

- For purposes of this Plan, the term "Change in Control" is defined on Exhibit A attached hereto.

Excluded Categories: The following employees are not eligible to participate in the Plan: (a) employees at the Vice President level and above, (b) part-time employees (for purposes of the Plan, a "part-time" employee is one who works less than 32 hours per week, (c) interns, (d) seasonal or temporary employees (for purposes of the Plan, a "seasonal or temporary" employee is one whose expected term of employment is six or fewer months and who has not completed at least six consecutive full months of employment at the time of termination), and (e) management trainees. In addition, no individual will be eligible to participate in the Plan if such individual is classified by the Company in any of the following categories at the time of termination of services, even if a court or agency determines such individual should have been classified as a common law employee: (i) an independent contractor or consultant, (ii) an individual paid by or through an agency or employee leasing company or other third party (e.g., a leased employee), or (iii) a freelance worker not treated as an employee.

Excluded Circumstances: An employee will not be eligible to participate in the Plan if the circumstances of his or her termination by the Company are as follows:

- The employee voluntarily terminates employment, quits or abandons performance of his or her duties, unless the employee has already received notice that his or her employment will be involuntarily terminated by the Company due to work force reduction or job elimination and the Plan Administrator determines, in its sole discretion, that such employee's earlier voluntary termination is in the best interests of the Company;
- The employee is discharged for a reason other than work force reduction or job elimination (including, but not limited to Cause as defined below), as determined by the Plan Administrator in its sole discretion, whether or not the employee's position is subsequently eliminated by the Company;
- The employee's employment ends on account of death or disability;
- The employee is offered and accepts another position with the Company or an affiliate of the Company or with a new owner of the Company or a subsidiary or division of the Company or with an affiliate of such new owner, whether before or after notification of the elimination of his or her current position or of a work force reduction that would result in termination of his or her employment, even if there is a gap in employment following elimination of such position and commencement of the new assignment;
- The employee is offered and declines a Comparable Position (as defined below) with the Company, an affiliate of the Company or with a new owner of the Company or a subsidiary or division of the Company or with an affiliate of such new owner; or

- The employee is a party to a written agreement with the Company, other than the Separation Agreement referenced in Section 3 below, that provides severance-type benefits to such employee in connection with the occurrence of a Change in Control.

"Cause" means:

- i. an employee's failure or refusal to perform his or her assigned duties, including any unapproved absence or any failure to perform as reasonably instructed by the employee's supervisor or Company management;
- ii. an employee's failure to comply with the Company's written policies, or an employee's unauthorized use of Company property or unauthorized use or disclosure of Company confidential information;
- iii. an employee's willful statements or conduct reflecting adversely on the Company; or
- iv. an employee's illegal conduct, gross misconduct or dishonesty.

"Comparable Position" means a position with the following attributes: (a) base salary or base hourly wages at least equal to the base salary or base hourly wages of the employee's immediately previous position; (b) incentive compensation and broad-based benefits with substantially the same value as provided in the employee's immediately previous position; (c) duties and responsibilities not clearly inconsistent with the employee's skills and experience; (d) a work location no more than 35 miles from the employee's immediately previous work location; and (e) a work location for which the employee's relocation of the employee's principal residence is not required by the Company.

Section 3. Eligibility For Severance Benefits

To be eligible to receive severance benefits under the Plan, in addition to meeting the requirements for eligibility to participate in the Plan and to become a Participant, the employee must meet the following conditions at all times until the payment of benefits under the Plan is complete:

- The employee must execute a Separation Agreement satisfactory to the Plan Administrator and within the time periods established by the Plan Administrator, under which the employee agrees: (a) to cooperate with the orderly transfer of his or her duties as requested by the Company; (b) to return all Company property by a date specified by the Plan Administrator; (c) to continue to maintain the confidentiality of Company proprietary and confidential information; (d) not to solicit the employees of the Company or any affiliate of the Company; (e) not to disparage the Company or any parent or subsidiary of the Company, or any of the products or services provided by the Company or any parent or subsidiary of the Company, or any officer, director, employee, independent contractor, owner, agent or other representative of the Company or any parent or subsidiary of the Company; (f) to waive claims with respect to the Company and all related parties; and (g) to waive all rights to pursue any type of legal, equitable, or administrative claim against any person listed in (e) above for any reason, except for claims for unemployment compensation, for workers' compensation claims to the extent such exception is required by state law, and for claims that by law are unwaivable.

- The employee must not voluntarily terminate his or her employment or fail to perform his or her assigned duties prior to the termination date established by the Company, unless the Plan Administrator determines, in its sole discretion, that earlier voluntary termination is in the best interests of the Company.
- The employee must not engage in conduct prior to the termination date established by the Company that would be Cause for termination, as described above, as determined by the Plan Administrator in its sole discretion.

Section 4. Severance Benefits

Severance Pay. Eligible Participants will receive a severance pay benefit ("Severance Pay") under this Plan equal to two (2) weeks of Base Pay (defined below), plus one (1) additional week of Base Pay for each whole Year of Service (defined below), up to a maximum of twenty-five (25) weeks of Base Pay in the aggregate. The number of weeks corresponding to the Severance Pay received is called the "Severance Period."

Severance Pay and Severance Period will be reduced by each of the following:

- wages or wage replacement benefits paid or payable to the Participant with respect to any applicable notice period (including any pay in lieu of notice) in connection with the Participant's termination of employment, whether such notice period is required under the Worker Adjustment and Retraining Notification Act or any state law with respect to notice or any Company policy, or any written agreement between the Participant and the Company.
 - to the extent permitted by law, by any debt that the Participant owes the Company at the time the Severance Pay becomes payable.
- ☐ A "Year of Service" is 12 full months of active, regular full-time employment with the Company calculated from the Participant's hire date as a regular full-time employee. Paid leaves of absence (including paid time off and holiday pay) count as active employment for purposes of this Plan. Unpaid leaves of absence, or absences during which an employee receives wage replacement benefits such as disability benefits or workers compensation benefits, do not count as active employment for purposes of this Plan. Any periods of time that do not count as active employment shall be subtracted after the Company makes an initial determination of a Participant's whole and partial Years of Service (which initial determination shall be based on the period of time between such Participant's hire date and termination date) in order to arrive at a final calculation of such Participant's whole and partial Years of Service. For avoidance of doubt, no Participant may have more than one partial Year of Service. If a Participant has previously left the employ of the Company and is subsequently rehired, the Participant's "hire date" shall be the date that the Participant commenced performing services for the Company after most recently being rehired.

- ☐ For purposes of calculating Severance Pay, Base Pay means, as reflected on the Company's payroll records, the higher of the Participant's annual base salary or base hourly wage rate (a) at the time the Participant is involuntarily terminated or (b) immediately prior to the Change in Control. If a Participant's Base Pay is calculated using the Participant's annual base salary, a week of Base Pay shall be determined by dividing the Participant's annual base salary by fifty-two (52). If a Participant's Base Pay is calculated using the Participant's base hourly wage rate, a week of Base Pay shall be determined by multiplying the Participant's base hourly wage rate by forty (40).
- ☐ Severance Pay will be paid according to the Company's regular payroll practice and is subject to withholding deductions as required by law.

Company-Paid Health Insurance. Each Participant who is enrolled in a health, vision or dental plan sponsored by the Company may be eligible to continue coverage under such health, vision or dental plan (or to convert to an individual policy) under the Consolidated Omnibus Budget Reconciliation Act of 1985 ("COBRA") at the time of the Participant's termination of employment. The Company will notify the individual of any such right to continue health coverage at the time of termination.

- The Company will pay to eligible Participants an amount that represents such Participant's COBRA premiums during the Severance Period (and rounding up to the last day of the month in which the Severance Period ends) to the extent that the Participant elects to continue health, vision and/or dental benefits during the Severance Period. The COBRA premiums paid by the Company will cover a Participant's dependents if, and only to the extent that, such dependents were enrolled in a health, vision or dental plan sponsored by the Company prior to the Participant's involuntary termination..
- No provision of this Plan will affect the continuation coverage rules under COBRA. Therefore, the period during which a Participant must elect to continue the Company's group medical, vision or dental coverage under COBRA, the length of time during which COBRA coverage will be made available to the Participant, and all other rights and obligations of the Participant under COBRA (except the obligation to pay premiums that the Company pays during the Severance Period) will be applied in the same manner that such rules would apply in the absence of this Plan.
- ☐ All non-health benefits shall terminate as of the Participant's termination date.

Section 5. Notices

Any notice or other communication under the Plan must be in writing and will be deemed given when delivered personally, when delivered electronically with confirmation of delivery, when delivered by overnight delivery service with proof of delivery, or when sent by certified or registered mail, return receipt requested, addressed as follows or to such other address as any party may hereafter designate in accordance with this provision:

If to The Company or the Plan Administrator:

Building Materials Holding Corporation
Four Embarcadero Center, Ste. 3200
San Francisco, CA 94111
Attn: General Counsel

If to the Participant: to the address appearing in the payroll records of the Company.

Section 6. Claims

Initial Claims Procedure: Any employee who does not receive a benefit under the Plan that he or she feels he or she is entitled to receive may make a written claim to the Plan Administrator within 90 days after his or her termination, in accordance with the Notice provisions of Section 5, and which explains the reasons for such claim. The claimant will be informed of the Plan Administrator's decision with respect to the claim within 90 days after it is filed. Under special circumstances, the Plan Administrator may require an additional period of not more than 90 days to review the claim. If that happens, the claimant will receive a written notice of that fact, which will also indicate the special circumstances requiring the extension of time and the date by which the Plan Administrator expects to make a determination with respect to the claim. If the extension is required due to the claimant's failure to submit information necessary to decide the claim, the period for making the determination will be tolled from the date on which the extension notice is sent until the date on which the claimant responds to the Plan Administrator's request for information.

If a claim is denied in whole or in part, or any adverse benefit determination is made with respect to the claim, the claimant will be provided with a written notice setting forth the reason for the determination, along with specific references to Plan provisions on which the determination is based. This notice will also provide an explanation of what additional information is needed to evaluate the claim (and why such information is necessary), together with an explanation of the Plan's claims review procedure and the time limits applicable to such procedure, as well as a statement of the claimant's right to bring a civil action under Section 502(a) of ERISA following an adverse benefit determination on review. If an internal rule, guideline, protocol, or other similar criterion was relied upon in making the determination, the notice will either provide that rule, guideline, protocol or other similar criterion or will contain a statement that it will be provided upon request.

Claims Appeal Procedure: If the claim has been denied, and the claimant wishes to pursue the claim further, the claimant must request that the Plan Administrator review the denial. The request must be in writing and must be made within 60 days after written notification of denial. In connection with this request, the claimant may review documents pertinent to the claim (other than those that are legally privileged) and may submit to the Plan Administrator written comments, documents, records, and other information related to the claim.

The review by the Plan Administrator will take into account all comments, documents, records, and other information that the claimant submits relating to the claim. The Plan Administrator will make a final written decision on a claim review, in most cases within 60 days after receipt of a request for a review. In some cases, the claim may take more time to review, and an additional processing period of up to 60 days may be required. If that happens, the claimant will receive a written notice of that fact, which will also indicate the special circumstances requiring the extension of time and the date by which the Plan Administrator expects to make a determination with respect to the claim. If the extension is required due to the claimant's failure to submit information necessary to decide the claim, the period for making the determination will be tolled from the date on which the extension notice is sent to the claimant until the date on which the claimant responds to the Plan's request for information.

The Plan Administrator's decision on the claim for review will be communicated to the claimant in writing. If an adverse benefit determination is made with respect to the claim, the notice will include (i) the specific reason(s) for any adverse benefit determination, with references to the specific Plan provisions on which the determination is based; (ii) a statement that the claimant is entitled to receive, upon request and free of charge, reasonable access to (and copies of) all documents, records and other information relevant to the claim (other than those that are legally privileged); and (iii) a statement of the claimant's right to bring a civil action under Section 502(a) of ERISA. If an internal rule, guideline, protocol, or other similar criterion was relied upon in making the determination, the notice will either provide that rule, guideline, protocol or other similar criterion or will contain a statement that it will be provided upon request. The decision of Plan Administrator is final and binding on all parties.

Requirement to Follow Claims Procedures: If a claimant does not file his or her claim in accordance with the Plan's claim procedures described above, including applicable time limits, the claimant will not be entitled to benefits under this Plan.

Limitation on Legal Action: No legal action with respect to this Plan may be brought until a claimant has exhausted the claims procedures described above, including the claims appeal procedure. No legal action for coverage or benefits under the Plan may be commenced or maintained more than two years after the circumstances giving rise to the claim arose or, if earlier, one year after the claims procedures, including the claims appeal procedure, is exhausted.

Section 7. Plan Amendment and Termination

The Company reserves the right to suspend or terminate the Plan at any time. The Company also reserves the right to amend or modify the Plan at any time and in any respect (including but not limited to an amendment or modification to reduce or eliminate some or all benefits payable under the Plan or to exclude certain employees or classes of employees from future eligibility to participate in the Plan) by action of the Board of Directors of the Company (the "Board") or the Compensation Committee of the Board, with or without prior notice to, and effective with respect to, employees who may in the future become eligible to participate in the Plan or become eligible for benefits payable under the Plan. However, no such amendment, modification, suspension or termination will be effective to decrease benefits under the Plan for which an employee has already become a Participant.

Section 8. Legal Rights Under ERISA

An employee covered under the Plan is entitled to certain rights and protections under the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). ERISA provides that you are entitled to:

Receive Information About Your Plan and Benefits

Examine, without charge, at the Human Resources office of the Company, and at other specified locations, such as worksites, all documents governing the Plan, including a copy of the latest annual report (Form 5500 Series), if any, filed by the Plan with the U.S. Department of Labor and available at the Public Disclosure Room of the Employee Benefits Security Administration.

Obtain, upon written request to the Plan Administrator, copies of the most recent version of this Plan and summary plan description and the latest annual report (Form 5500 Series), if any. The Plan Administrator may charge a reasonable amount for the copies.

Receive a summary of the Plan's annual financial report (if any). The Plan Administrator is required by law to furnish each participant with a copy of this summary annual report.

Prudent Actions by Plan Fiduciaries

In addition to creating rights for Plan participants, ERISA imposes duties upon the people who are responsible for the operation of the Plan. The people who operate the Plan, called "fiduciaries" of the Plan, have a duty to do so prudently and in the interest of the Plan participants and beneficiaries. No one, including the employer or any other person, may fire an employee or otherwise discriminate against an employee in any way to prevent such employee from obtaining a welfare benefit or exercising such employee's rights under ERISA.

Enforce Rights

If a claim for a welfare benefit is denied or ignored, in whole or in part, the claimant has a right to know why this was done, to obtain copies of documents relating to the decision without charge, and to appeal any denial, all within certain time schedules.

Under ERISA, there are steps an employee can take to enforce the above rights. For instance, if an employee makes a written request for a copy of Plan documents or the latest annual report from the Plan Administrator and does not receive them within 30 days, the employee may file suit in a Federal court. In such a case, the court may require the Plan Administrator to provide materials and pay the employee up to \$110 a day until the employee receives the materials, unless the materials were not sent because of reasons beyond the control of the Plan Administrator.

If an employee has a claim for benefits that is denied or ignored, in whole or in part, the employee may file suit in a state or Federal court. If it should happen that Plan fiduciaries misuse the Plan's money or if an employee is discriminated against for asserting his or her rights, such employee may seek assistance from the U.S. Department of Labor, or such employee may file suit in a Federal court. The court will decide who should pay court costs and legal fees. If the employee is successful, the court may order the person sued to pay these costs and fees. If the employee loses, the court may order the employee to pay these costs and fees, for example, if it finds the employee's claim is frivolous.

An employee who has questions about the Plan should contact the Plan Administrator. An employee who has any questions about this statement or his or her rights under ERISA should contact the nearest office of the Employee Benefits Security Administration, U.S. Department of Labor, listed in the telephone directory, or the Division of Technical Assistance and Inquiries, Employee Benefits Security Administration, U.S. Department of Labor, 200 Constitution Avenue, N.W., Washington, D.C. 20210.

Section 9. Other Important Information

No Additional Rights Created. Neither the establishment of this Plan, nor any modification thereof, nor the payment of any benefits hereunder, shall be construed as giving to any individual (or any beneficiary of either), or other person any legal or equitable right against the Company, or any of its affiliates, or any officer, director or employee thereof; and in no event shall the terms and conditions of employment by the Company (or any affiliate) of any individual be modified or in any way affected by this Plan.

No Implied Employment Contract. The Plan shall not be deemed to give any employee or other person the right to be retained in the employ of the Company or to interfere with the right of the Company to discharge any employee or other person at any time and for any reason.

Records. The records of the Company with respect to the determination of a Year of Service, employment history, Base Pay, absences, and all other relevant matters shall be conclusive for all purposes of this Plan.

Construction. The Plan is intended to be governed by ERISA. The respective terms and provisions of the Plan shall be construed, whenever possible and for all purposes, to be in conformity with the requirements of ERISA, or any subsequent laws or amendments thereto. To the extent not in conflict with ERISA or the terms of the Plan, the construction and administration of the Plan shall be in accordance with applicable federal law and the laws of the State of California applicable to contracts made and to be performed within the State of California (without application of California conflict of laws provisions).

Nontransferability. In no event shall the Company make any payment under this Plan to any assignee or creditor of an employee, except as otherwise required by law. Prior to the time of a payment hereunder, an employee shall have no rights by way of anticipation or otherwise to assign or otherwise dispose of any interest under this Plan, nor shall rights be assigned or transferred by operation of law.

Binding Effect on Successor to Company. This Plan shall be binding upon any successor or assignee, whether direct or indirect, by purchase, merger, consolidation or otherwise, to all or substantially all the business or assets of the Company, or upon any successor to the Company as the result of a Change in Control, and any such successor or assignee shall be required to perform the Company's obligations under the Plan. In such event, the term "Company," as used in the Plan, shall mean the Company and any successor or assignee as described above which by reason hereof becomes bound by the terms and provisions of this Plan.

Plan Interpretation and Benefit Determination. The Plan is administered and operated by the Plan Administrator, which has complete authority, to construe and interpret the terms of the Plan (and any related or underlying documents or policies), and to determine the eligibility for, and amount of, benefits due under the Plan. All such interpretations and determinations of the Plan Administrator shall be final and binding. The Plan Administrator may appoint one or more individuals and delegate such of its powers and duties as it deems desirable to any such individual(s), in which case every reference herein made to the Plan Administrator shall be deemed to mean or include the appointed individual(s) as to matters within their jurisdiction.

Building Materials Holding Corporation:

We consent to the incorporation by reference in the registration statements Nos. 333-61221 and 333-36387 on Form S-4; 333-150906, 333-150905, 333-136632, 333-117237, 333-44260 and 333-47122 on Form S-8; and 33-52478-99 and 33-80952-99 on Form S-8/A of Building Materials Holding Corporation of our reports dated April 14, 2009, with respect to the consolidated balance sheets of Building Materials Holding Corporation as of December 31, 2008 and 2007, and the related consolidated statements of operations, shareholders' equity, comprehensive (loss) income, and cash flows for each of the years in the three-year period ended December 31, 2008, and the related financial statement schedule, and our report dated April 14, 2009 with respect to the Company's internal control over financial reporting as of December 31, 2008, which reports appear in the December 31, 2008, annual report on Form 10-K of Building Materials Holding Corporation.

Our report dated on the consolidated financial statements of Building Materials Holding Corporation and subsidiaries referred to above contains an explanatory paragraph that states that the Company's recurring losses from operations and uncertainty whether it will remain in compliance with certain covenants of its bank credit agreement during 2009 raise substantial doubt about its ability to continue as a going concern. The consolidated financial statements and financial statement schedule do not include any adjustments that might result from the outcome of this uncertainty.

Re: Commitment Letter
Exit Credit Facilities

Dear Mr. Smartt:

You have advised Wells Fargo Bank, National Association ("Wells Fargo Bank" or "we" or "us") that Building Materials Holding Corporation (the "Borrower" or "you"), as reorganized in connection with the Joint Plan of Reorganization for the Debtors under Chapter 11 of the Bankruptcy Code (the "Plan of Reorganization"), seeks financing to refinance certain existing indebtedness of the Borrower under that certain Senior Secured Super-Priority Debtor-in-Possession Credit Agreement dated as of June 16, 2009 (the "DIP Facility"), and such refinancing, the "Refinancing") and for ongoing working capital requirements and other general corporate purposes, all as more fully described in the Summary of Proposed Terms and Conditions attached hereto as Exhibit A (the "Term Sheet"). This Commitment Letter (as defined below) describes the general terms and conditions for senior secured credit facilities in an aggregate amount up to \$103,500,000 to the Borrower consisting of (a) a term loan facility in an amount equal to \$53,500,000 (the "Exit Term Loan") and (b) a revolving credit facility in an amount equal to \$50,000,000 (the "Exit Revolver" and, collectively with the Exit Term Loan, the "Exit Credit Facilities").

As used herein, the term "Transactions" means, collectively, the Refinancing, the borrowings under the Exit Credit Facilities, the confirmation of the Plan of Reorganization or the final conclusion of a 363 sale, and the payment of fees, commissions and expenses in connection with each of the foregoing. This letter, including the Term Sheet, is hereinafter referred to as the "Commitment Letter". The date on which the Exit Credit Facilities are closed is referred to as the "Closing Date". The "prepetition secured lenders" means the lenders party to that certain Second Amended and Restated Credit Agreement dated as of November 10, 2006, as amended, by and among the Borrower, certain of its subsidiaries, the lenders party thereto and Wells Fargo Bank, as administrative agent.

1. Commitments.

(a) You have requested that Wells Fargo Bank commit to provide a portion of the Exit Credit Facilities. Wells Fargo Bank is pleased to advise you of its commitment to provide to the Borrower up to \$30,000,000 of the Exit Revolver (the "Wells Fargo Commitment"), upon the terms and subject to the conditions set forth in this Commitment Letter. In addition, Wells Fargo Bank has received commitments from certain banks, financial institutions and other entities (such banks, financial institutions and other entities committing to the Exit Credit Facilities, together with Wells Fargo Bank, the "Lenders") to provide to the Borrower an aggregate amount equal to \$53,500,000 of the Exit Term Loan and an additional \$20,000,000 of the Exit Revolver (collectively with the Wells Fargo Commitment, the "Commitments"), upon the terms and subject to the conditions set forth herein and in the commitment letters of such Lenders delivered to Wells Fargo Bank, copies of which are attached hereto as Exhibit B for your reference. In addition, the Exit Credit Facilities shall not be closed and funded if, pursuant to the Plan of Reorganization, alternative financing is selected by the requisite number of the Borrower's prepetition secured creditors and approved by the bankruptcy court.

(b) Wells Fargo Bank will act as the sole administrative agent (in such capacity, the "Administrative Agent") for the Exit Credit Facilities.

2. Conditions to Commitments. The Commitments are subject to the satisfaction of each of the following conditions precedent in a manner acceptable to Wells Fargo Bank:

(a) your written acceptance, and compliance with the terms and conditions, of a letter dated the date hereof from Wells Fargo Bank to you (the "Fee Letter") pursuant to which you agree to pay, or cause to be paid, to Wells Fargo Bank for its account and for the account of the other Lenders certain fees and expenses and to fulfill certain other obligations in connection with the Exit Credit Facilities; and

(b) your compliance with the terms of, and the satisfaction of all other conditions described in, this Commitment Letter.

The Commitments are also conditioned upon and made subject to our not becoming aware after the date hereof of any new or inconsistent information or other matter not previously disclosed to us relating to any of (i) the Borrower and its subsidiaries or (ii) the Transactions, in each case, which information or other matter Wells Fargo Bank deems material and adverse relative to the information or other matters disclosed to us prior to the date hereof and as a result thereof Wells Fargo Bank reasonably believes that a material adverse change in the business, financial condition, results of operations or prospects of the Borrower and its subsidiaries, taken as a whole, has occurred.

You agree to use commercially reasonable efforts to support, and to cause your advisors to support, the terms and conditions of the Commitments and the Exit Credit Facilities as set forth in the Commitment Letter in the event of any objection thereto or questioning thereof in the bankruptcy court.

3. Indemnification.

You agree, subject to the approval of the bankruptcy court, to indemnify and hold harmless Wells Fargo Bank and each of its affiliates, directors, officers, employees, partners, representatives, advisors and agents and each of its successors and assigns (each, an "Indemnified Party") from and against any and all actions, suits, losses, claims, damages, liabilities and expenses of any kind or nature, joint or several, to which such Indemnified Party may become subject or that may be incurred or asserted or awarded against such Indemnified Party, in each case arising out of or in connection with or by reason of (including, without limitation, in connection with any investigation, litigation or proceeding or preparation of a defense in connection therewith) (i) any matters contemplated by this Commitment

Letter, the Transactions or any related transaction (including, without limitation, the execution and delivery of this Commitment Letter, the documentation evidencing the Exit Credit Facilities (the "Financing Documentation") and the closing of the Transactions) or (ii) the use or the contemplated use of the proceeds of the Exit Credit Facilities, and will reimburse each Indemnified Party for all out-of-pocket expenses (including reasonable attorneys' fees, expenses and charges) on demand as they are incurred in connection with any of the foregoing; provided that no Indemnified Party shall have any right to indemnification for any of the foregoing to the extent resulting from such Indemnified Party's own gross negligence or willful misconduct as determined by a final non-appealable judgment of a court of competent jurisdiction. In the case of an investigation, litigation or proceeding to which the indemnity in this paragraph applies, such indemnity shall be effective whether or not such investigation, litigation or proceeding is brought by you, your equityholders or creditors or an Indemnified Party, whether or not an Indemnified Party is otherwise a party thereto and whether or not the transactions contemplated hereby are consummated. Wells Fargo Bank shall only have liability to you (as opposed to any other person), and Wells Fargo Bank shall be liable solely in respect of its own Commitment to the Exit Credit Facilities on a several, and not joint, basis with any other Lender. No Indemnified Party shall be liable to you, your affiliates or any other person for any indirect, consequential or punitive damages that may be alleged as a result of this Commitment Letter or any element of the Transactions. You shall not, without the prior written consent of each Indemnified Party affected thereby (which consent will not be unreasonably withheld), settle any threatened or pending claim or action that would give rise to the right of any Indemnified Party to claim indemnification hereunder unless such settlement (a) includes a full and unconditional release of all liabilities arising out of such claim or action against such Indemnified Party and (b) does not include any statement as to or an admission of fault, culpability or failure to act by or on behalf of any Indemnified Party.

4. Expenses. You shall, subject to the approval of the bankruptcy court, reimburse Wells Fargo Bank, from time to time on demand, for all reasonable out-of-pocket costs and expenses (including, without limitation, reasonable legal fees and expenses and due diligence expenses) of Wells Fargo Bank incurred in connection with the preparation, review, negotiation, execution and delivery of this Commitment Letter, the Fee Letter and the Financing Documentation.

5. Confidentiality. This Commitment Letter and the Fee Letter (collectively, the "Commitment Documents") and the existence and contents hereof and thereof shall be confidential and may not be disclosed by you in whole or in part to any person without our prior written consent, except for (i) the disclosure hereof or thereof on a confidential basis to your directors, officers, employees, accountants, attorneys and other professional advisors who have agreed to maintain the confidentiality of the Commitment Documents for the purpose of evaluating, negotiating or entering into the Transactions, (ii) the disclosure of the Term Sheet and the existence and contents thereof in any related bankruptcy filing related to the Plan of Reorganization, or (iii) as otherwise required by law. Wells Fargo Bank shall be permitted to use information related to the syndication and arrangement of the Exit Credit Facilities in connection with obtaining a CUSIP number, marketing, press releases or other transactional announcements or updates provided to investor or trade publications, subject to confidentiality obligations or disclosure restrictions reasonably requested by you. Prior to the Closing Date, Wells Fargo Bank shall have the right to review and approve any public announcement or public filing made by you or your representatives relating to the Exit Credit Facilities or to Wells Fargo Bank in connection therewith, before any such announcement or filing is made (such approval not to be unreasonably withheld or delayed).

6. Other Services. In connection with all aspects of the Transactions, you acknowledge and agree that: (i) the Exit Credit Facilities and any related arranging or other services described in this Commitment Letter is an arm's-length commercial transaction between you and your affiliates, on the one hand, and Wells Fargo Bank, on the other hand, and you are capable of evaluating and understanding and understand and accept the terms, risks and conditions of the Transactions, (ii) in connection with the

Re: Building Materials Holding Corporation ("Borrower")
\$103,500,000 Credit Facilities ("Exit Credit Facilities")

Ladies and Gentlemen:

We have reviewed the commitment letter from Wells Fargo Bank, N.A. ("Wells Fargo"), to the Borrower dated as of October 5, 2009 and the term sheet attached thereto (collectively, the "Commitment Letter") for the Exit Credit Facilities, which Commitment Letter amends, restates and supersedes in its entirety the commitment letter from Wells Fargo to the Borrower dated September 30, 2009. Subject to the conditions stated herein, we are pleased to confirm our commitment to participate in the Exit Revolver (as defined in the Commitment Letter) in the amount of up to \$20,000,000 and in the Exit Term Loan (as defined in the Commitment Letter) in the amount of up to \$18,000,000. Our commitment assumes that the sizing of the Exit Term Loan remains \$53.5 million and that the sizing of the Exit Revolver remains \$50 million. Our commitment also assumes that we will receive our pro rata portions of all fees, interest and other monies paid to the other participants in the Exit Credit Facilities, including the Backstop Premium (as defined in the Fee Letter delivered to the Borrower in conjunction with the Commitment Letter).

We understand that the availability of the Exit Credit Facilities shall be subject to satisfaction of those conditions precedent set forth in the Commitment Letter, including in Annex B attached to the term sheet. For the avoidance of doubt, we enter into this commitment letter based on the assumption that the satisfaction of certain of the conditions precedent in Annex B attached to the term sheet are at our sole and absolute discretion and not subject to any other standard. We further understand that the Exit Credit Facilities shall not be used to fund a restructuring plan or acquisition proposed by a potential acquirer of the Borrower's equity or assets other than the prepetition secured lenders.

Our commitment will automatically expire, and be of no further force or effect, if (i) Borrower does not execute a commitment letter with you for the Exit Credit Facilities on or before October 6, 2009, unless extended by us in writing, (ii) thereafter, Borrower does not pay the Backstop Premium (as defined in the Commitment Letter) on or before October 30, 2009 pursuant to an order issued by the bankruptcy court unconditionally approving the Backstop Premium, or (iii) thereafter, the Exit Credit Facilities are not closed on or before the earlier to occur of December 31, 2009 and the first business day following the effective date of the Plan of Reorganization (or 363 sale as described in Annex B attached to the term sheet).

We have made our own independent analysis and decision to enter into this commitment, based on the financial statements of Borrower and its affiliates and such other documents and information as we have deemed appropriate, without relying on you, any of your affiliates, or any of your or their directors, officers, employees, advisors, attorneys, agents or other representatives.
